[illegible]

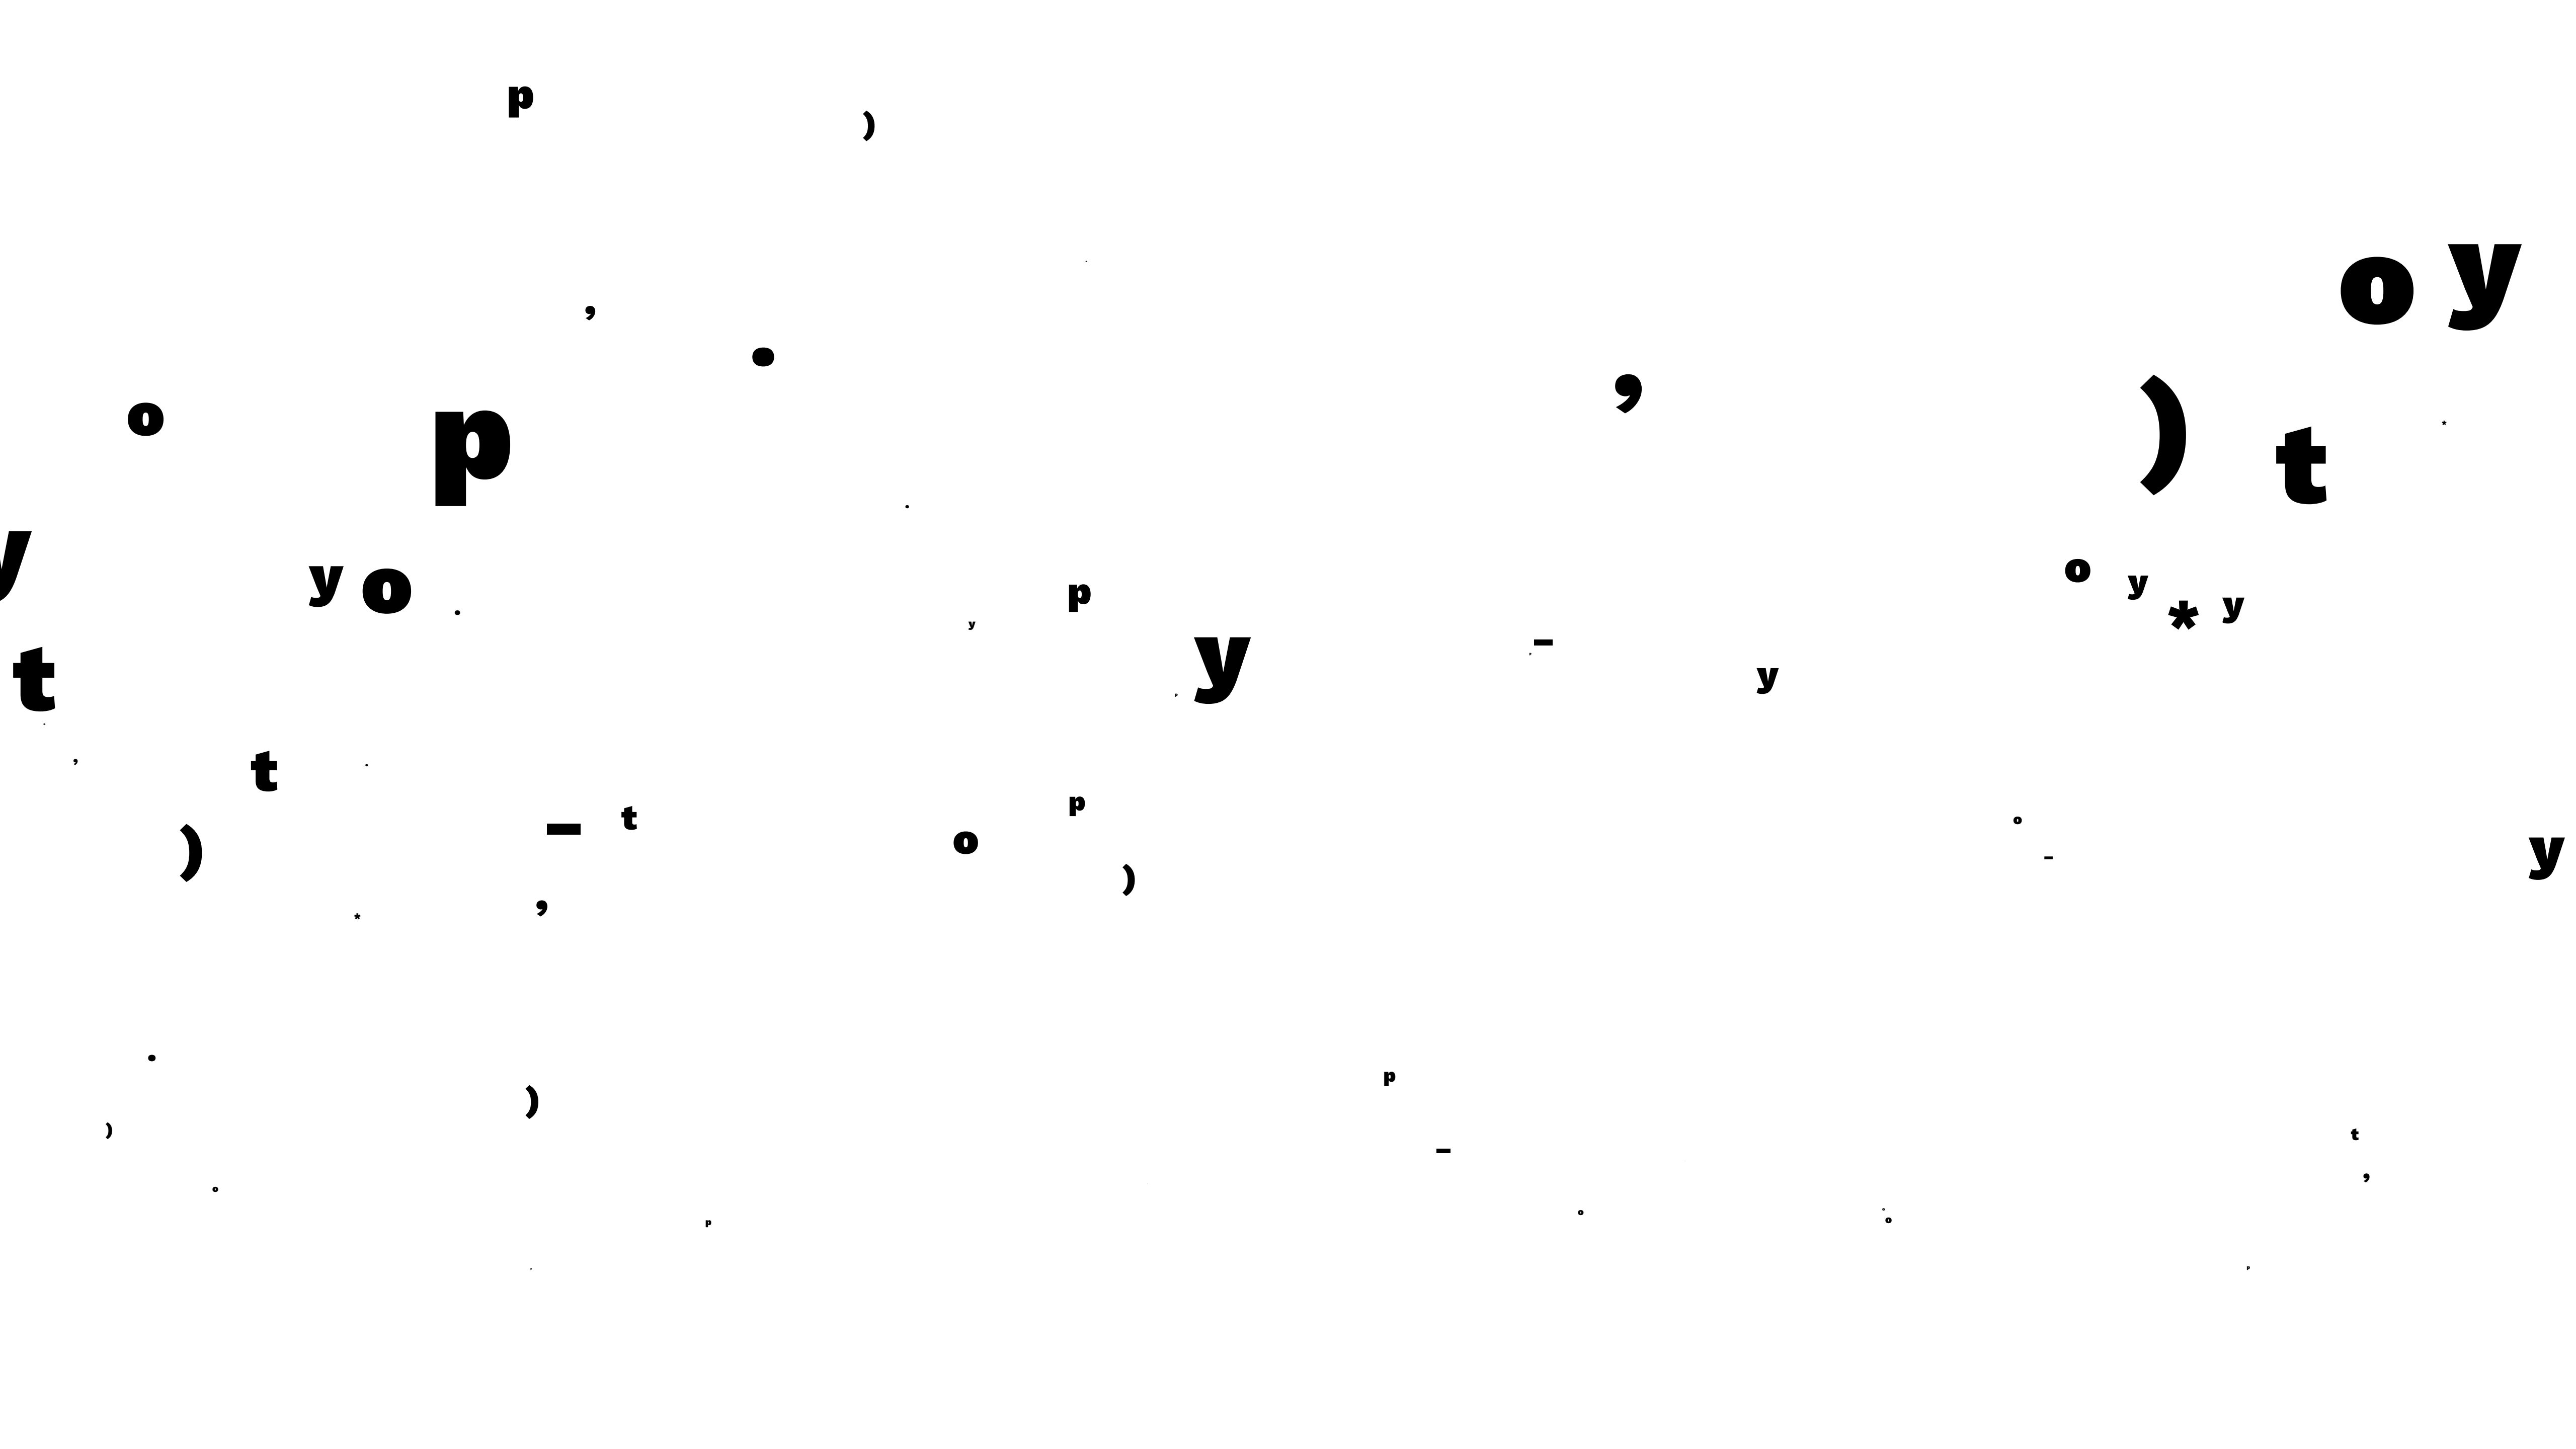

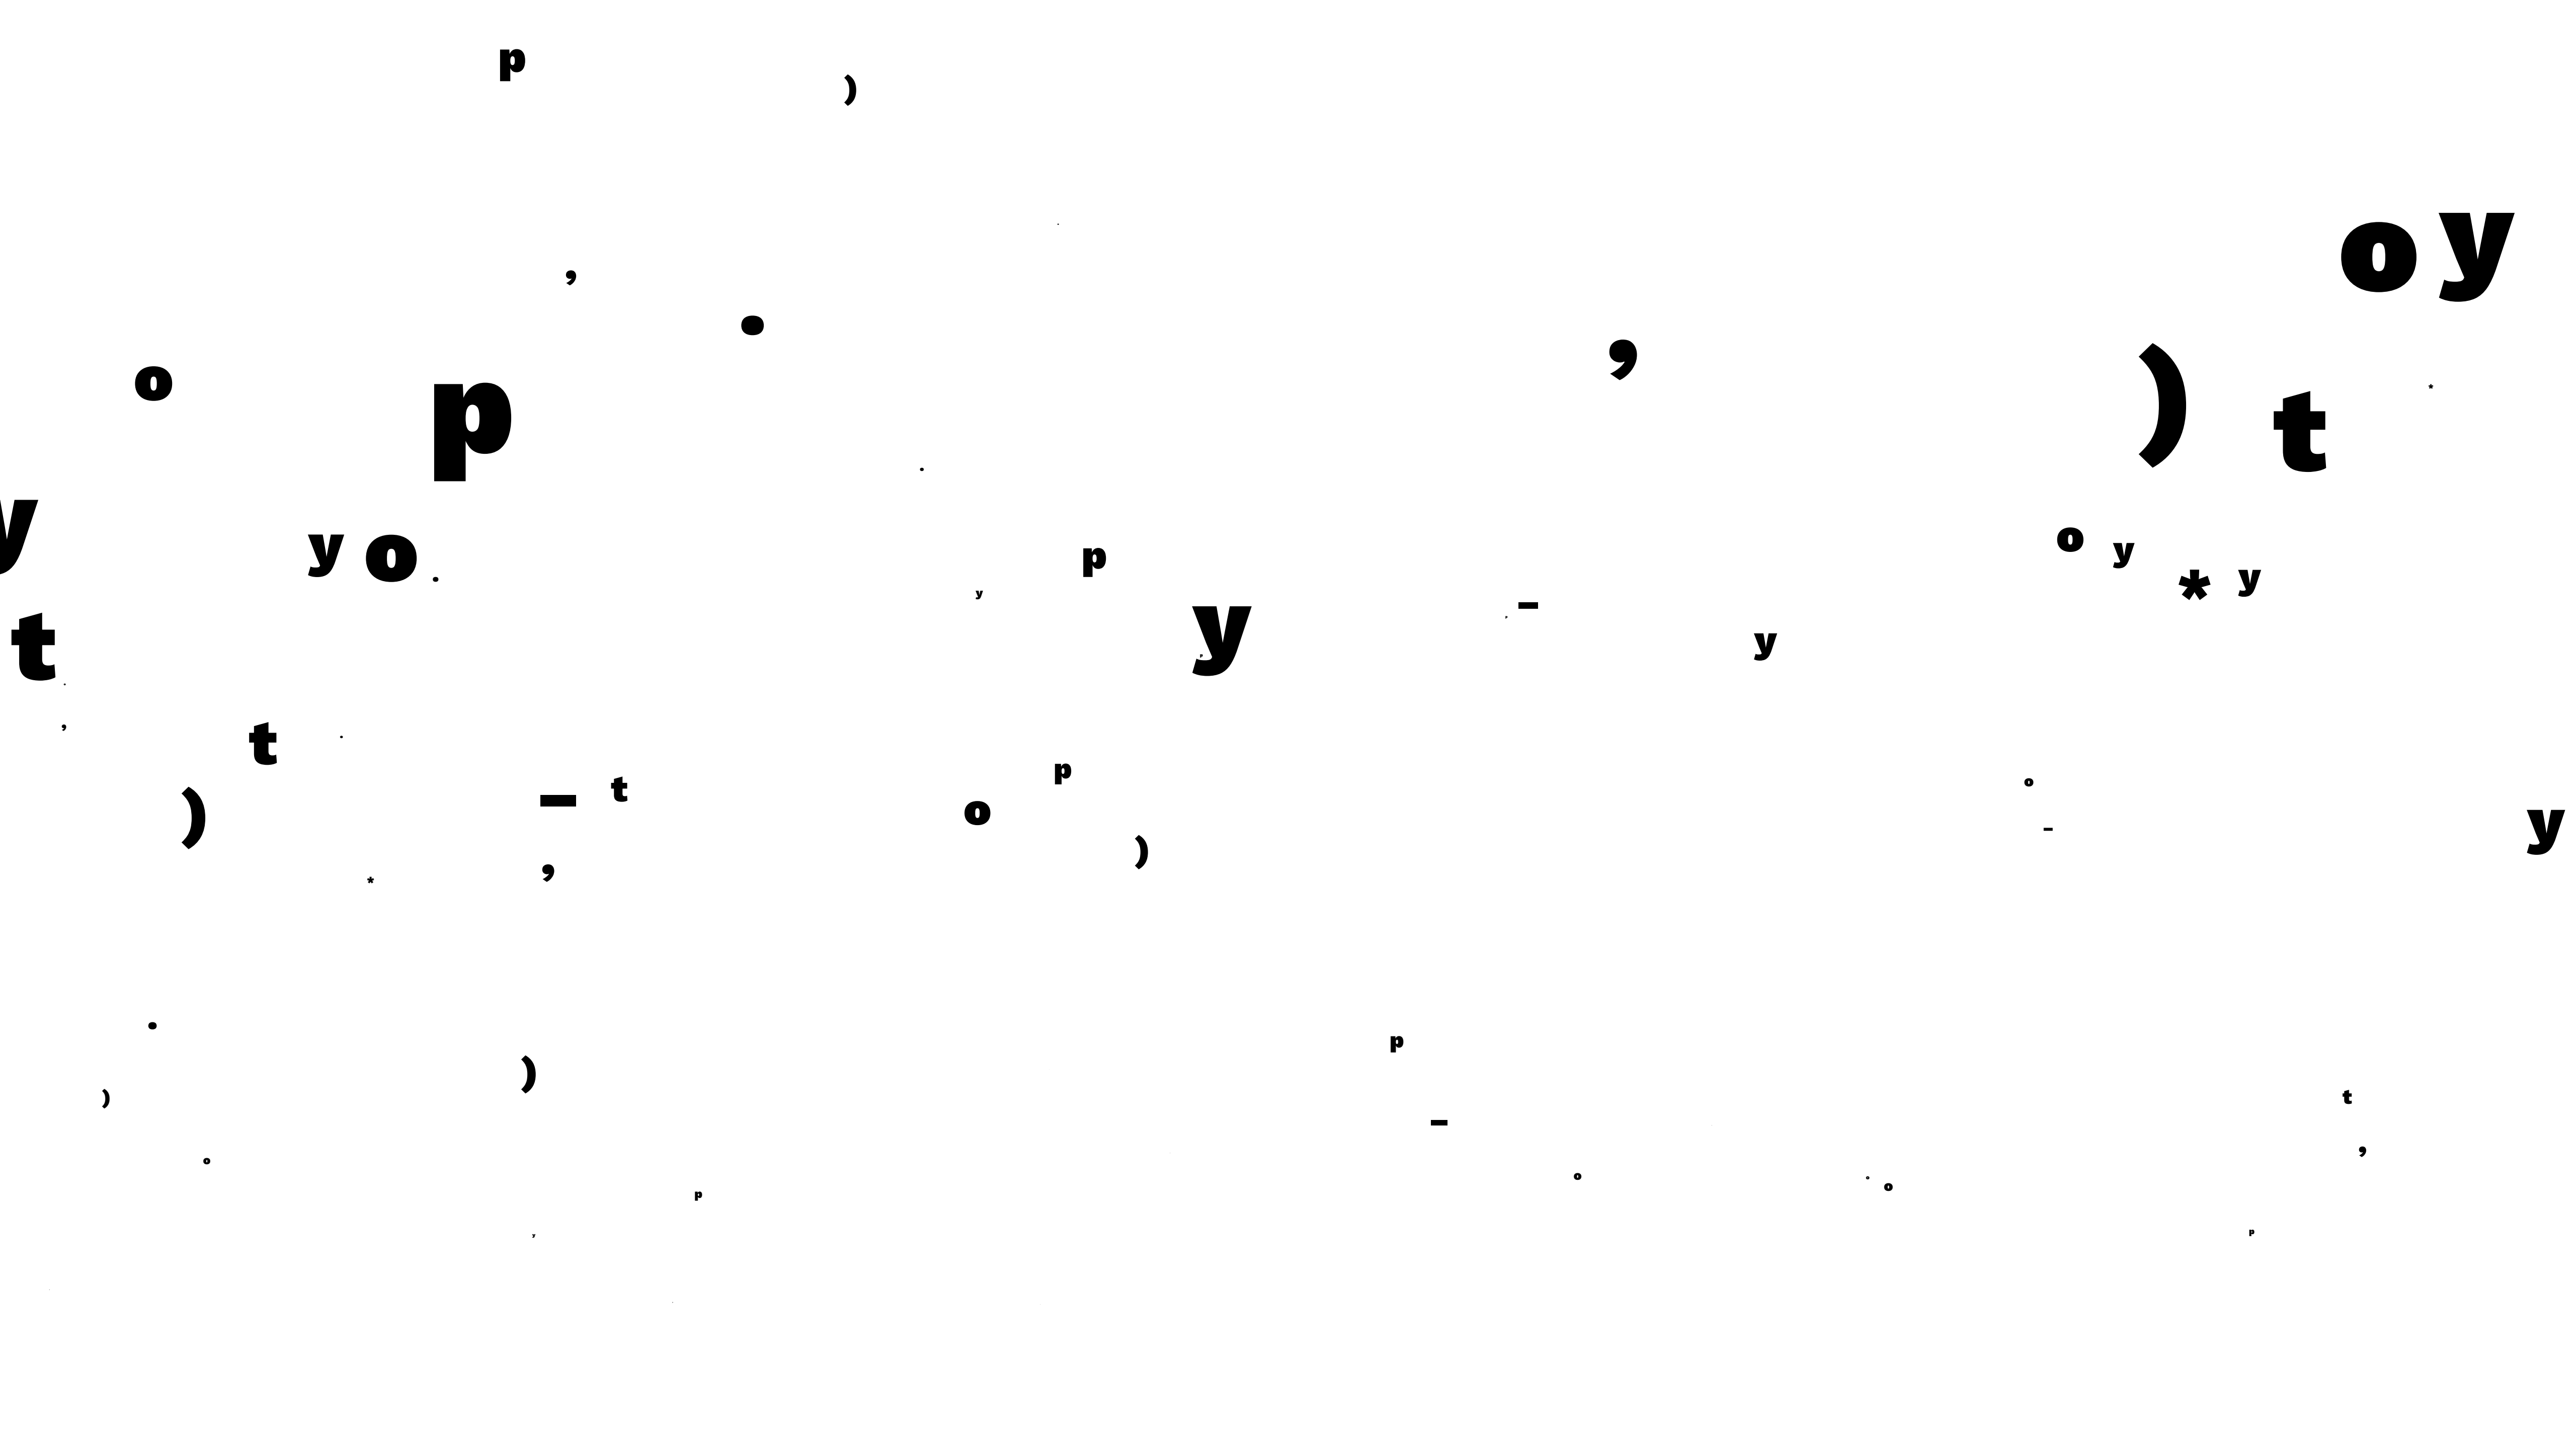

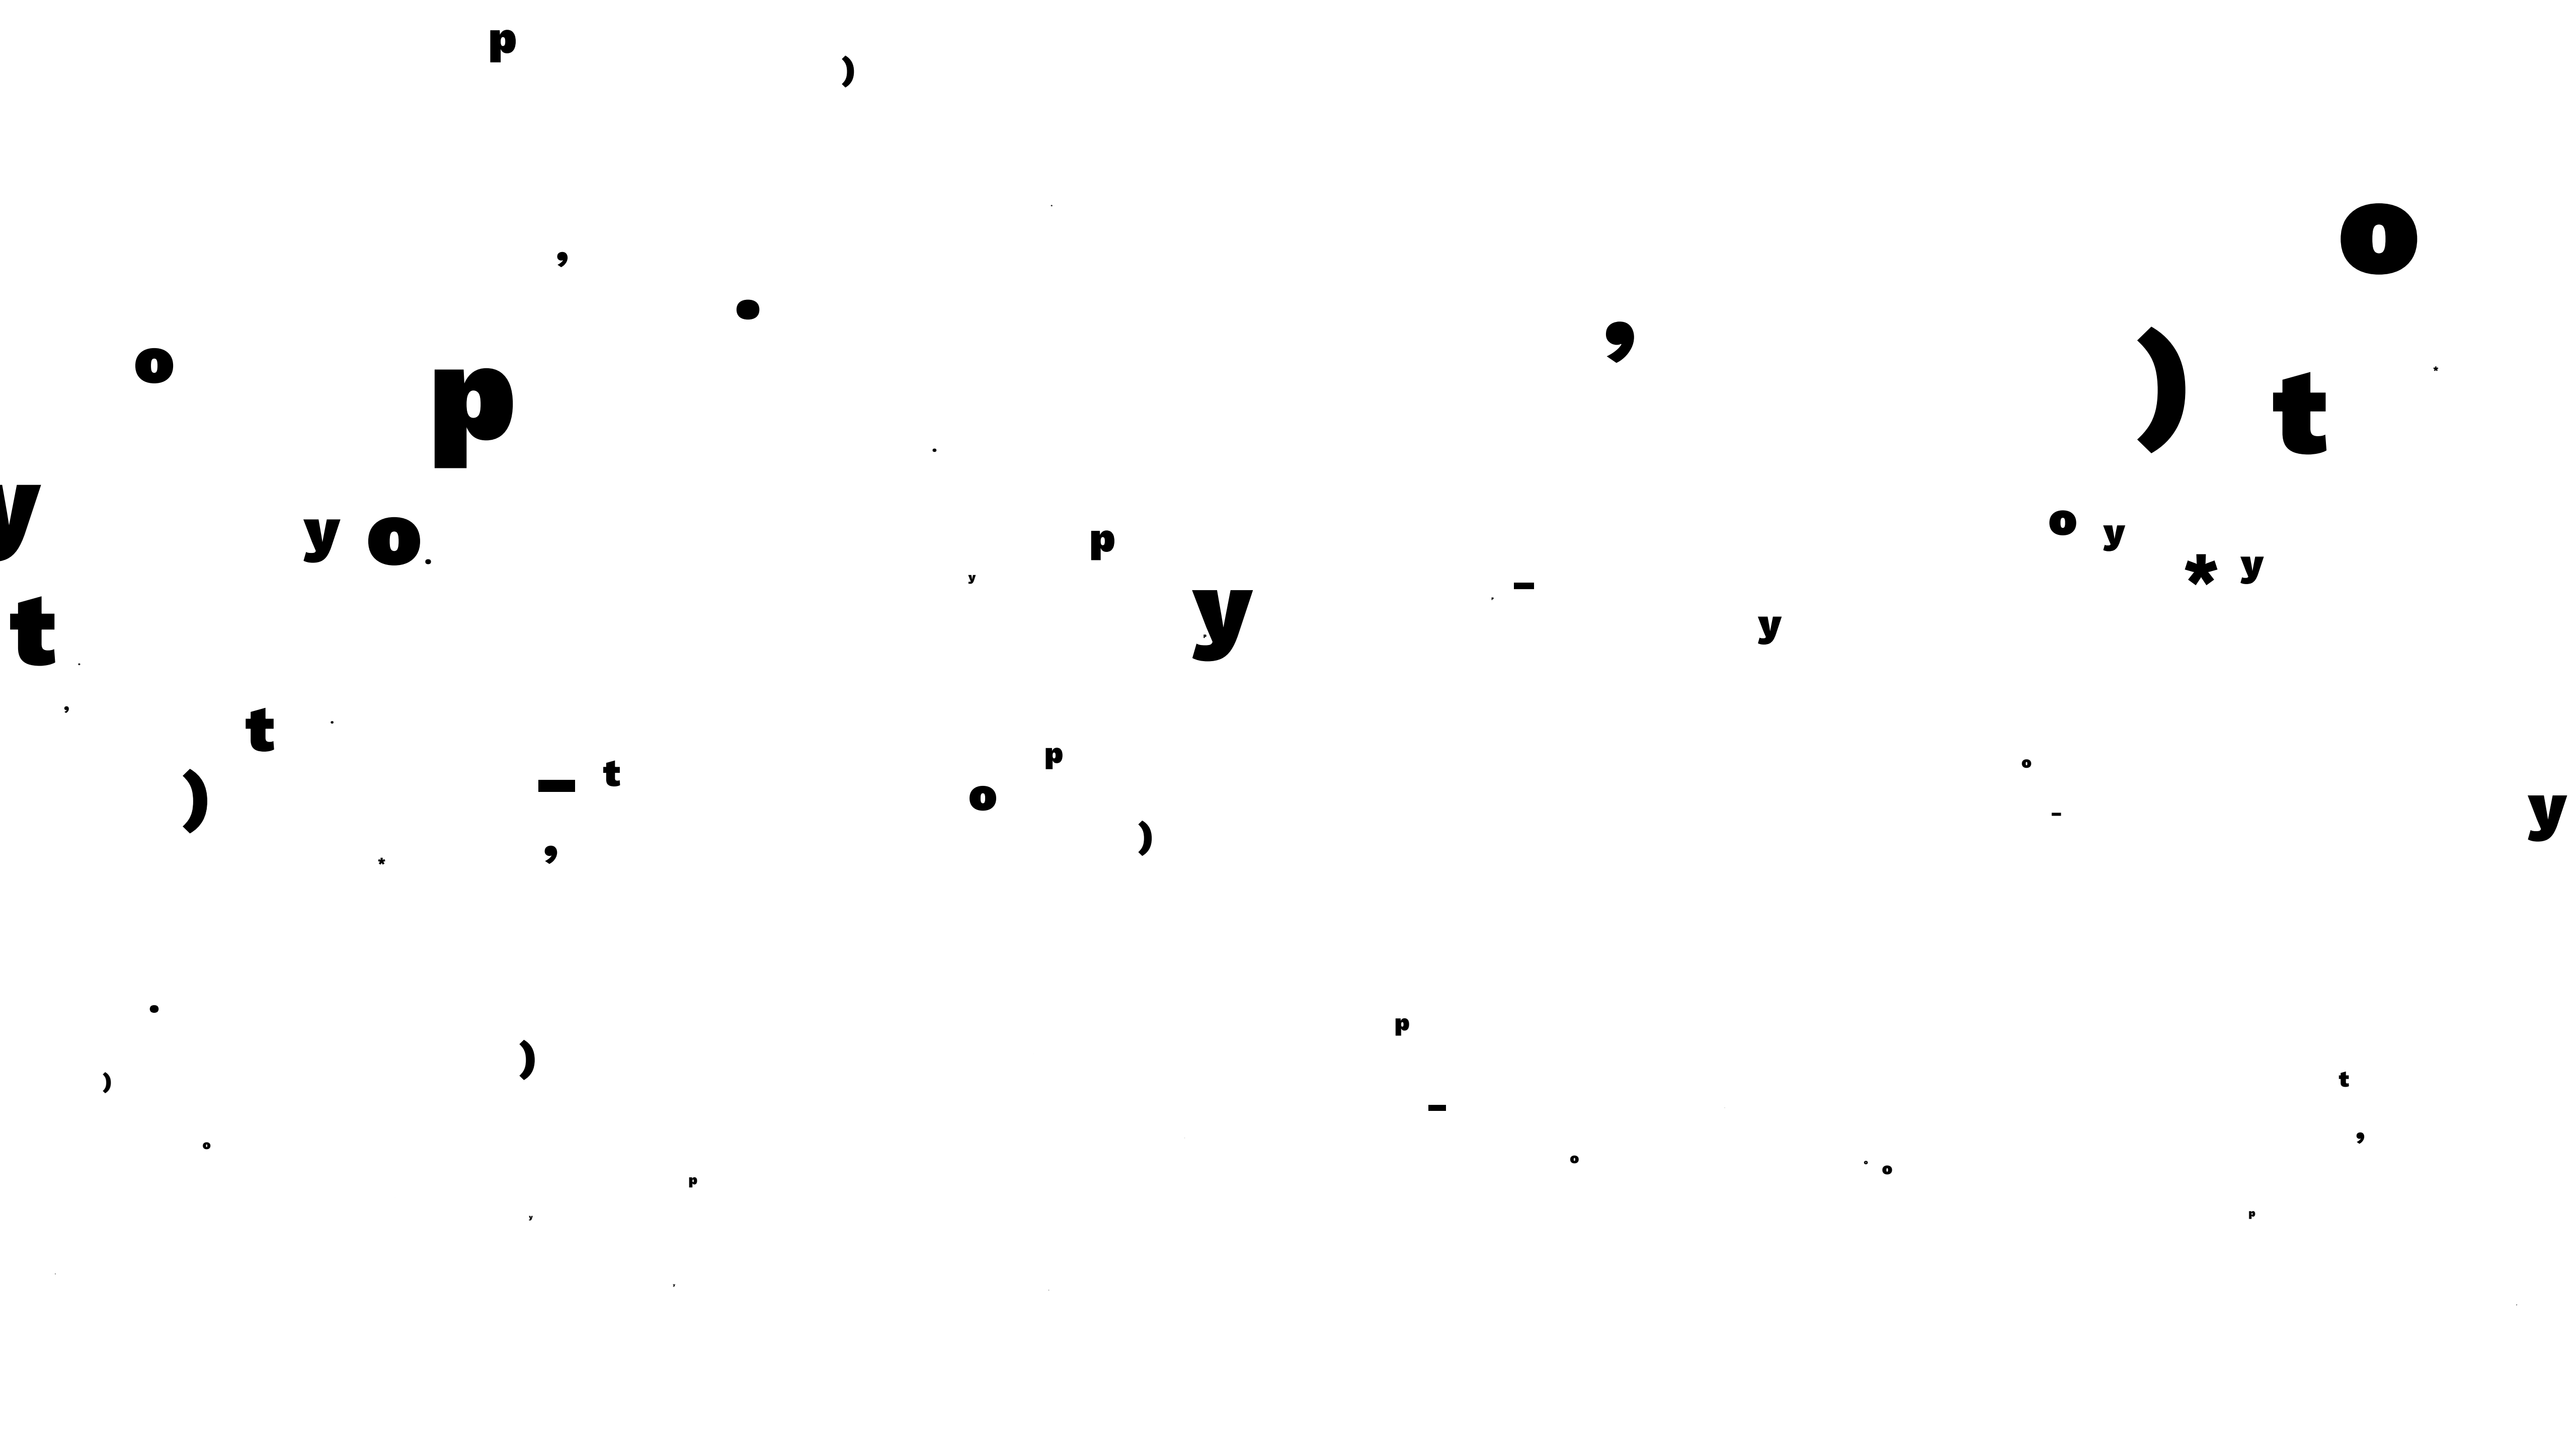

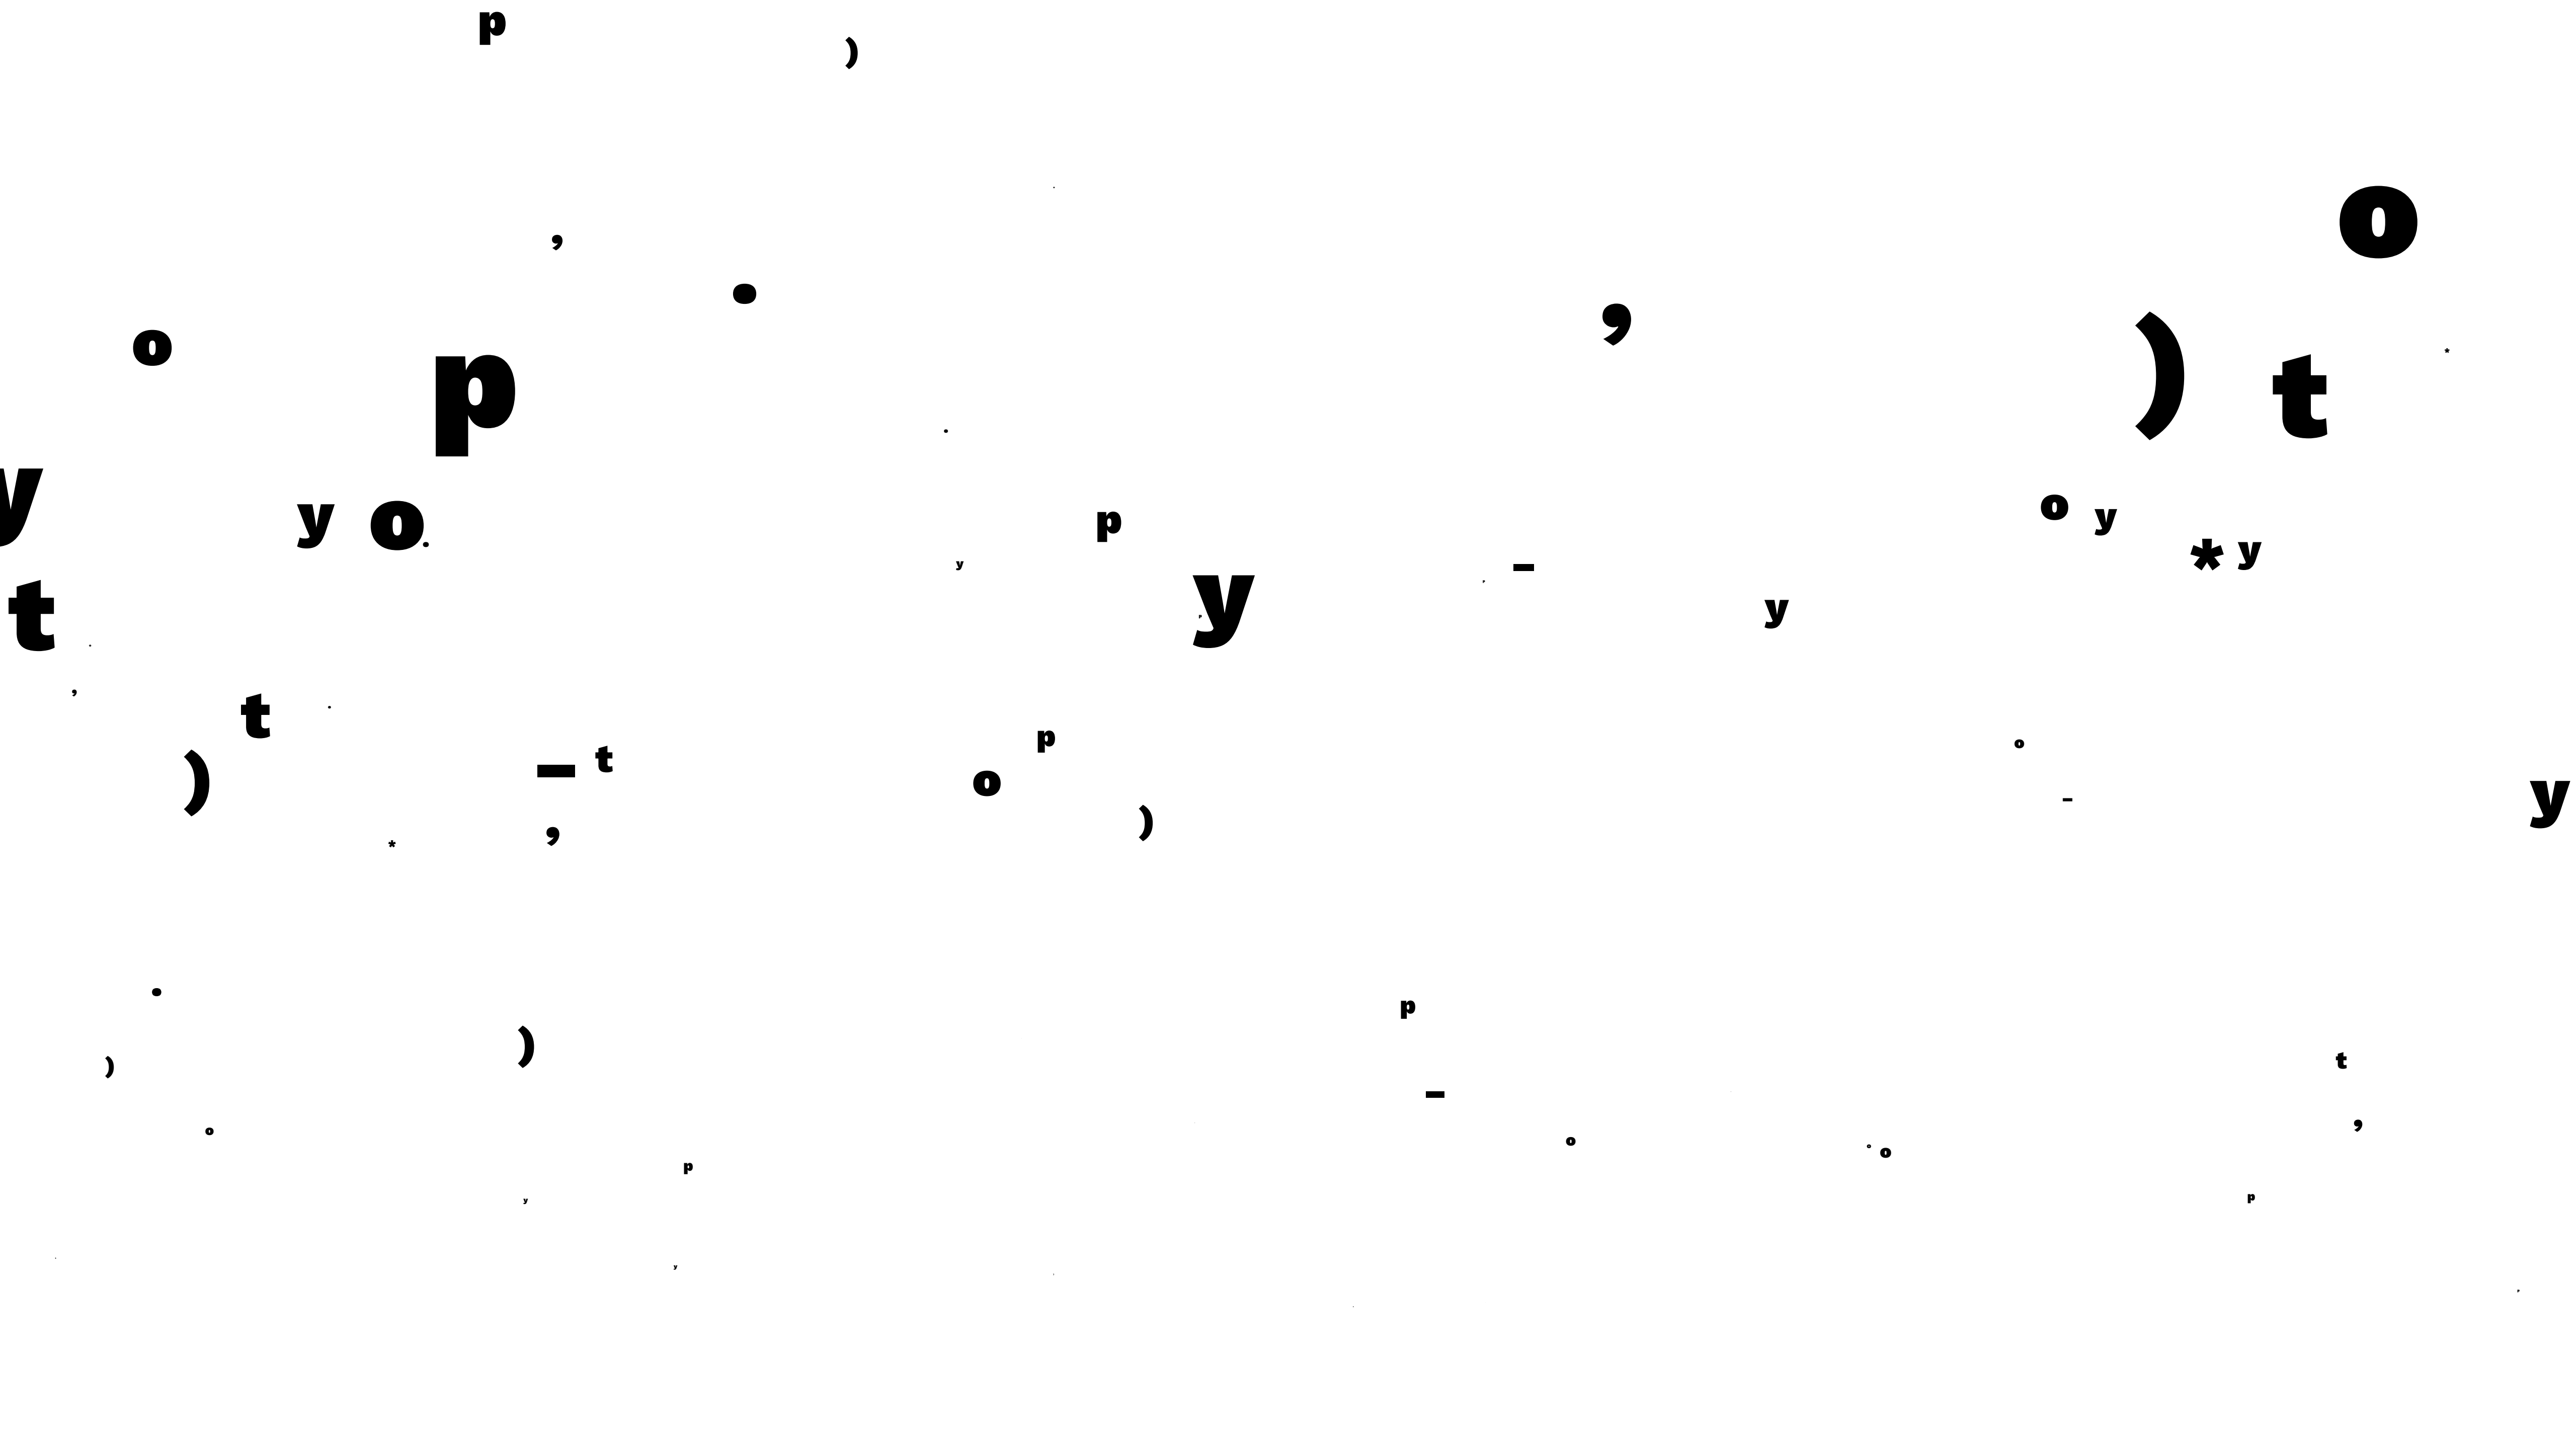

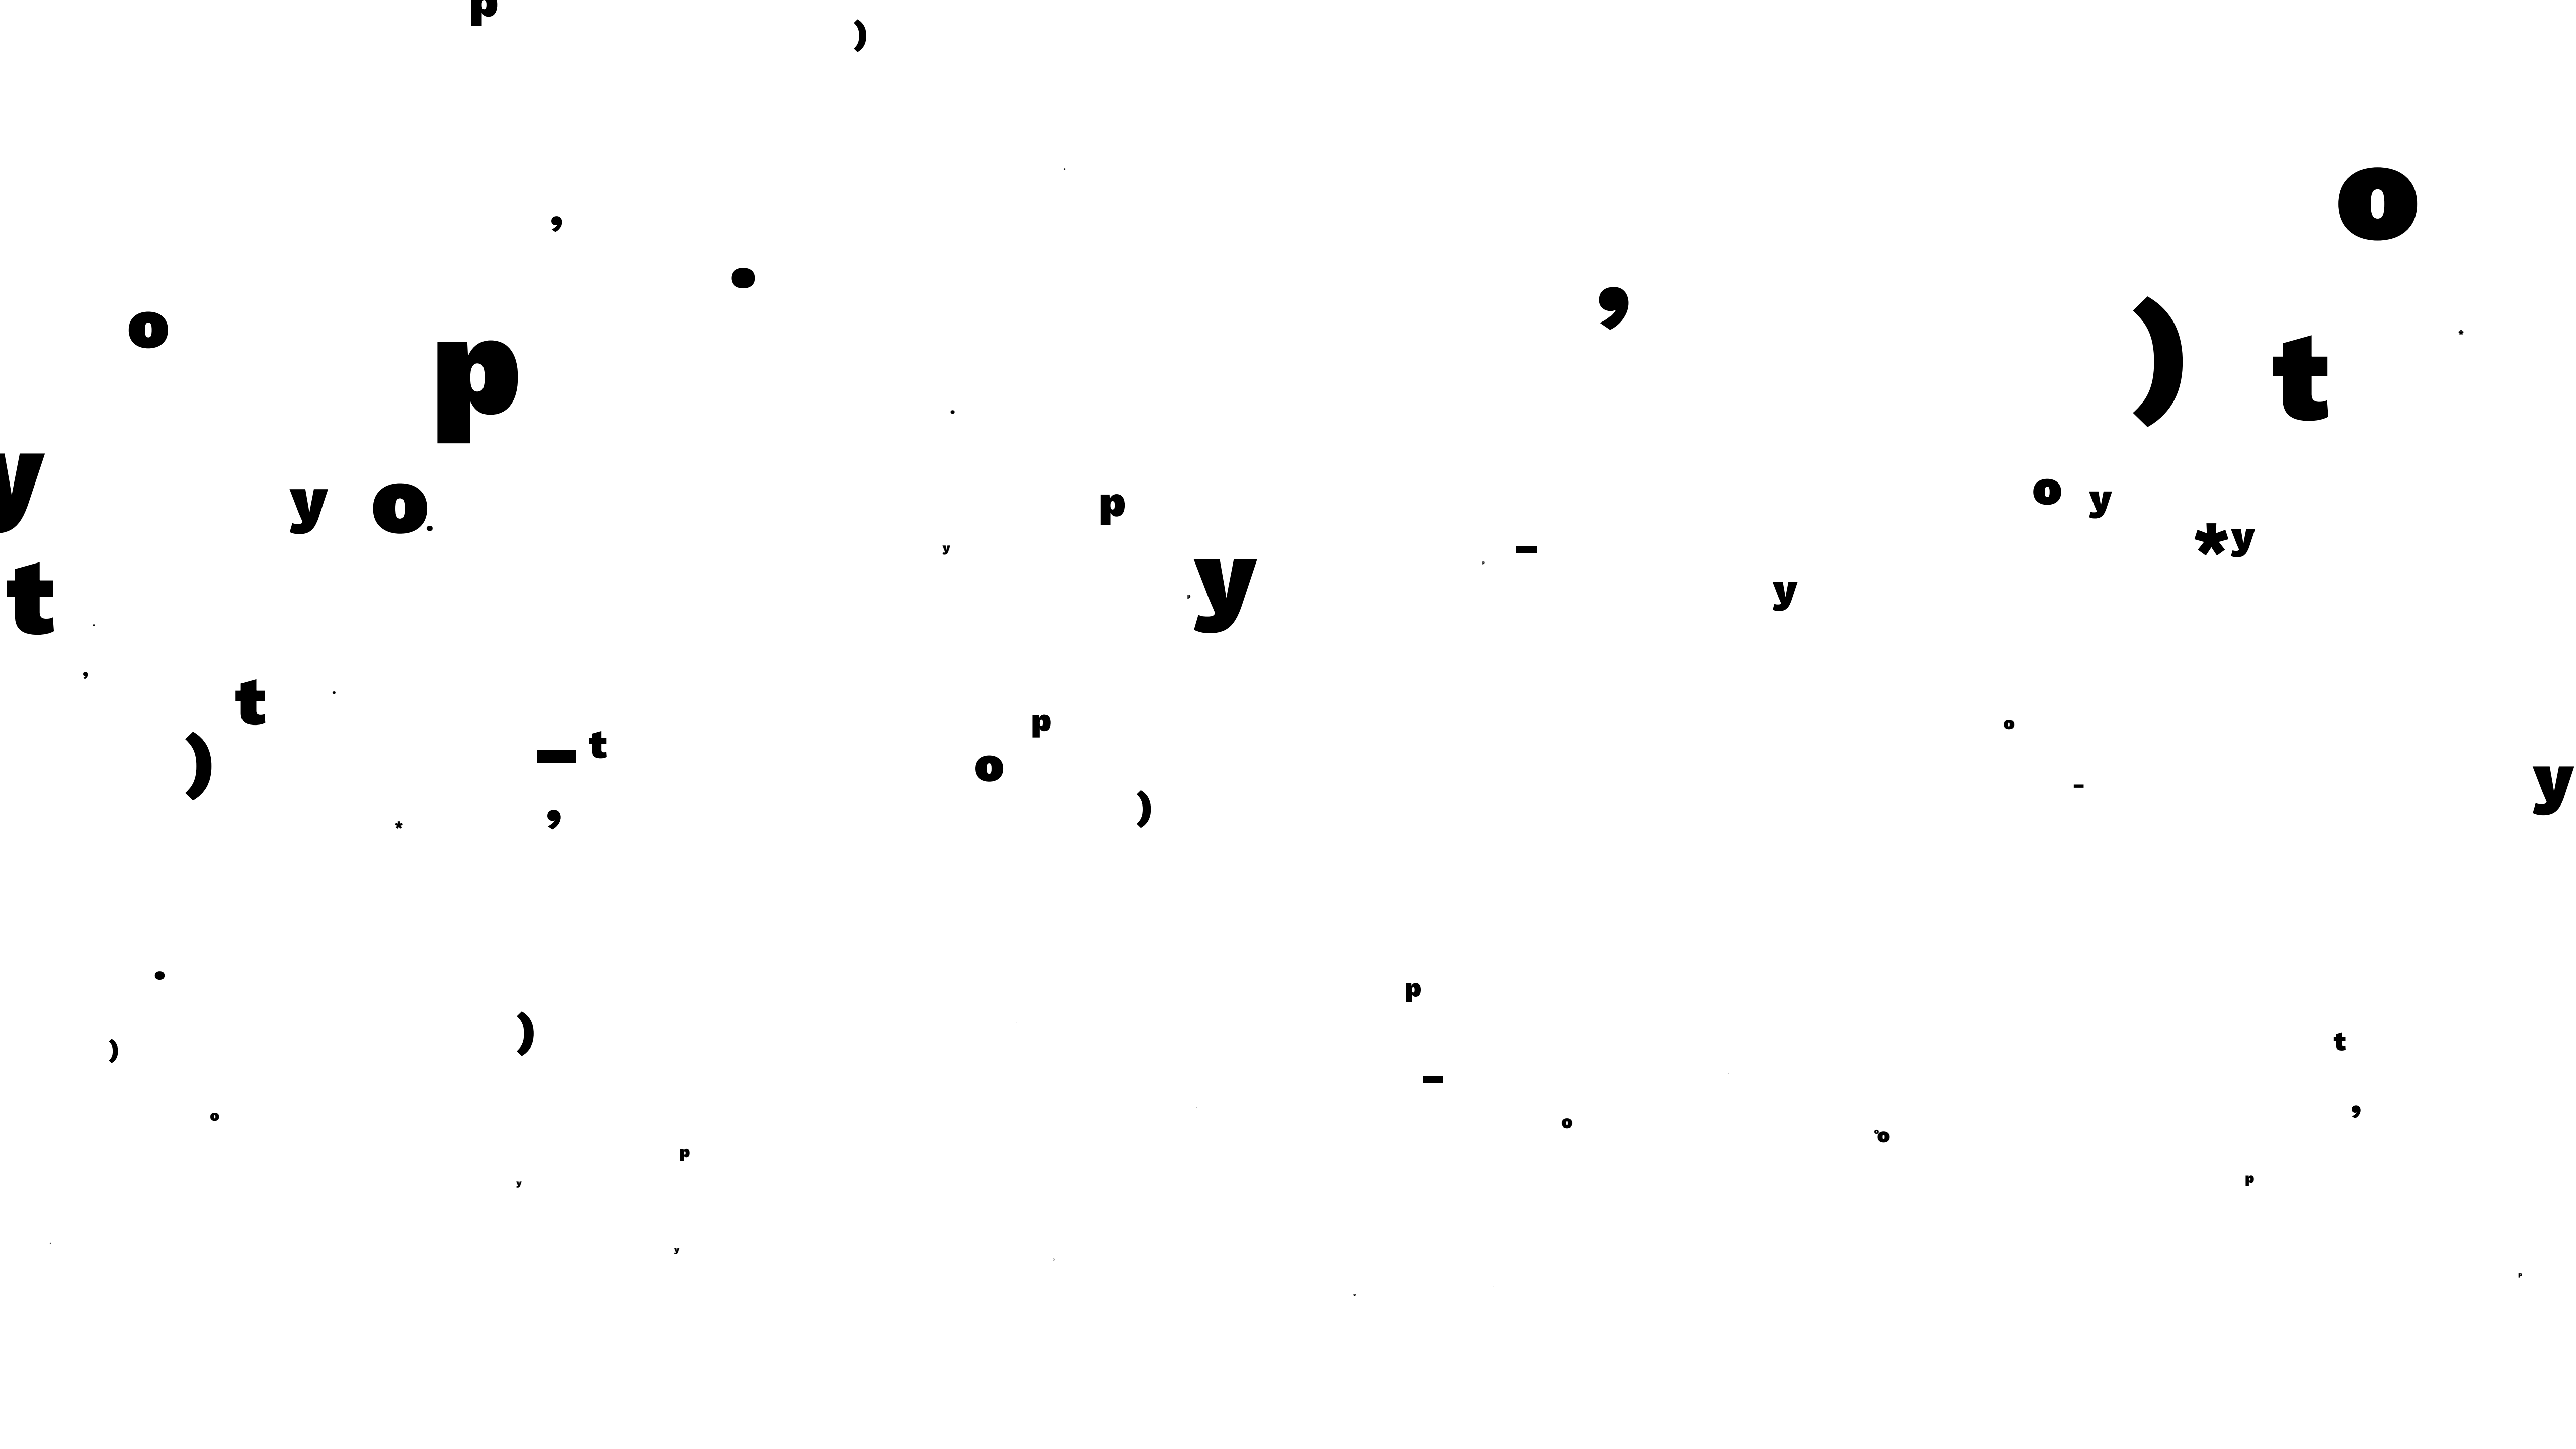

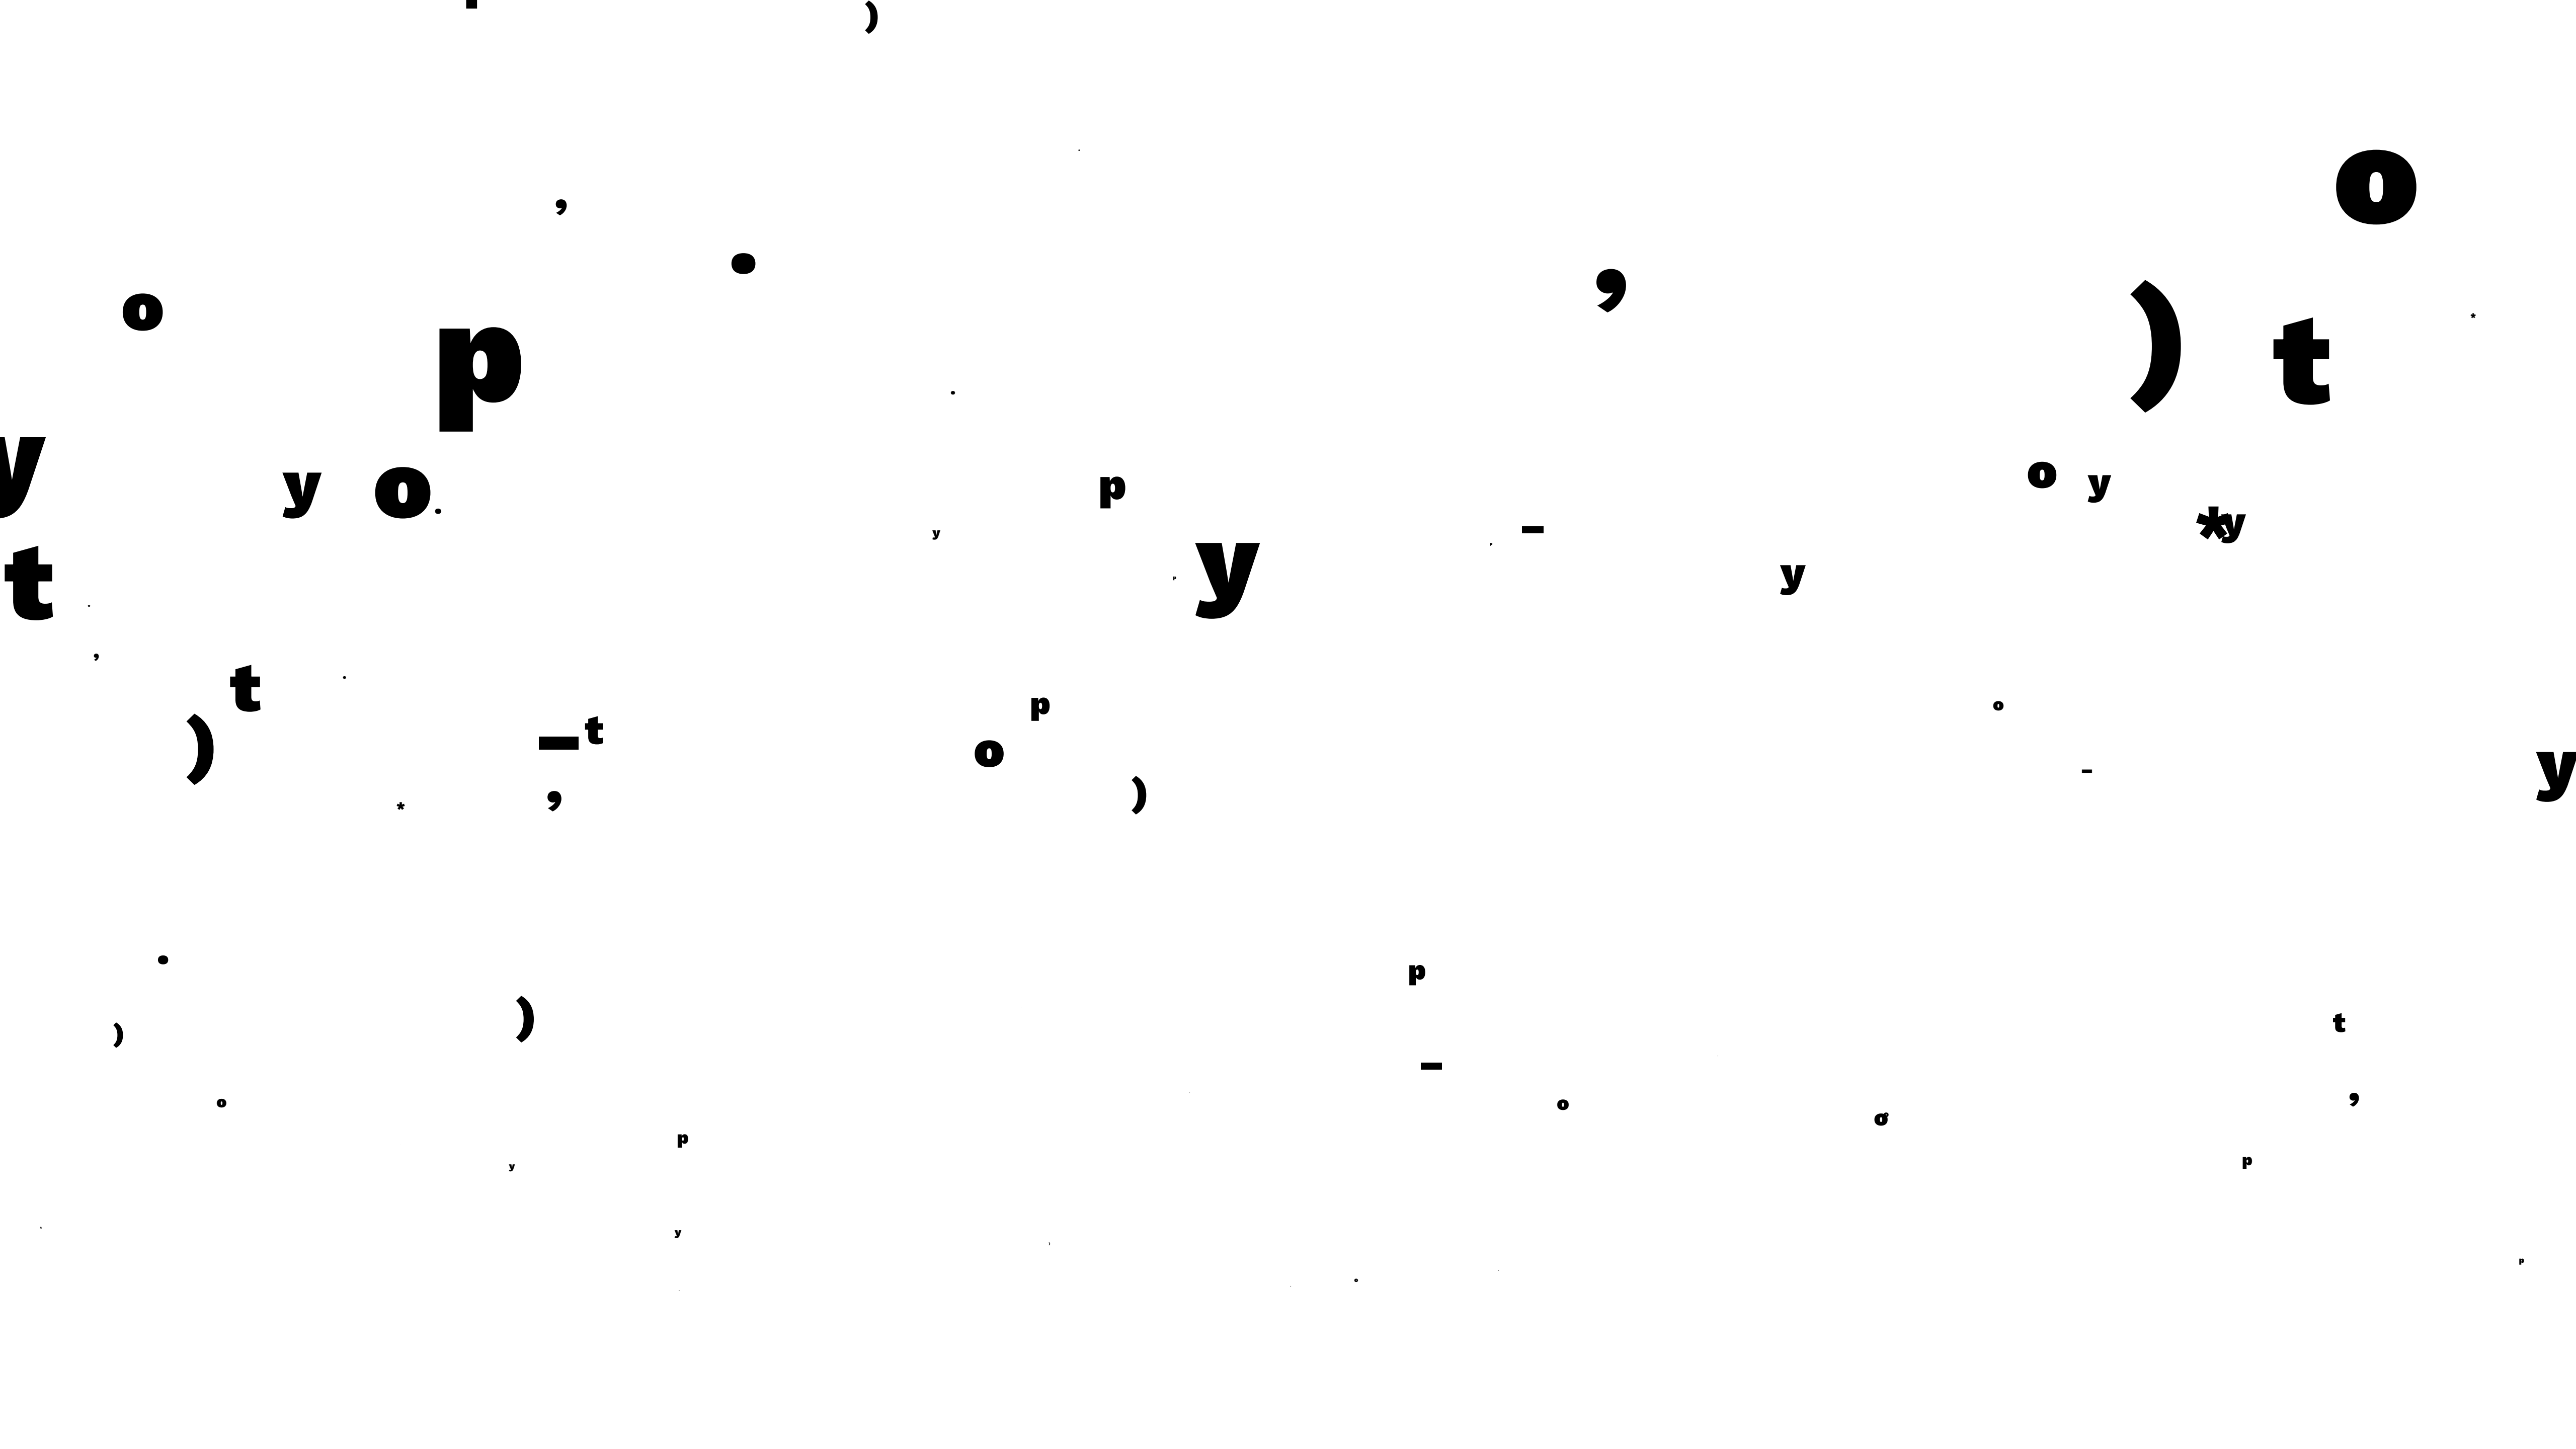

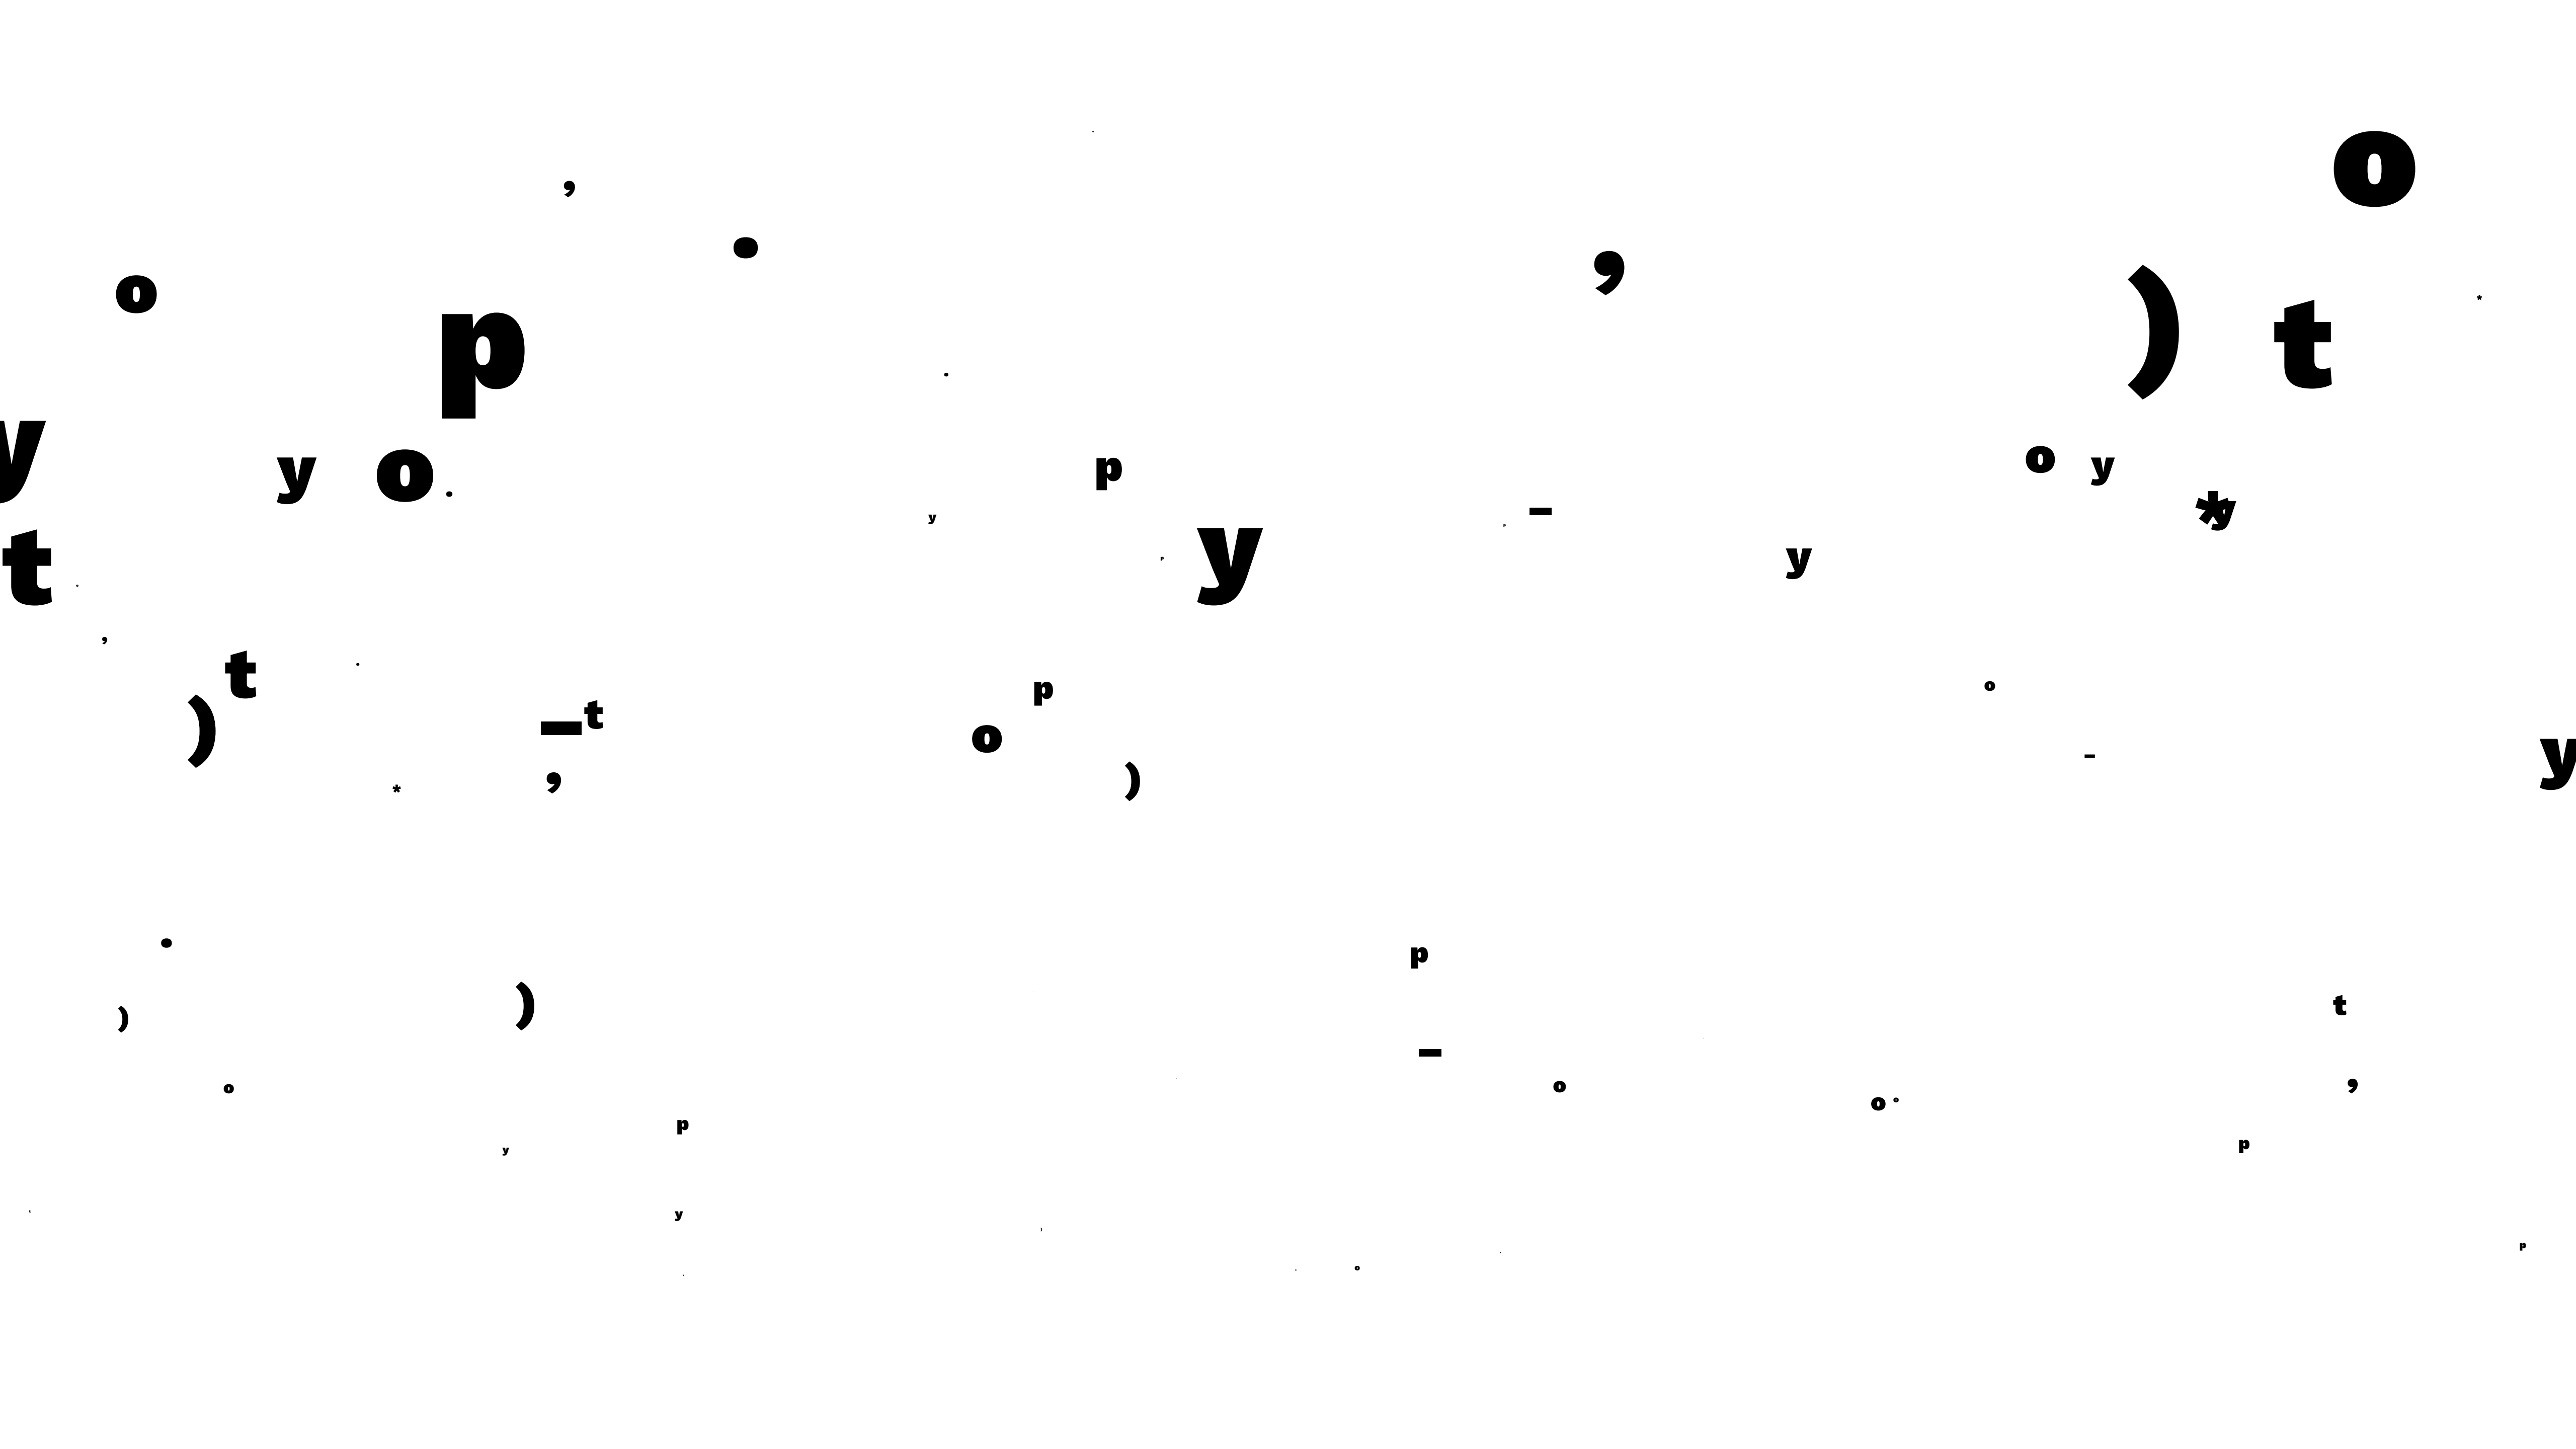

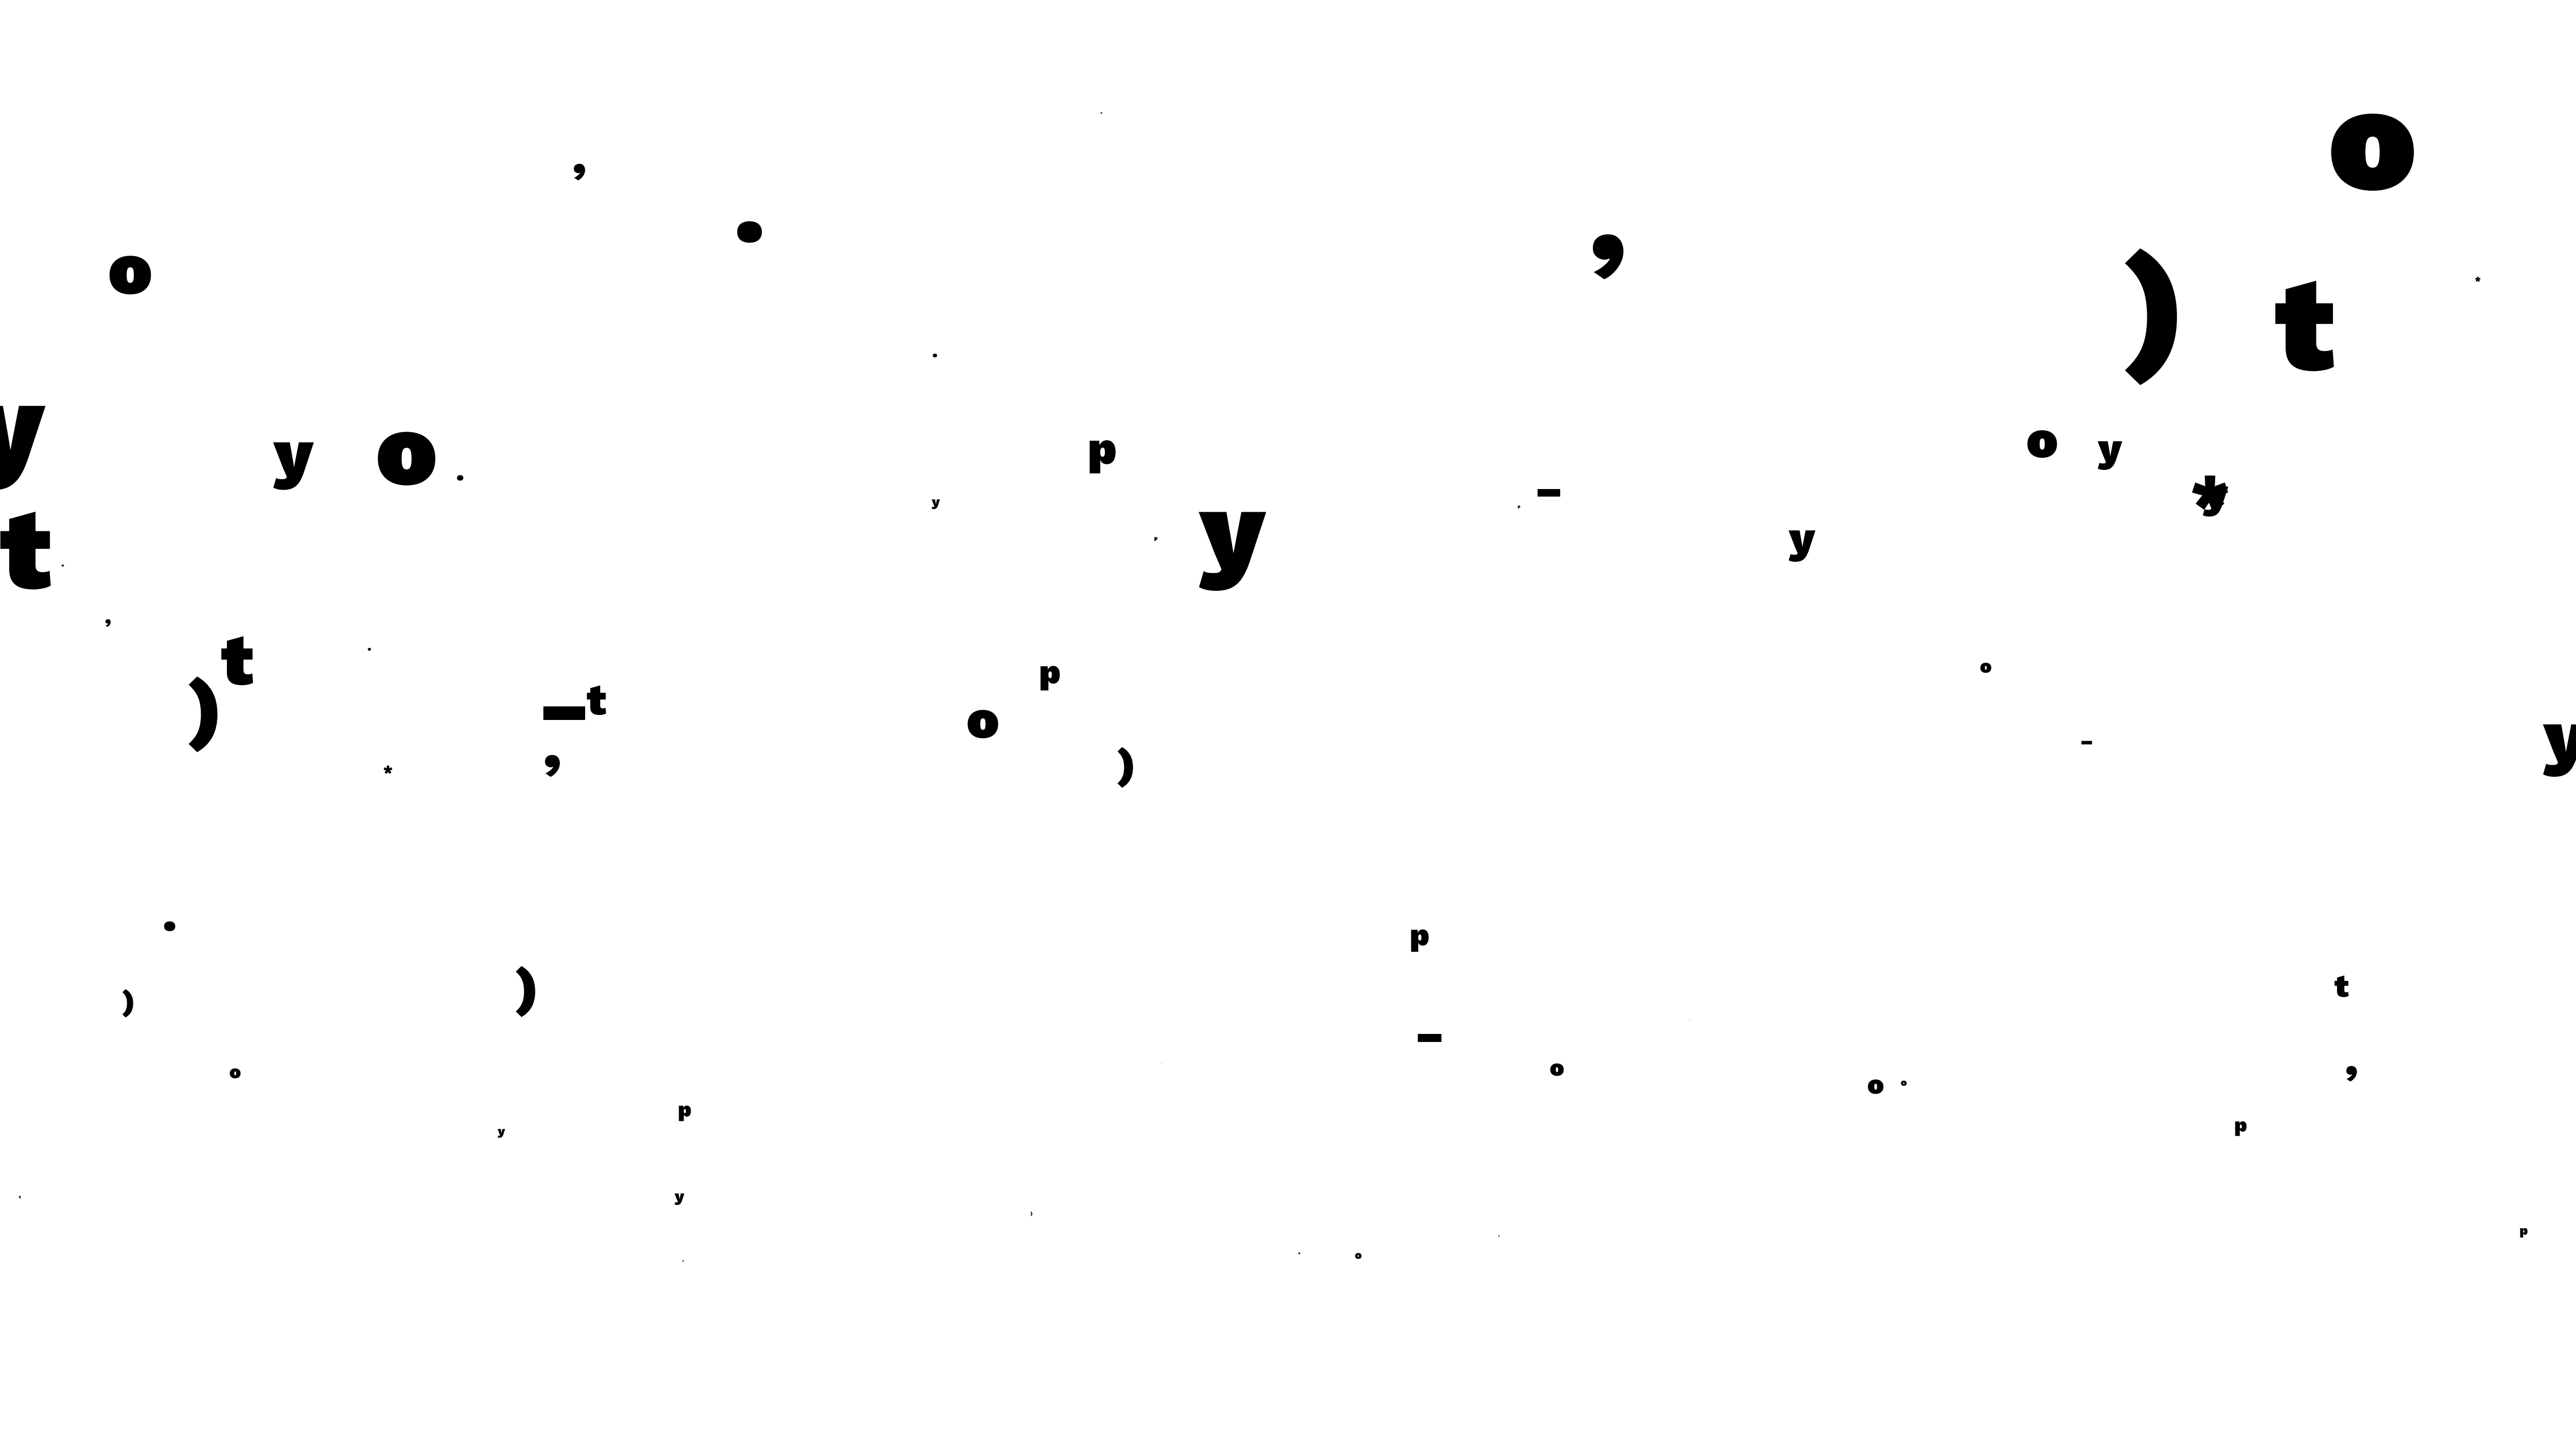

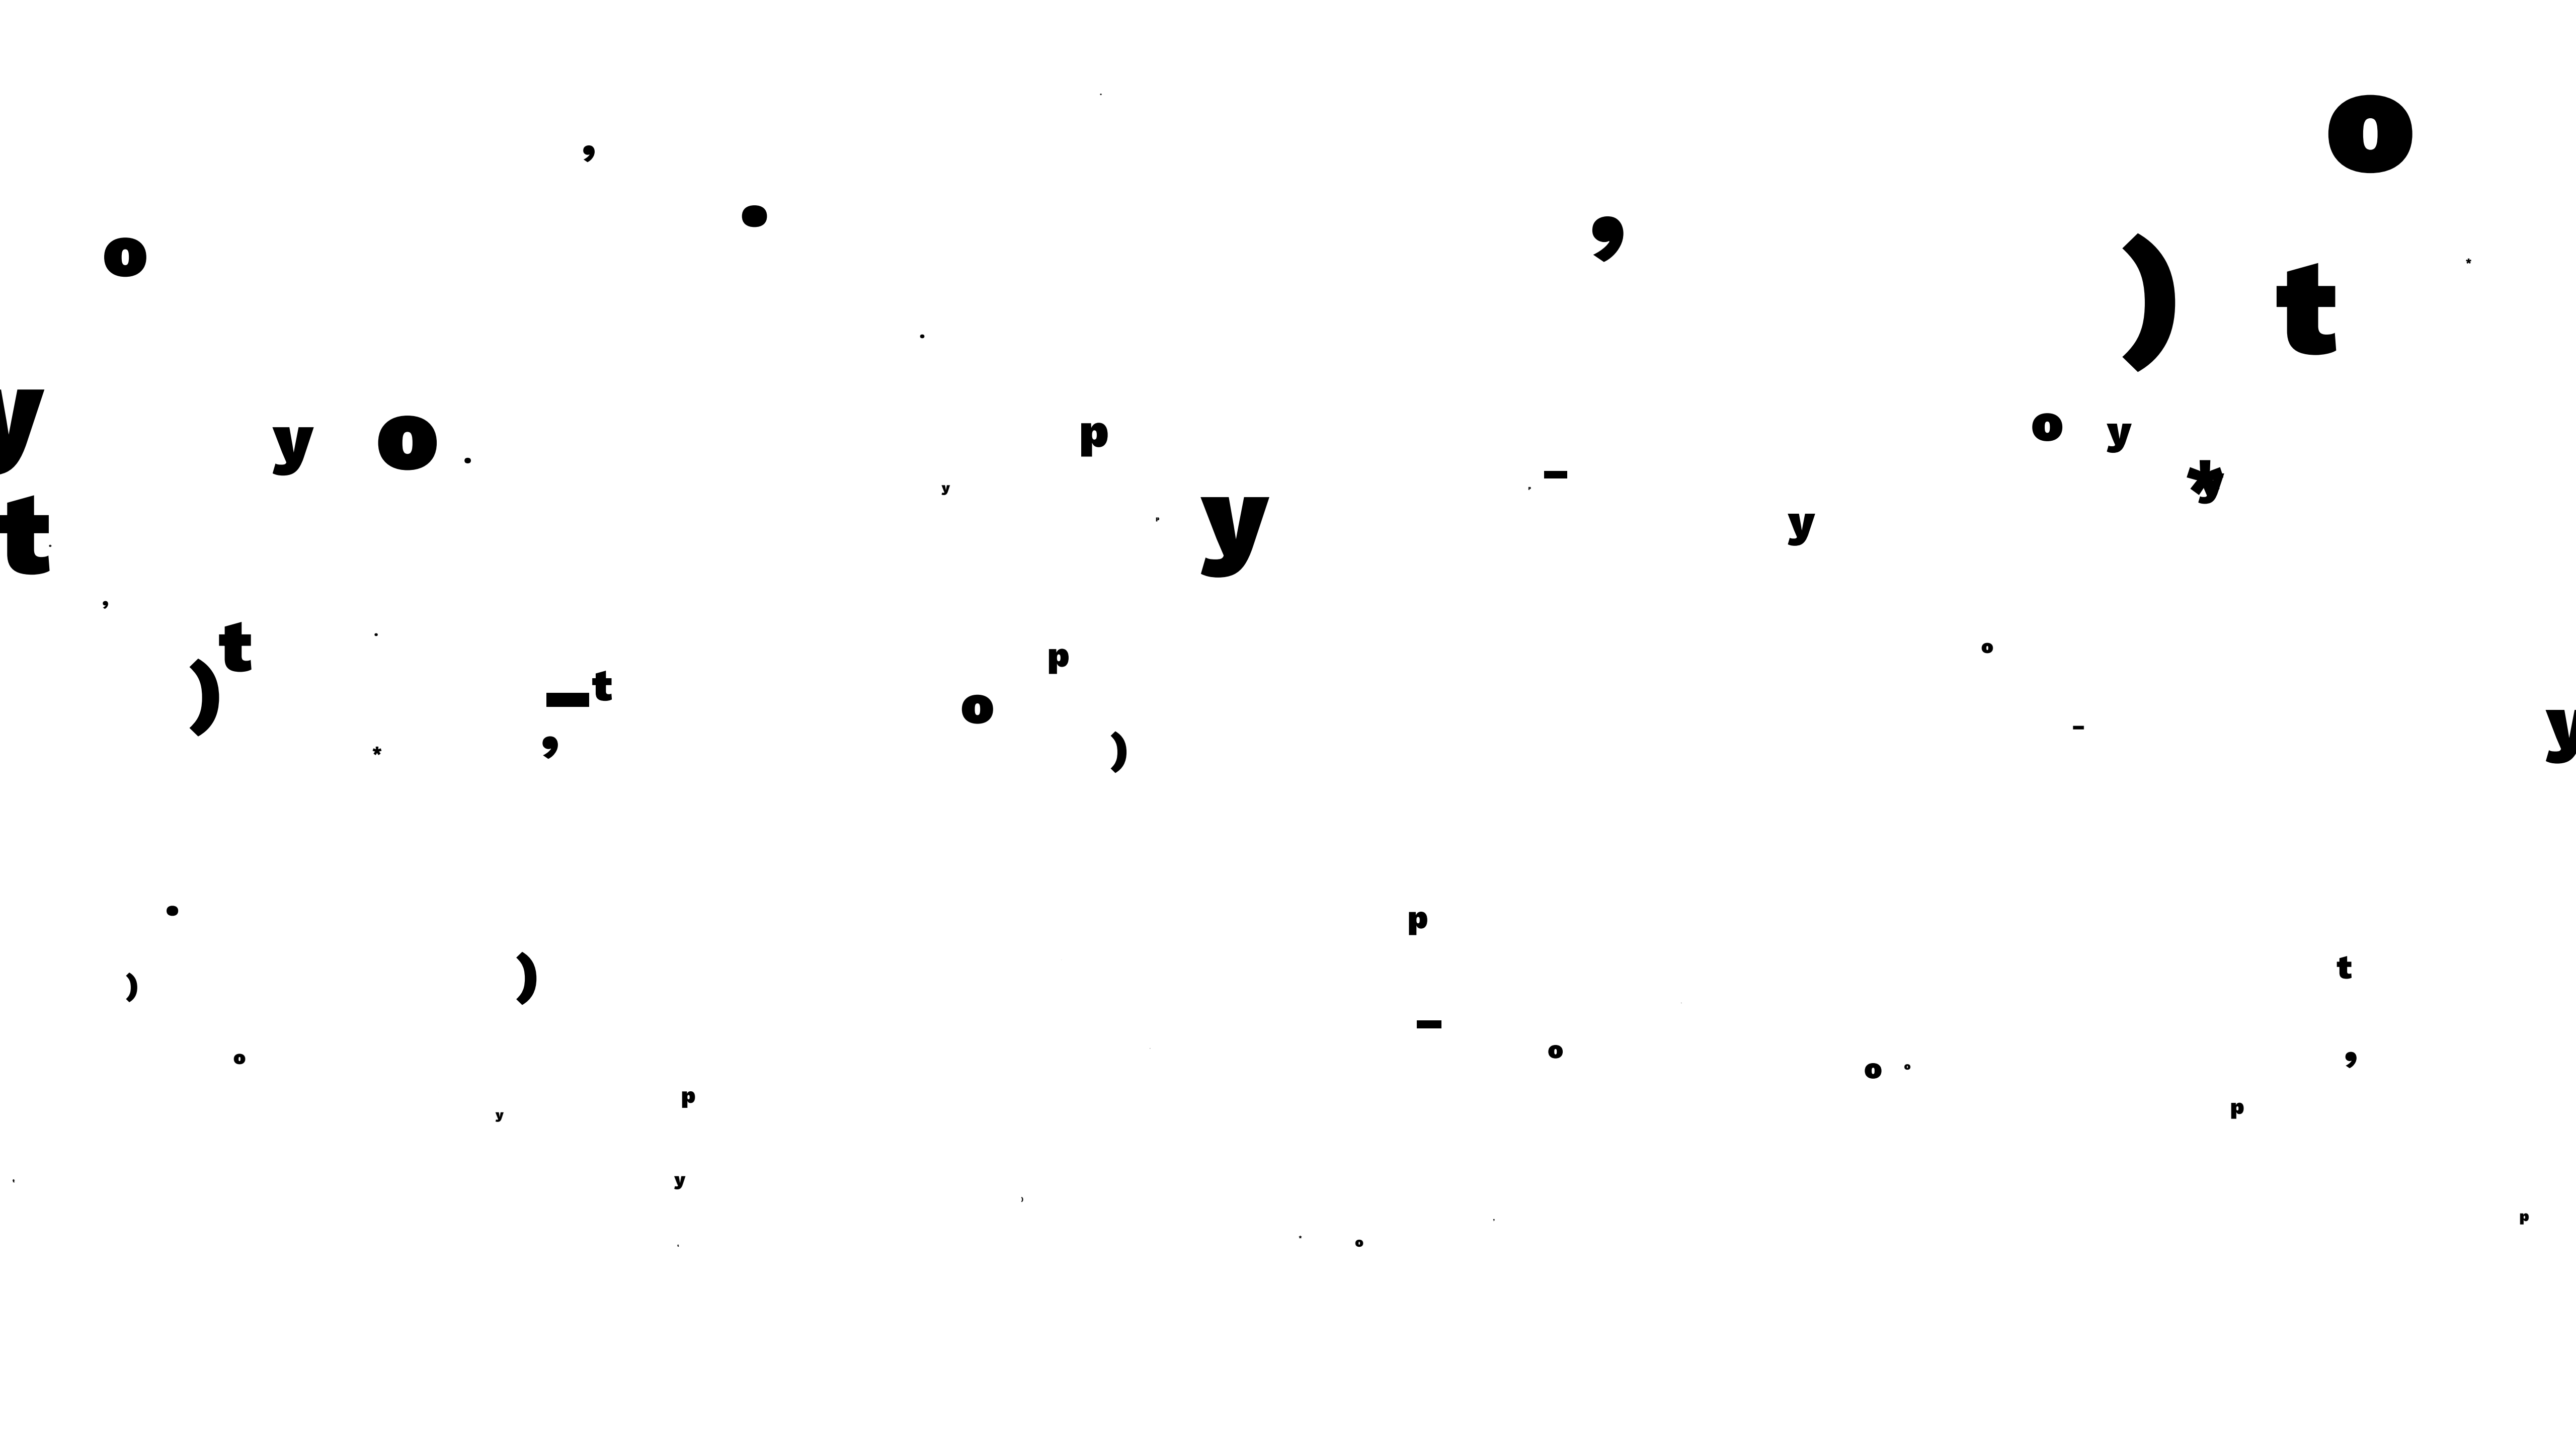

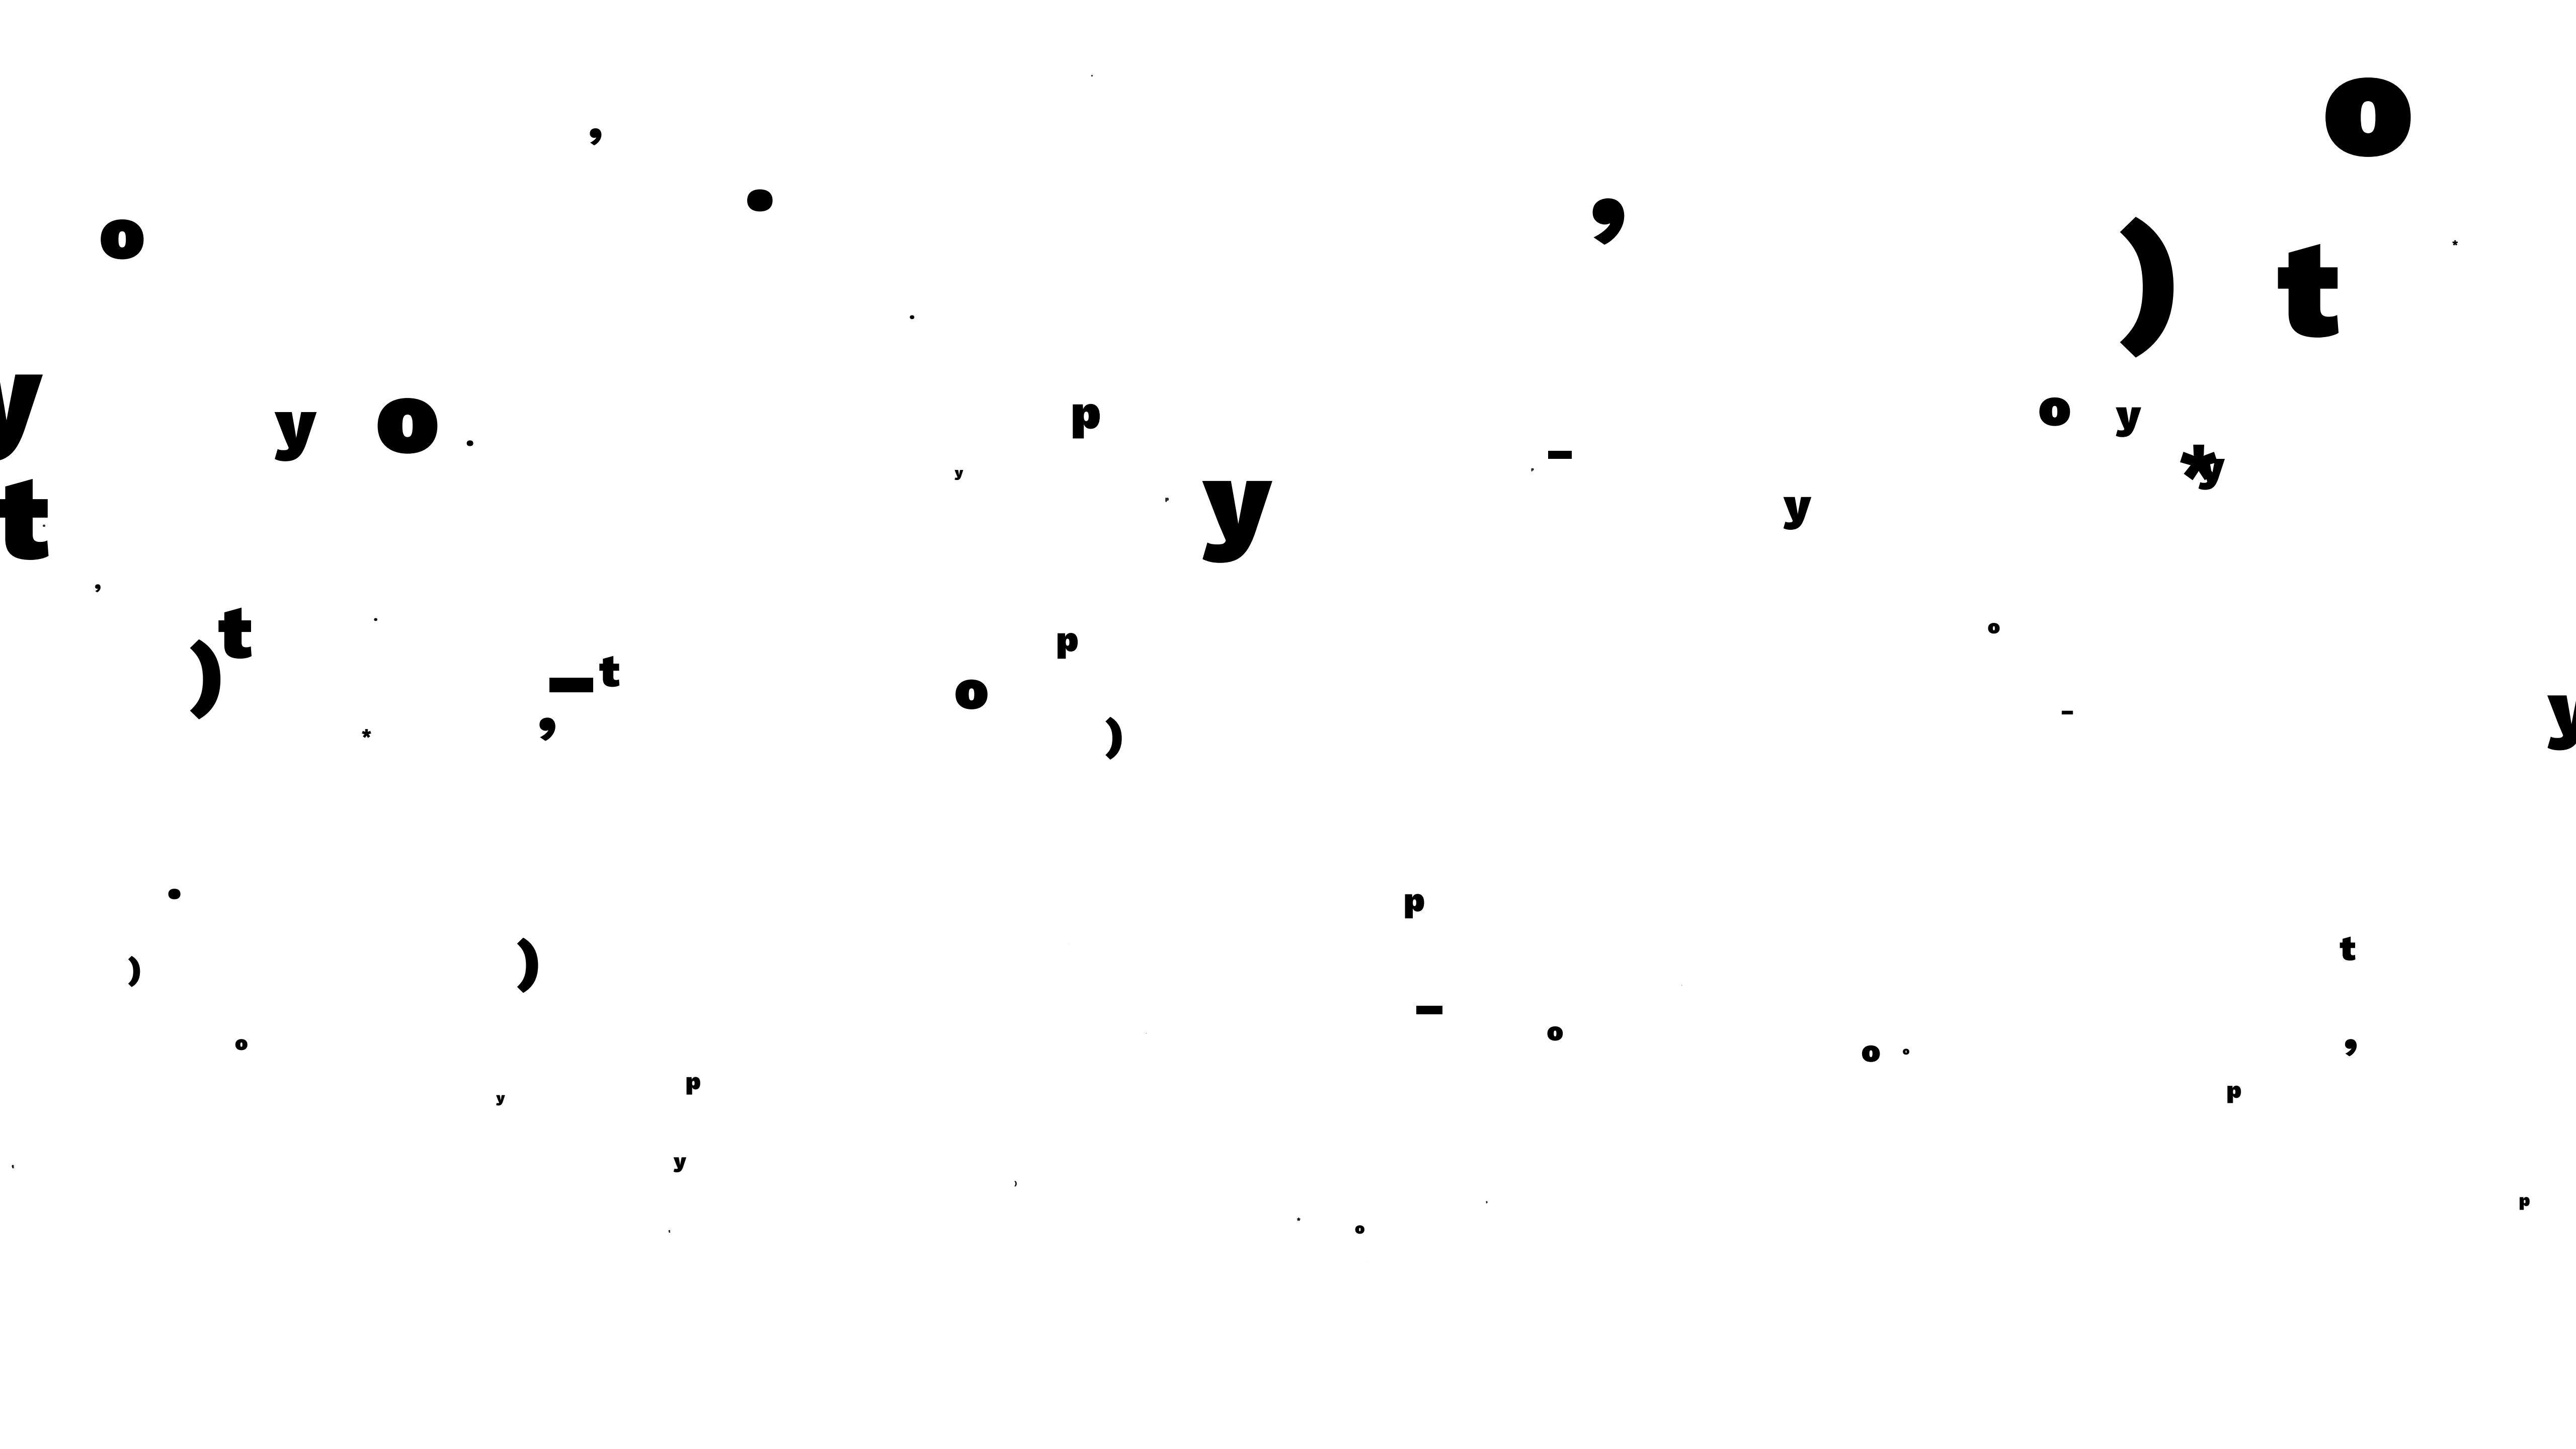

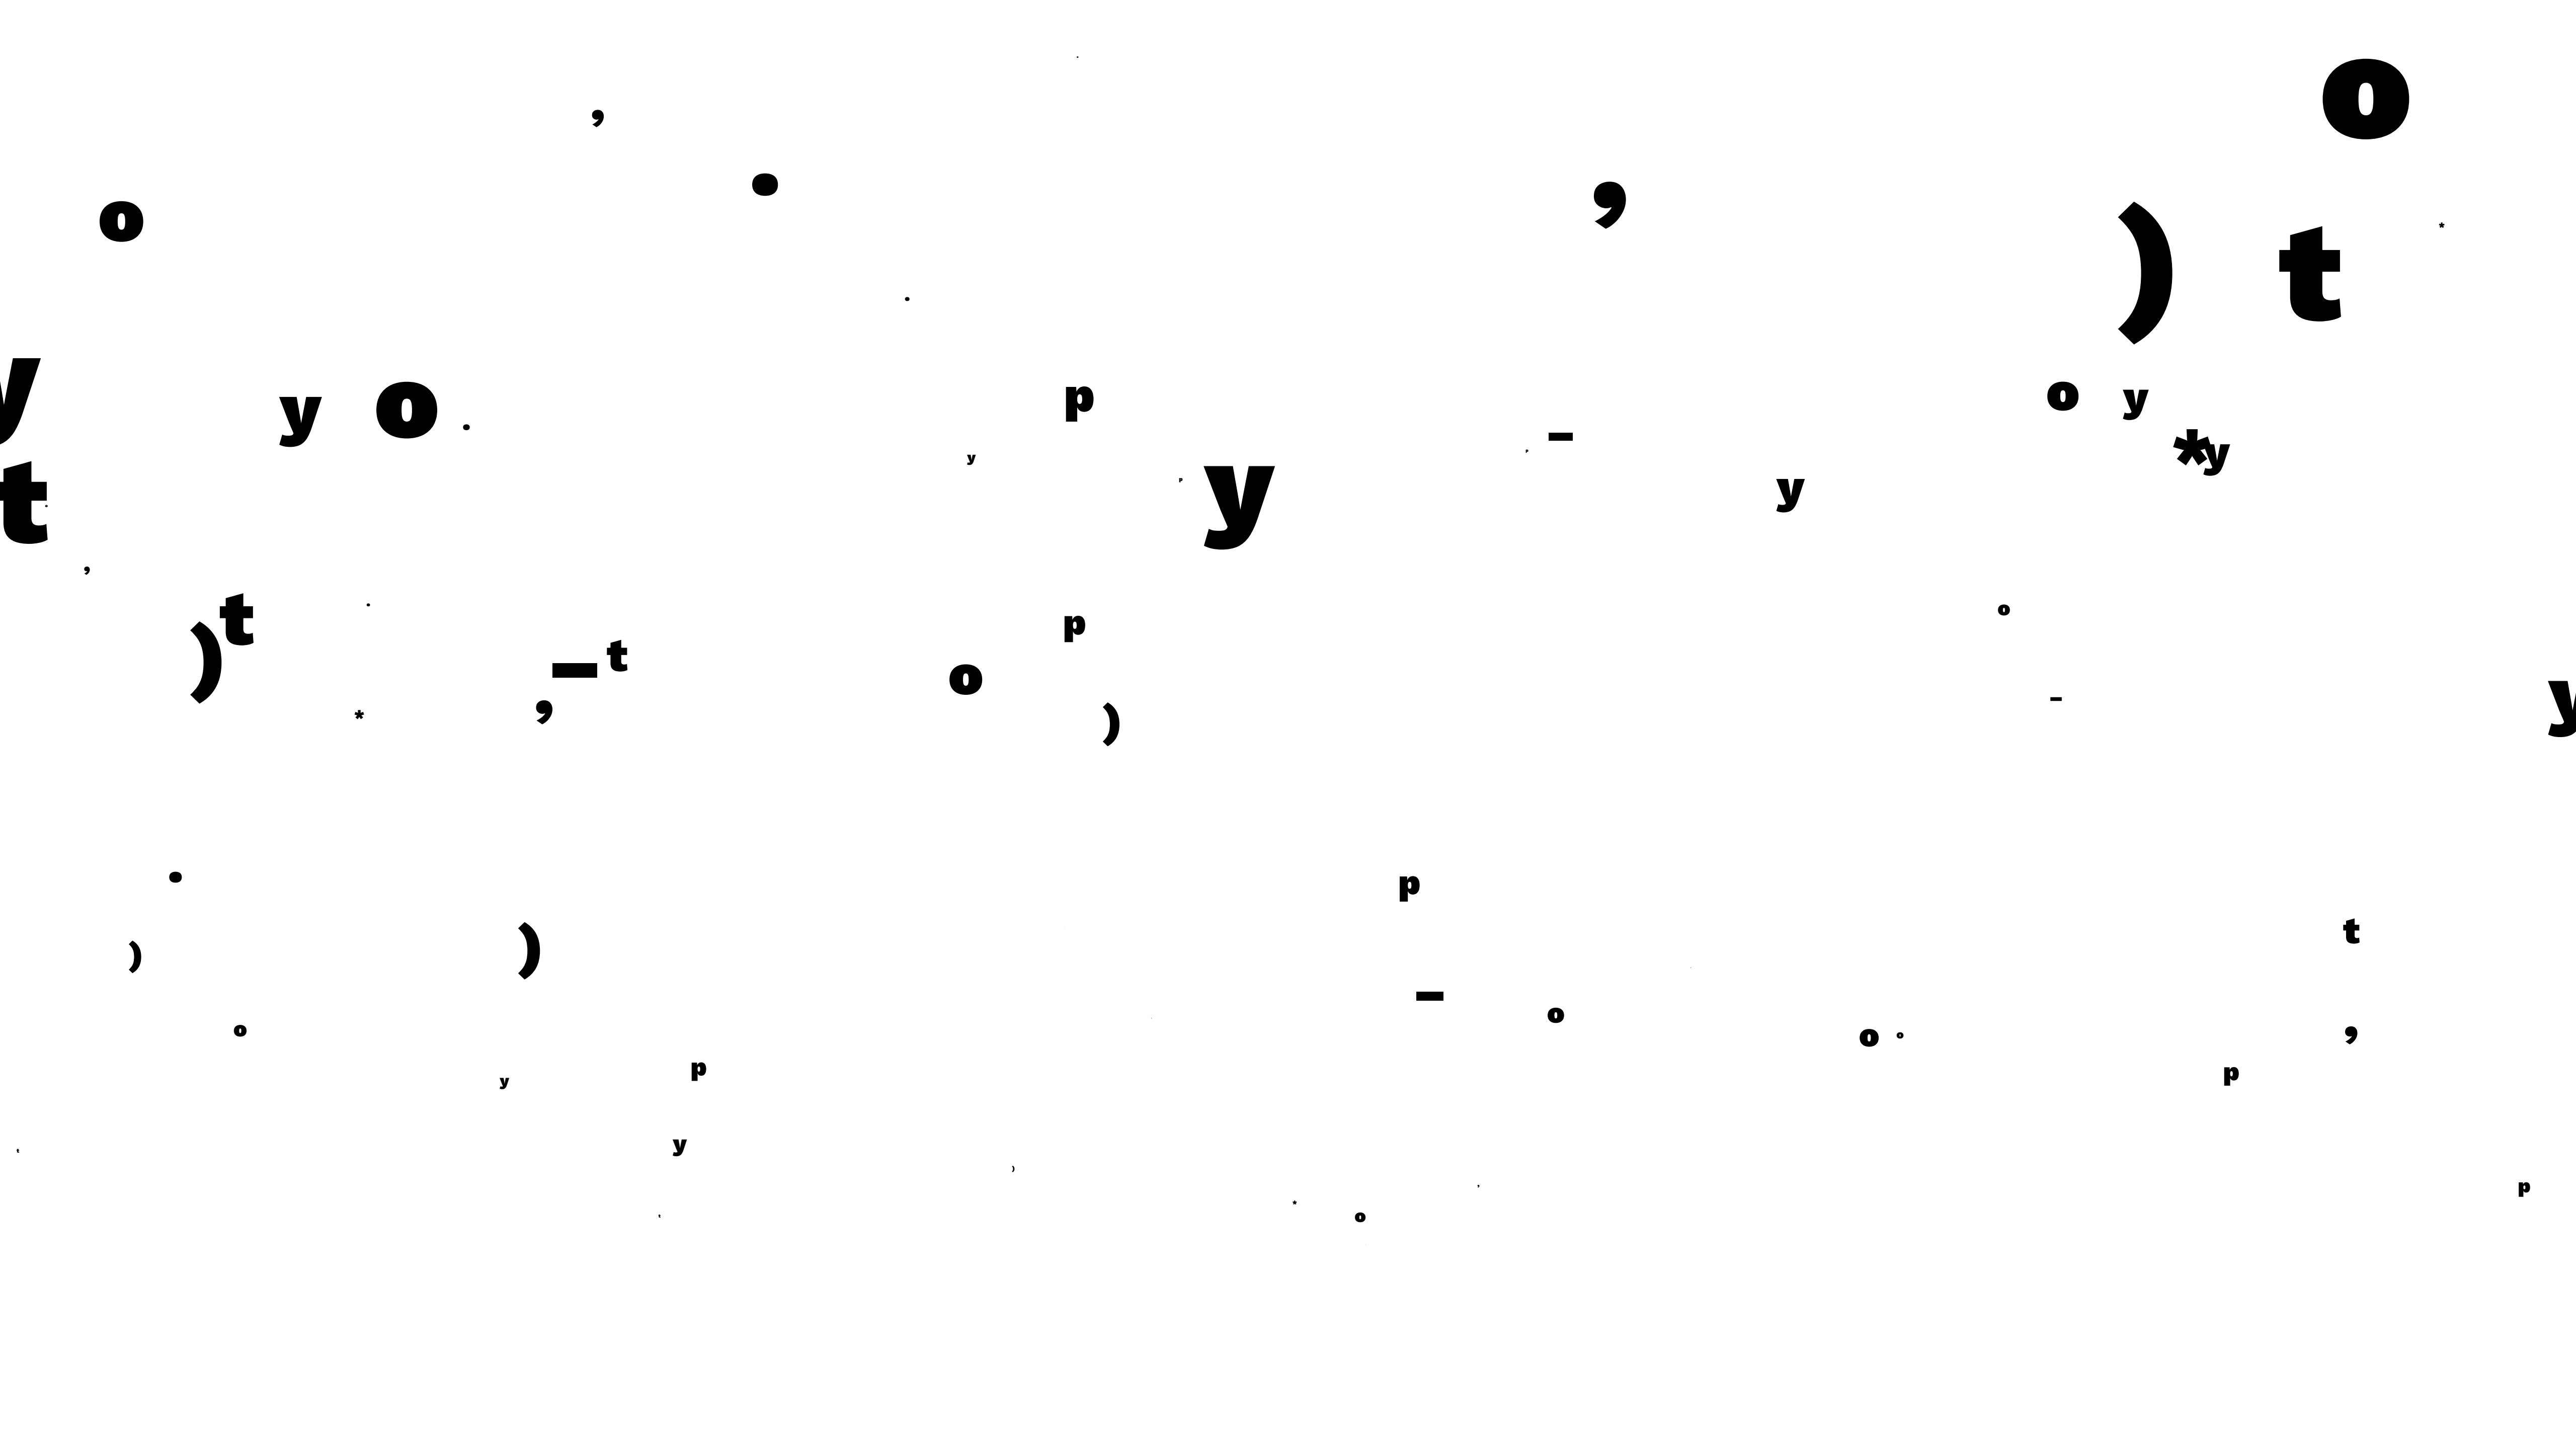

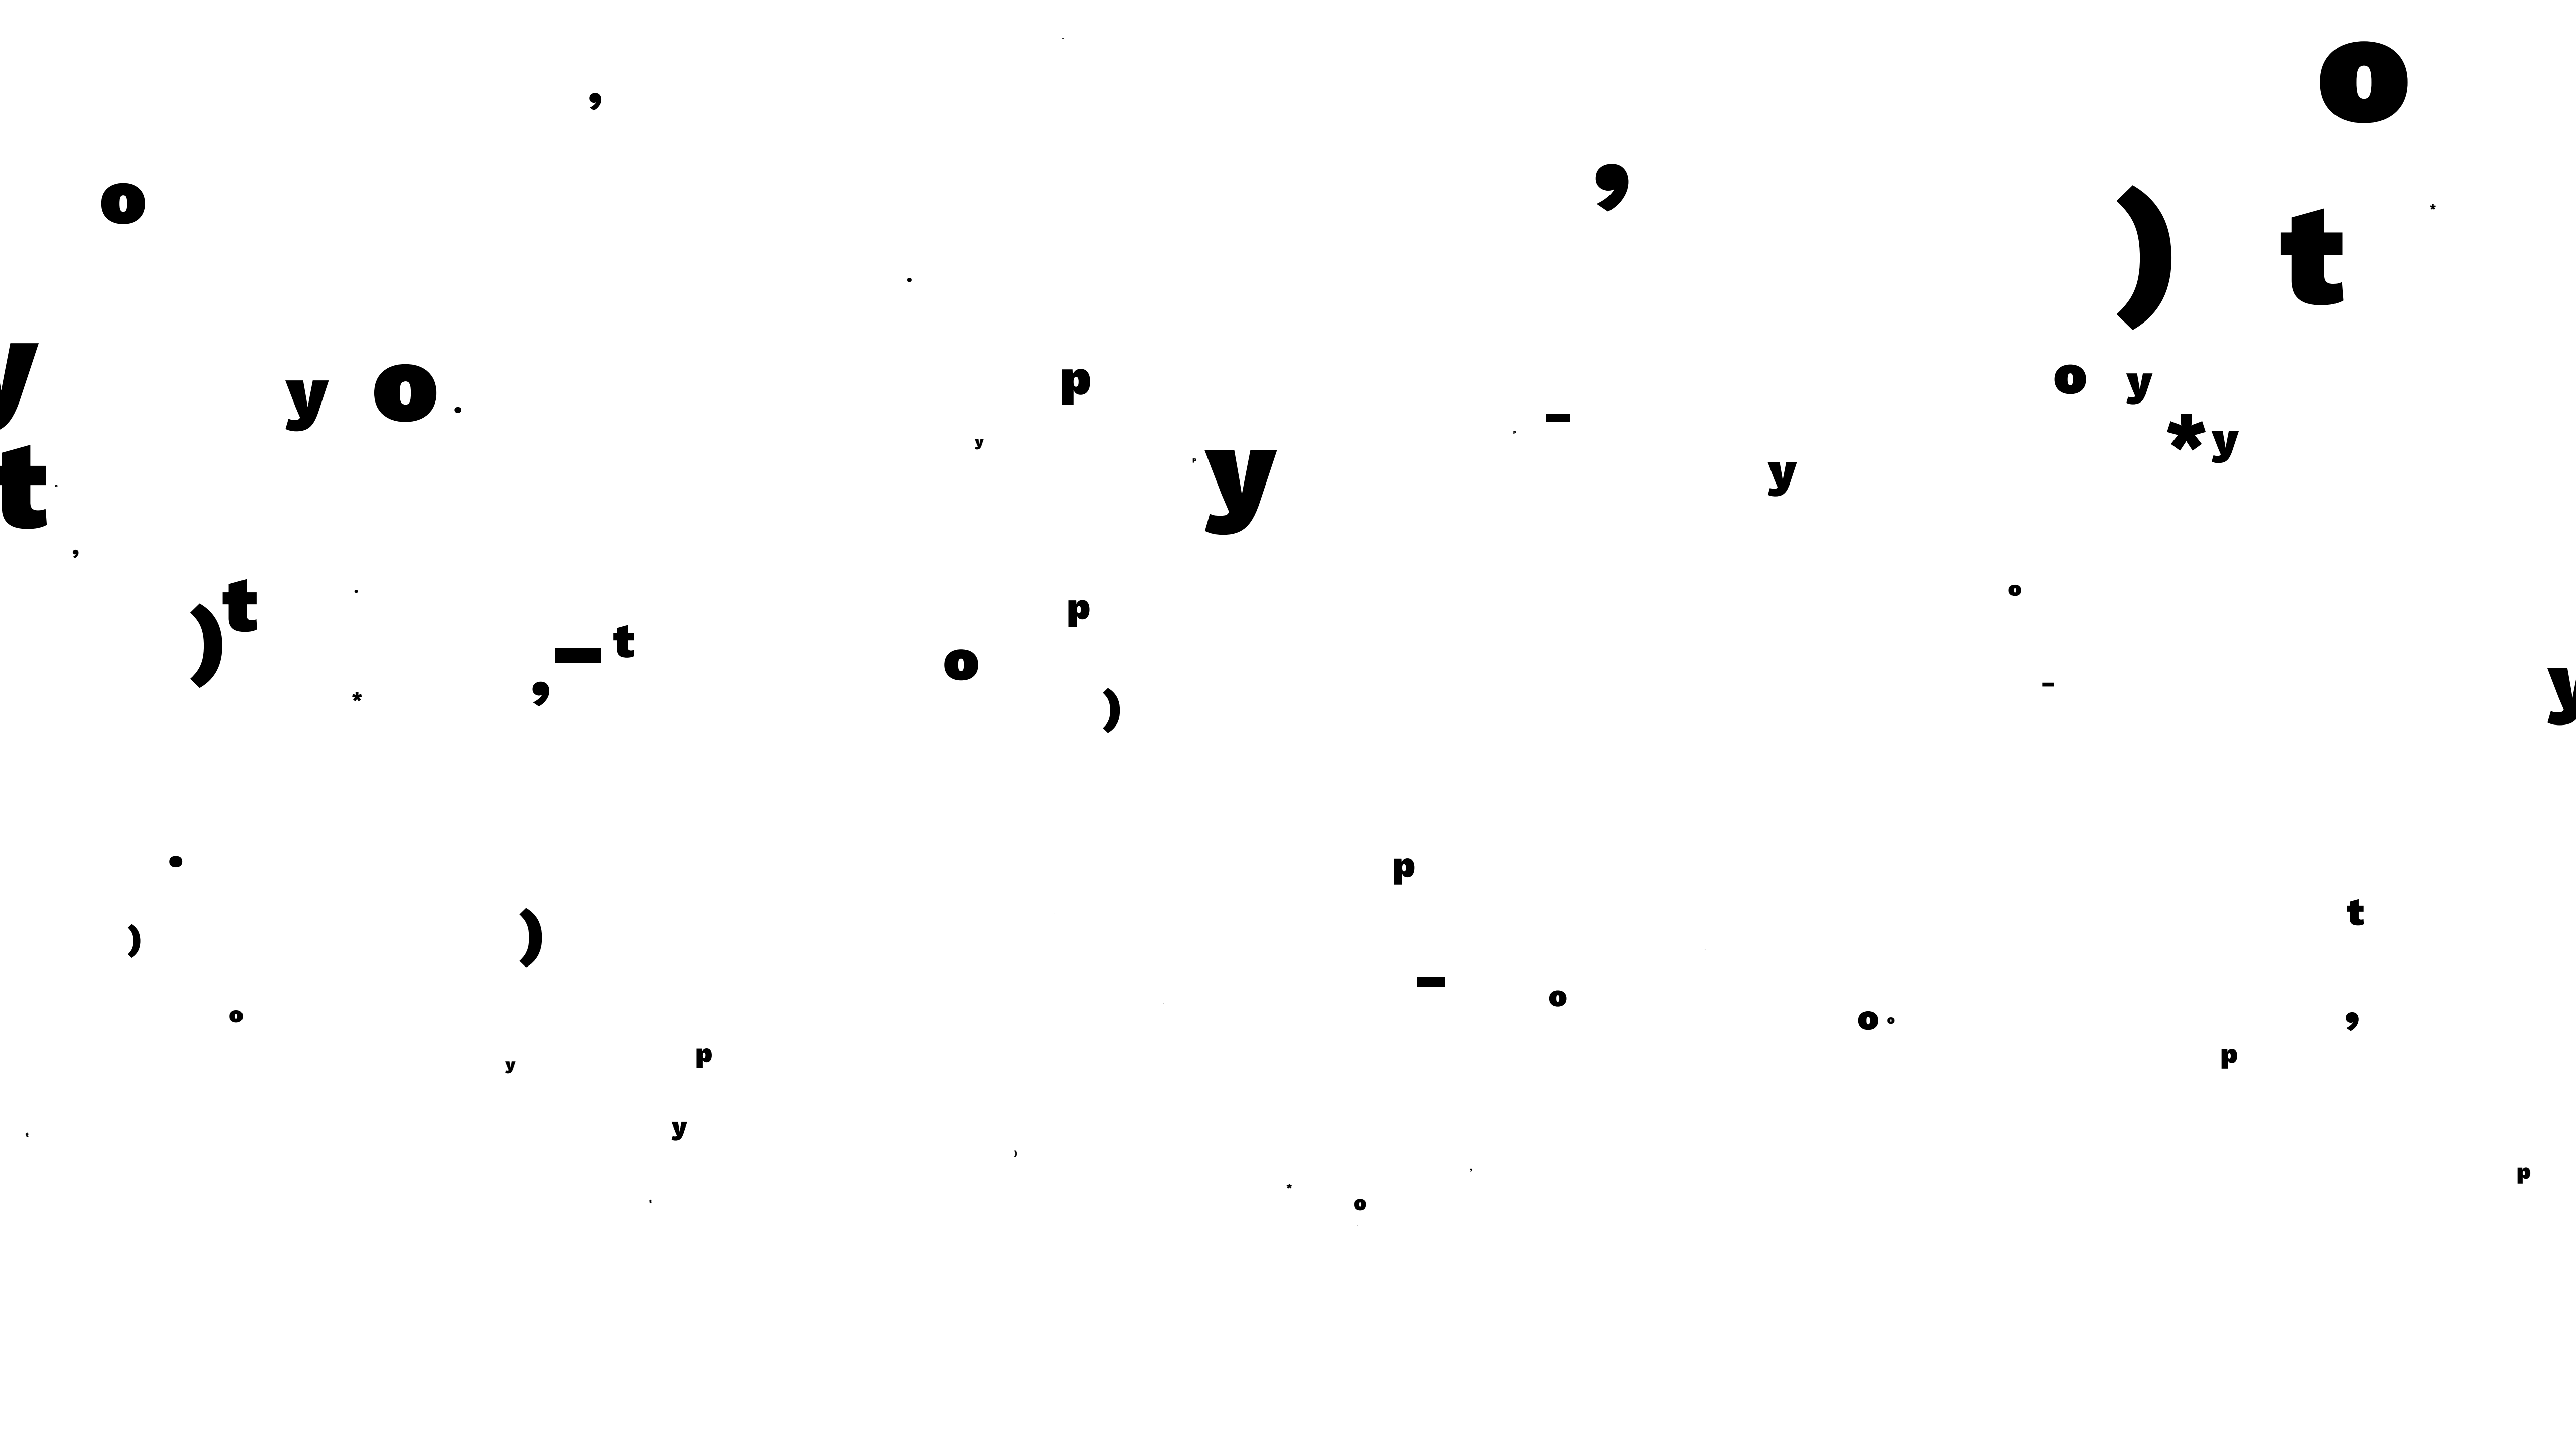

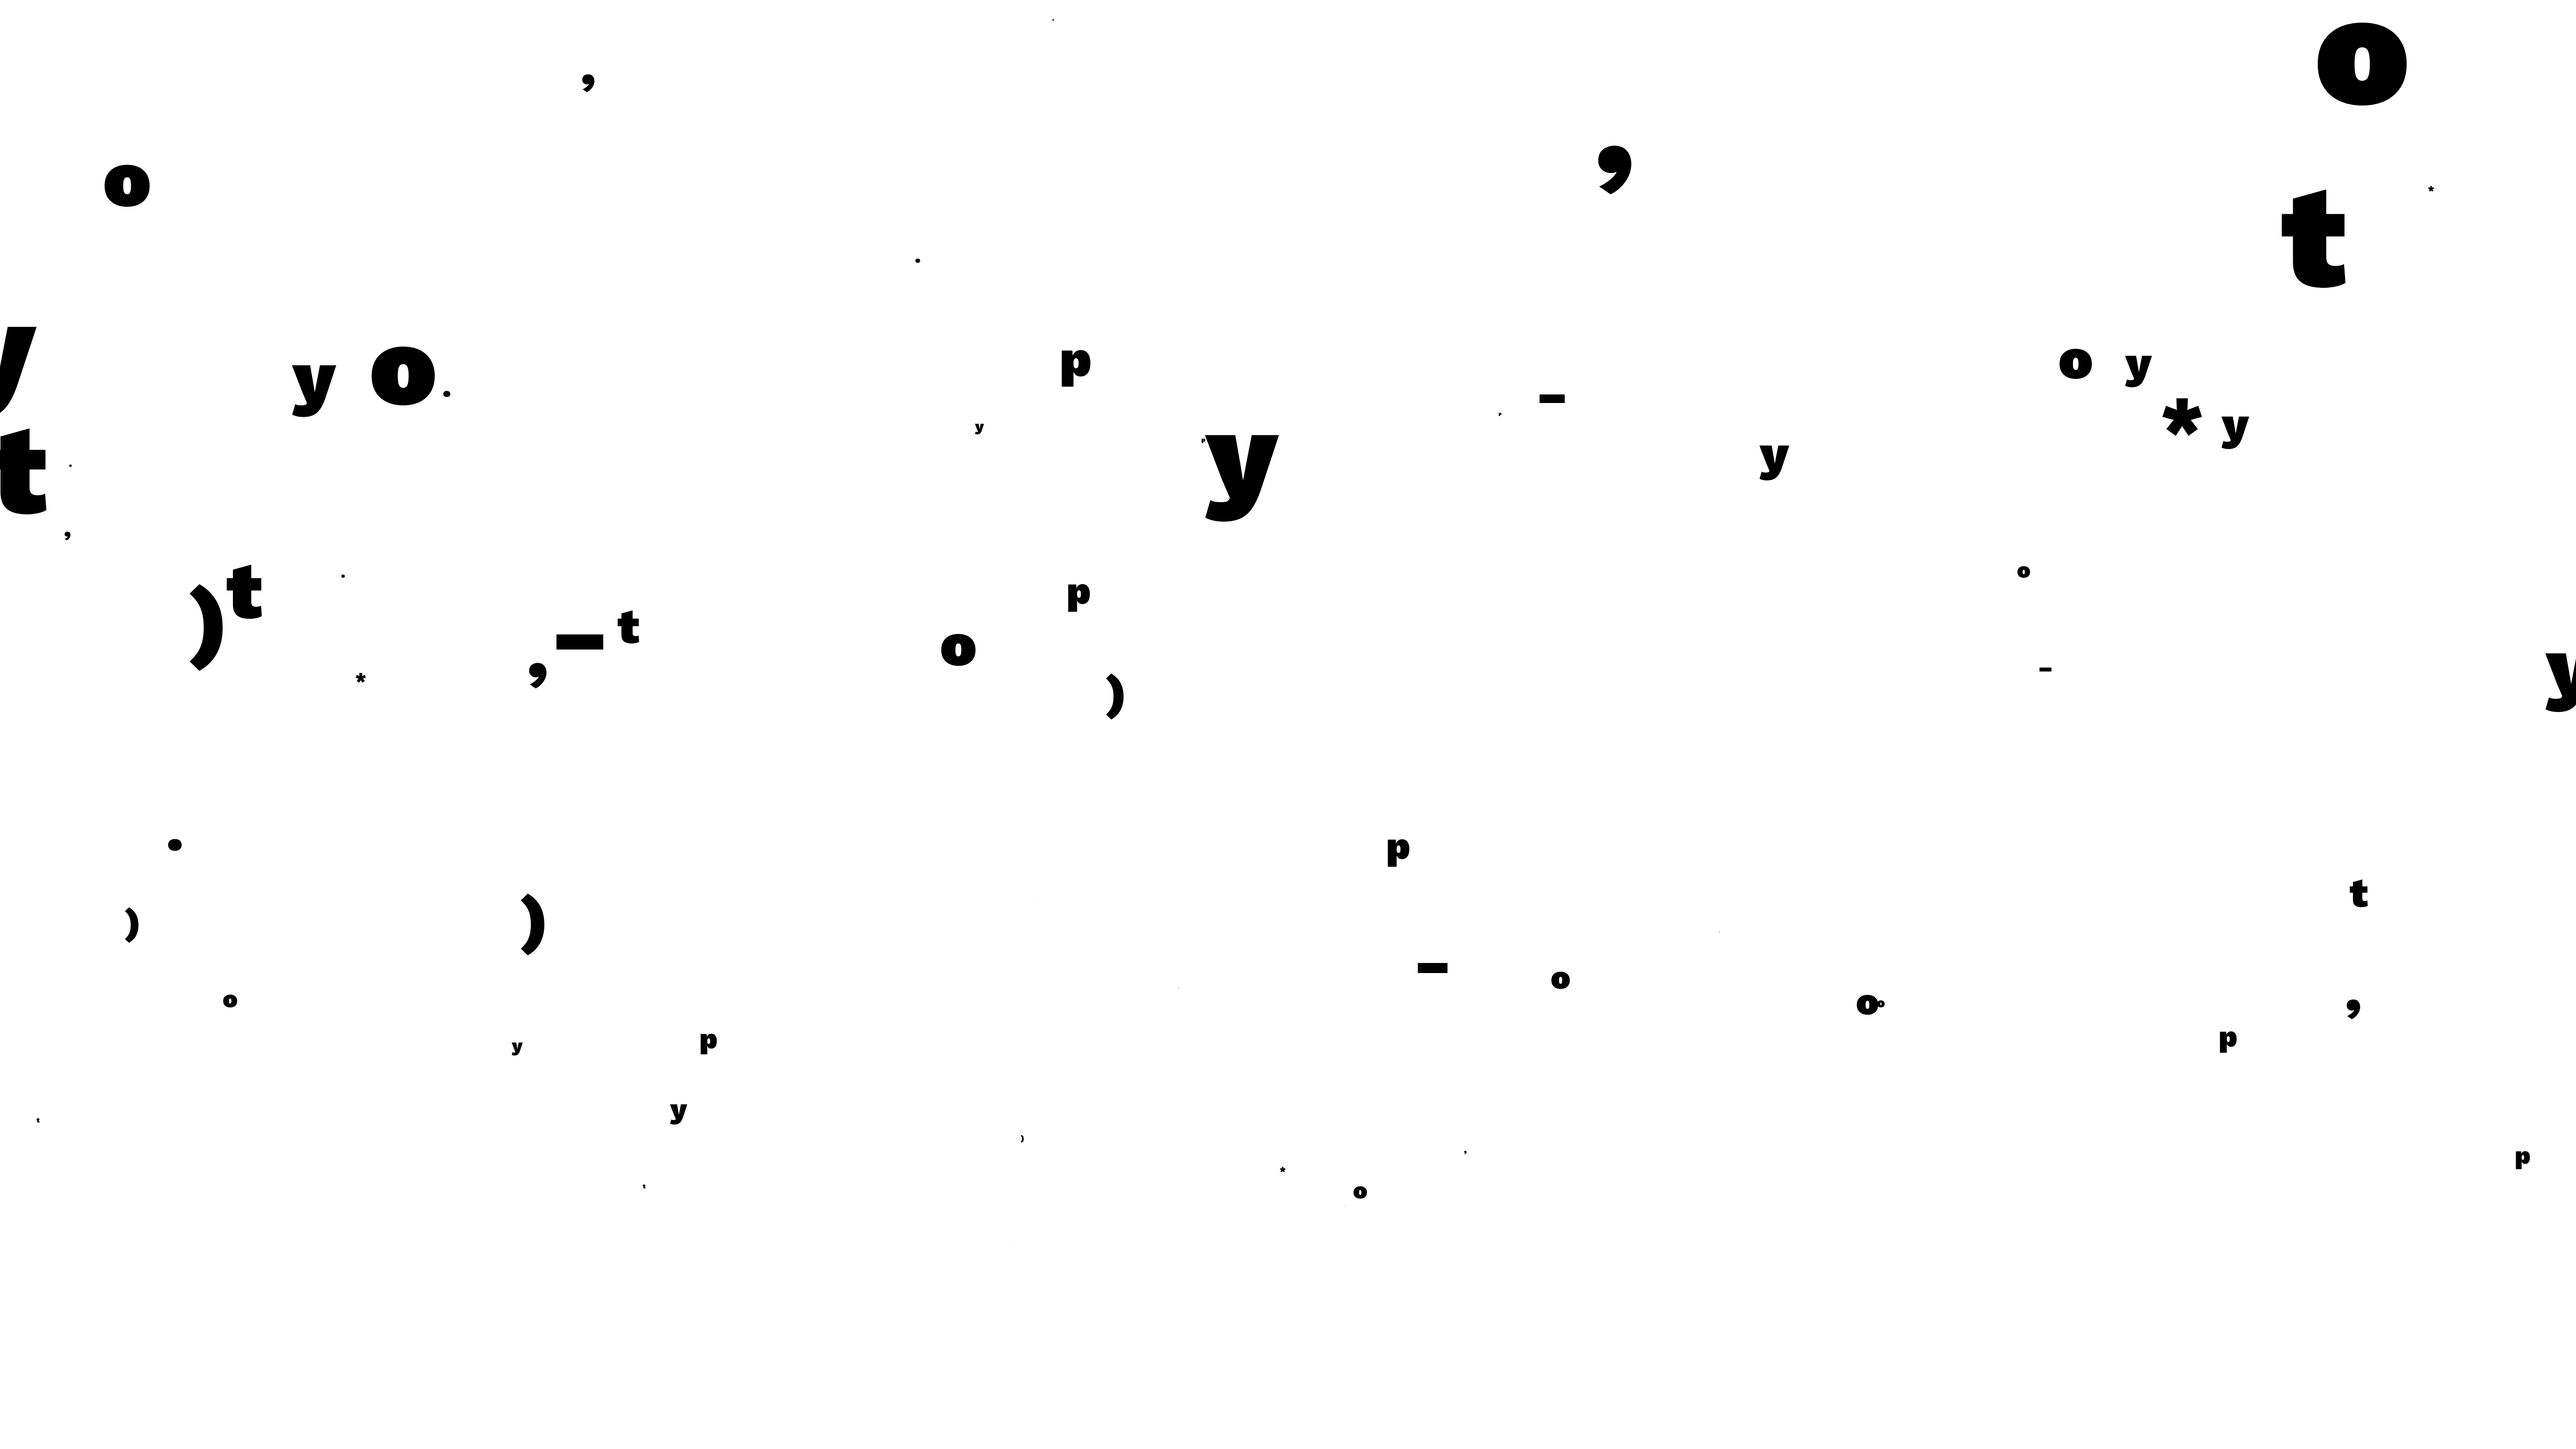

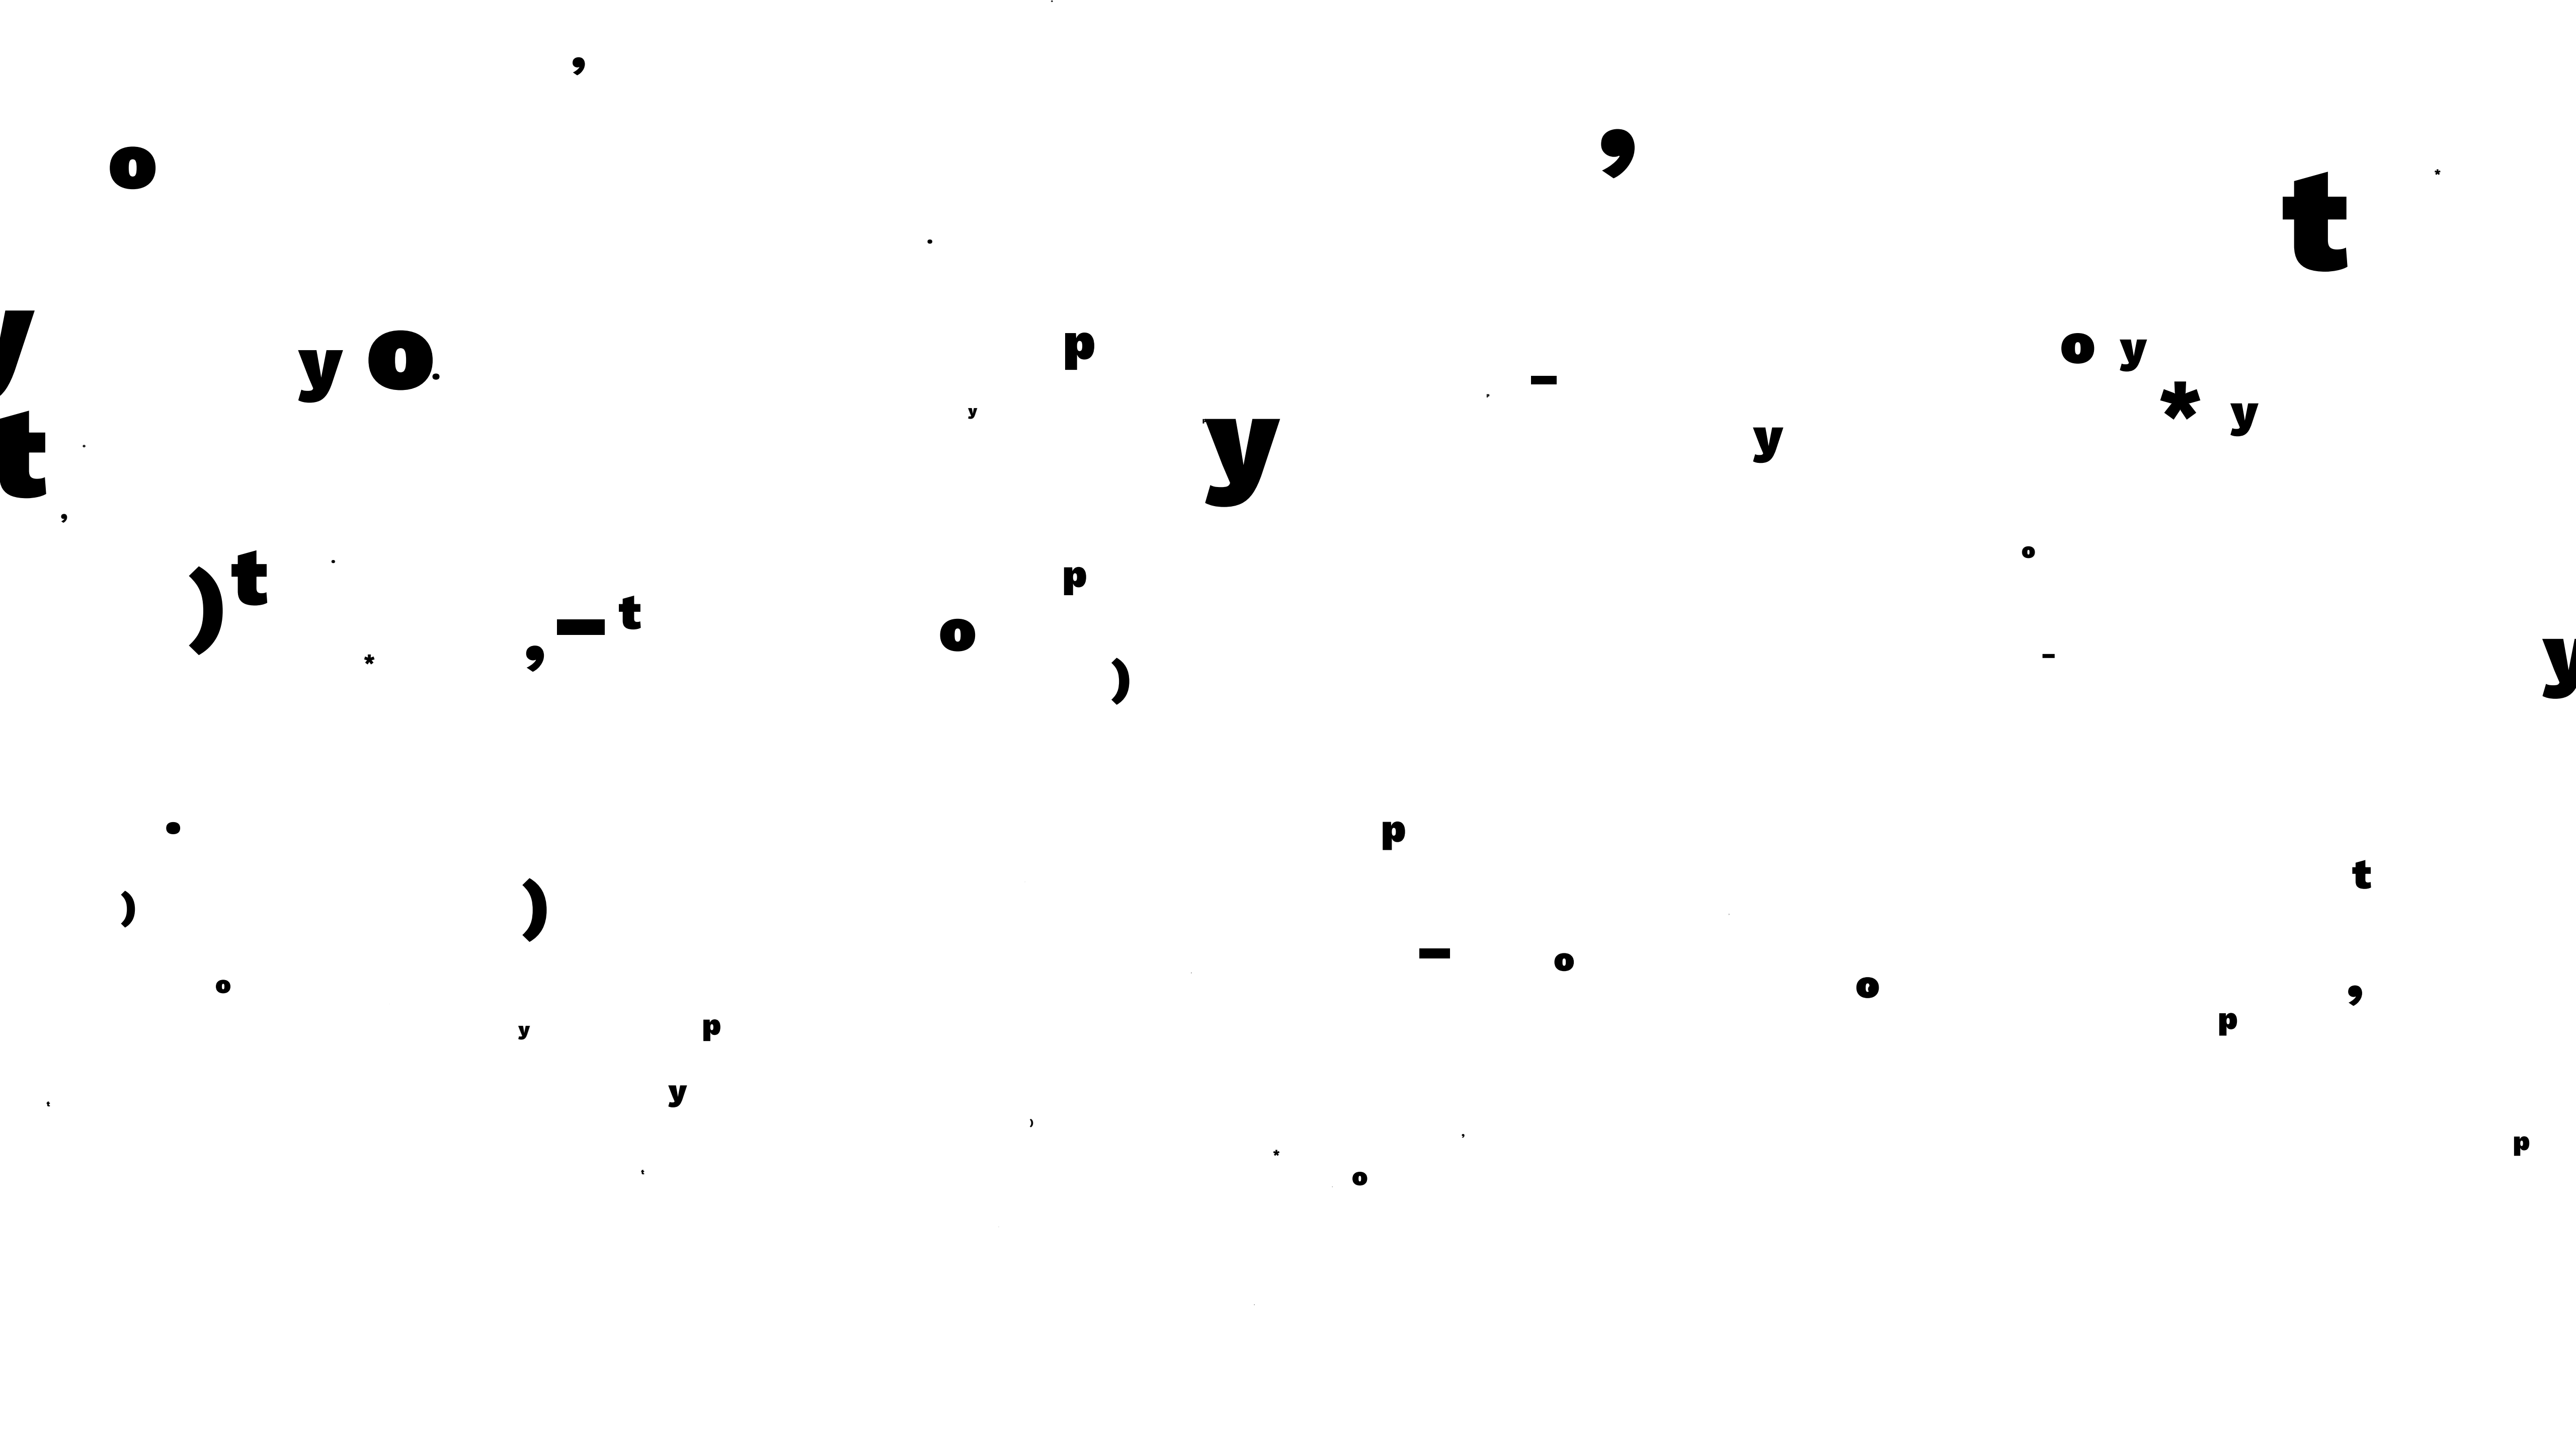

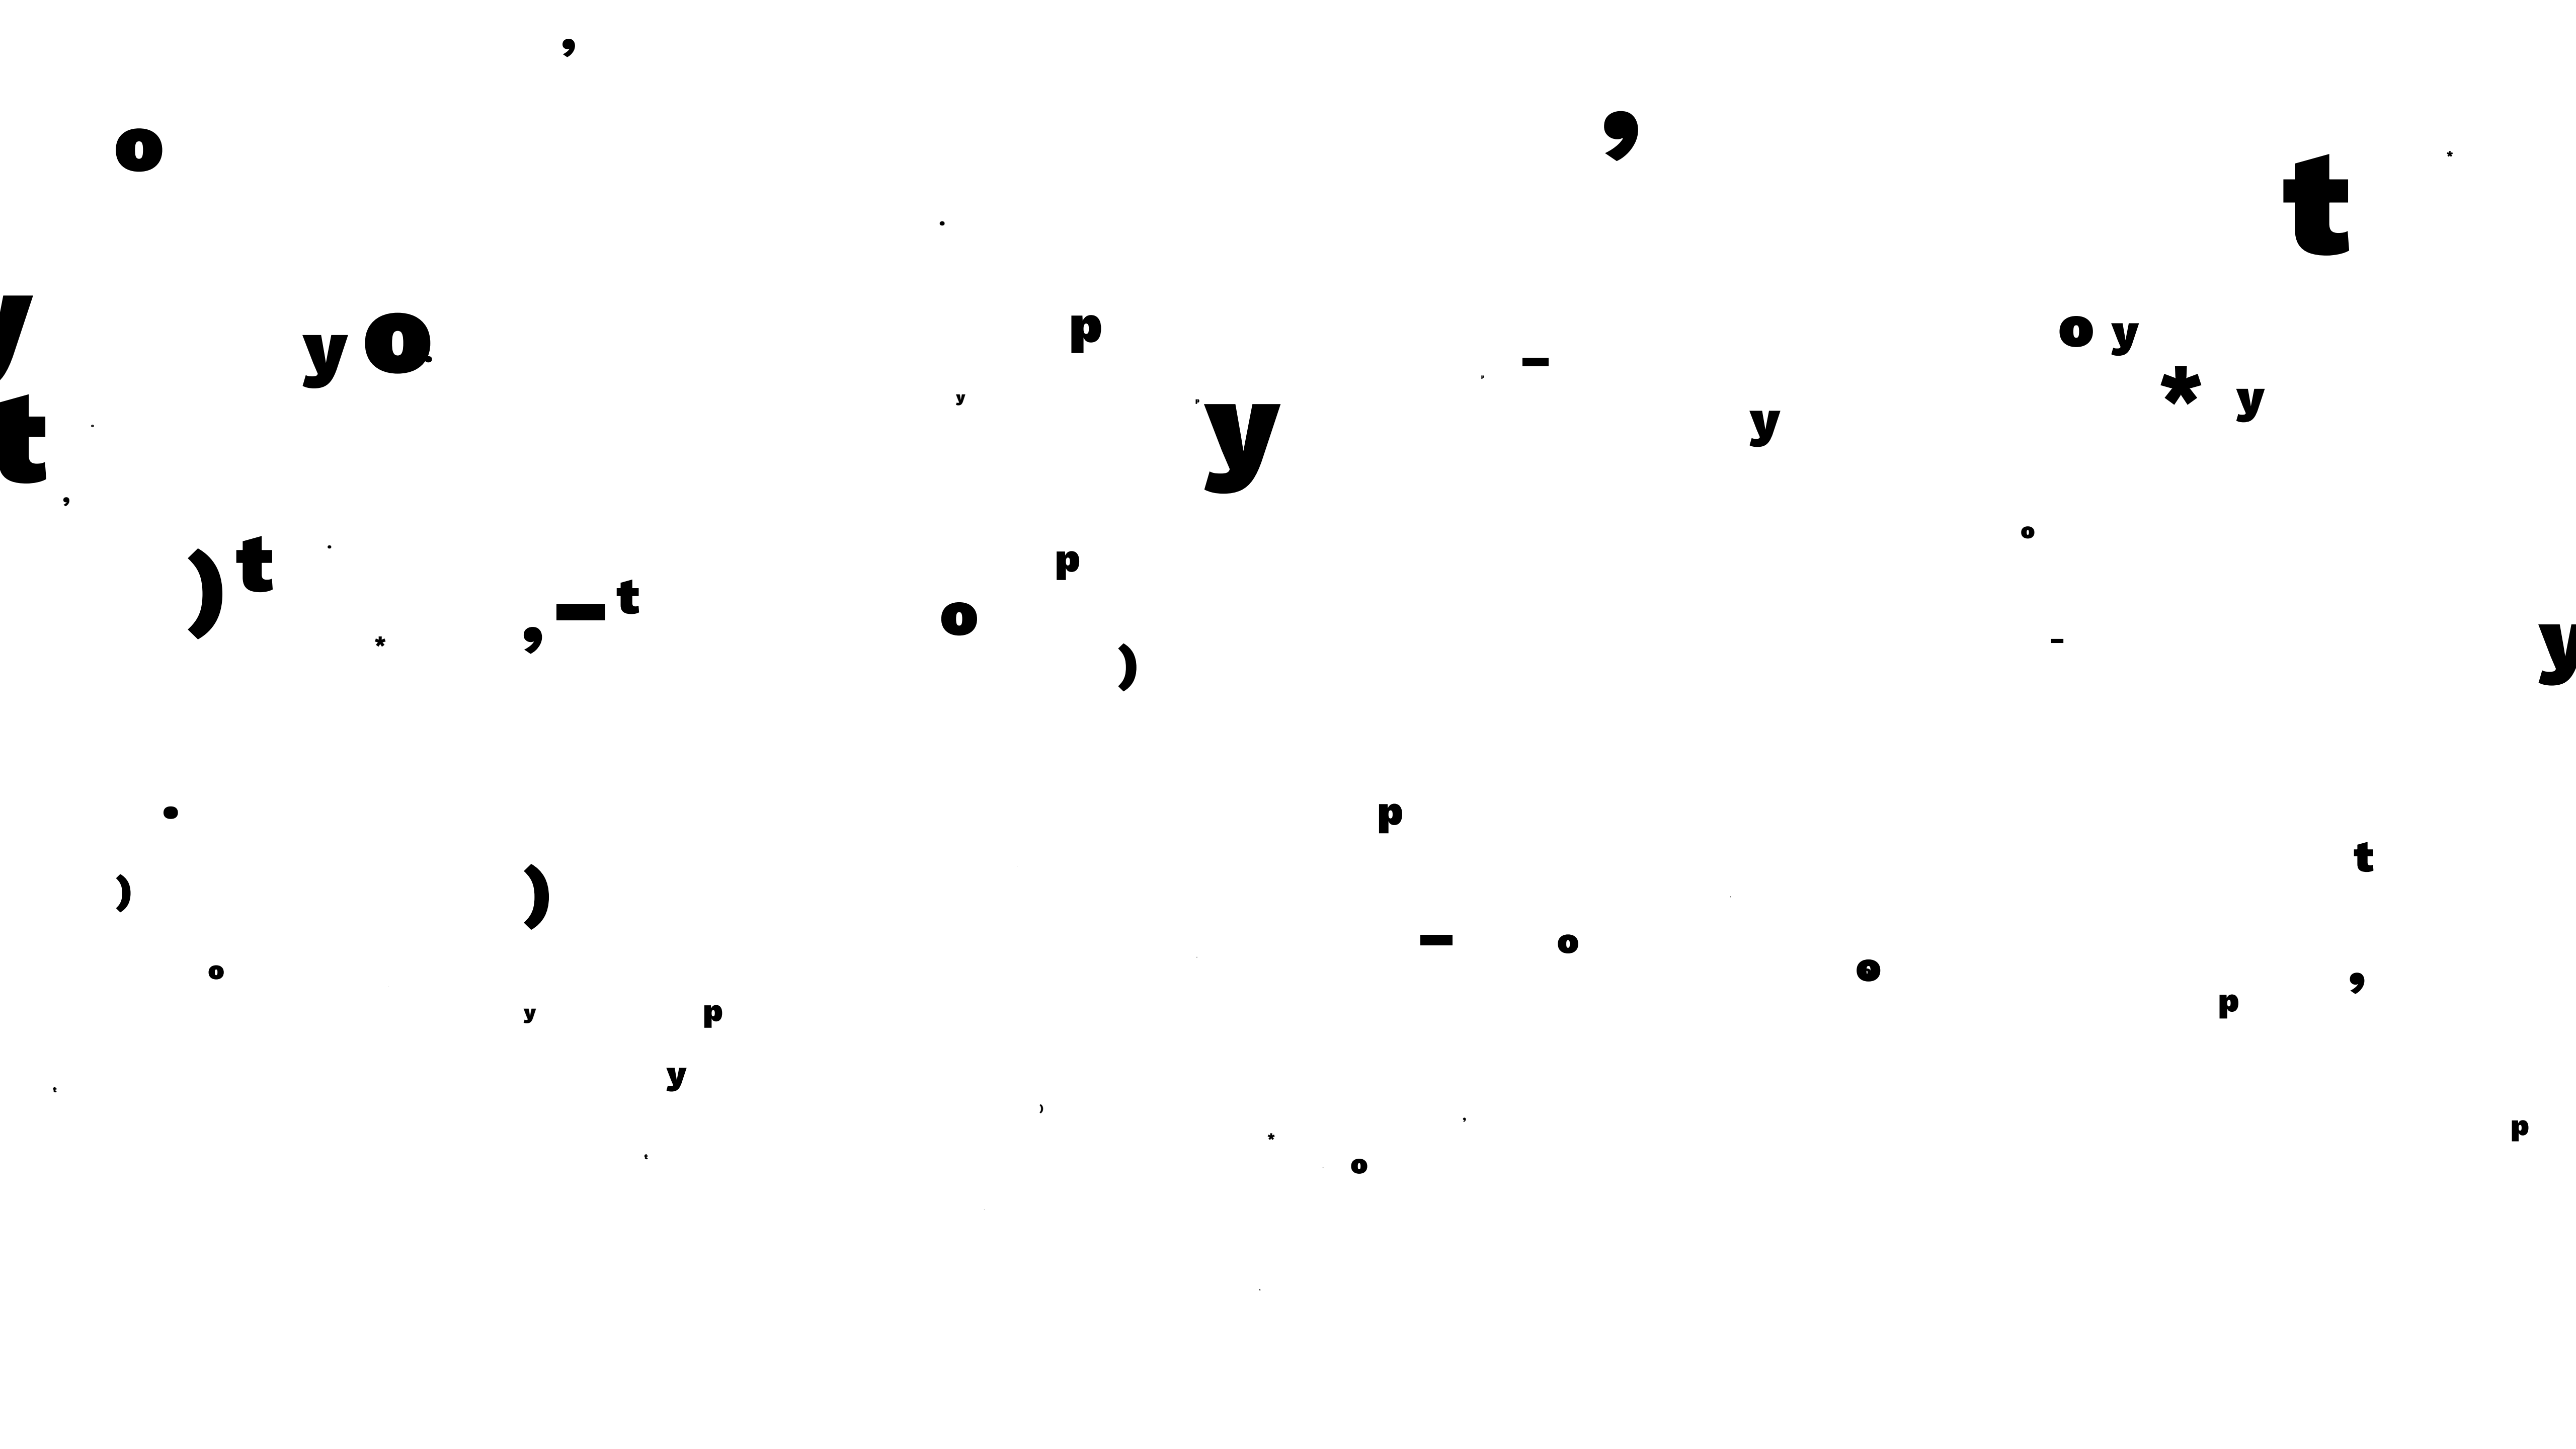

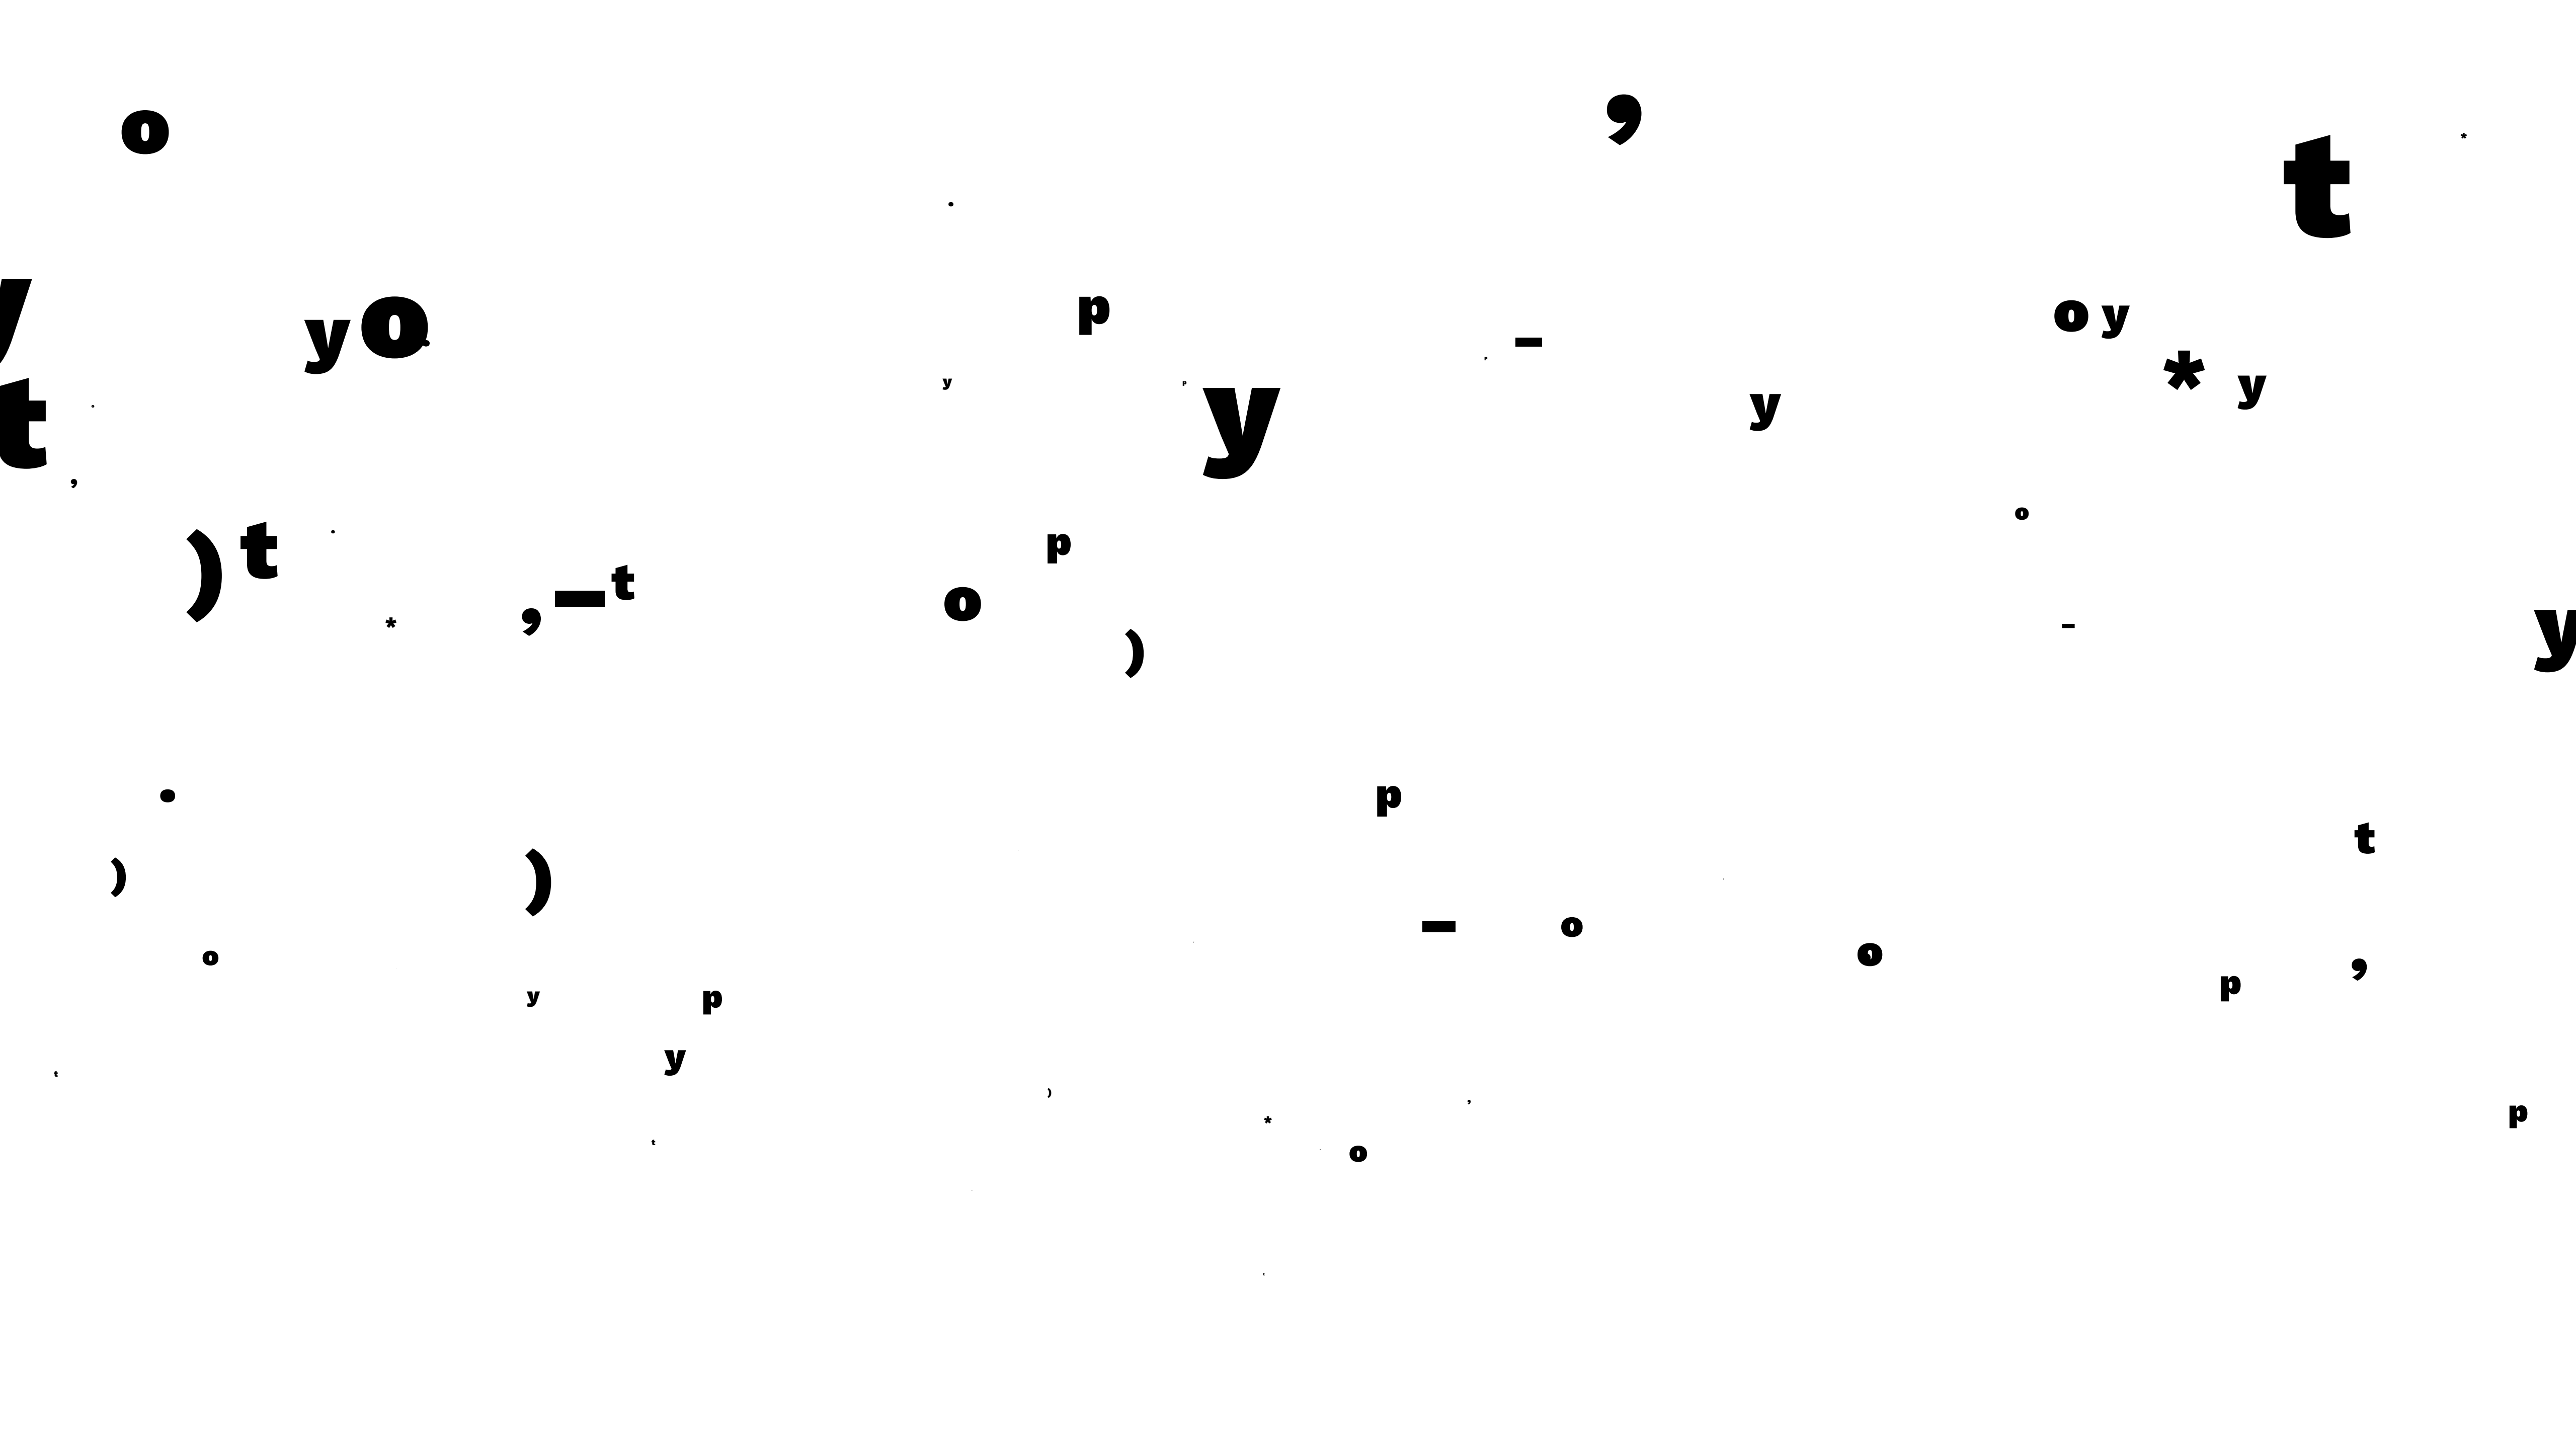

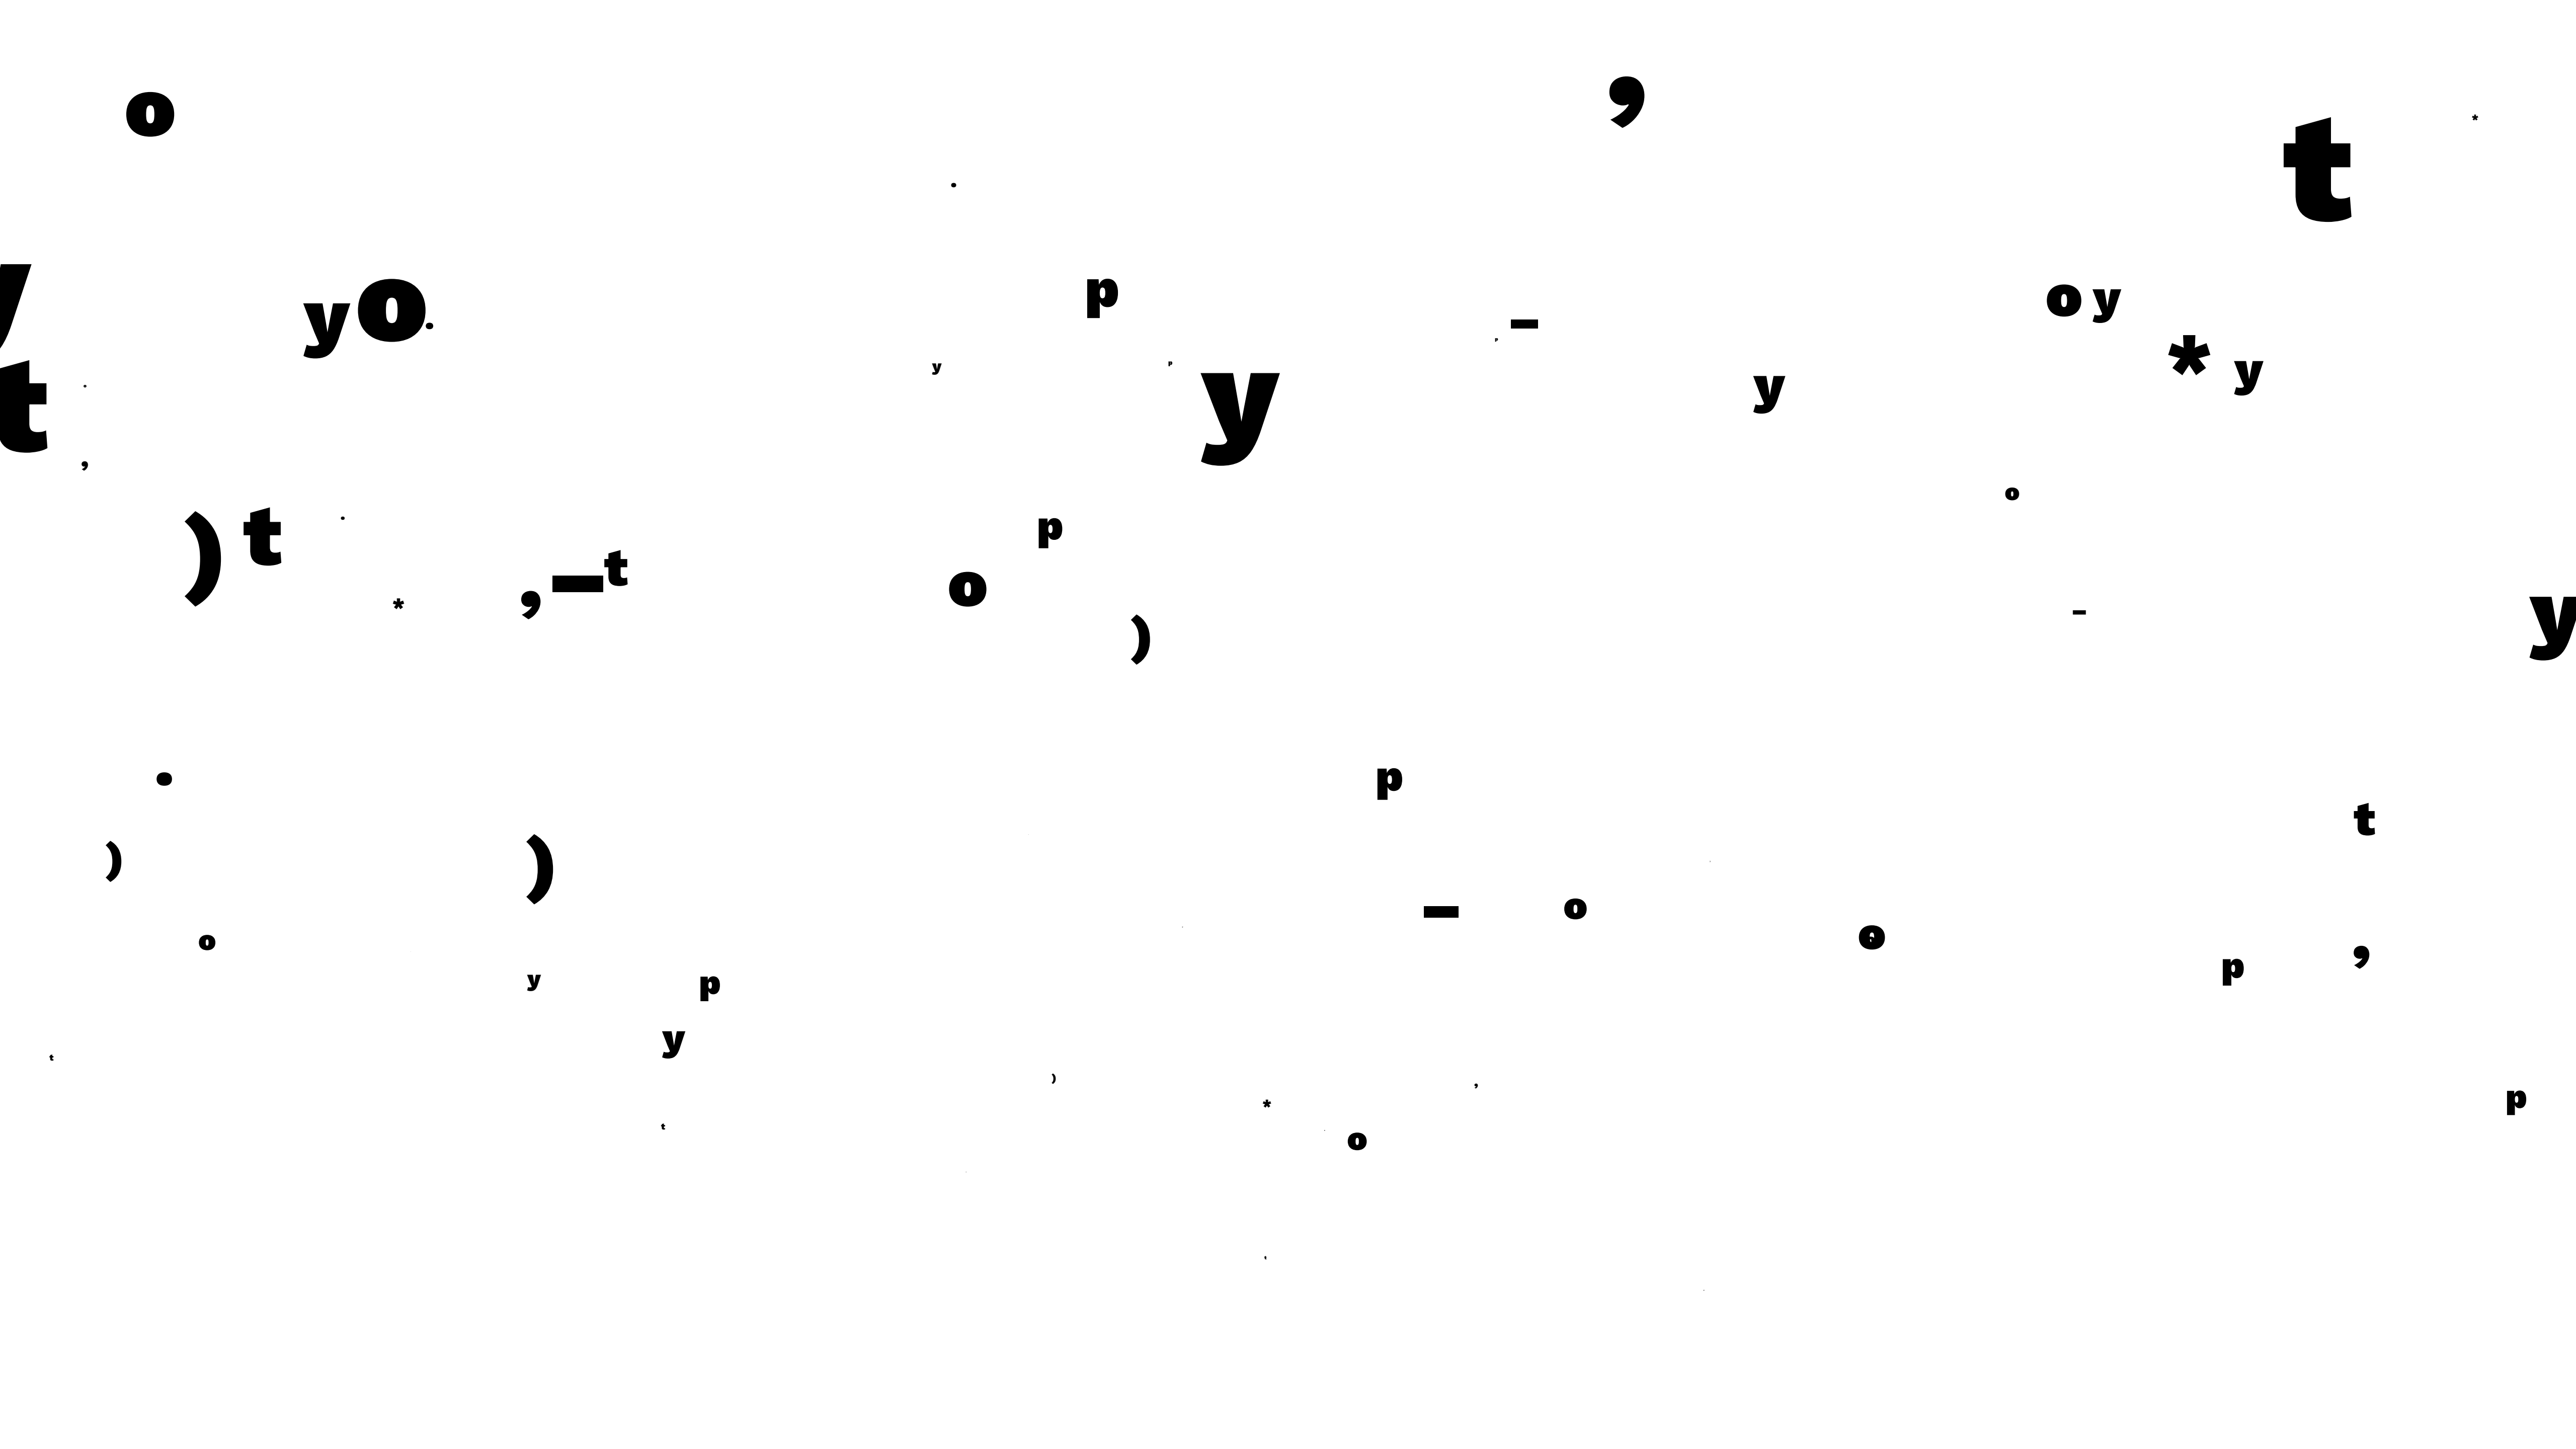

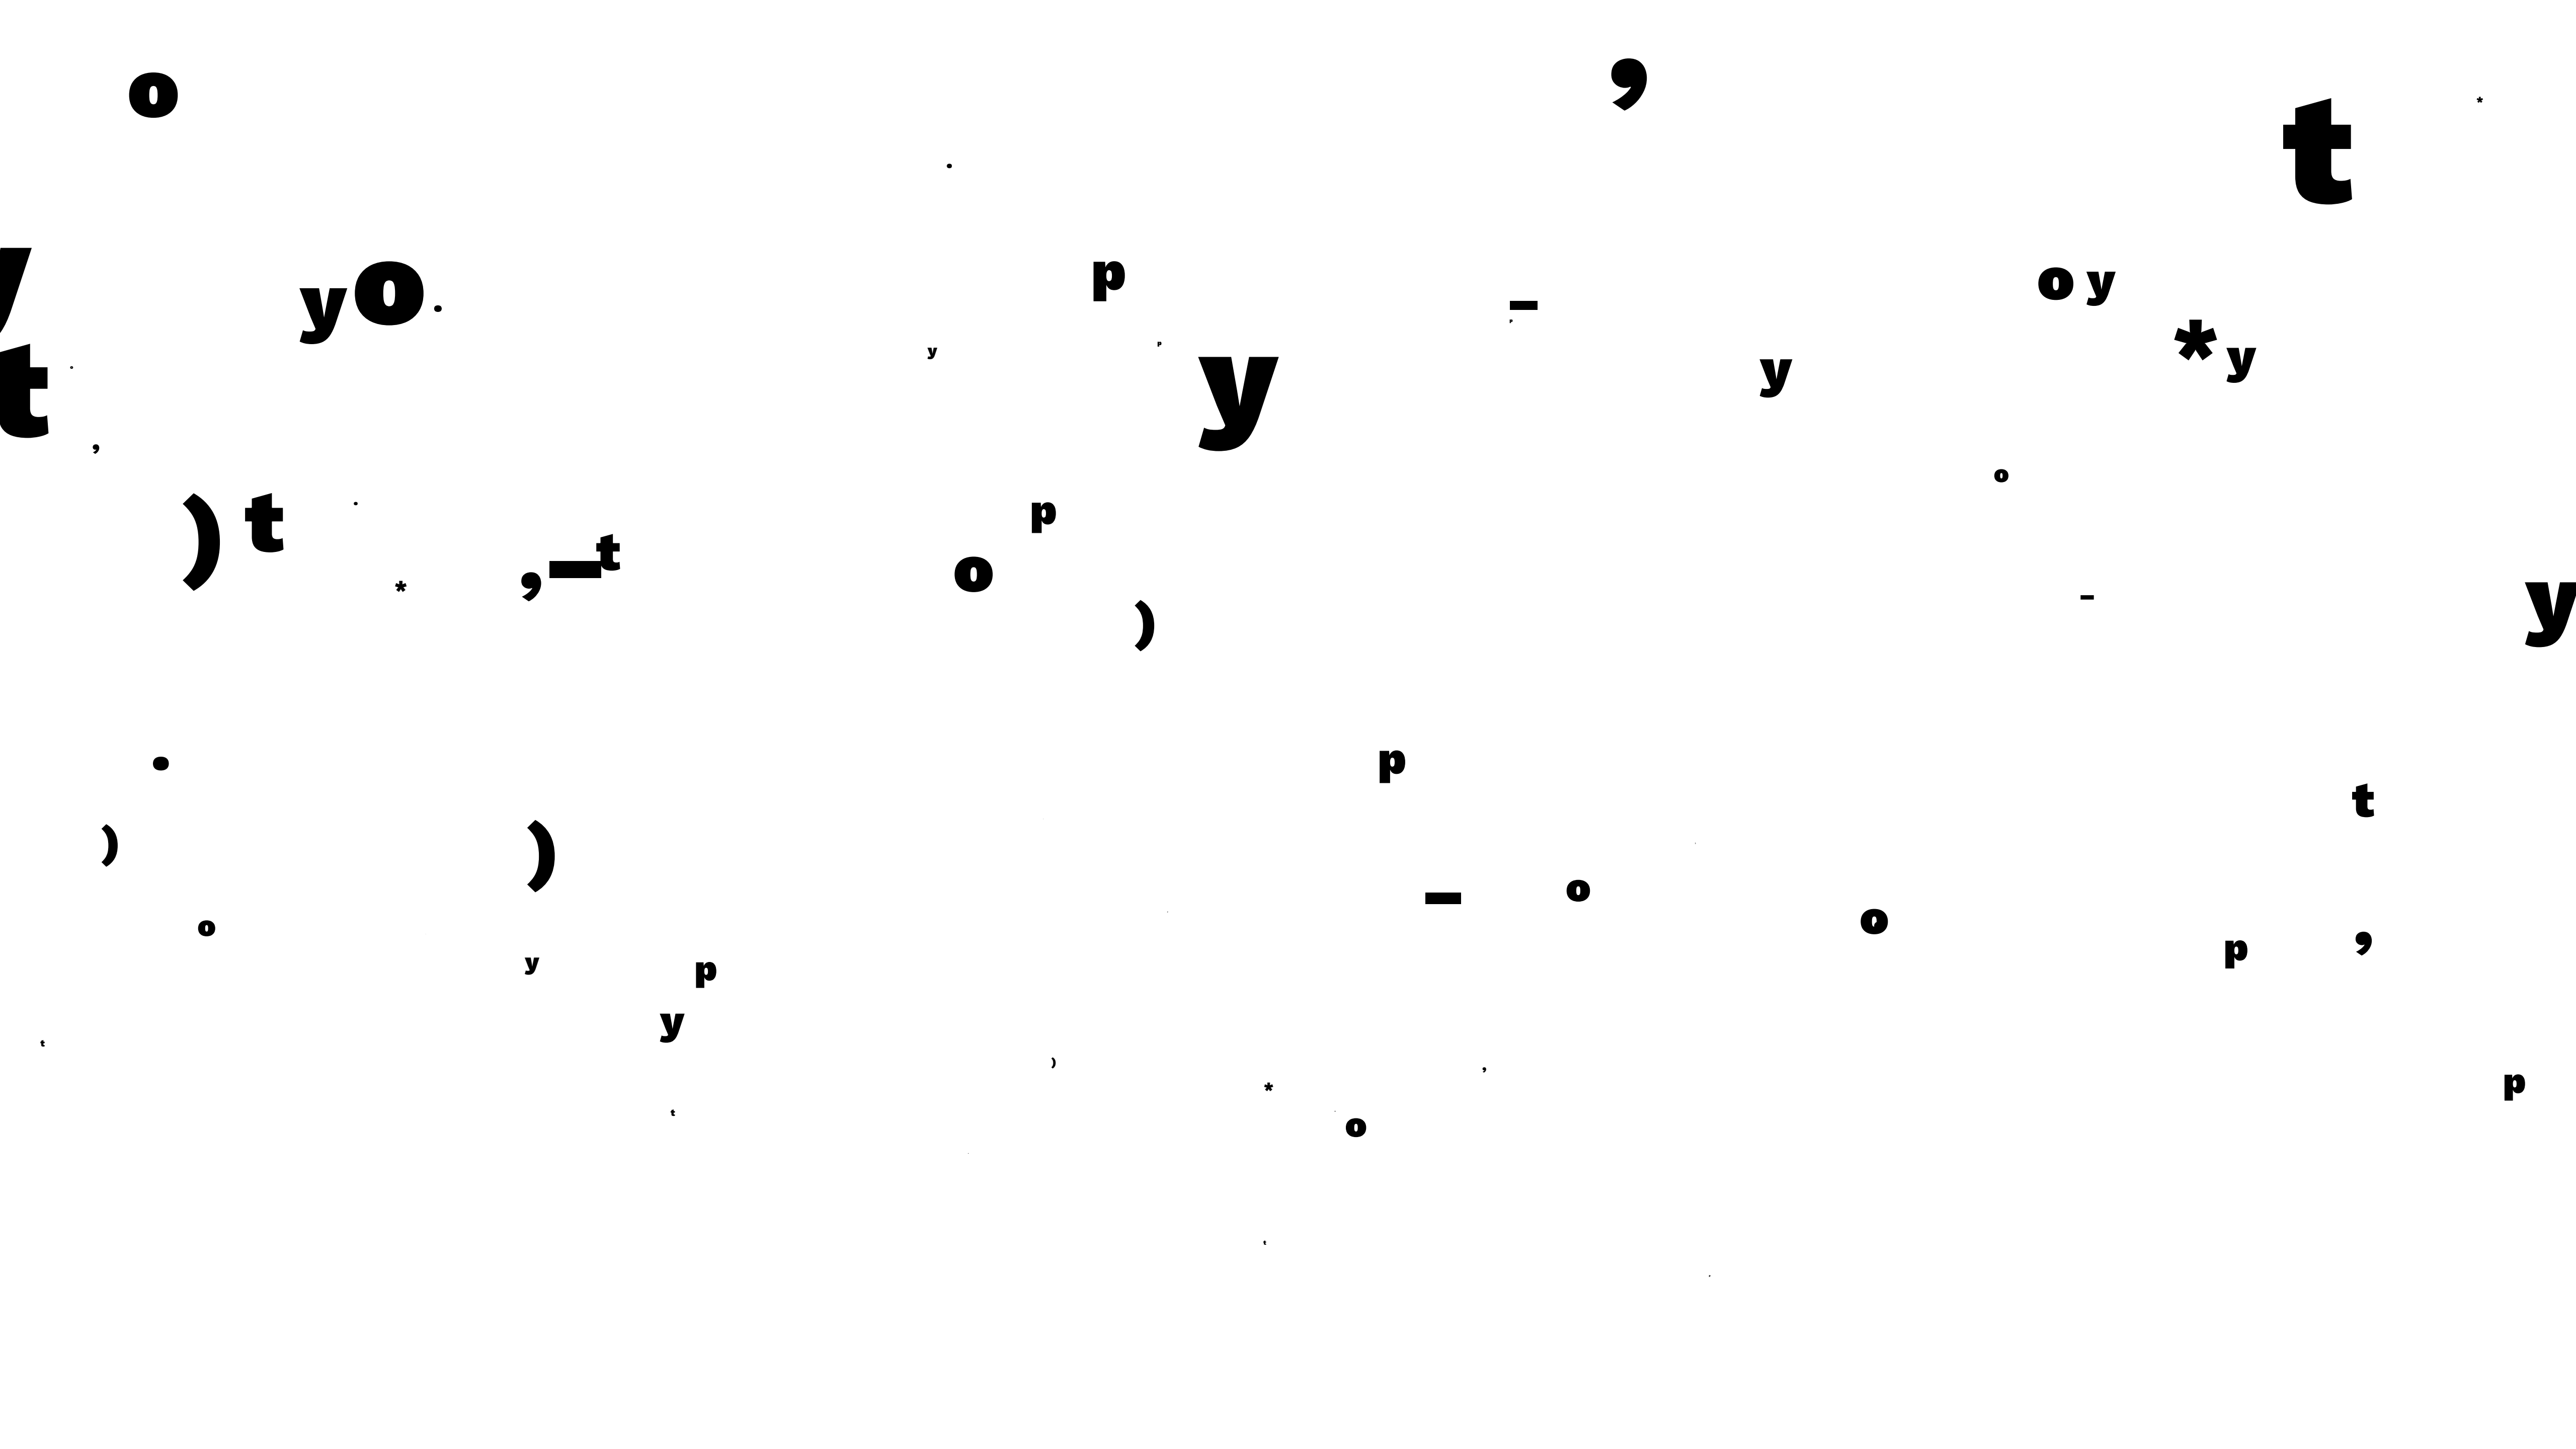

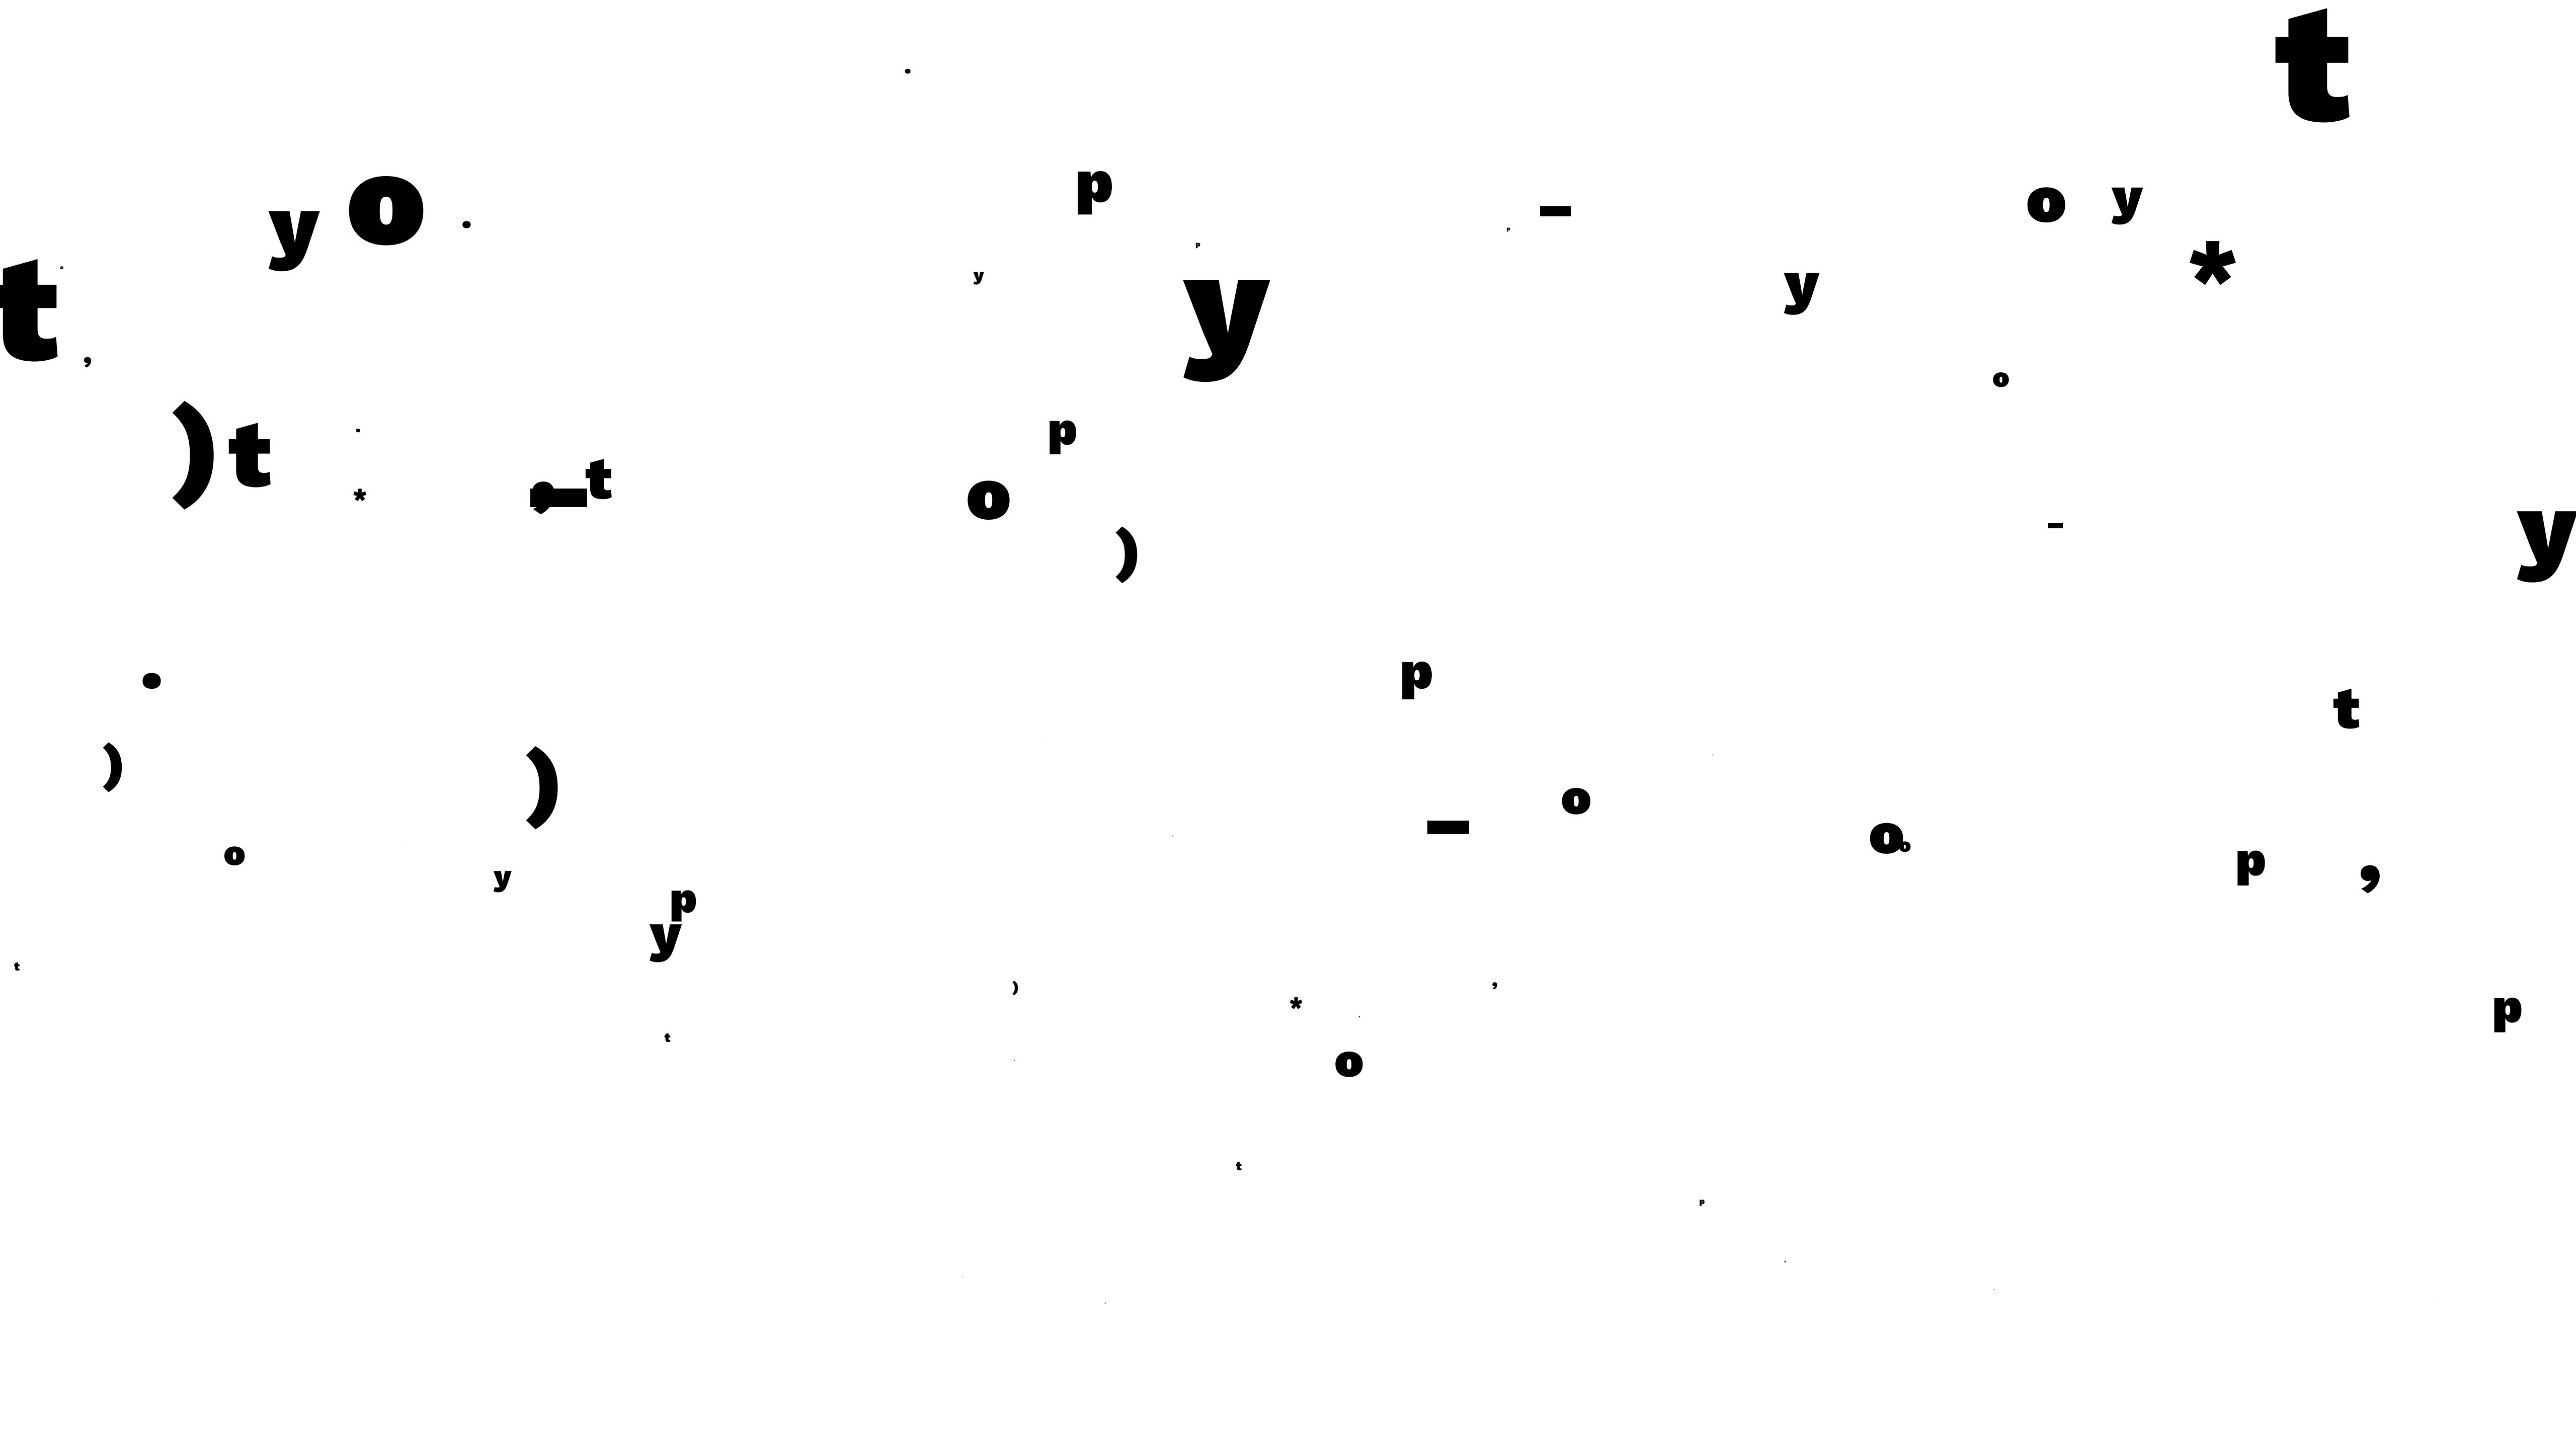

[illegible]

[illegible]

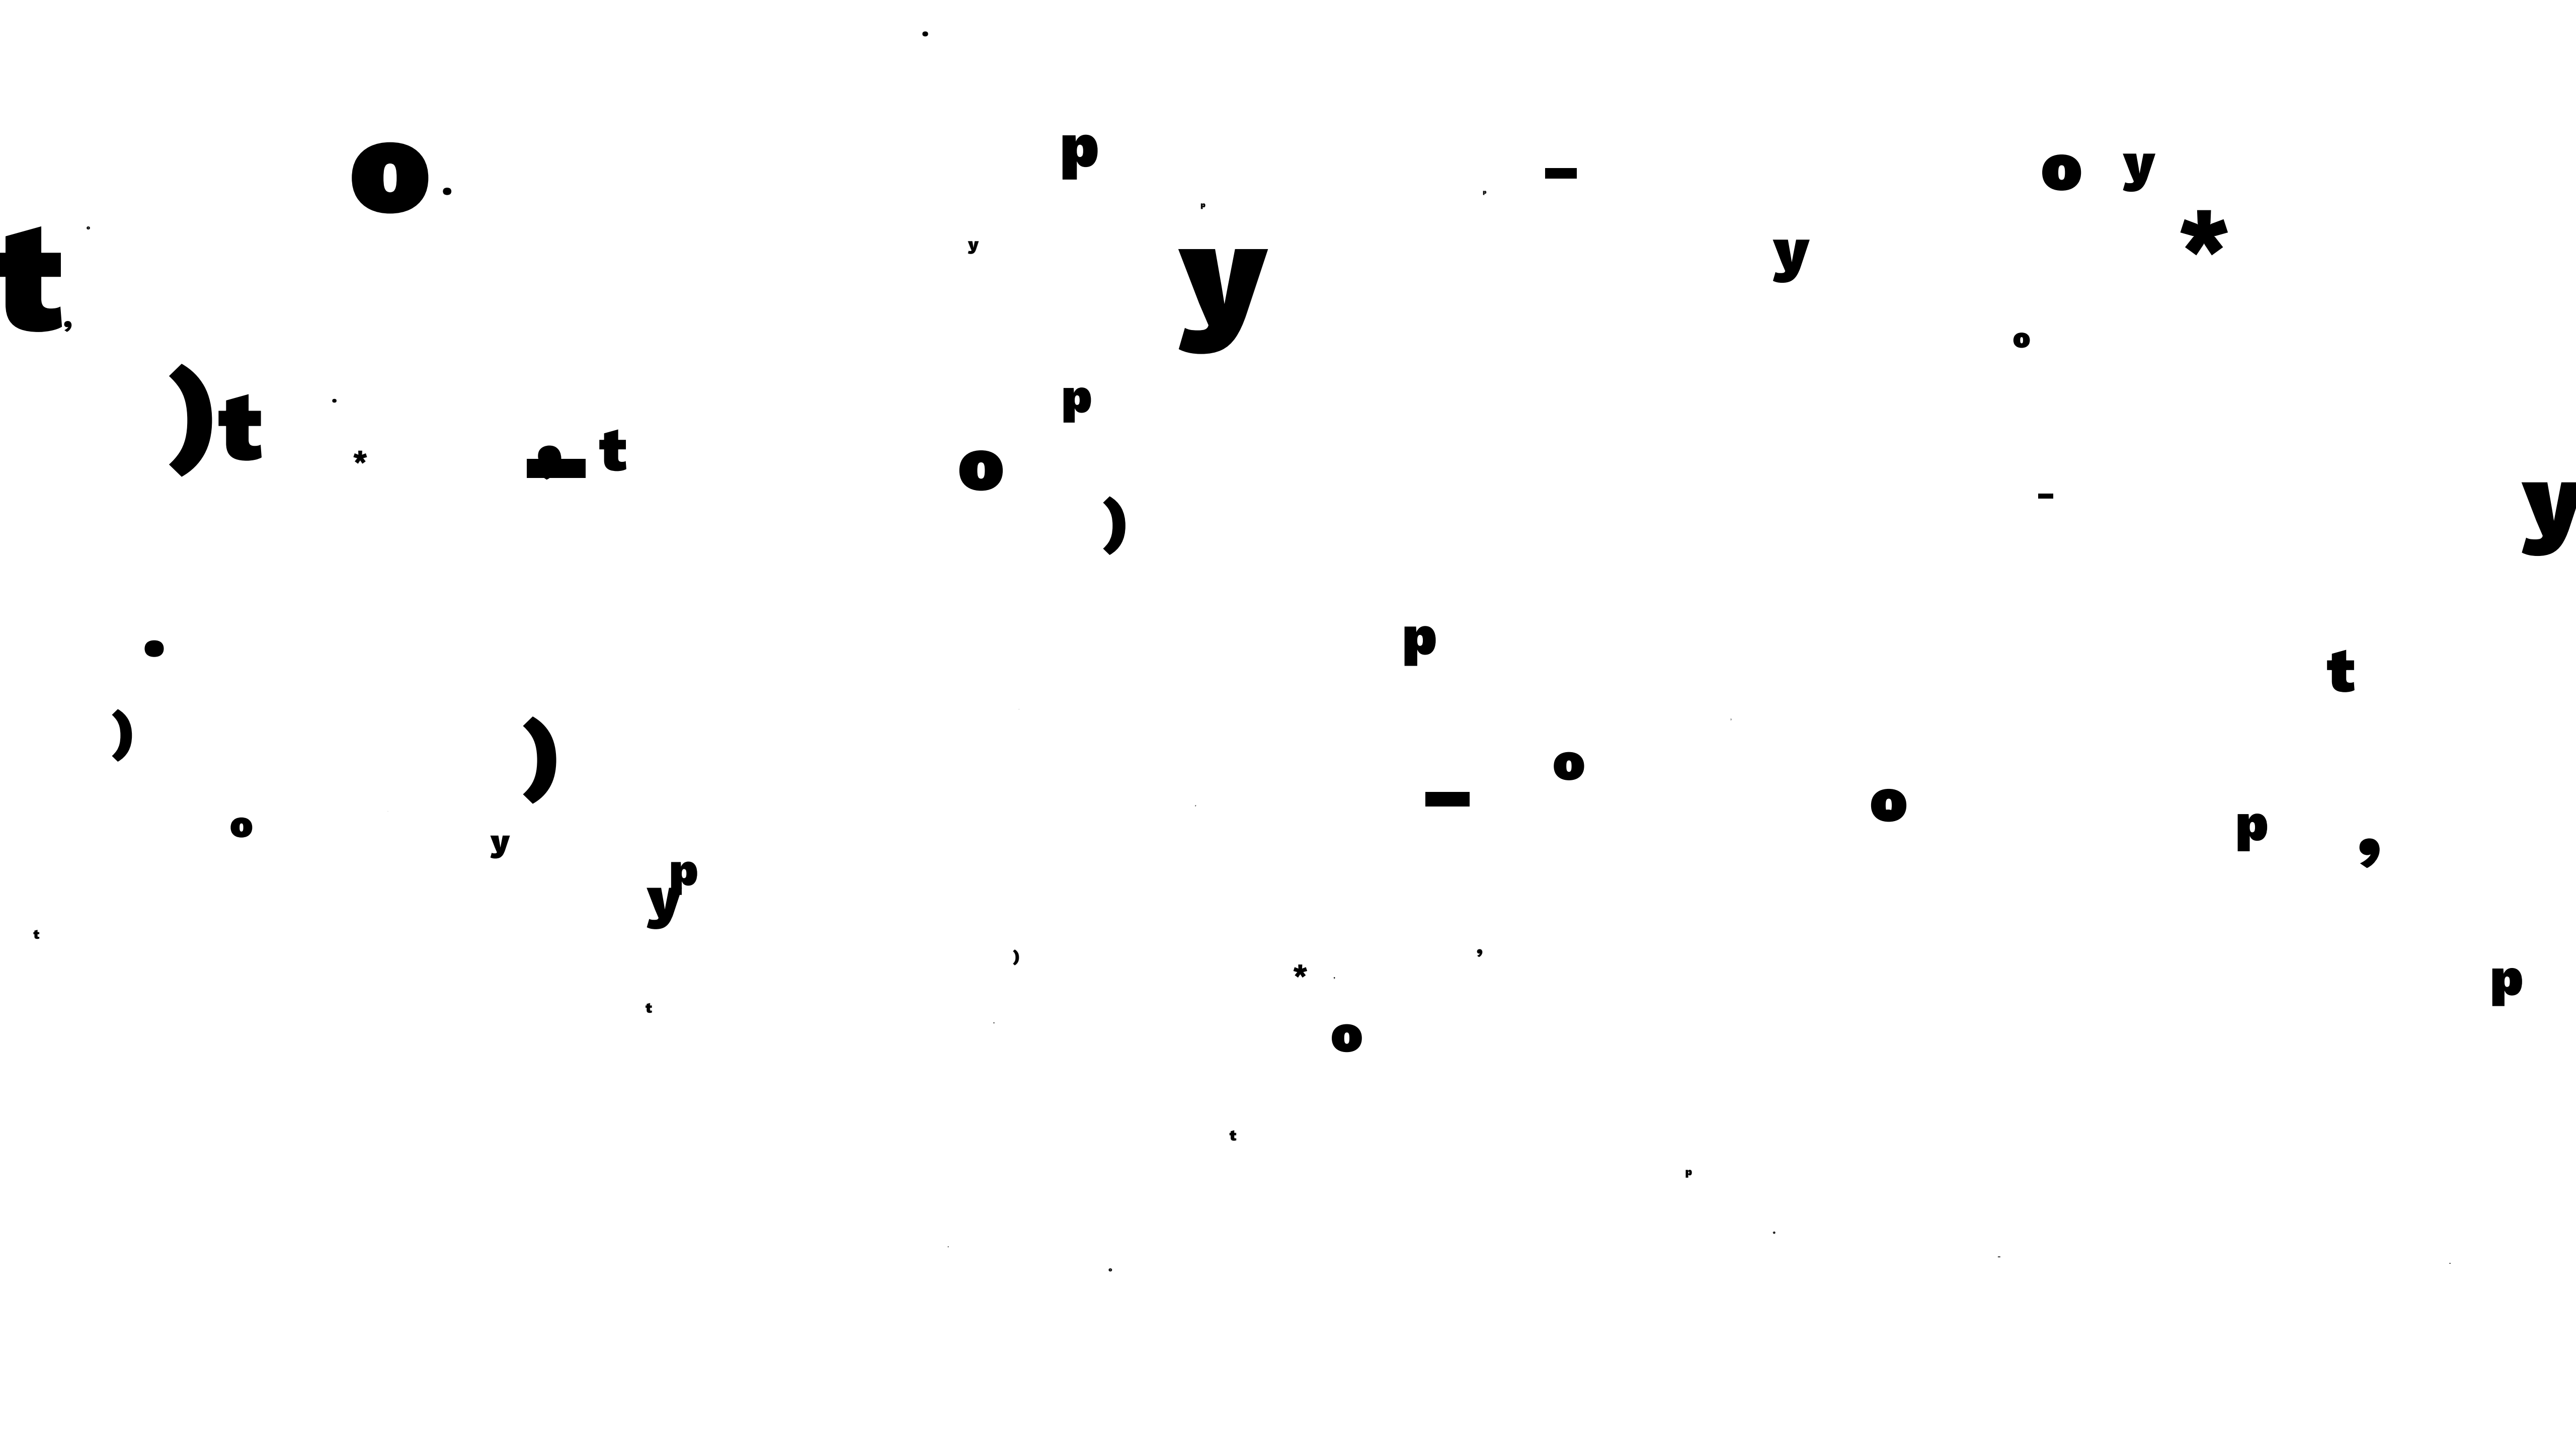

An abstract black and white composition featuring a variety of symbols and characters scattered across the frame. The elements include lowercase letters like 'y', 't', 'p', 'o', and 'y', as well as punctuation marks such as commas, parentheses, and hyphens. There are also mathematical symbols like asterisks and a large 't' in the top right corner. The characters are of different sizes and are positioned in a way that creates a sense of random distribution and visual rhythm.

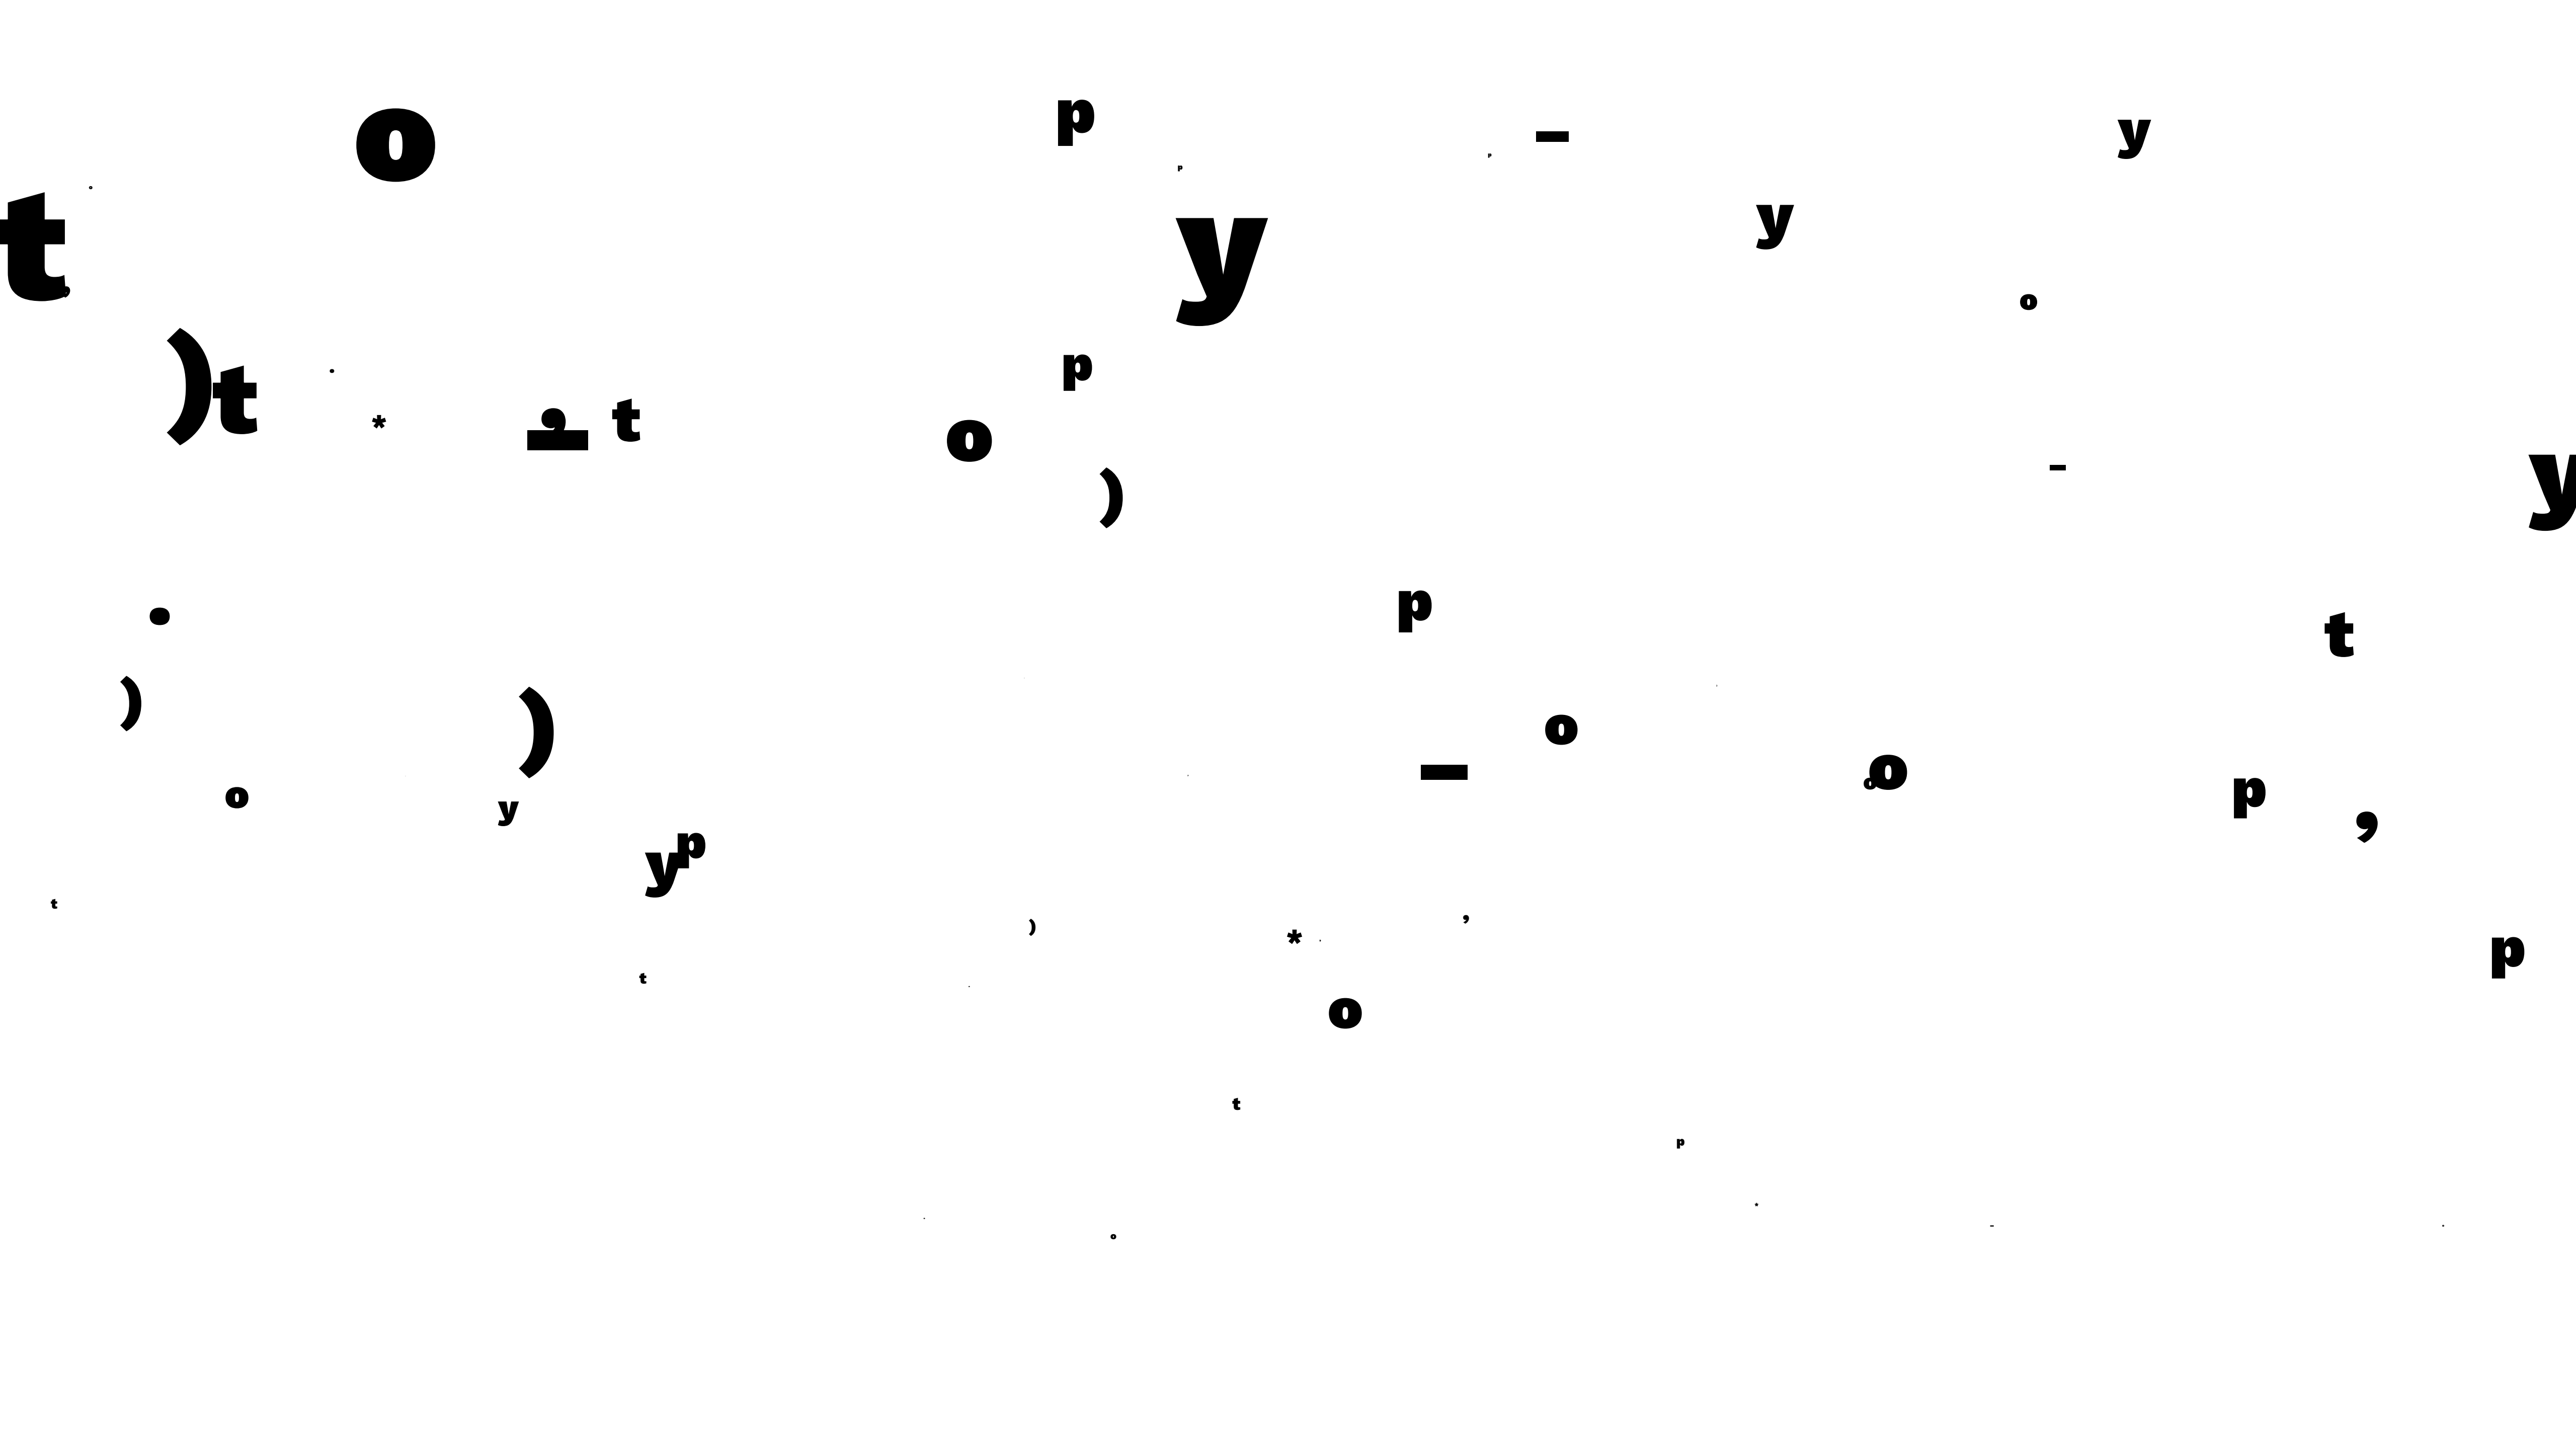

An abstract background featuring a variety of black letters and symbols scattered across a white field. The characters include lowercase letters like 'y', 't', 'p', 'o', and 'z', as well as punctuation marks such as commas, periods, and asterisks. Some characters are bold and large, while others are small and faint, creating a dynamic and layered visual effect.

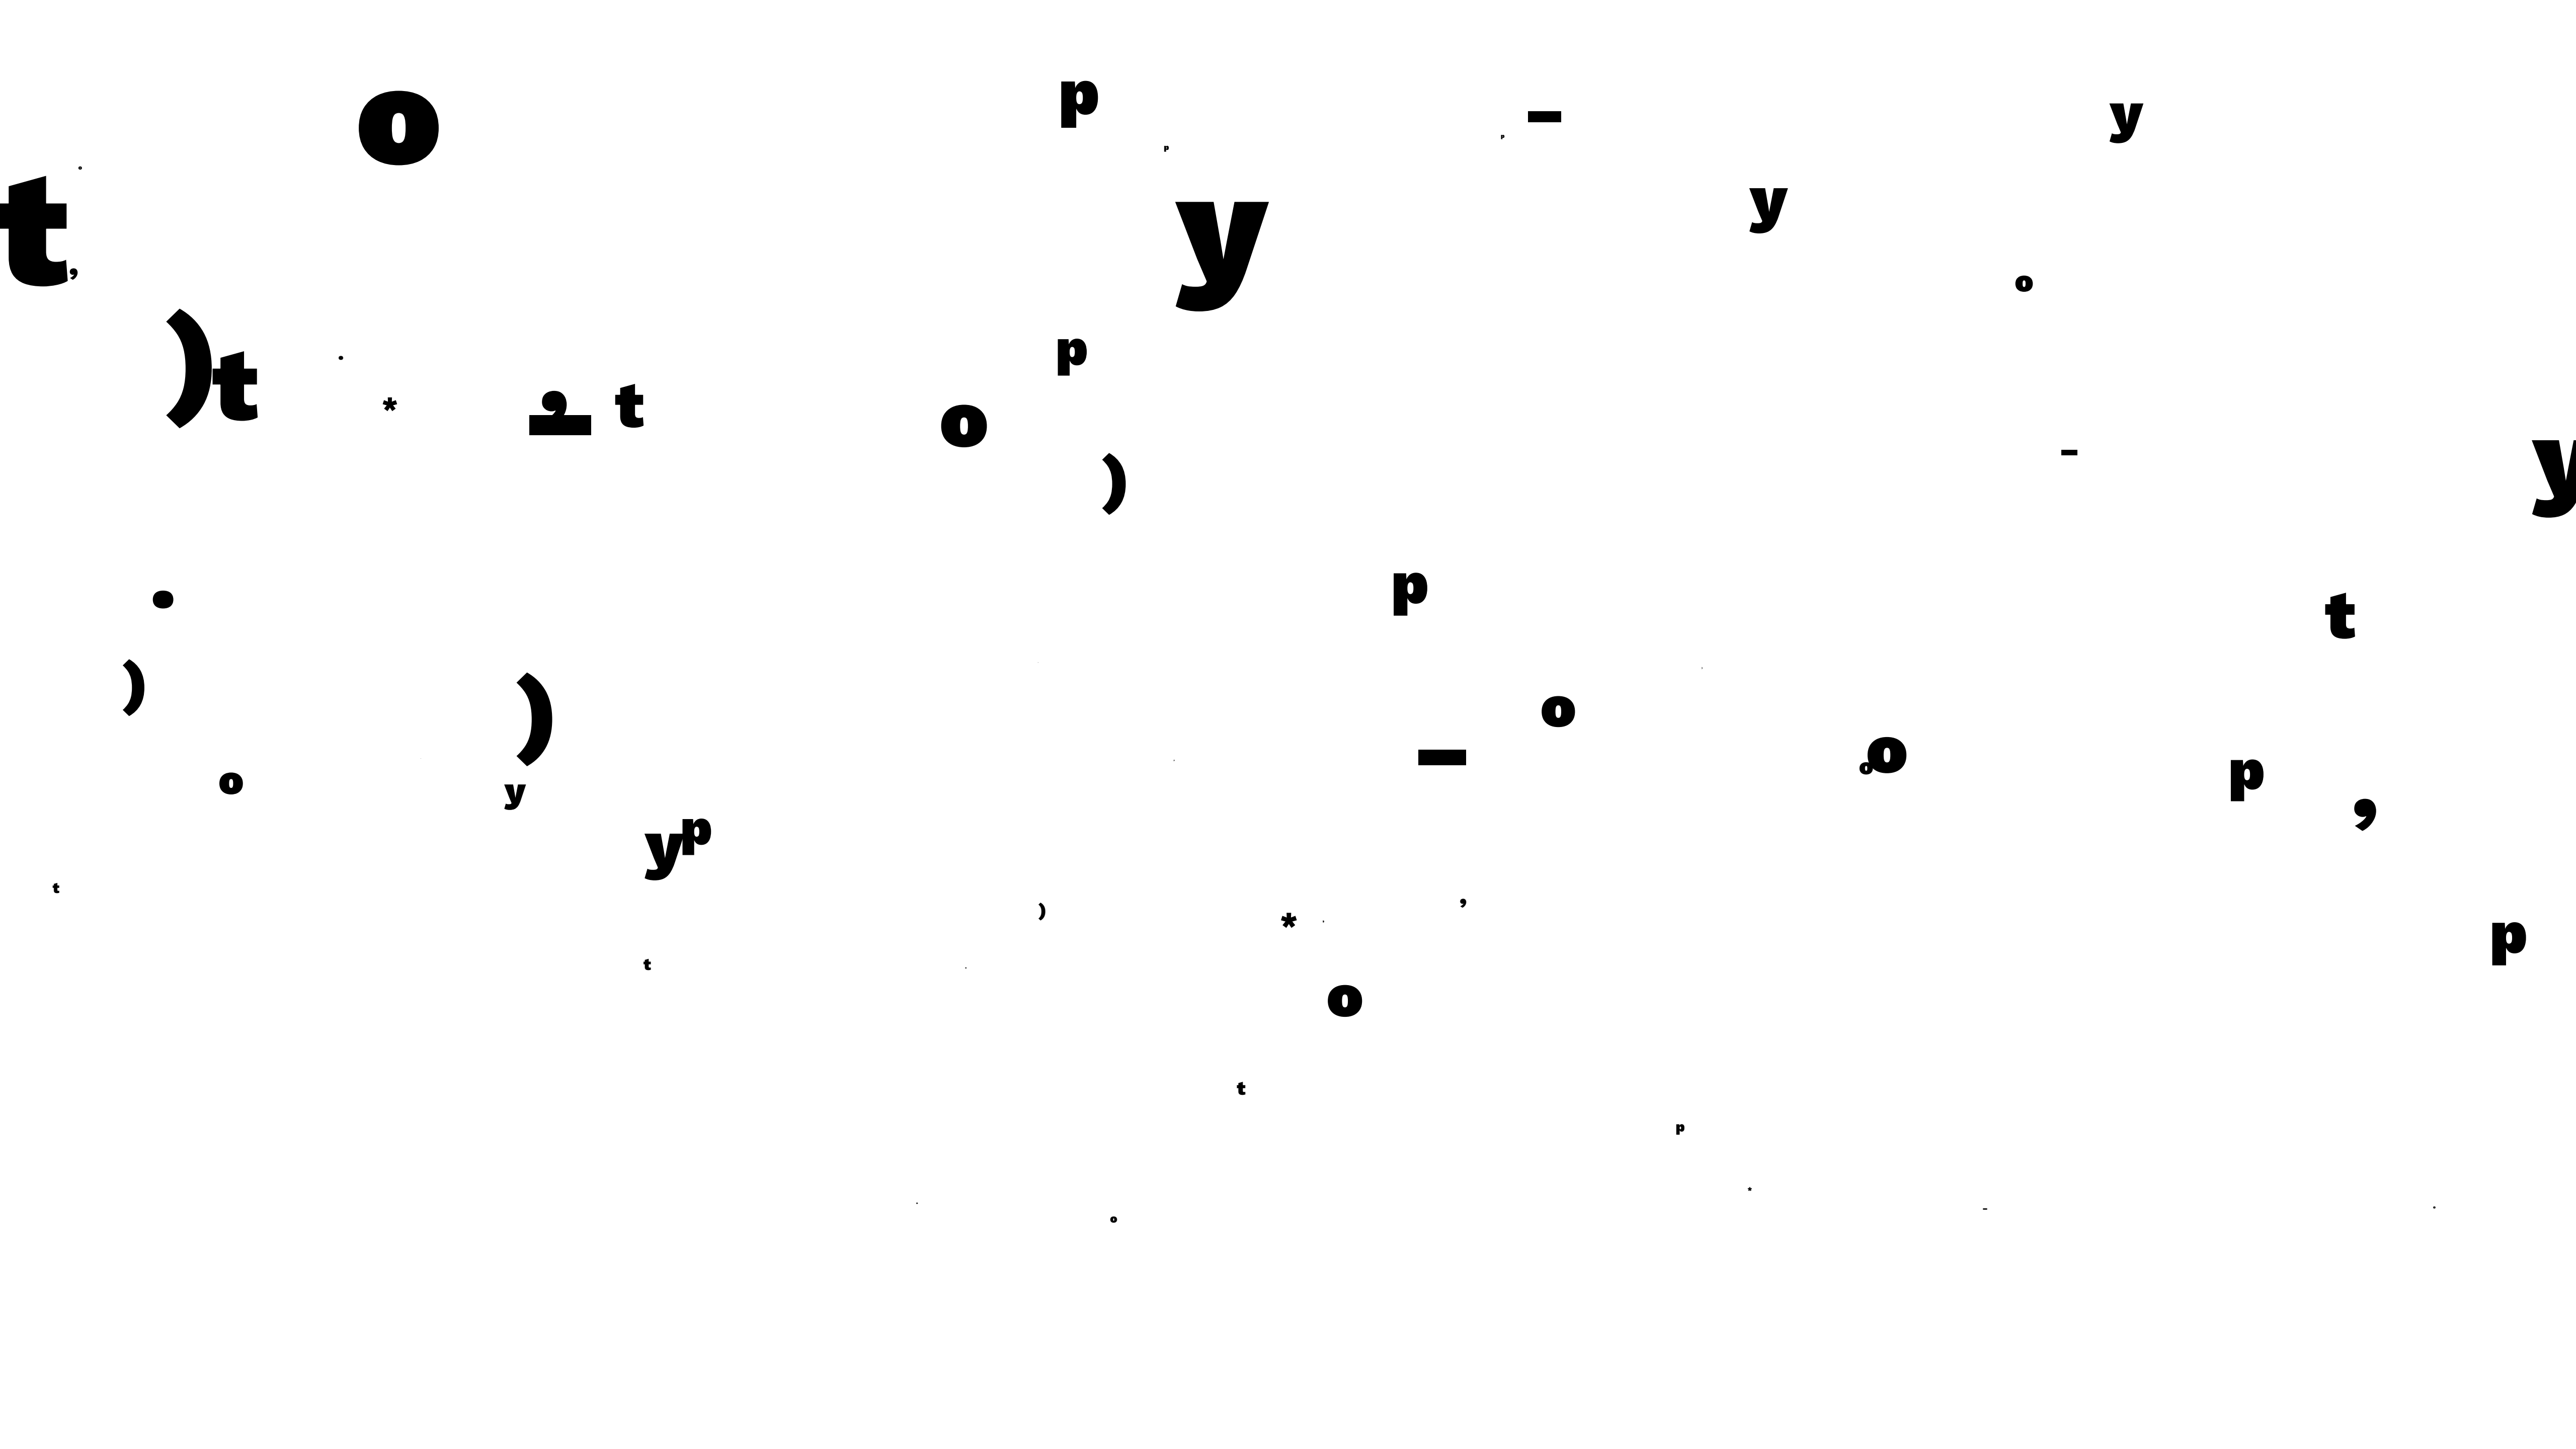

[illegible]

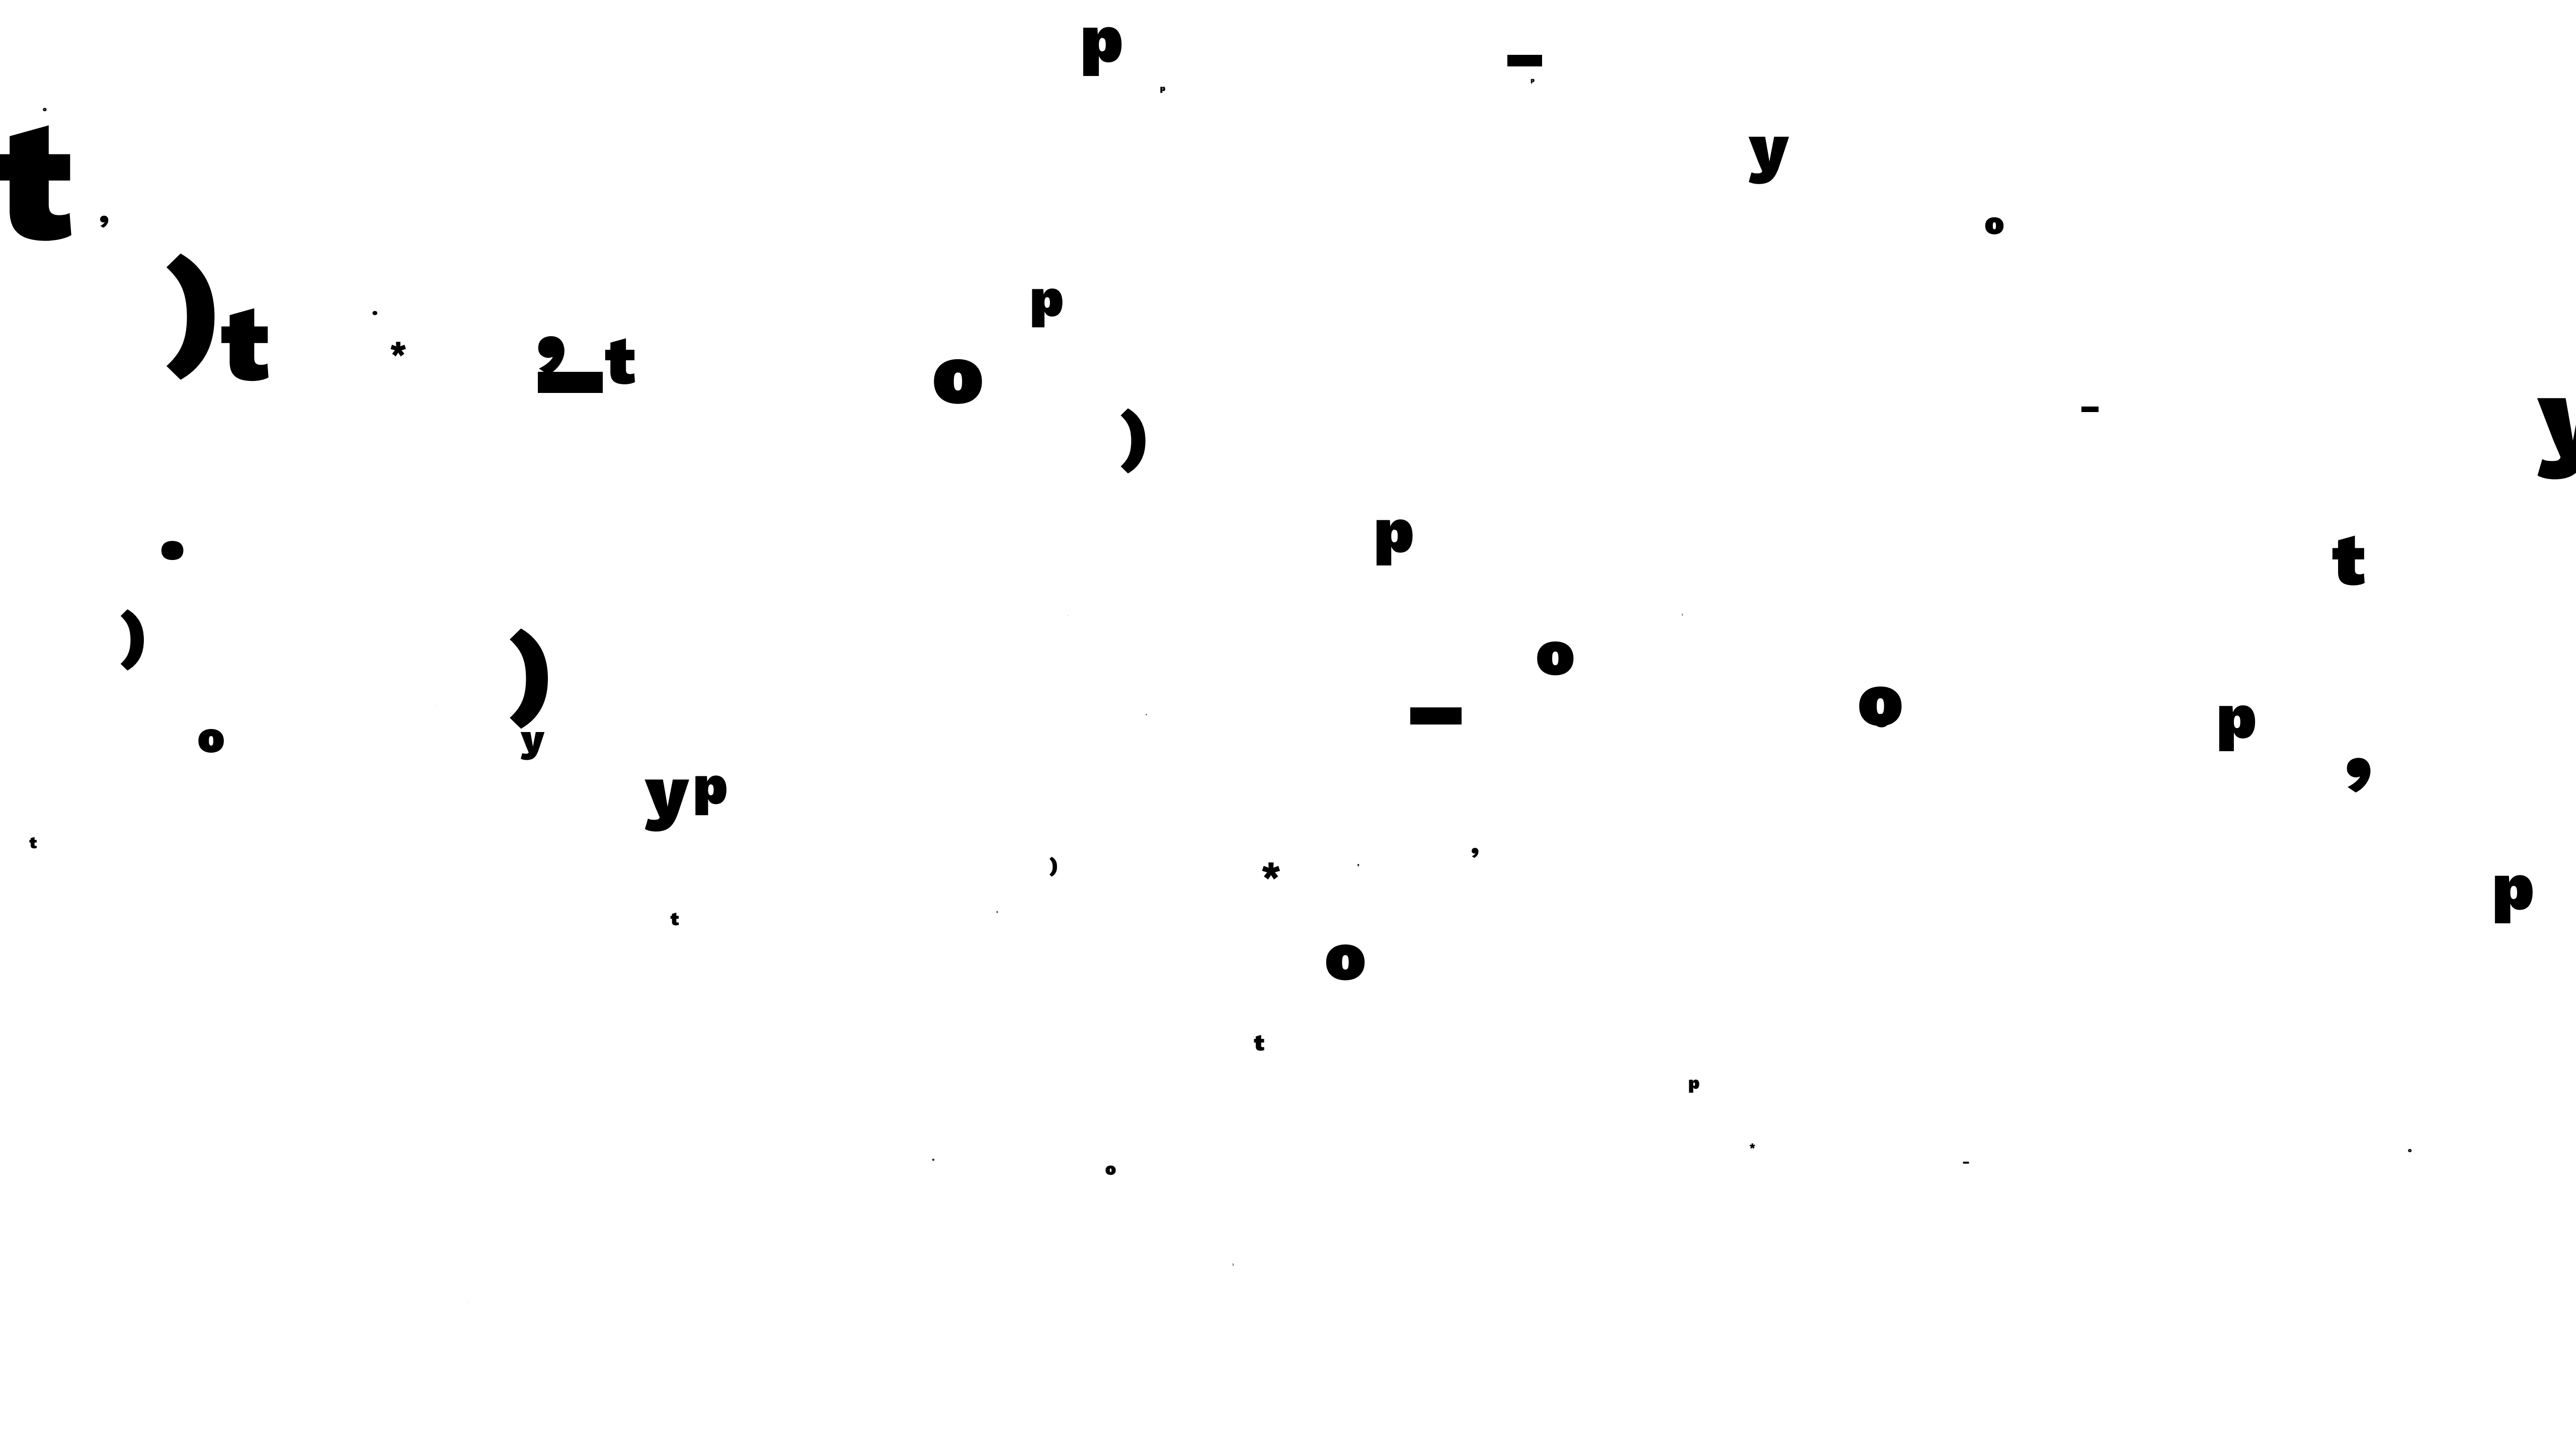

An abstract background featuring a variety of black symbols and characters scattered across a white field. The symbols include letters (t, y, p, o, z), punctuation (comma, period, asterisk, parentheses, minus sign, equals sign), and mathematical notation (subscripts, superscripts). The characters are of different sizes and are distributed in a non-uniform, random pattern.

A collection of various black symbols and characters scattered across a white background. The symbols include punctuation marks like parentheses, commas, and periods; mathematical operators like plus, minus, multiplication, and division; and letters like 'y', 'p', and 't'. Some symbols are bold and large, while others are small and thin. The arrangement is random and non-repeating.

A collection of various black symbols and characters scattered across a white background. The symbols include punctuation marks like commas, periods, and parentheses; mathematical symbols like asterisks, plus signs, and minus signs; and letters like 'y', 't', 'p', and 'o'. Some symbols are larger and bolder than others, creating a dynamic and abstract composition.

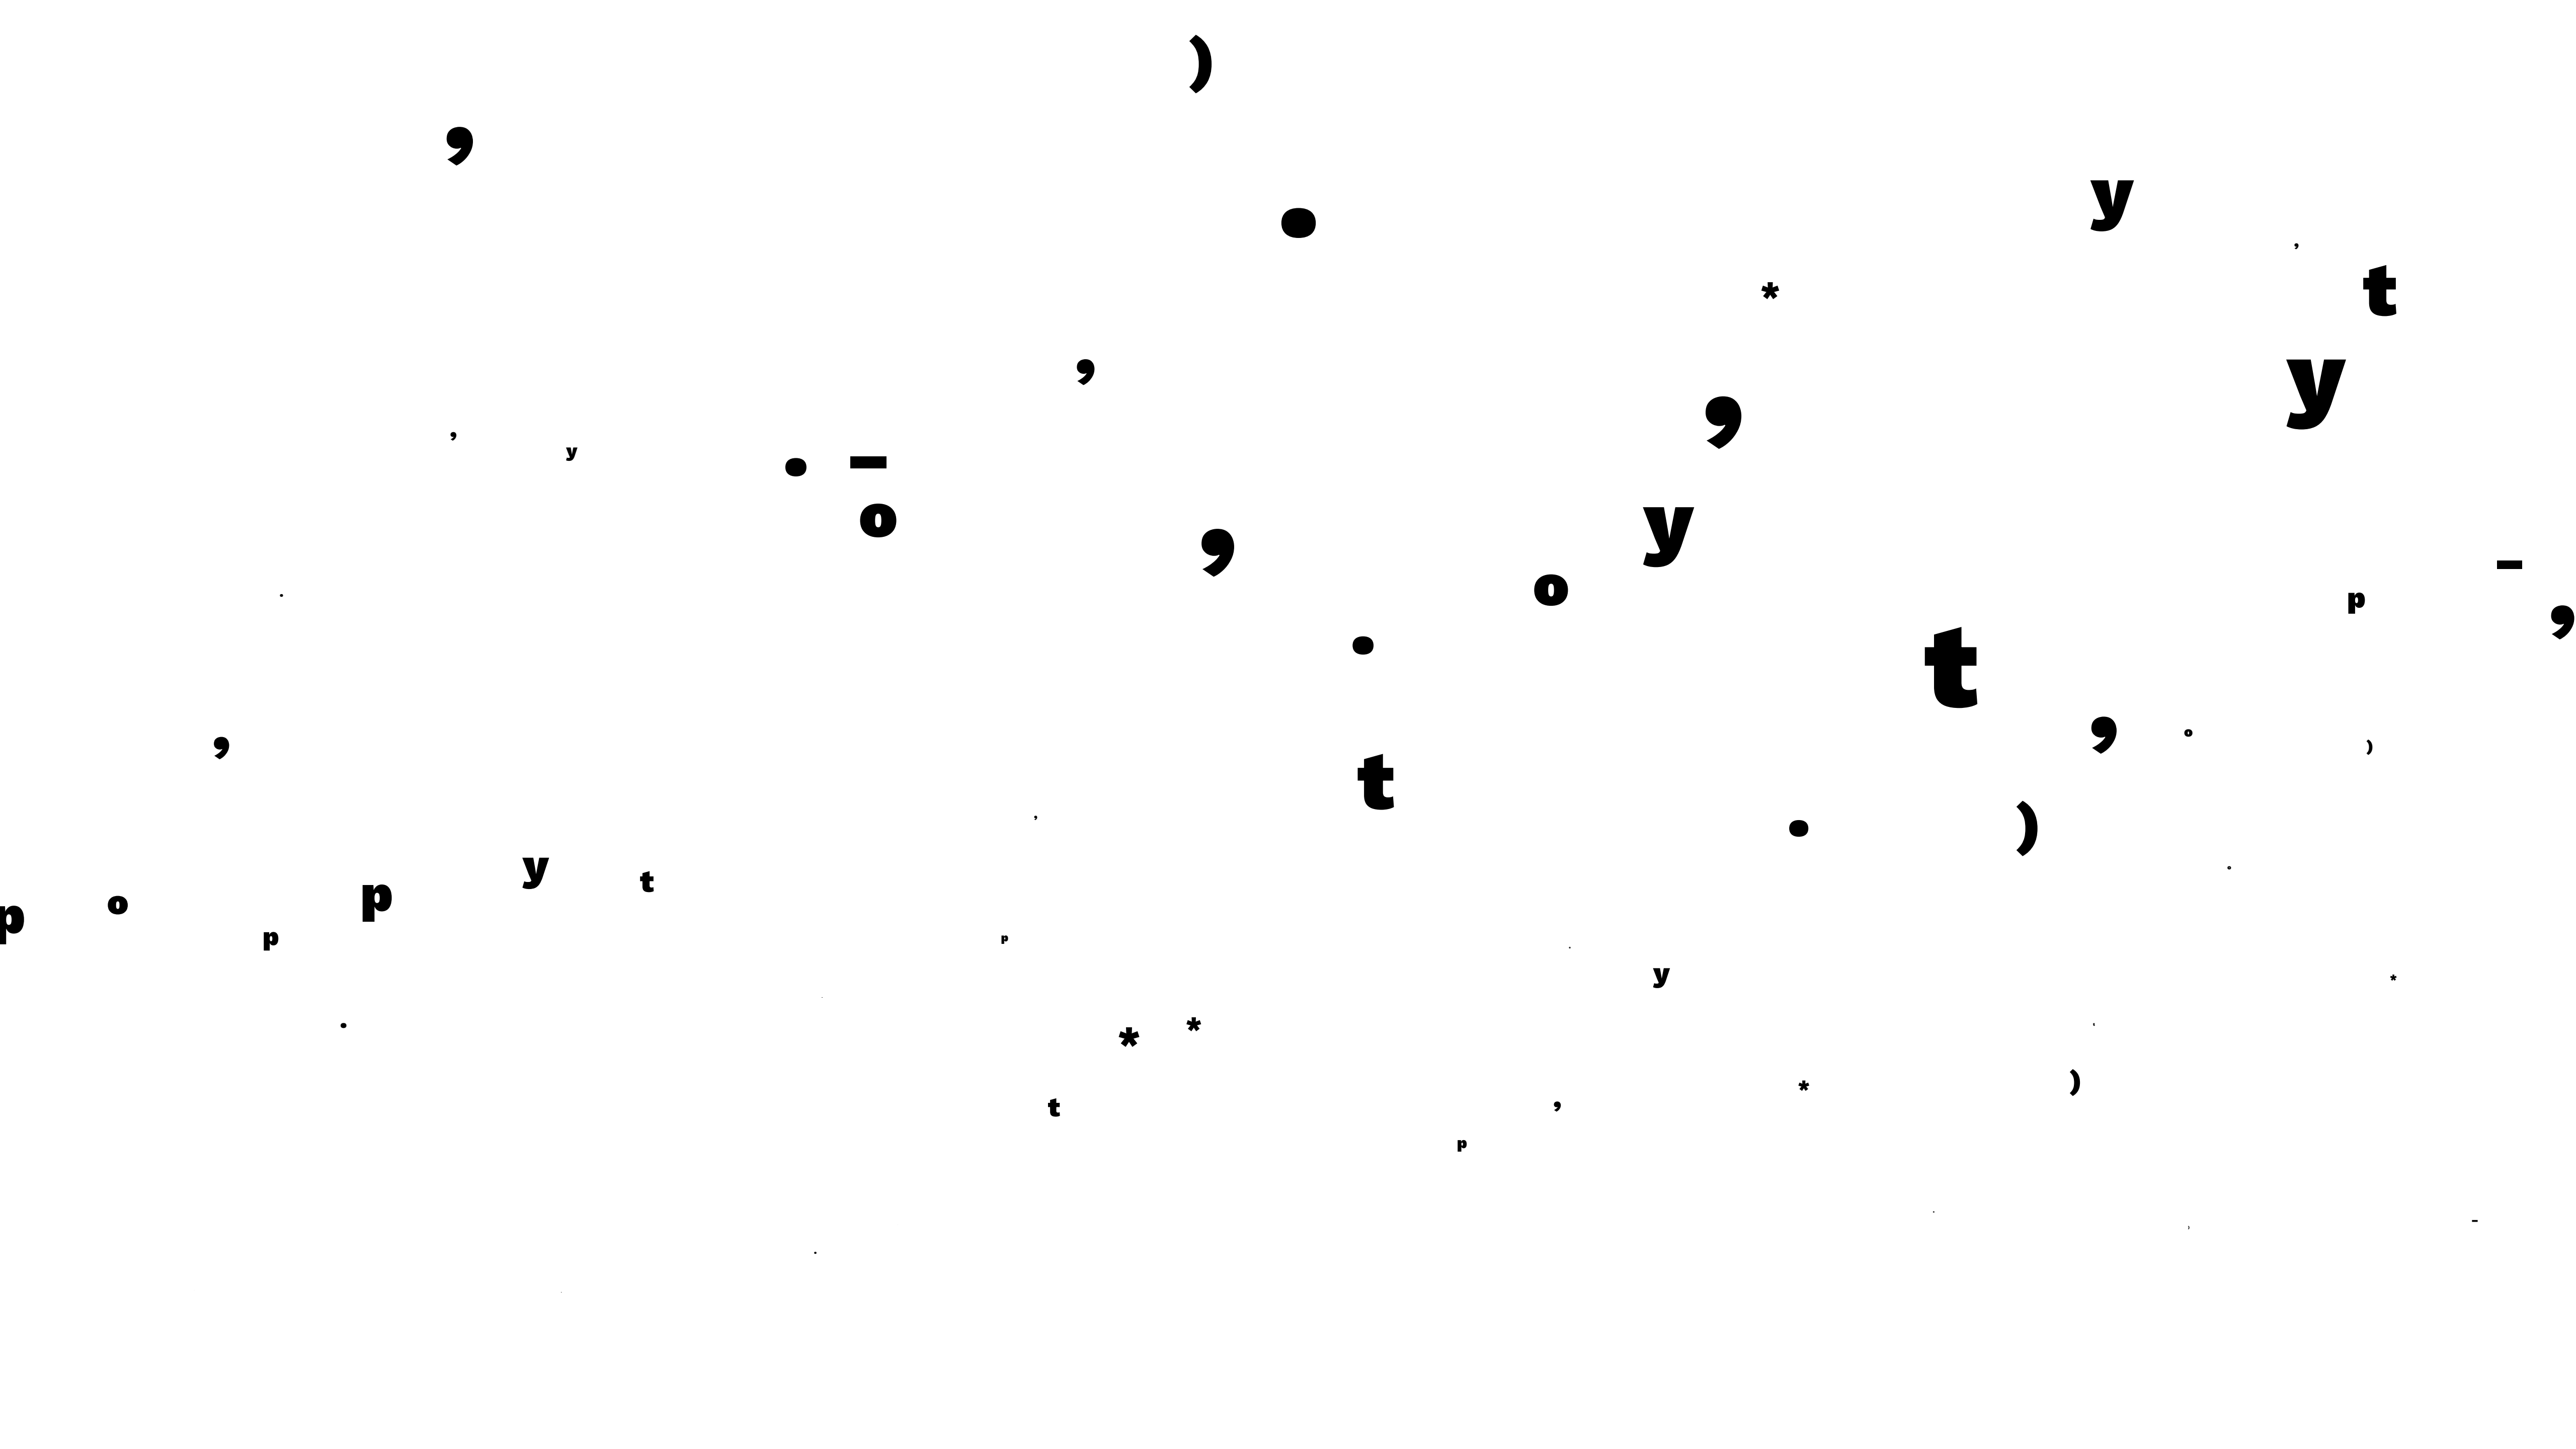

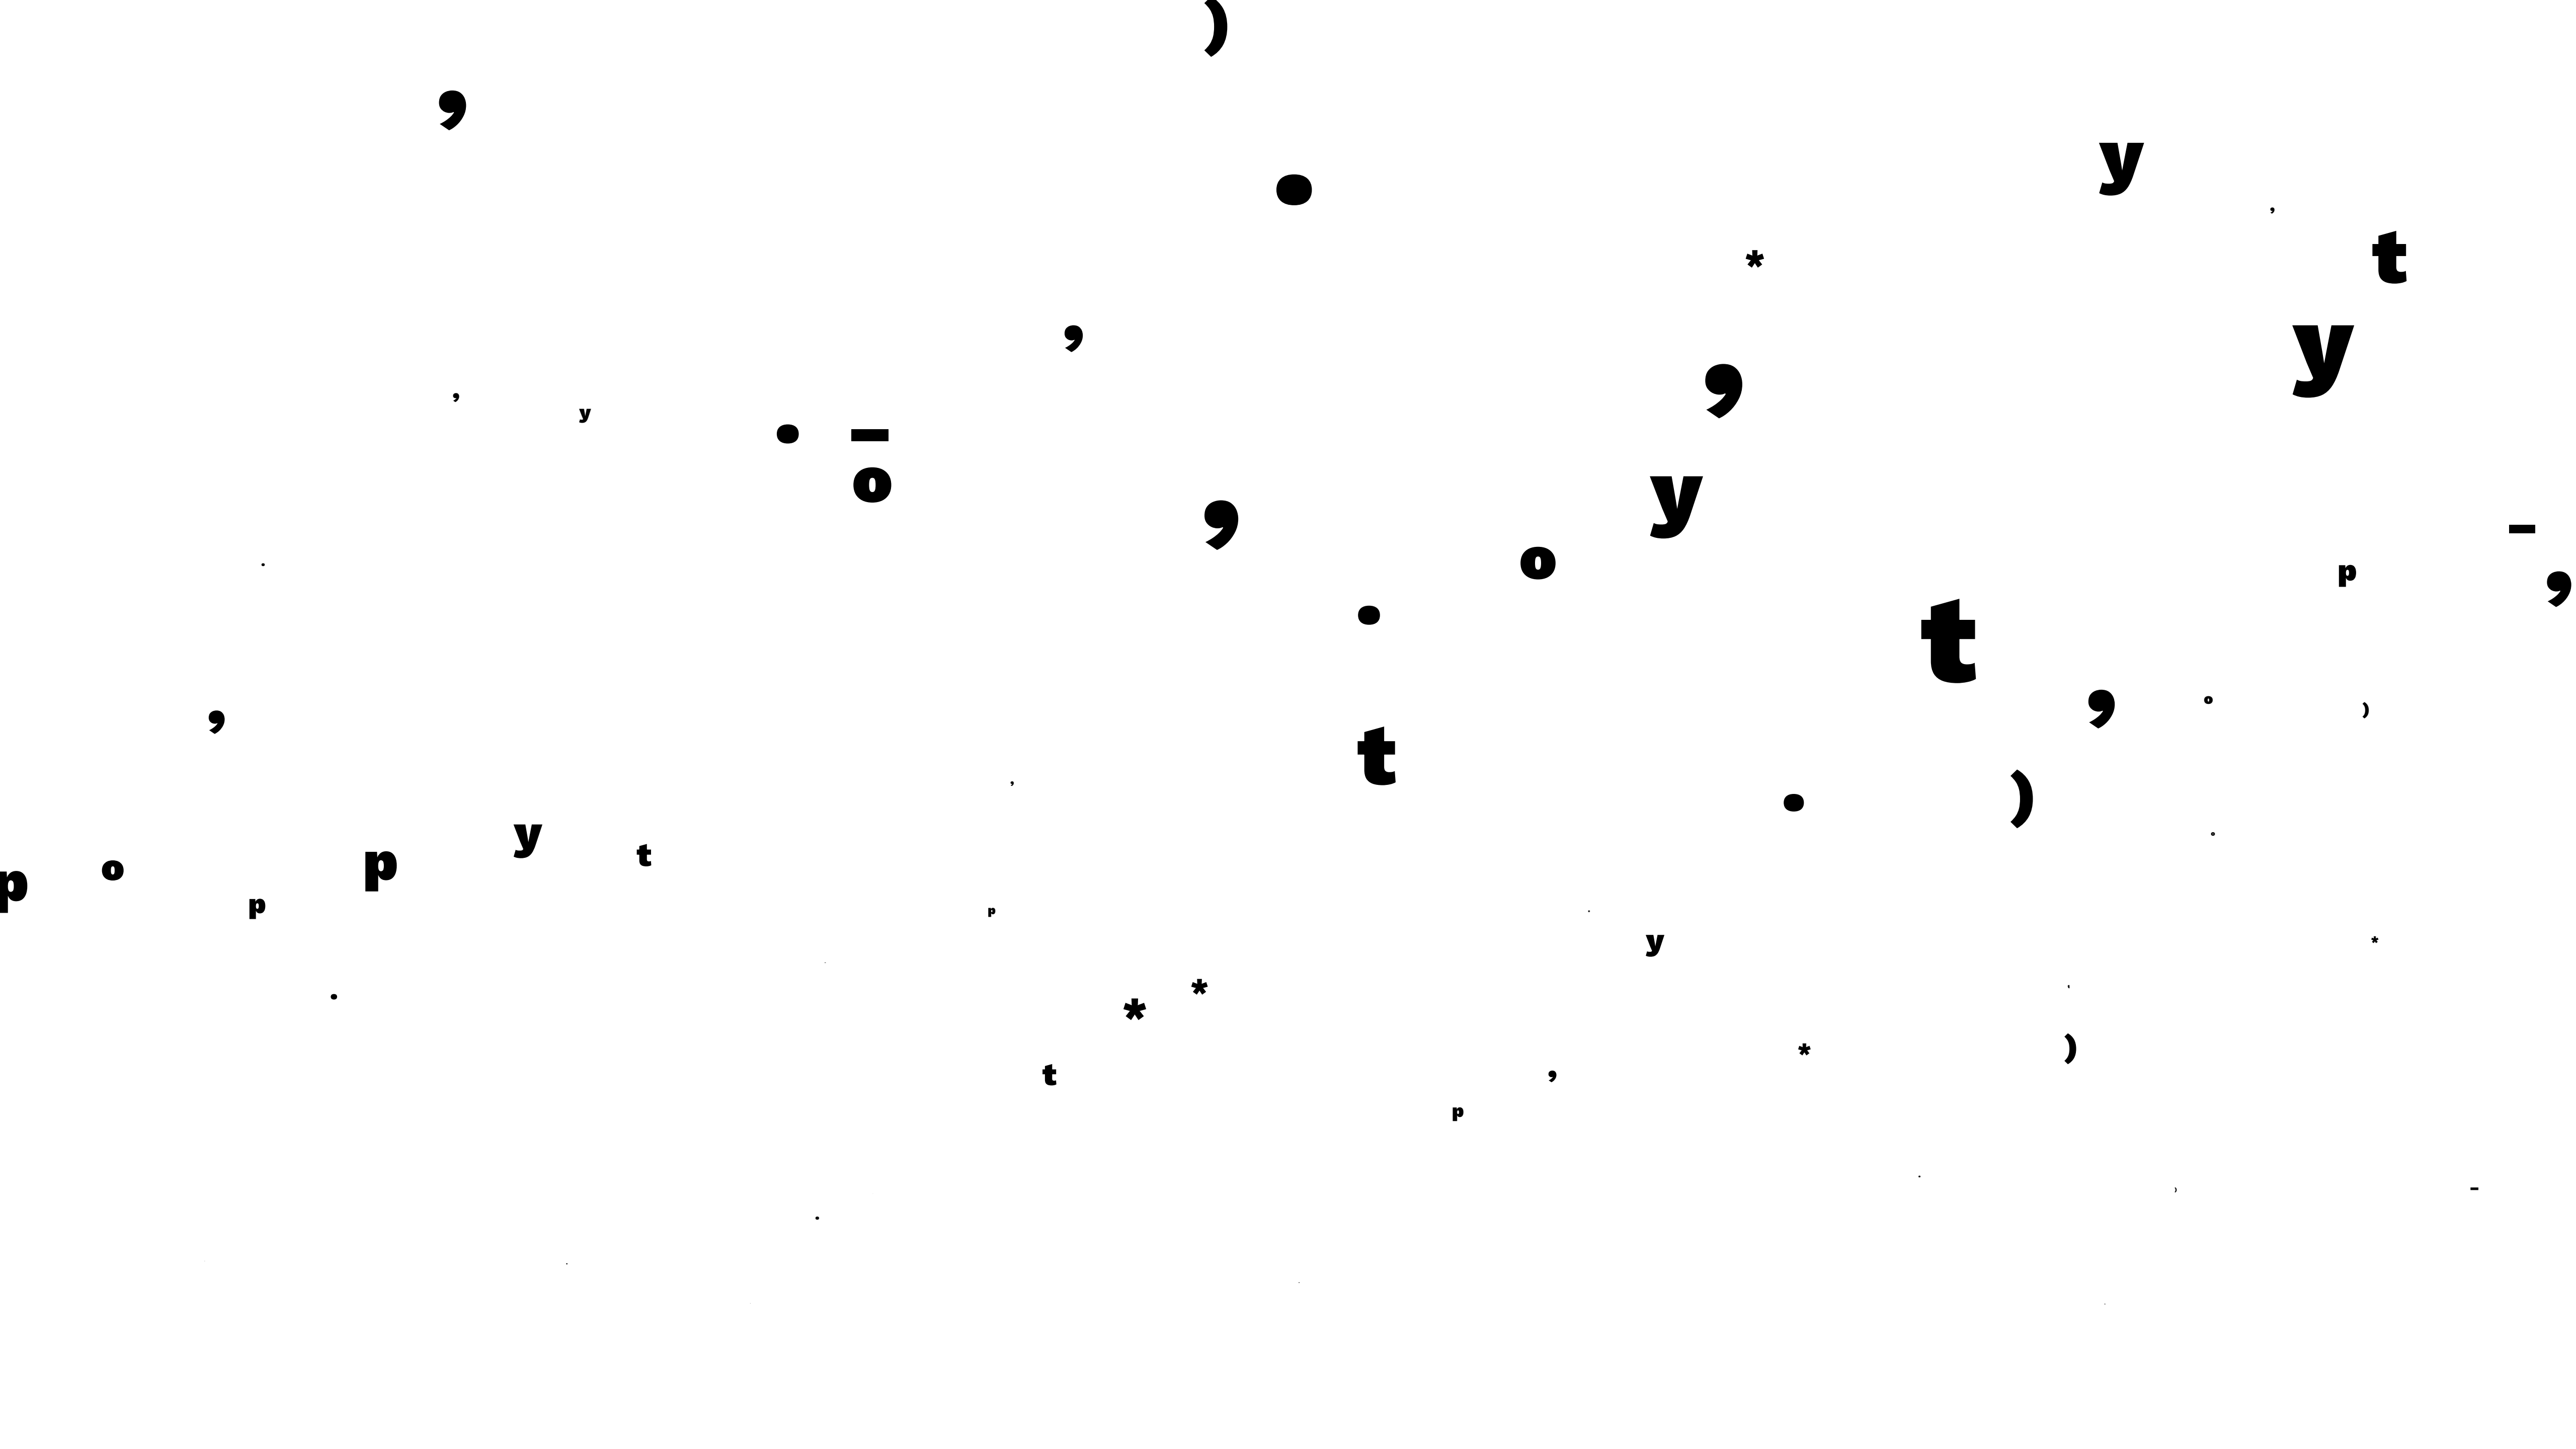

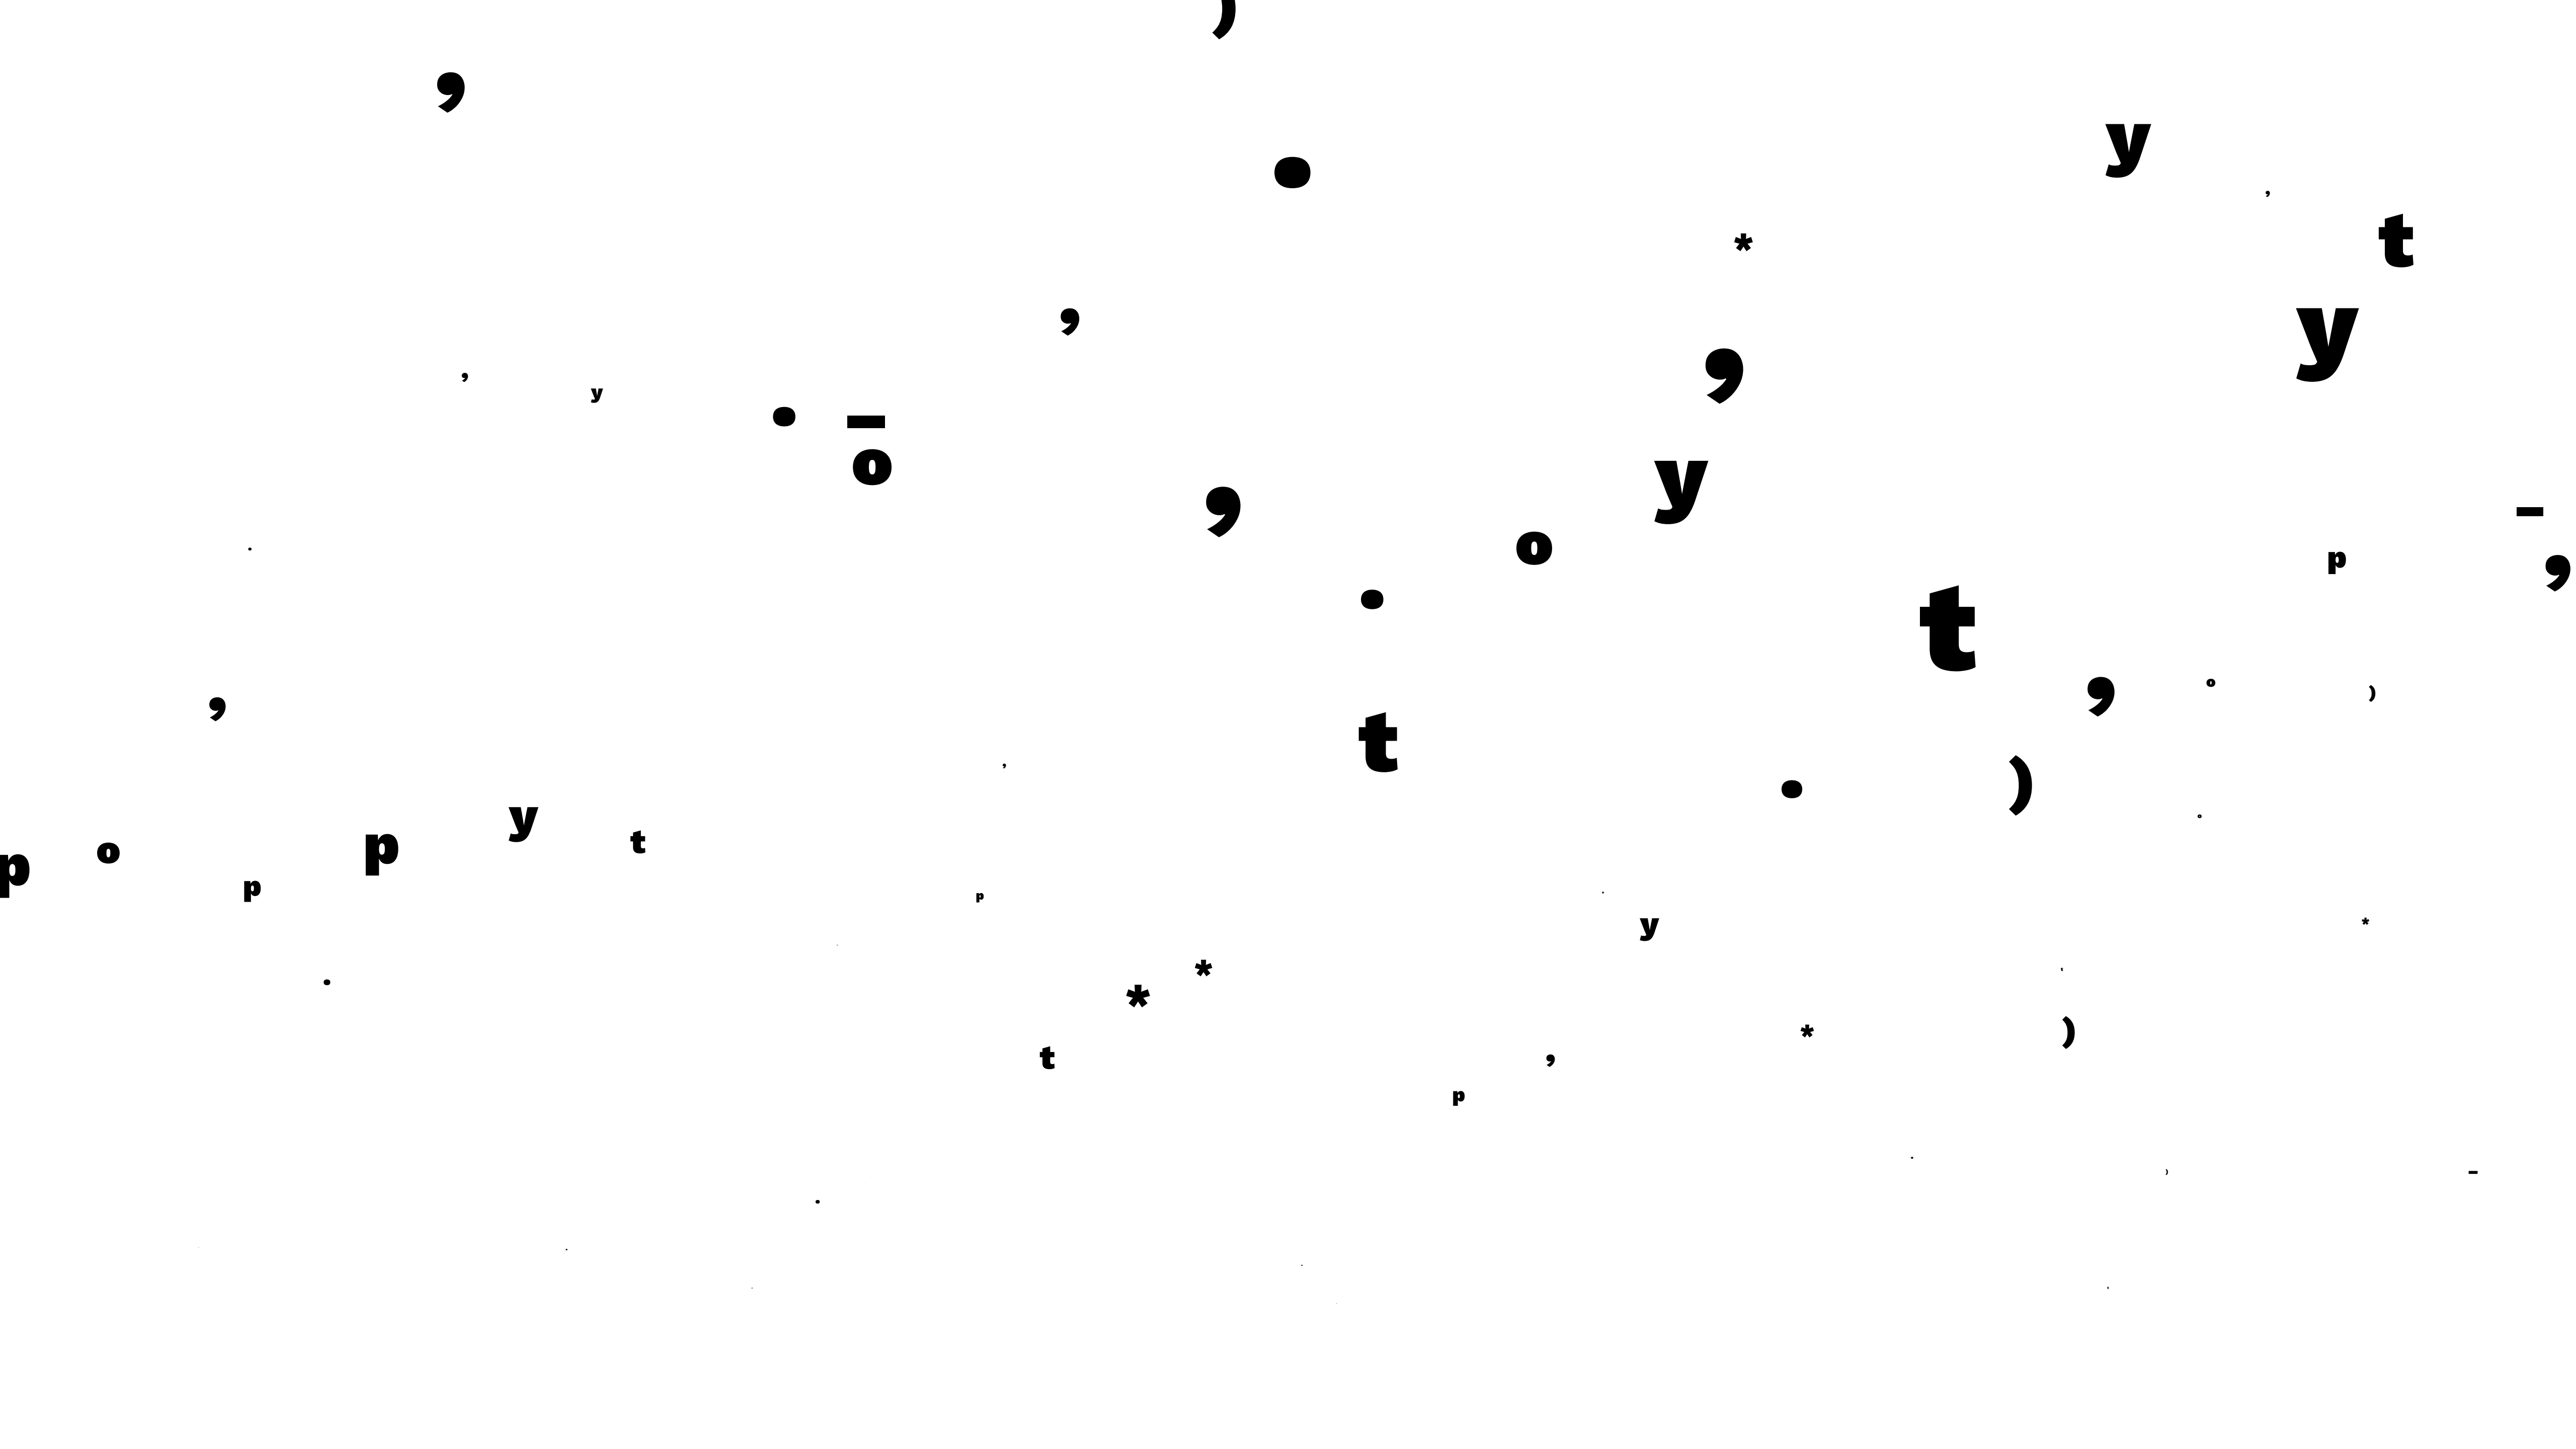

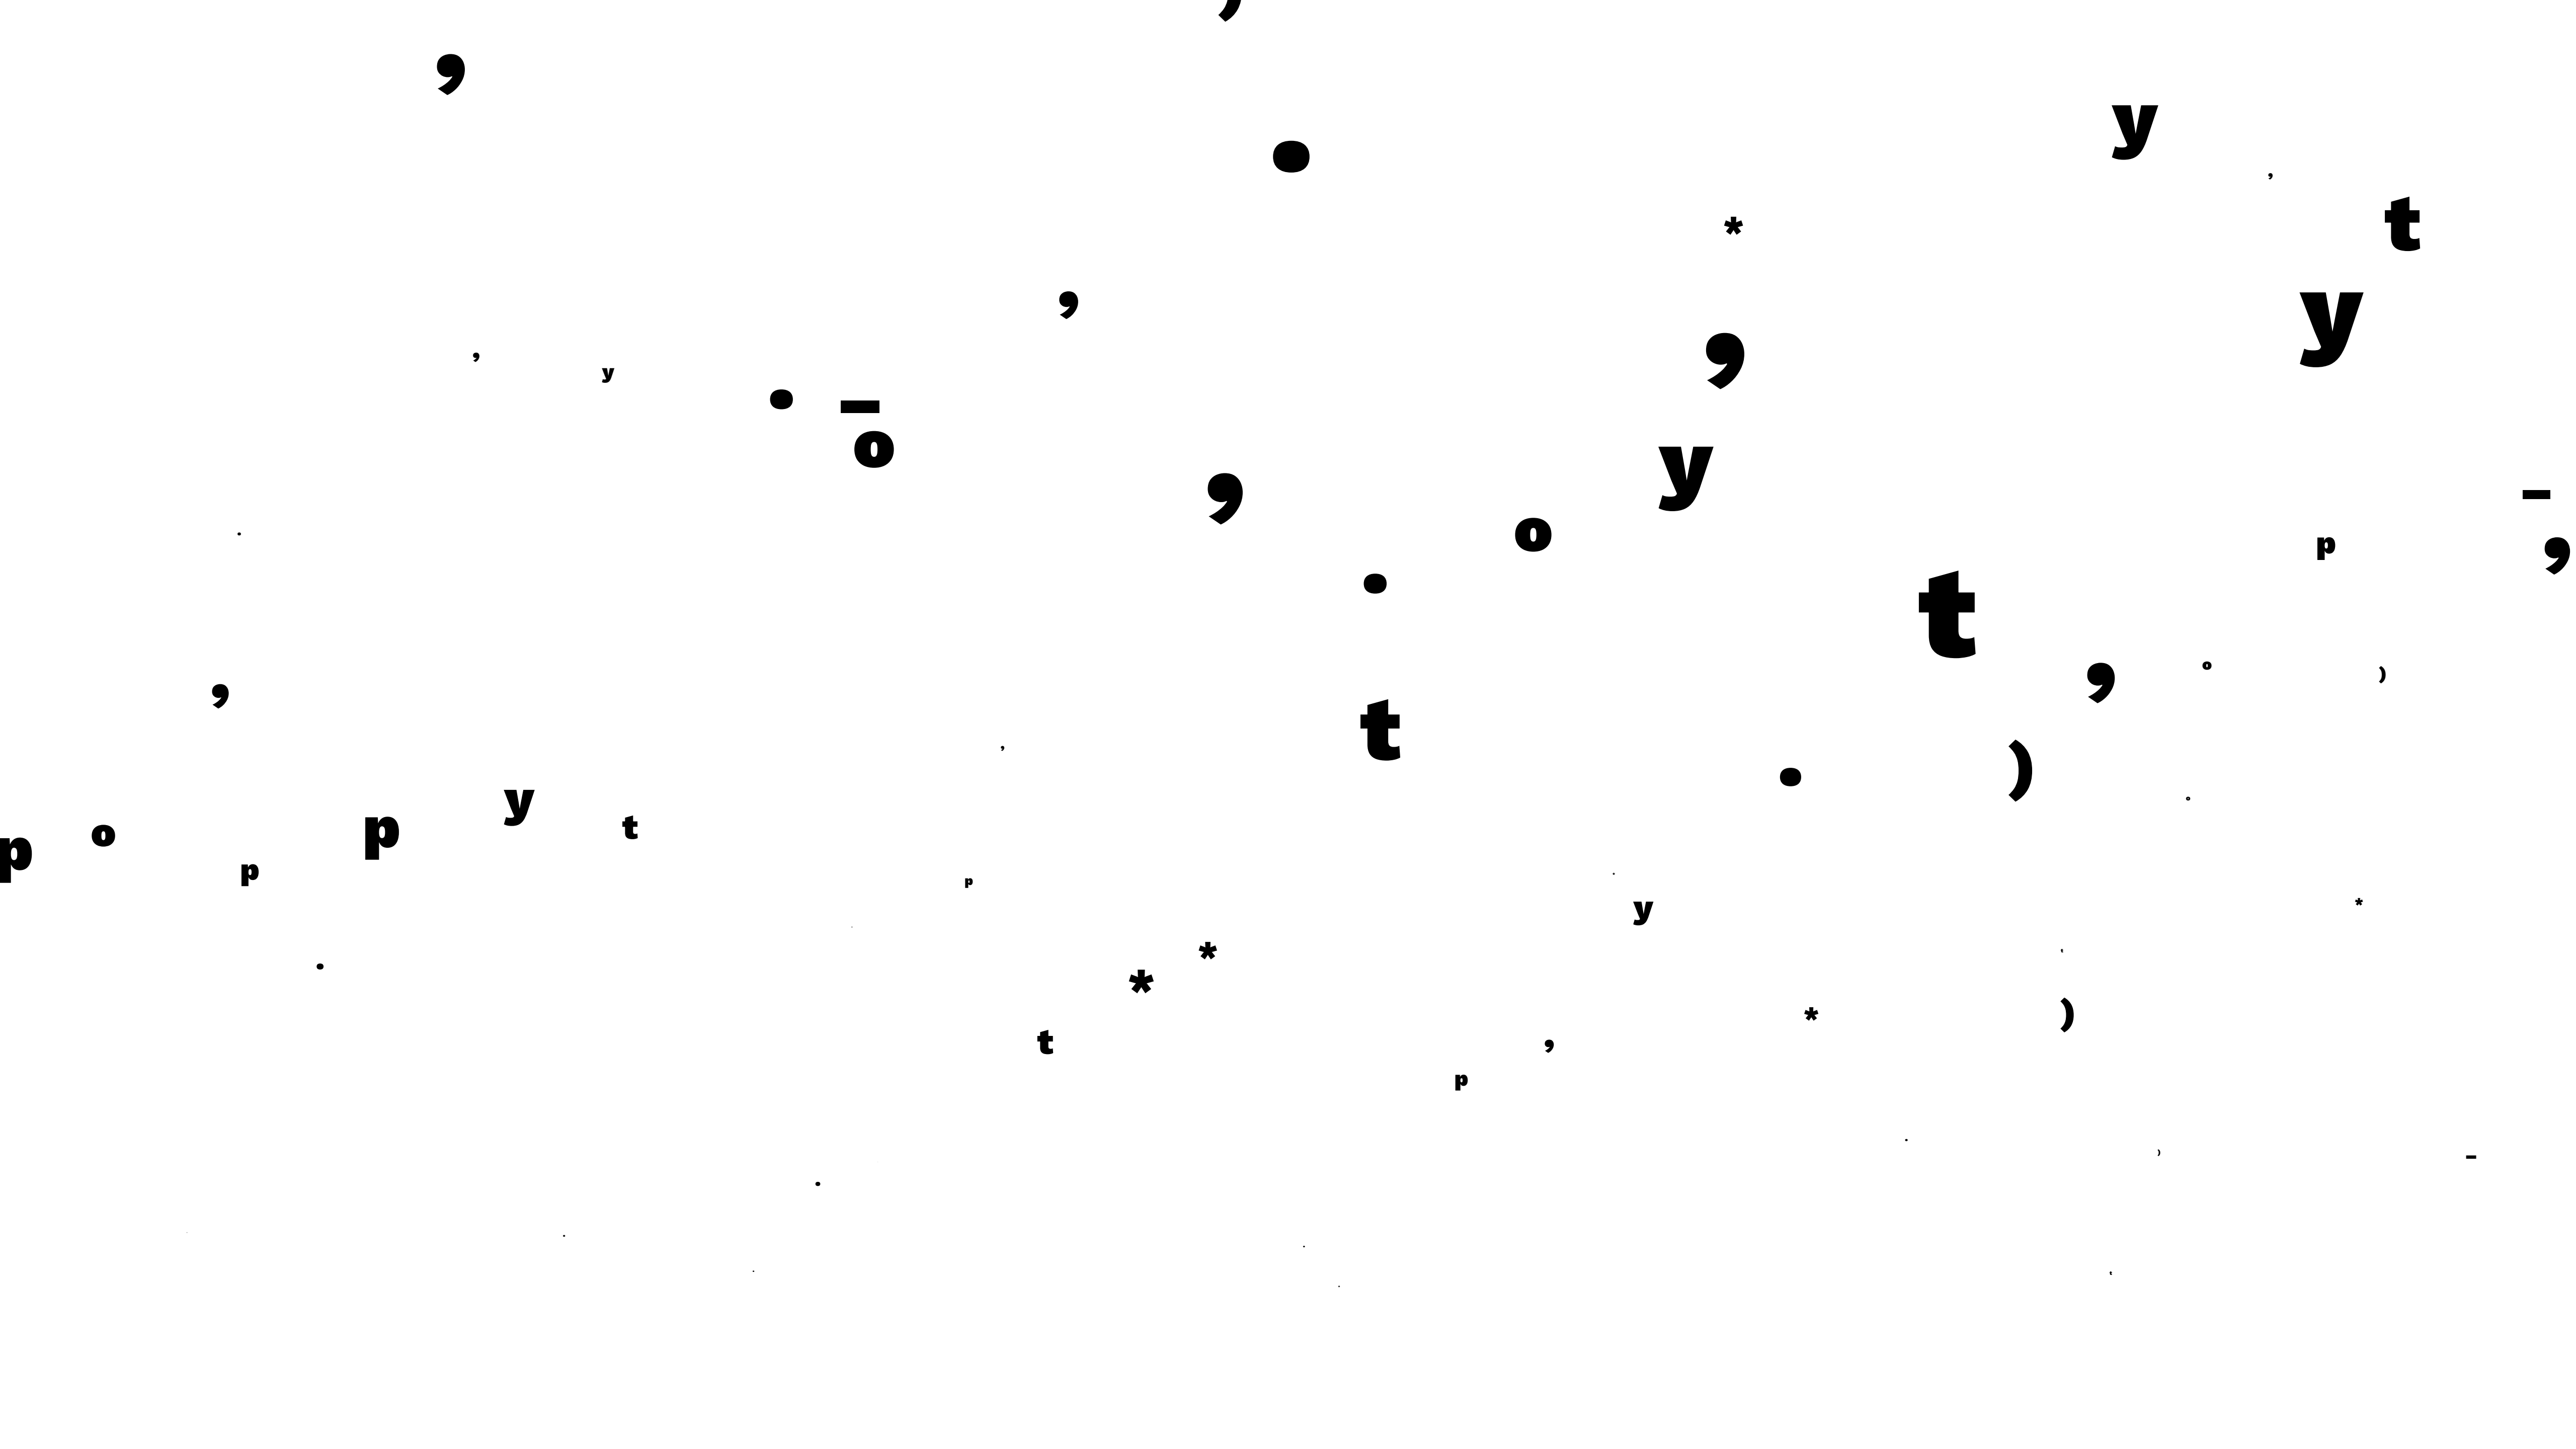

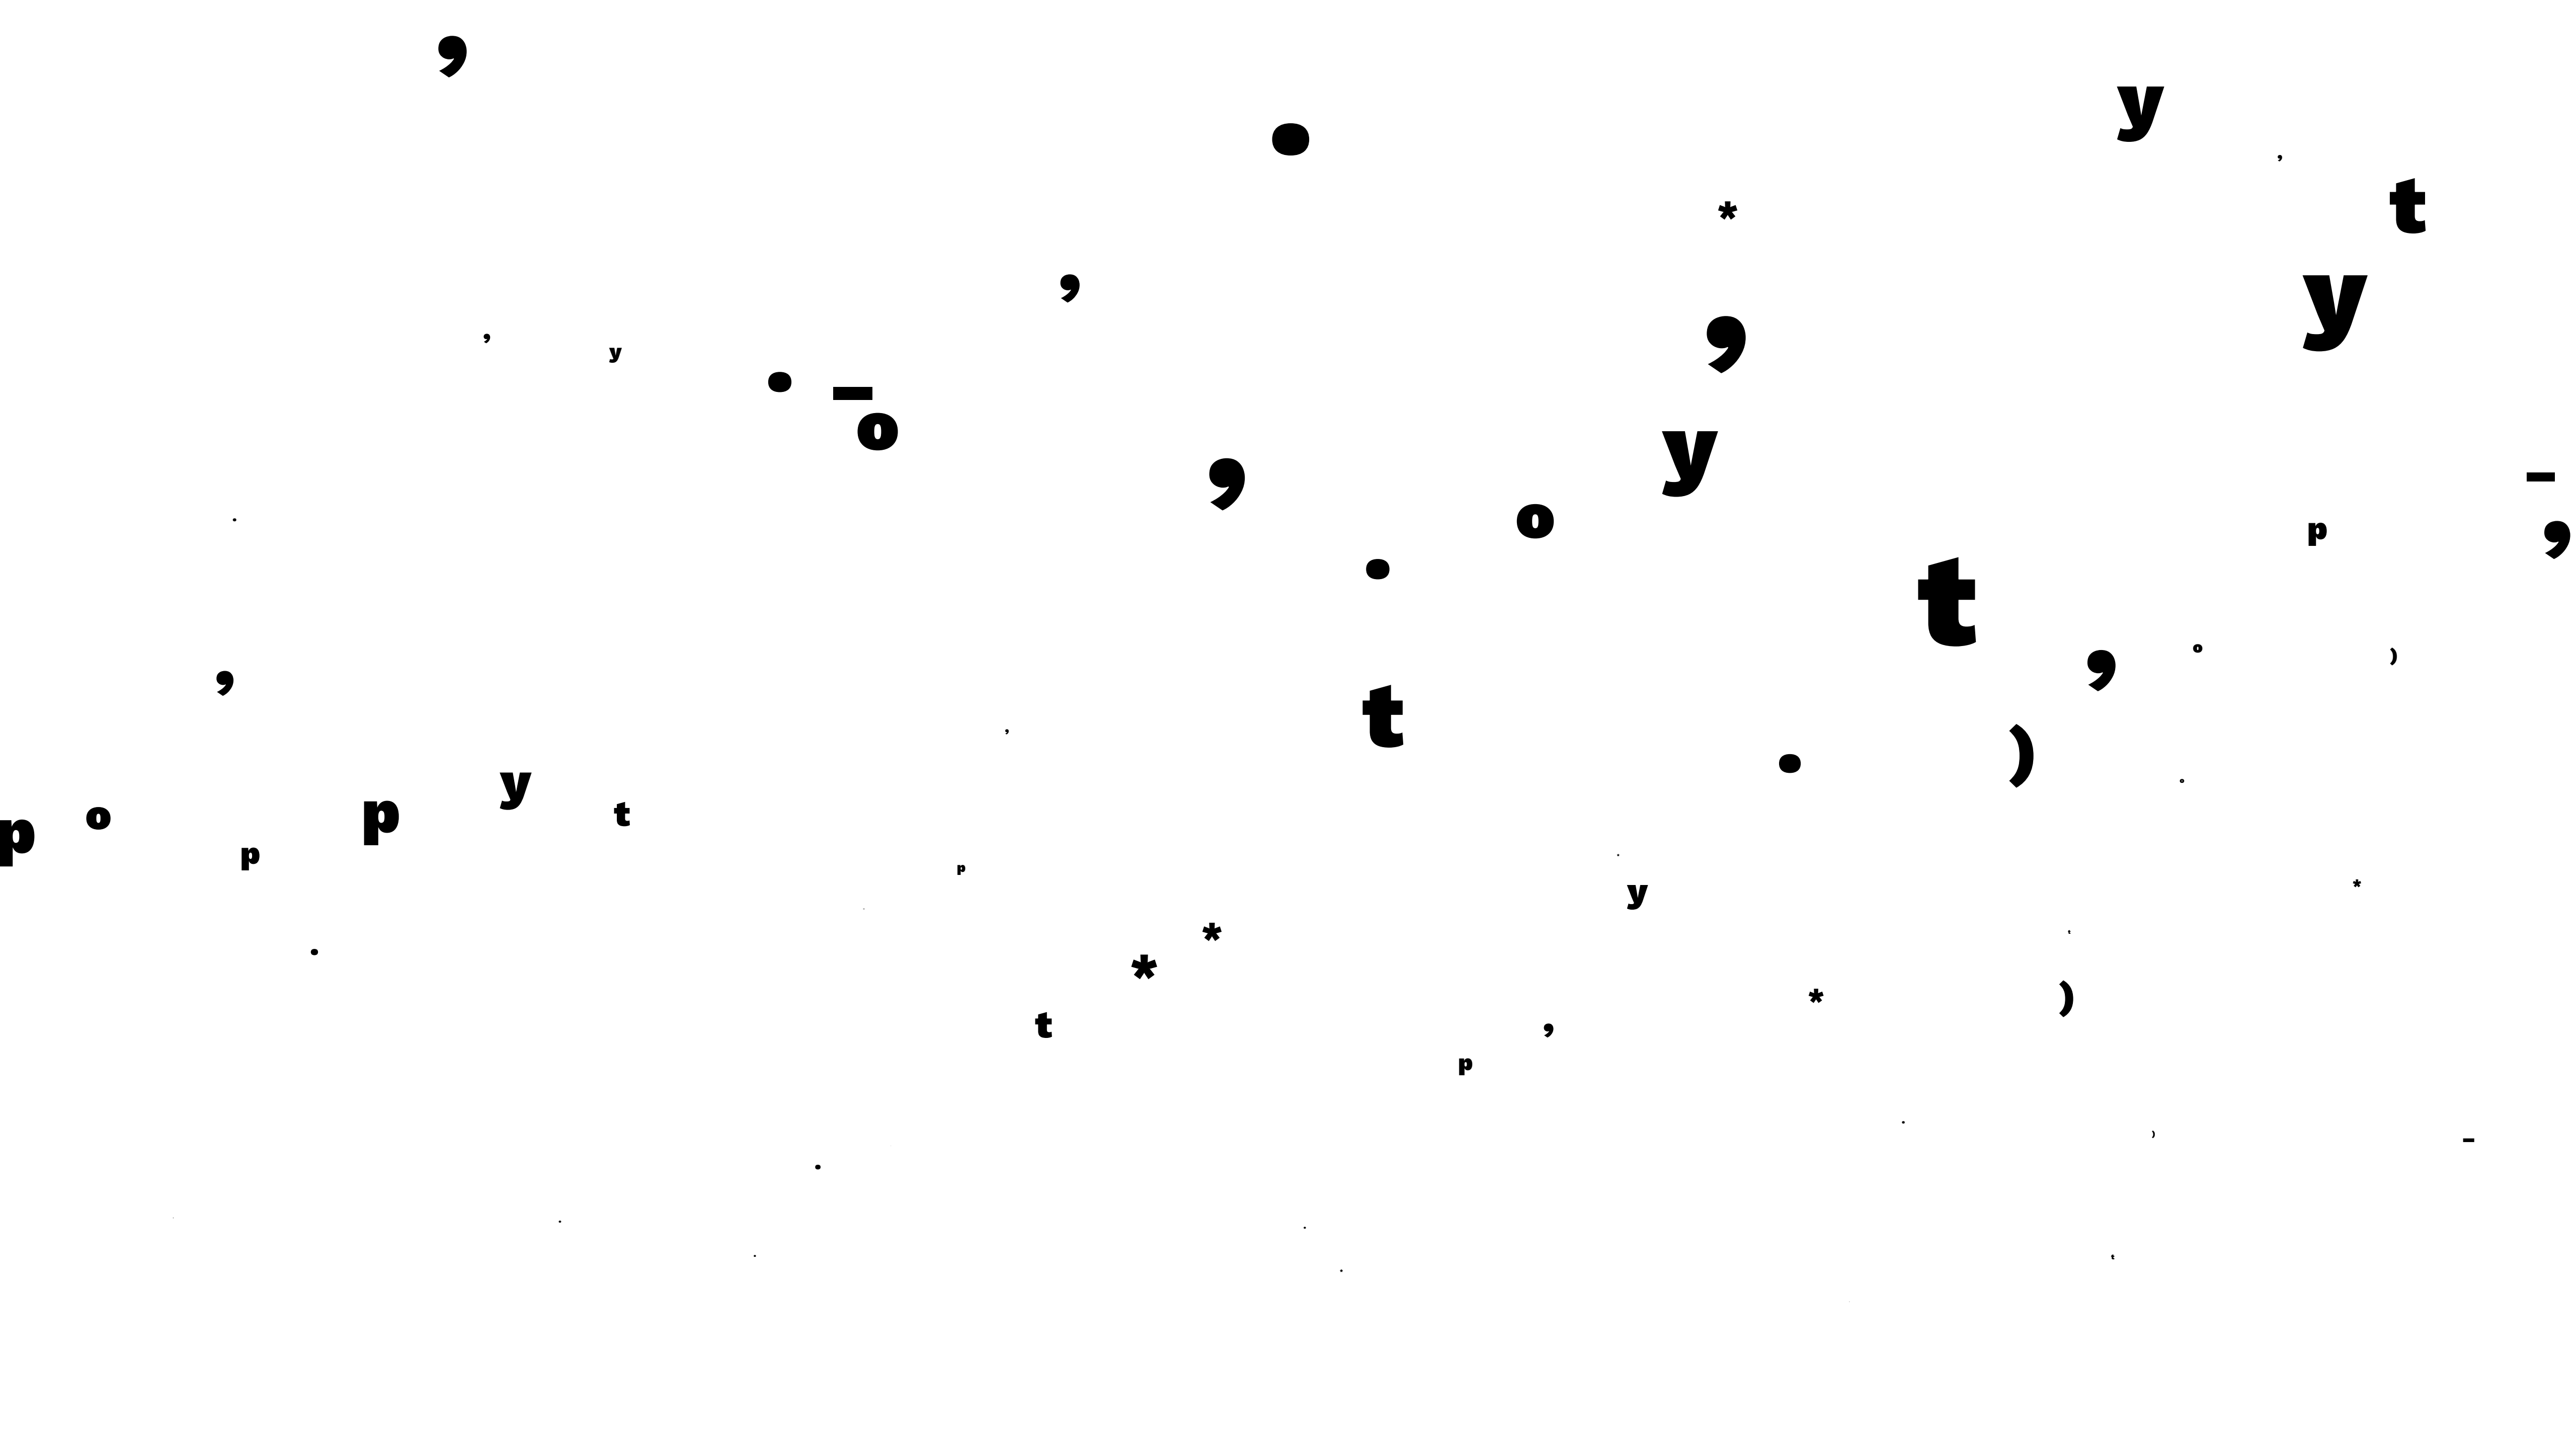

A collection of various black symbols and characters scattered on a white background. The symbols include punctuation marks like commas, parentheses, and hyphens, as well as letters like 'y', 't', 'p', and 'o'. There are also mathematical symbols like a minus sign and an asterisk, and some less common characters like a tilde and a degree symbol. The symbols are of different sizes and are distributed across the entire image area.

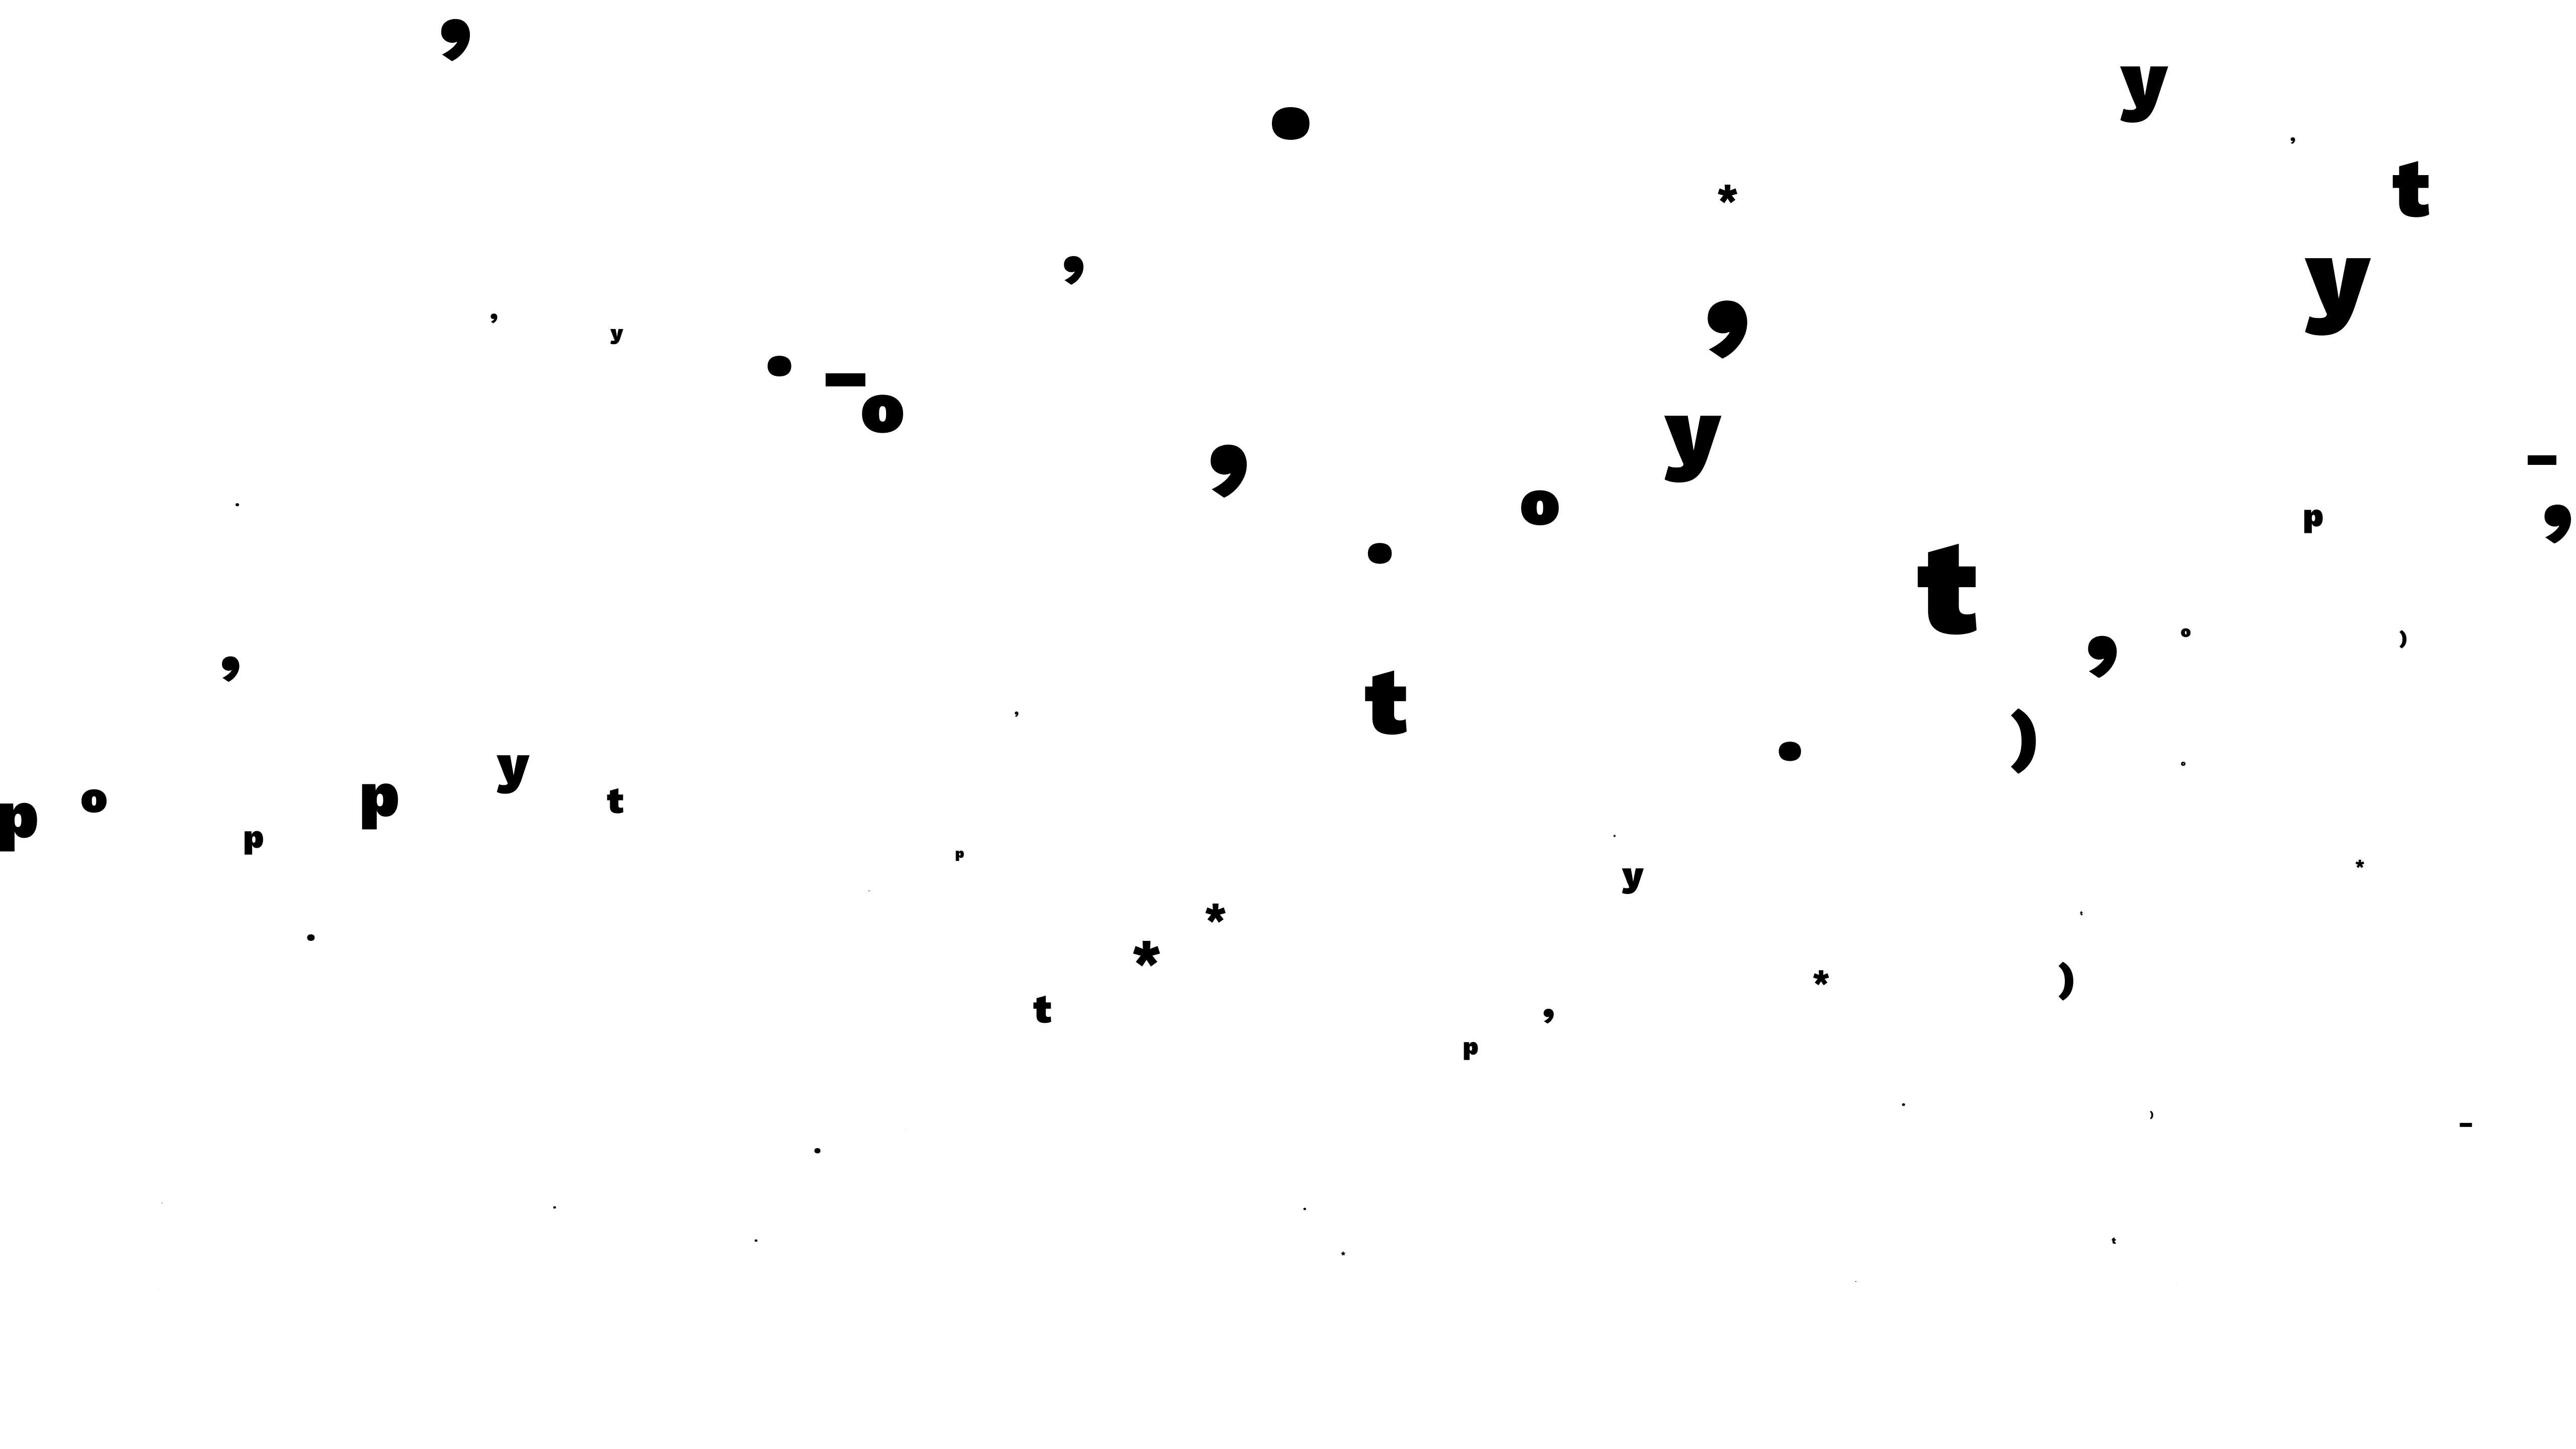

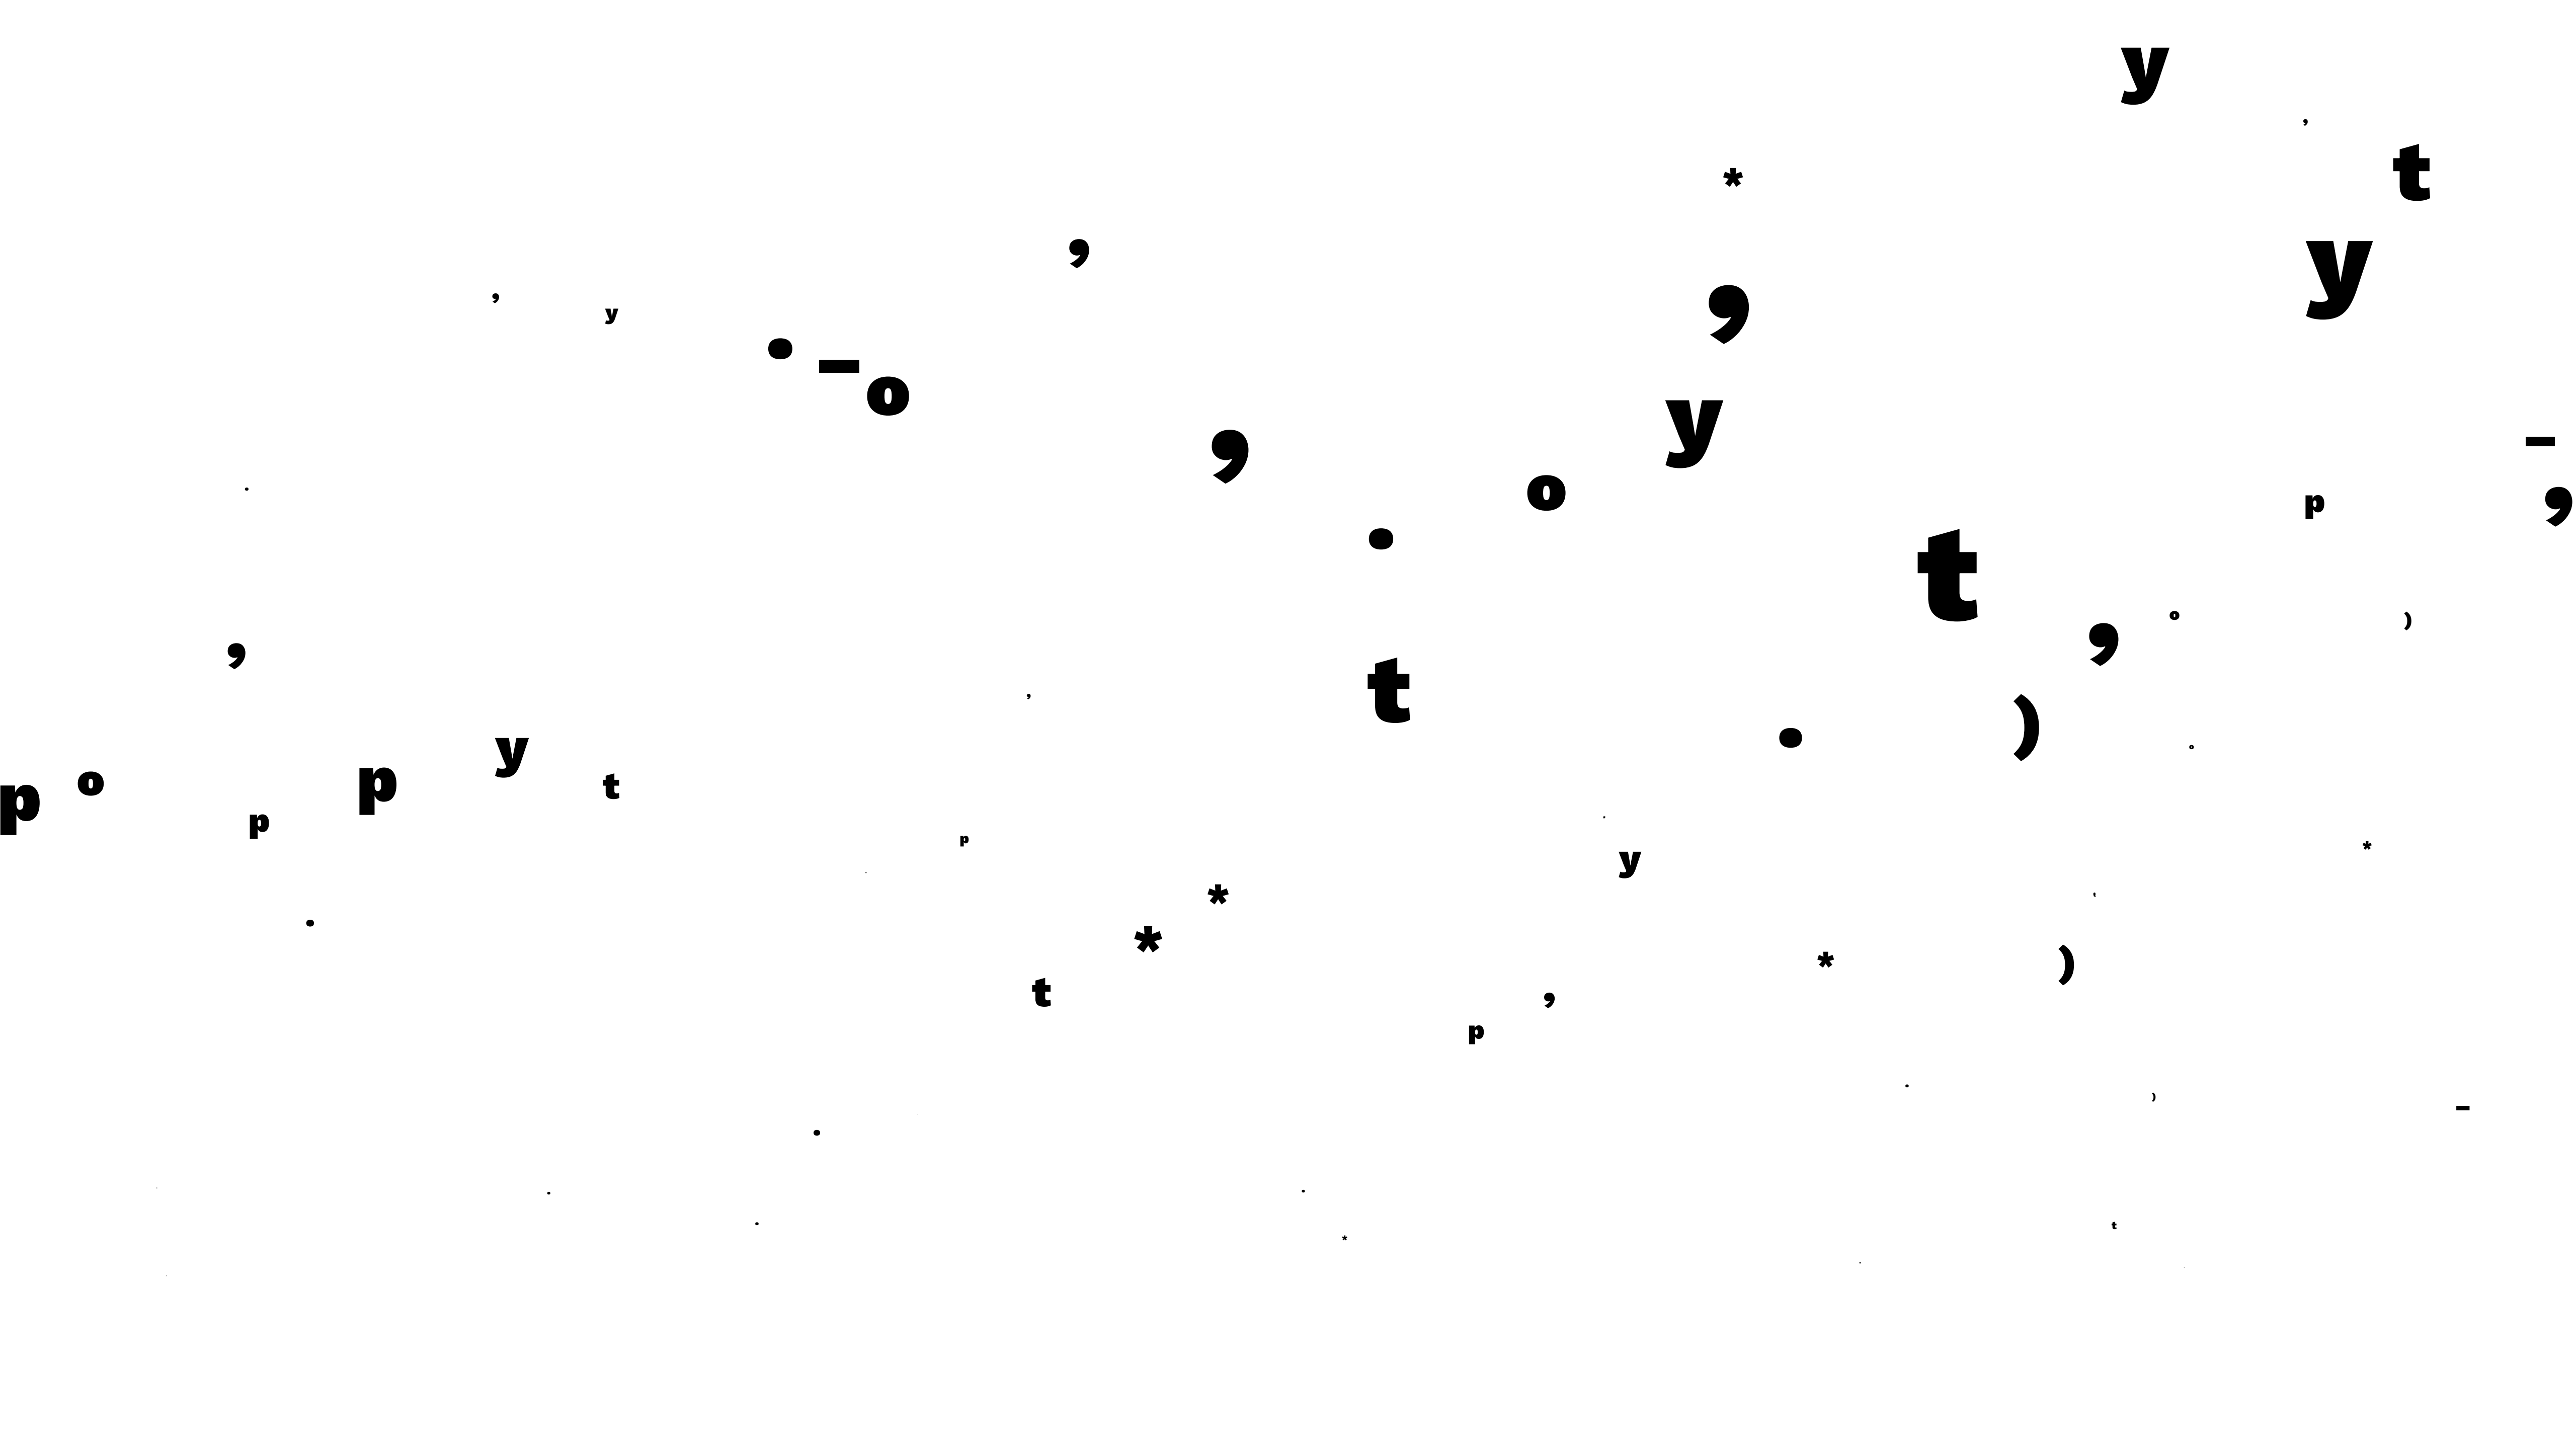

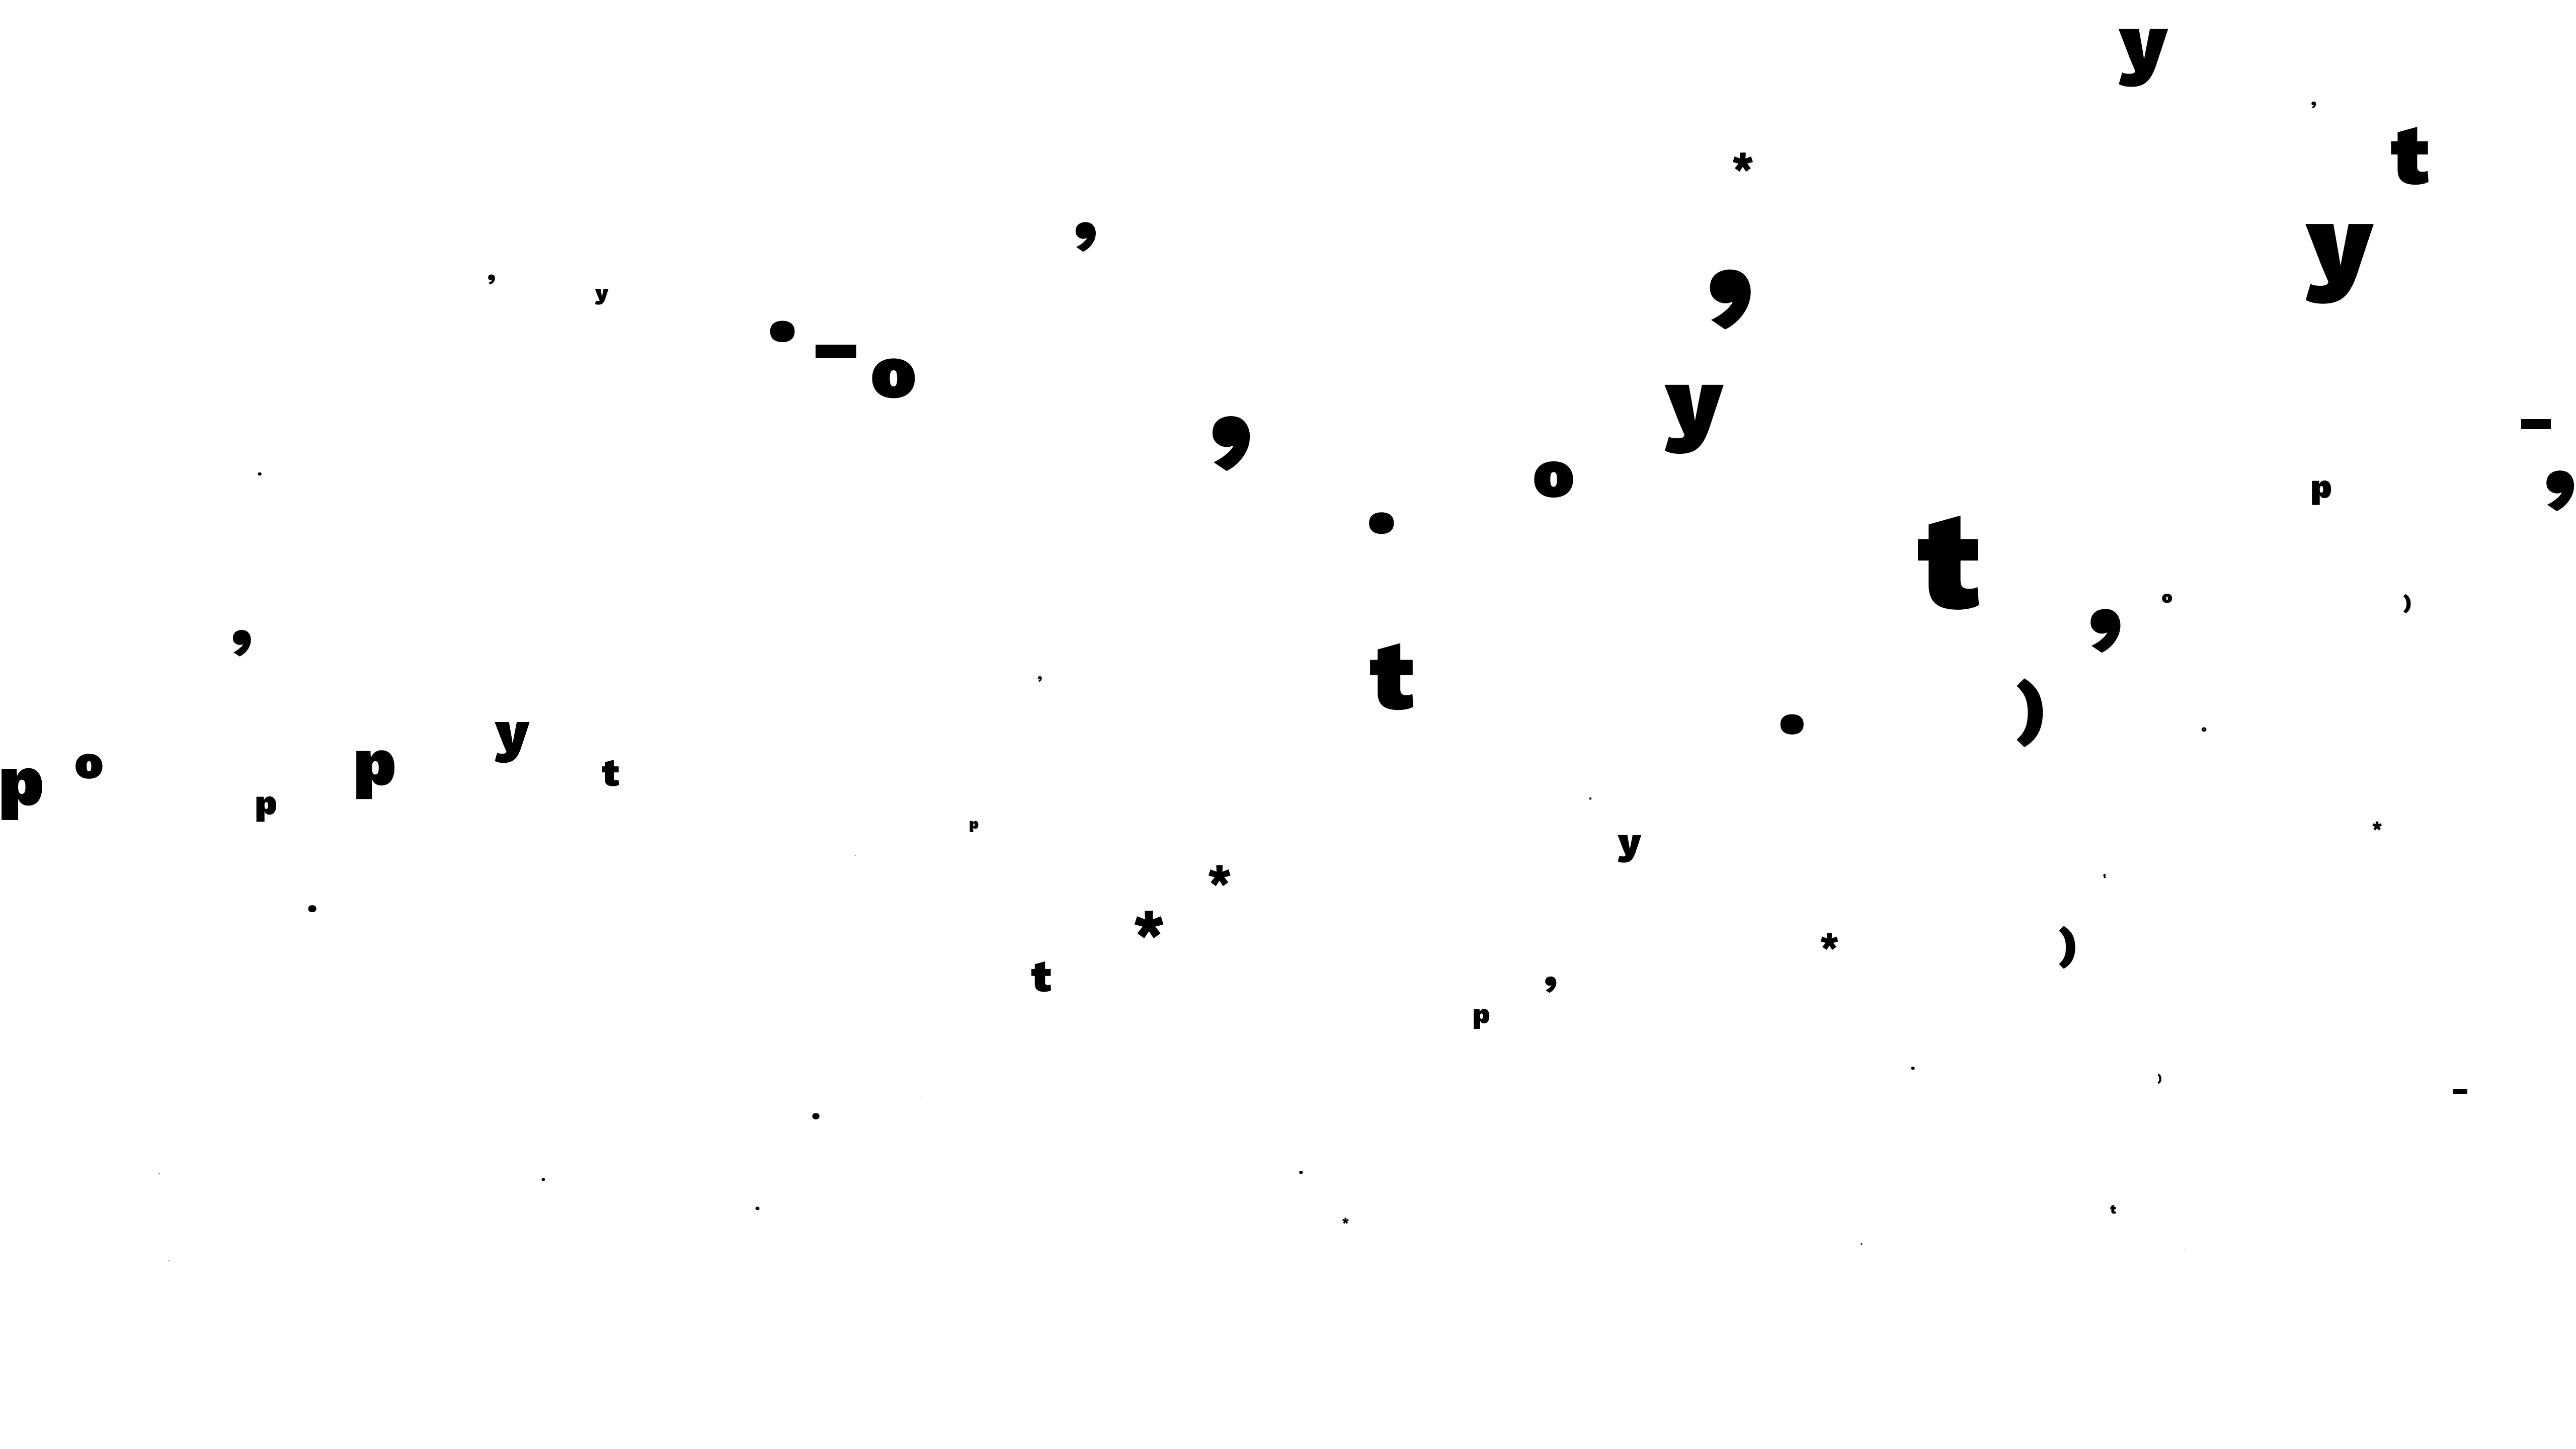

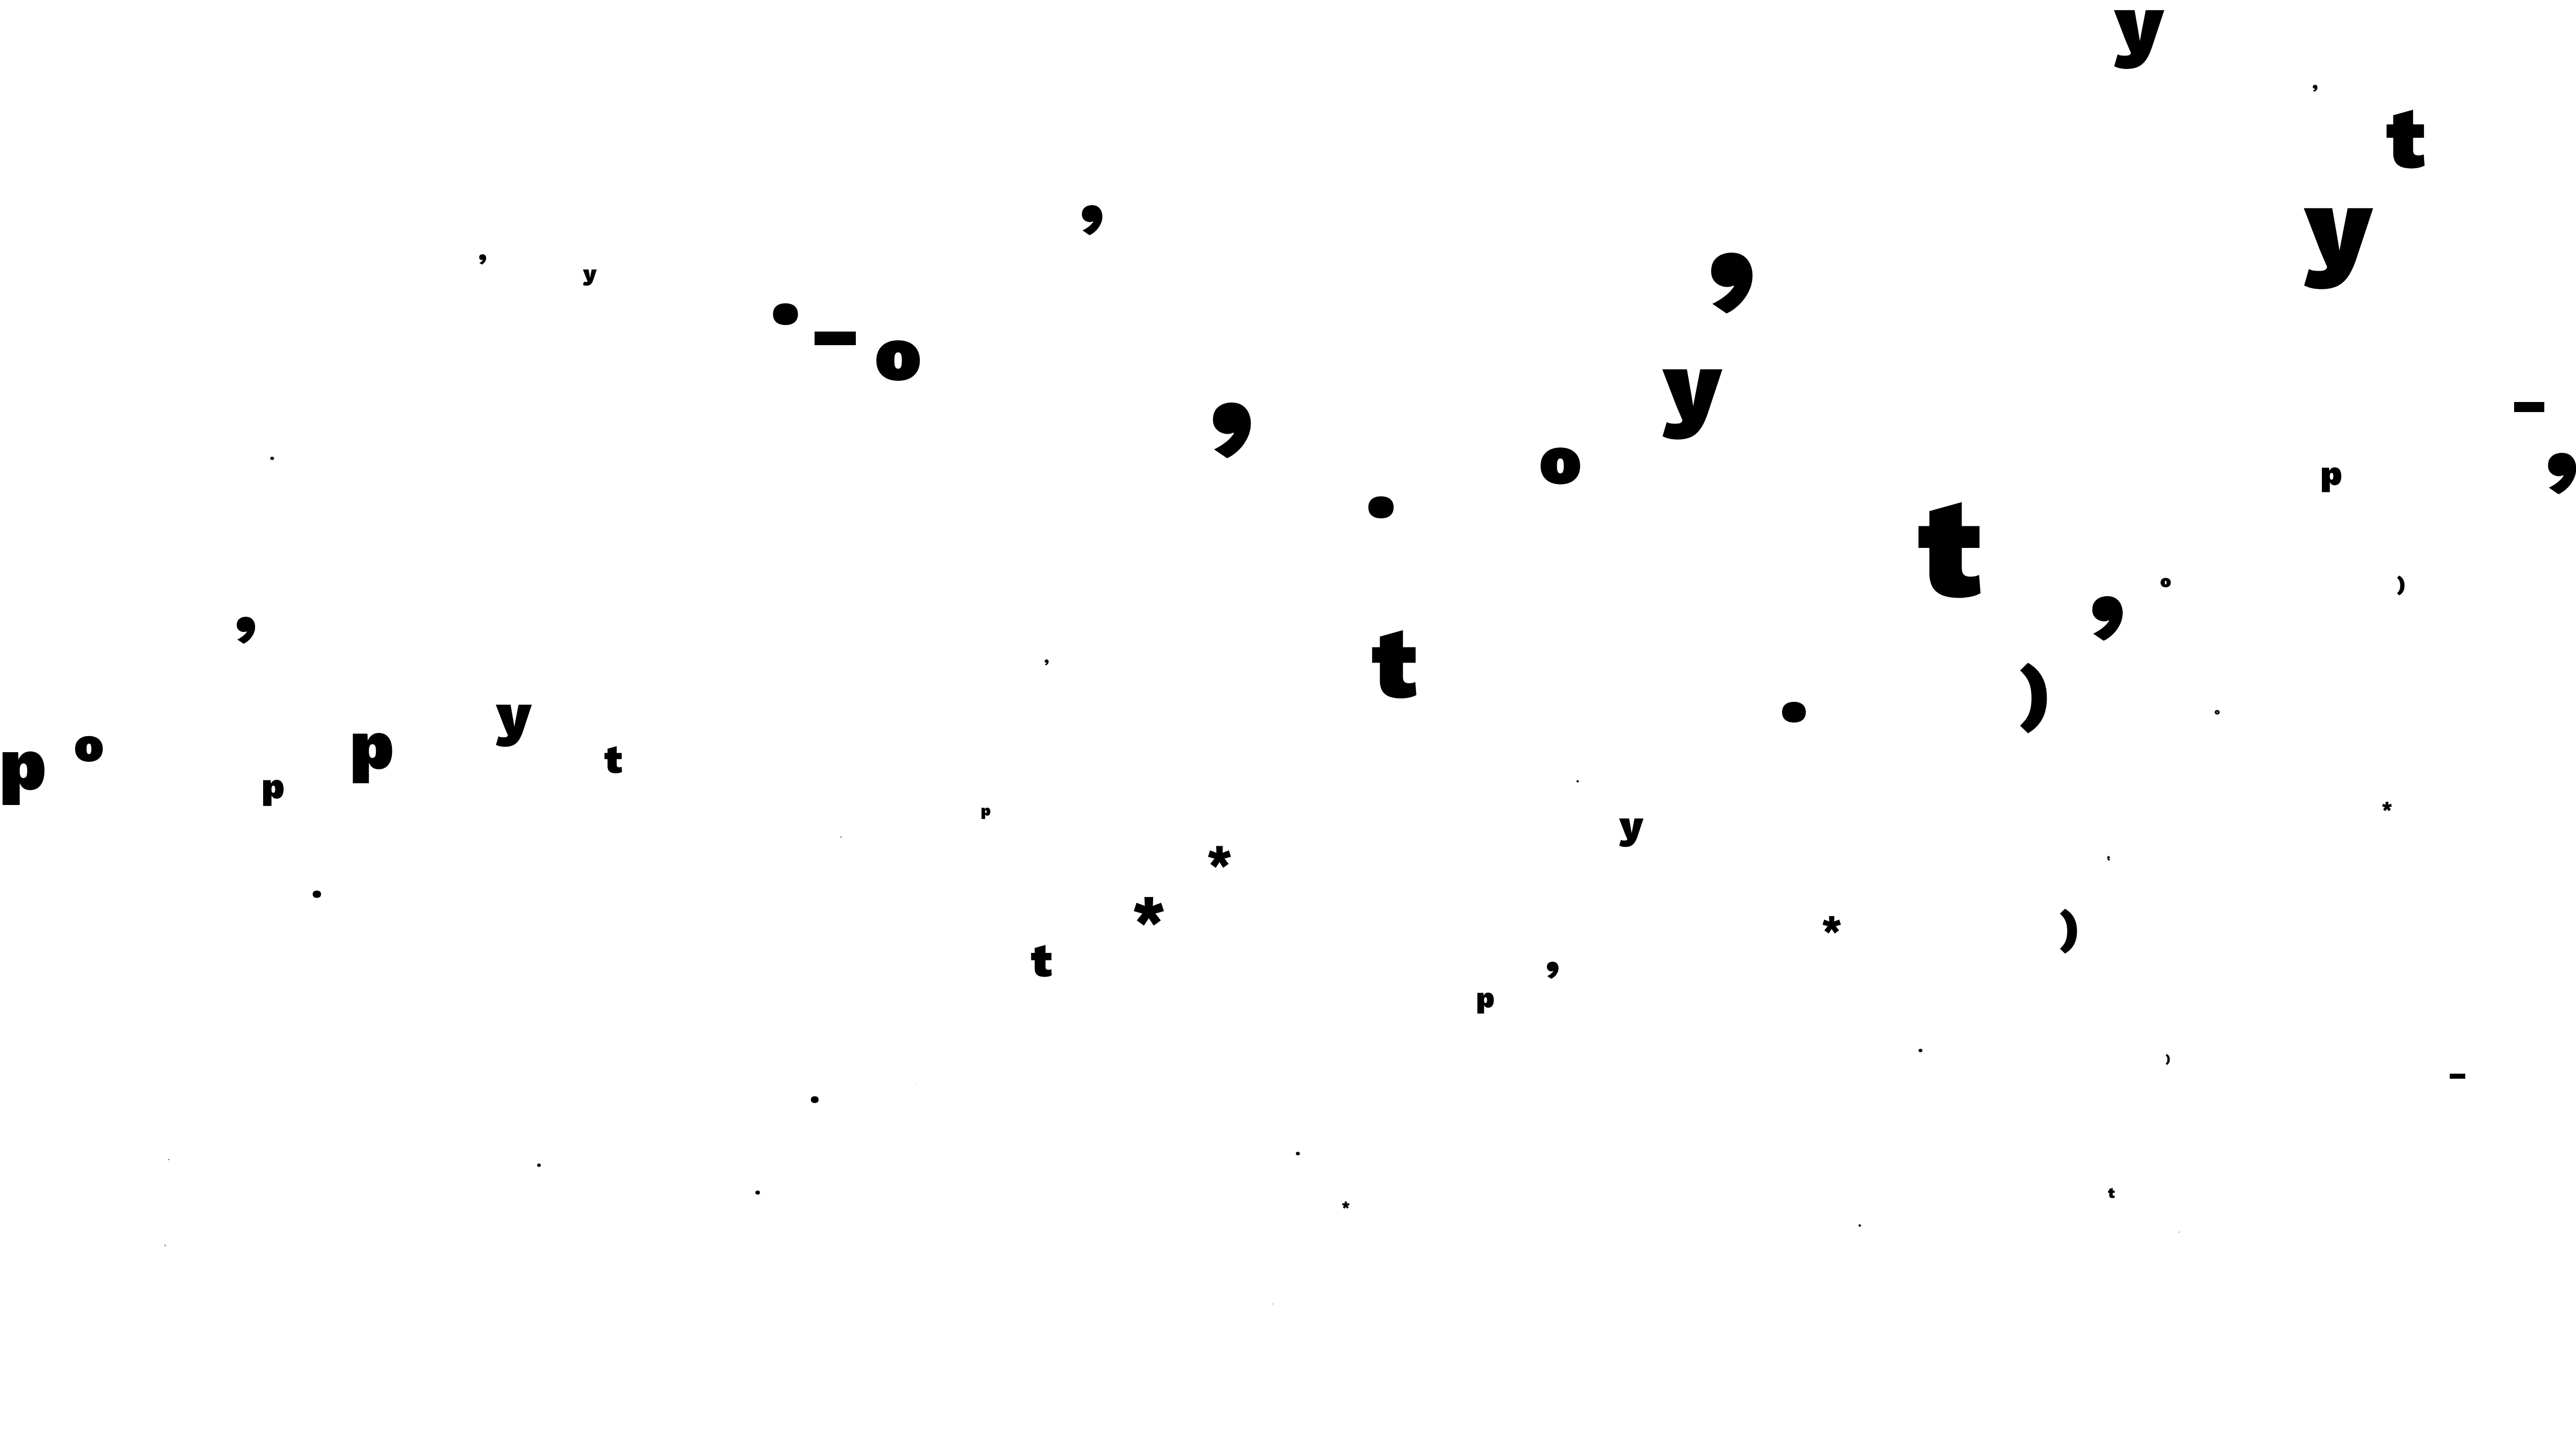

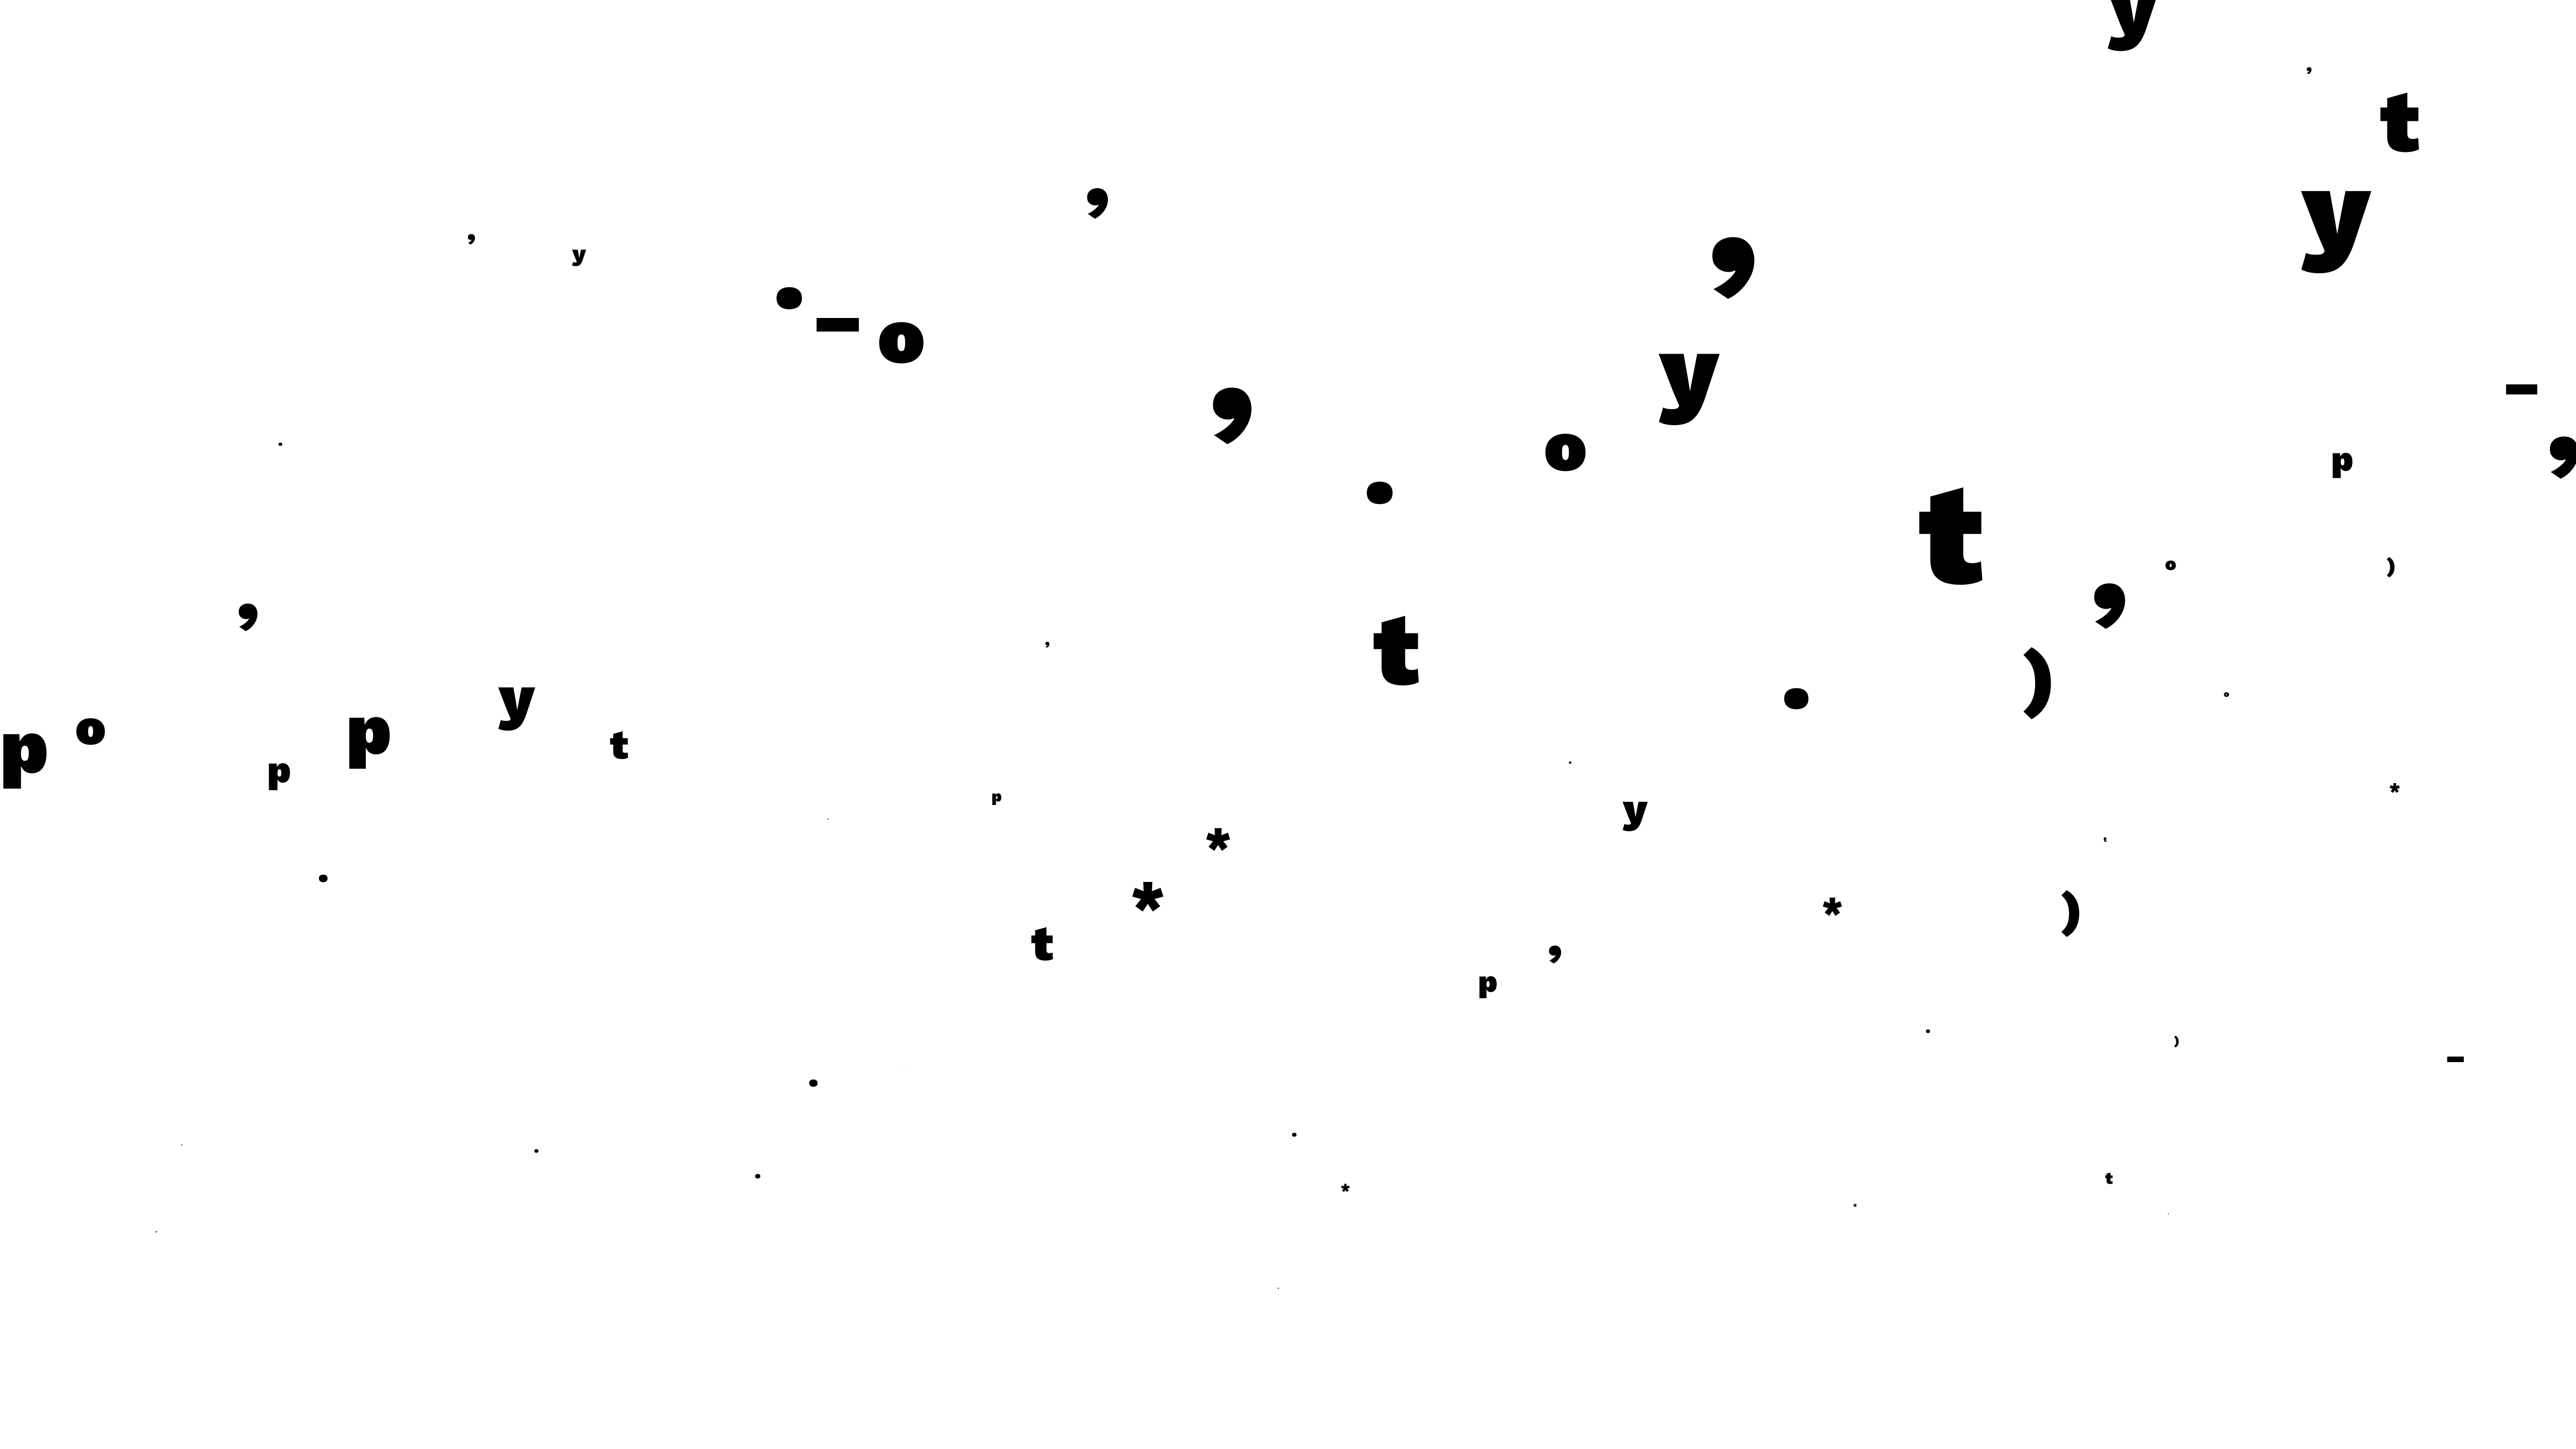

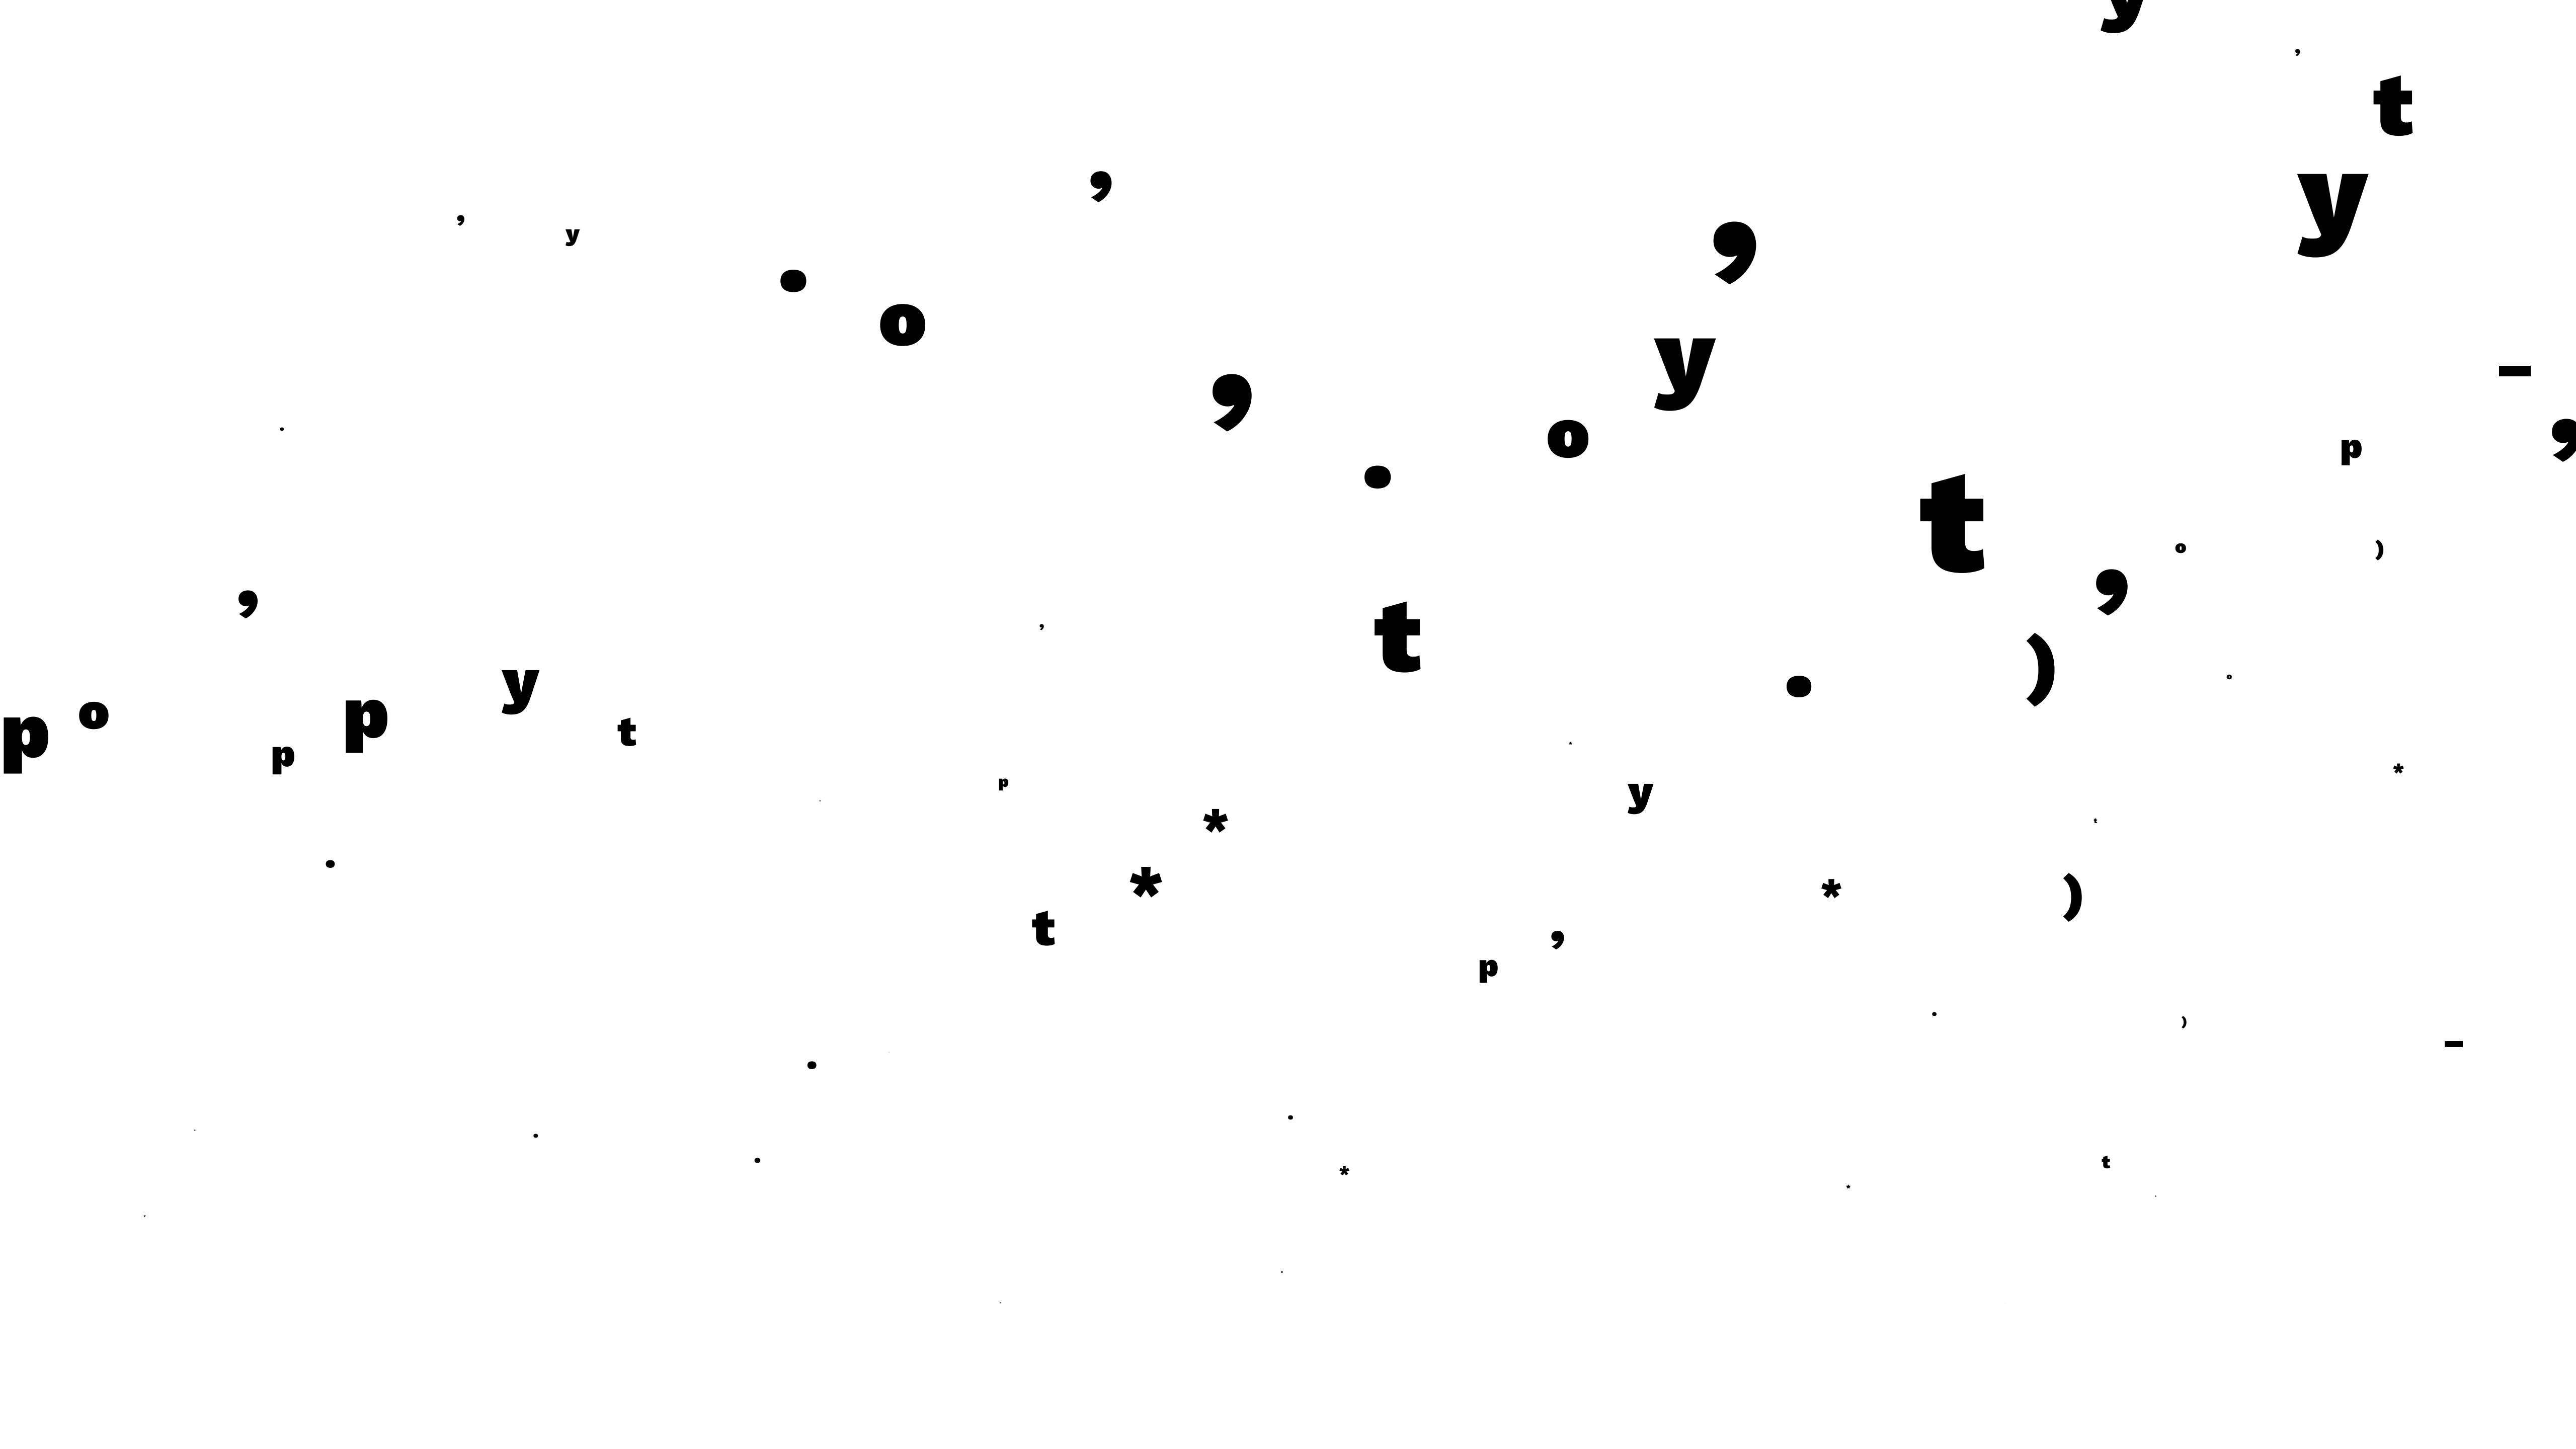

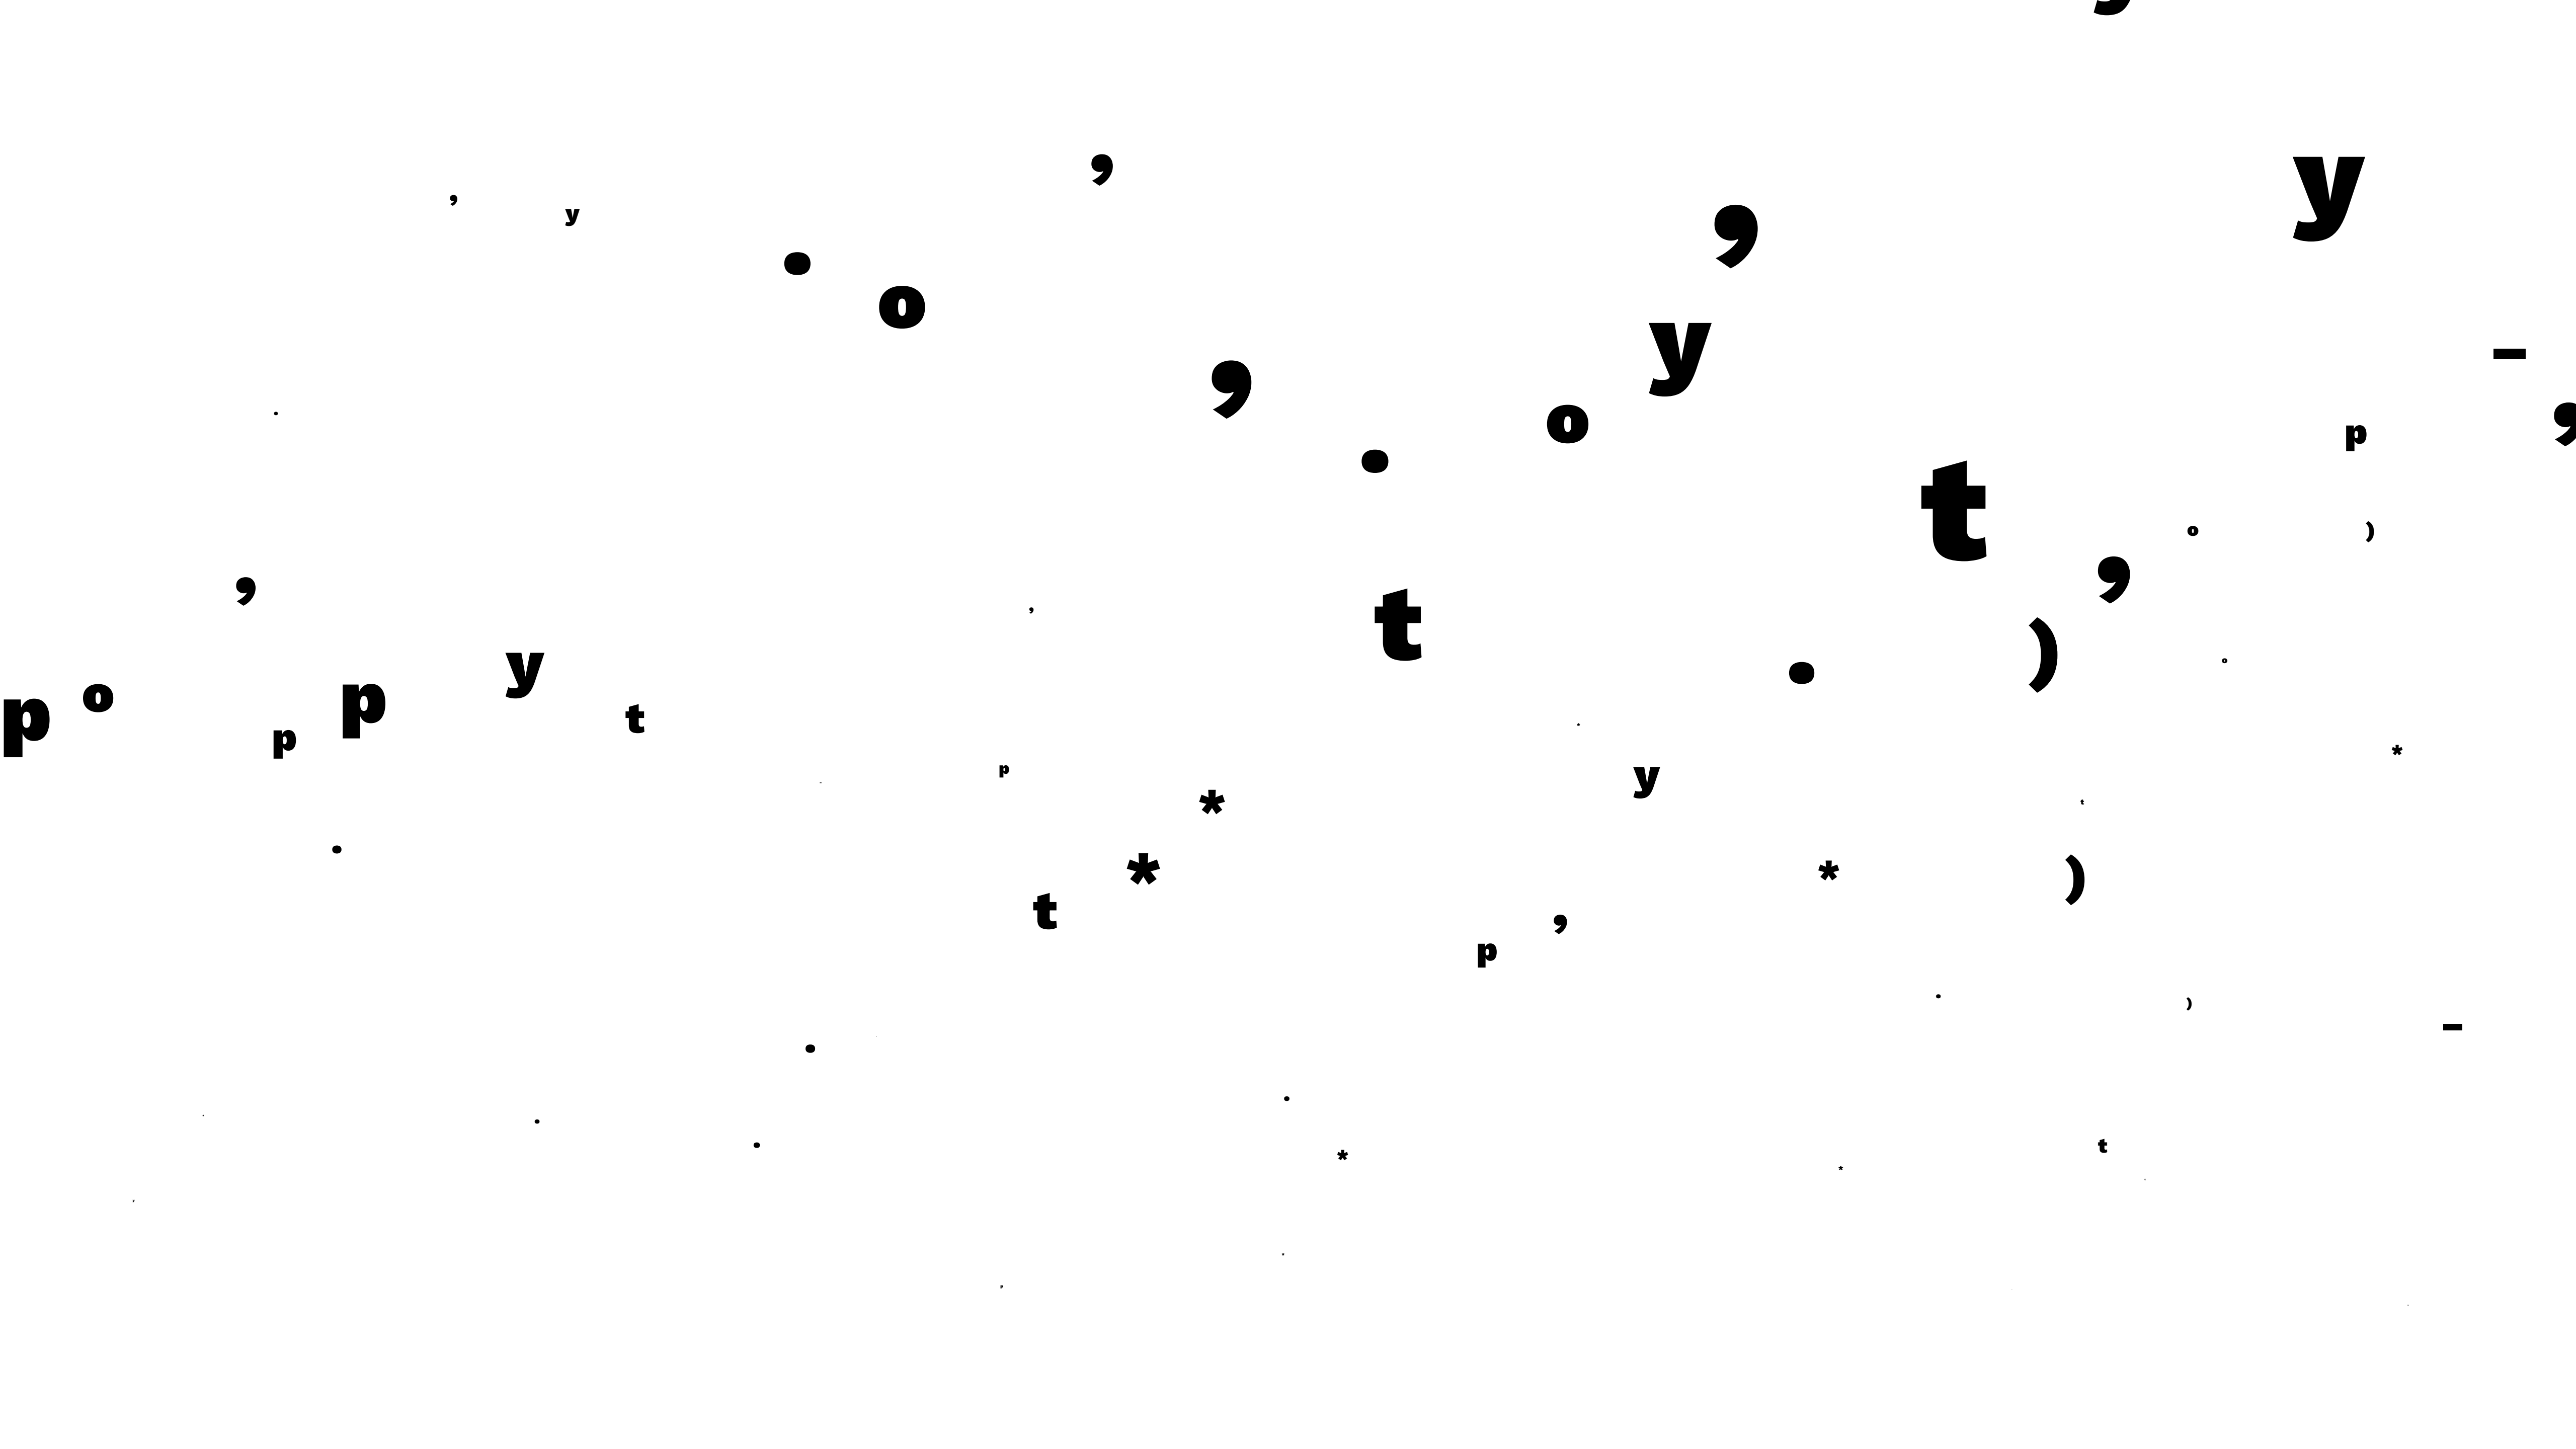

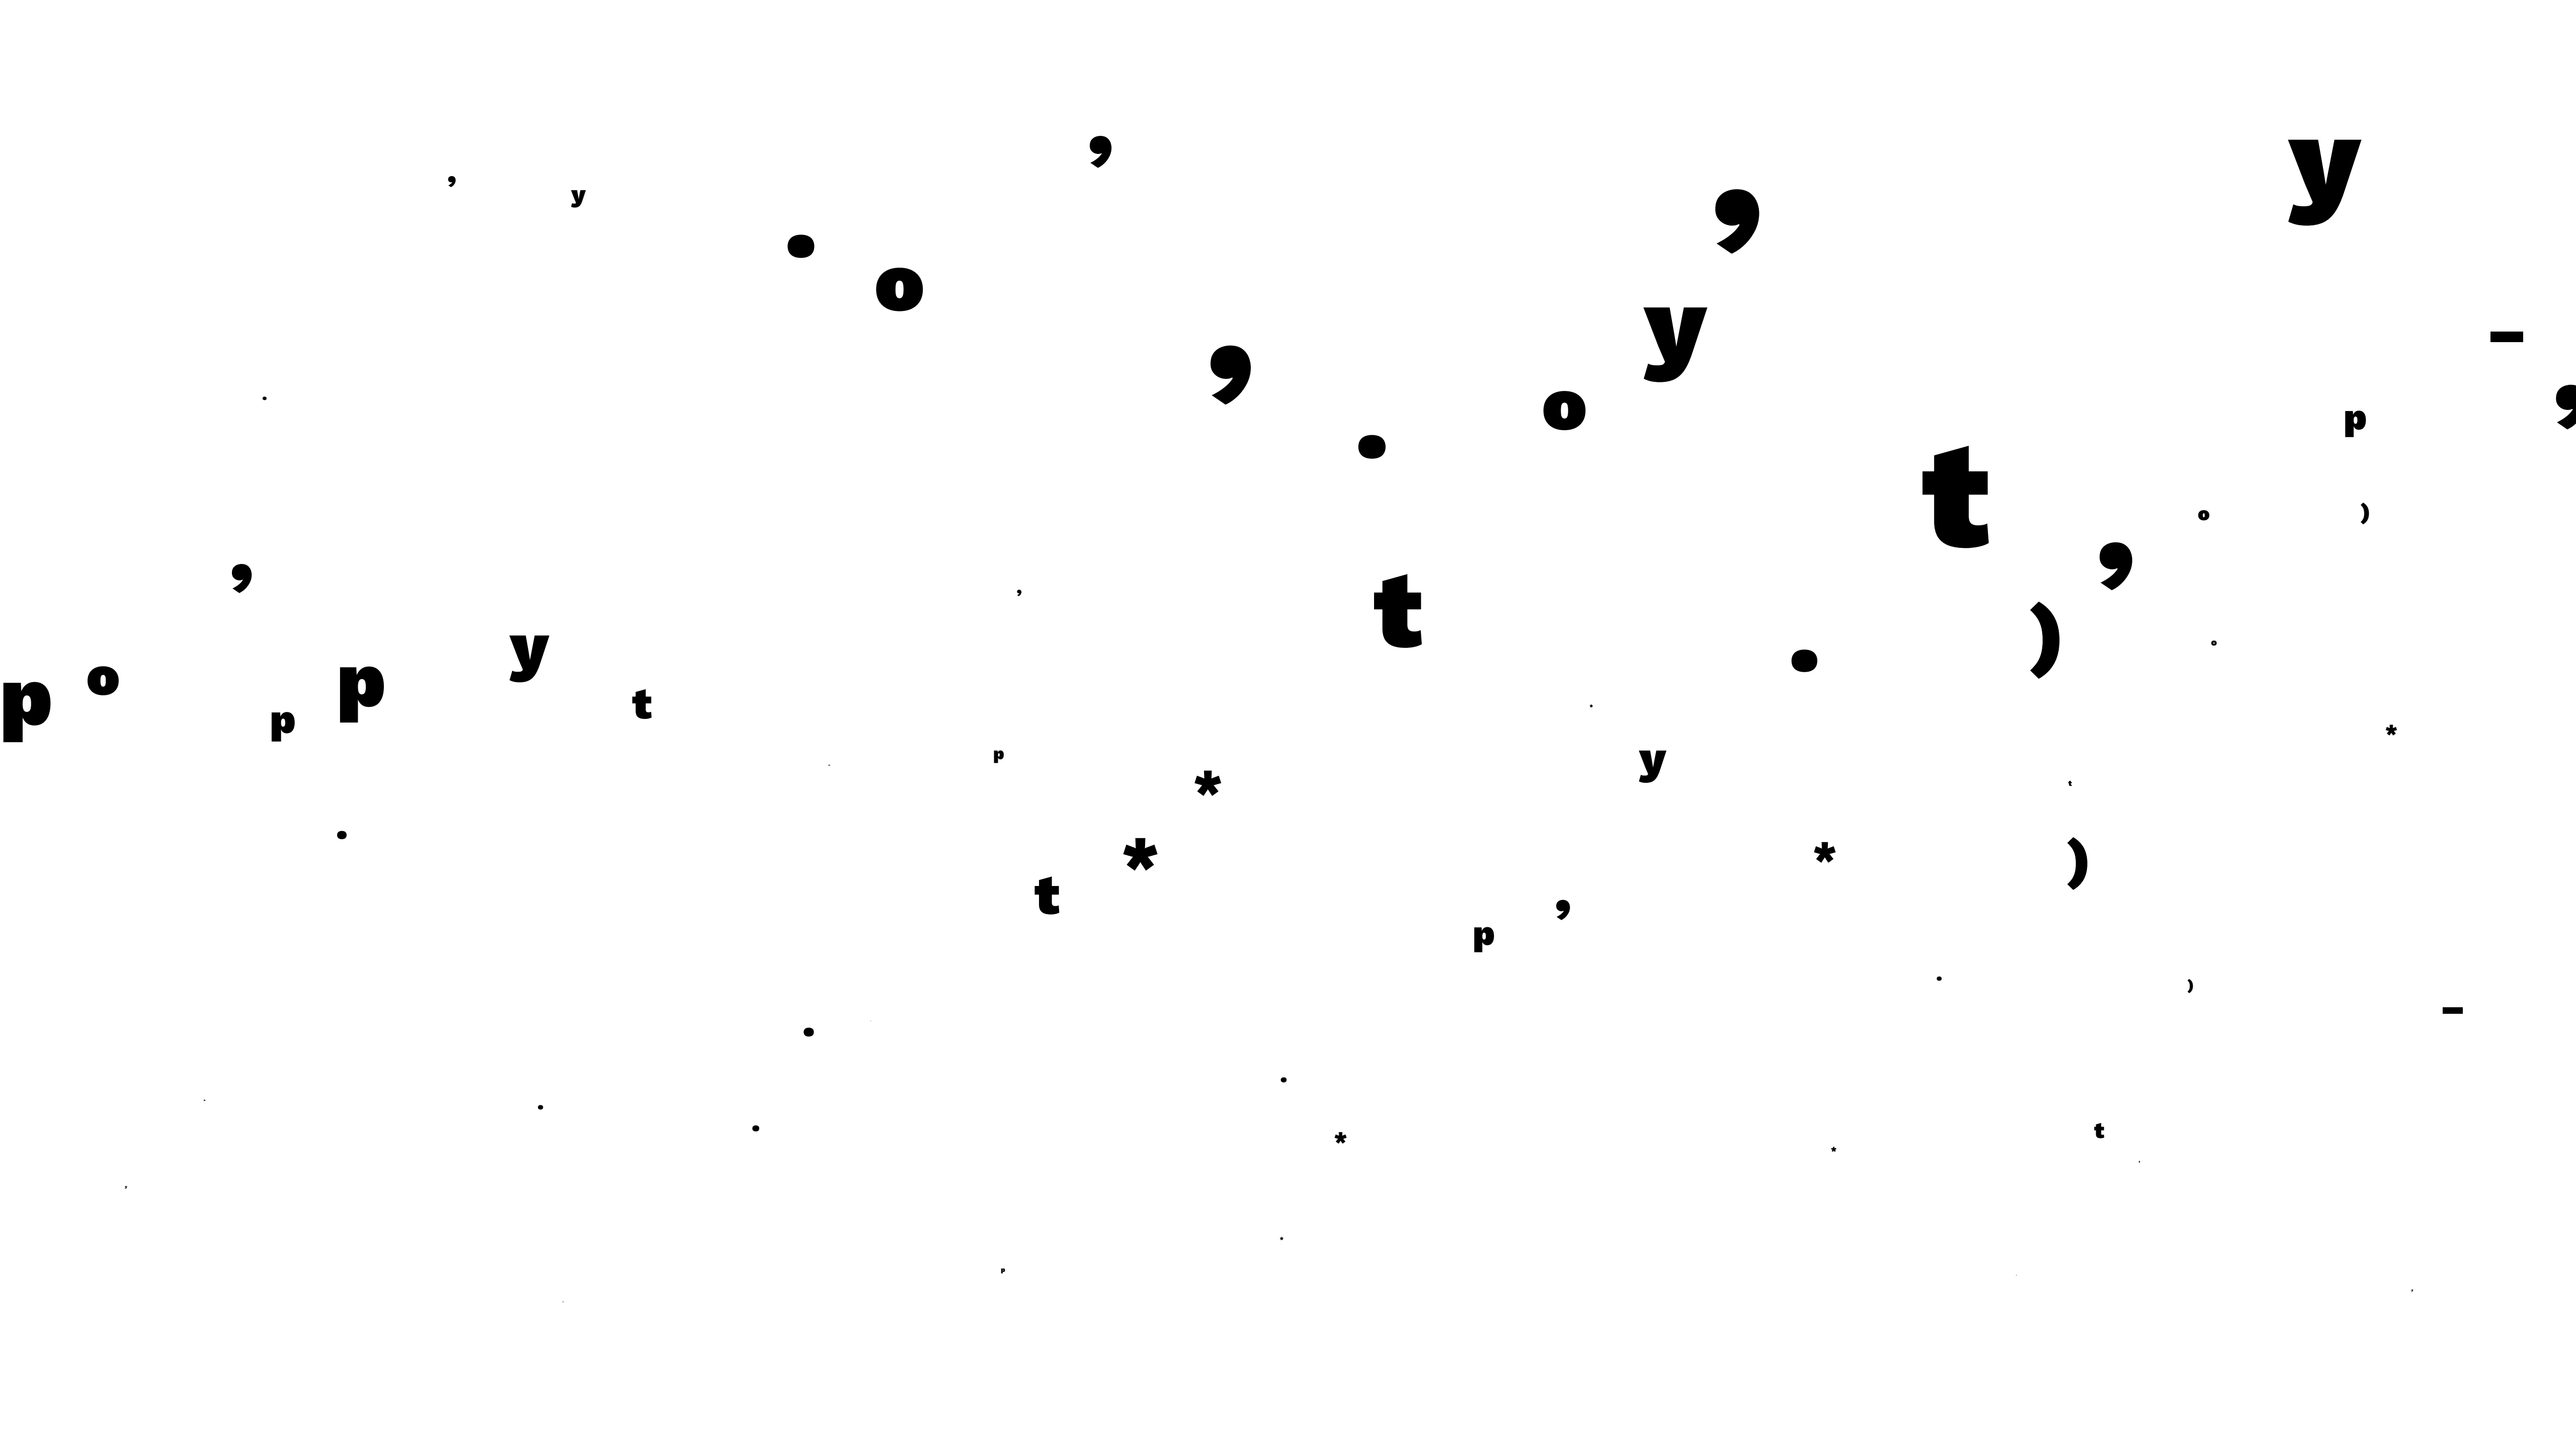

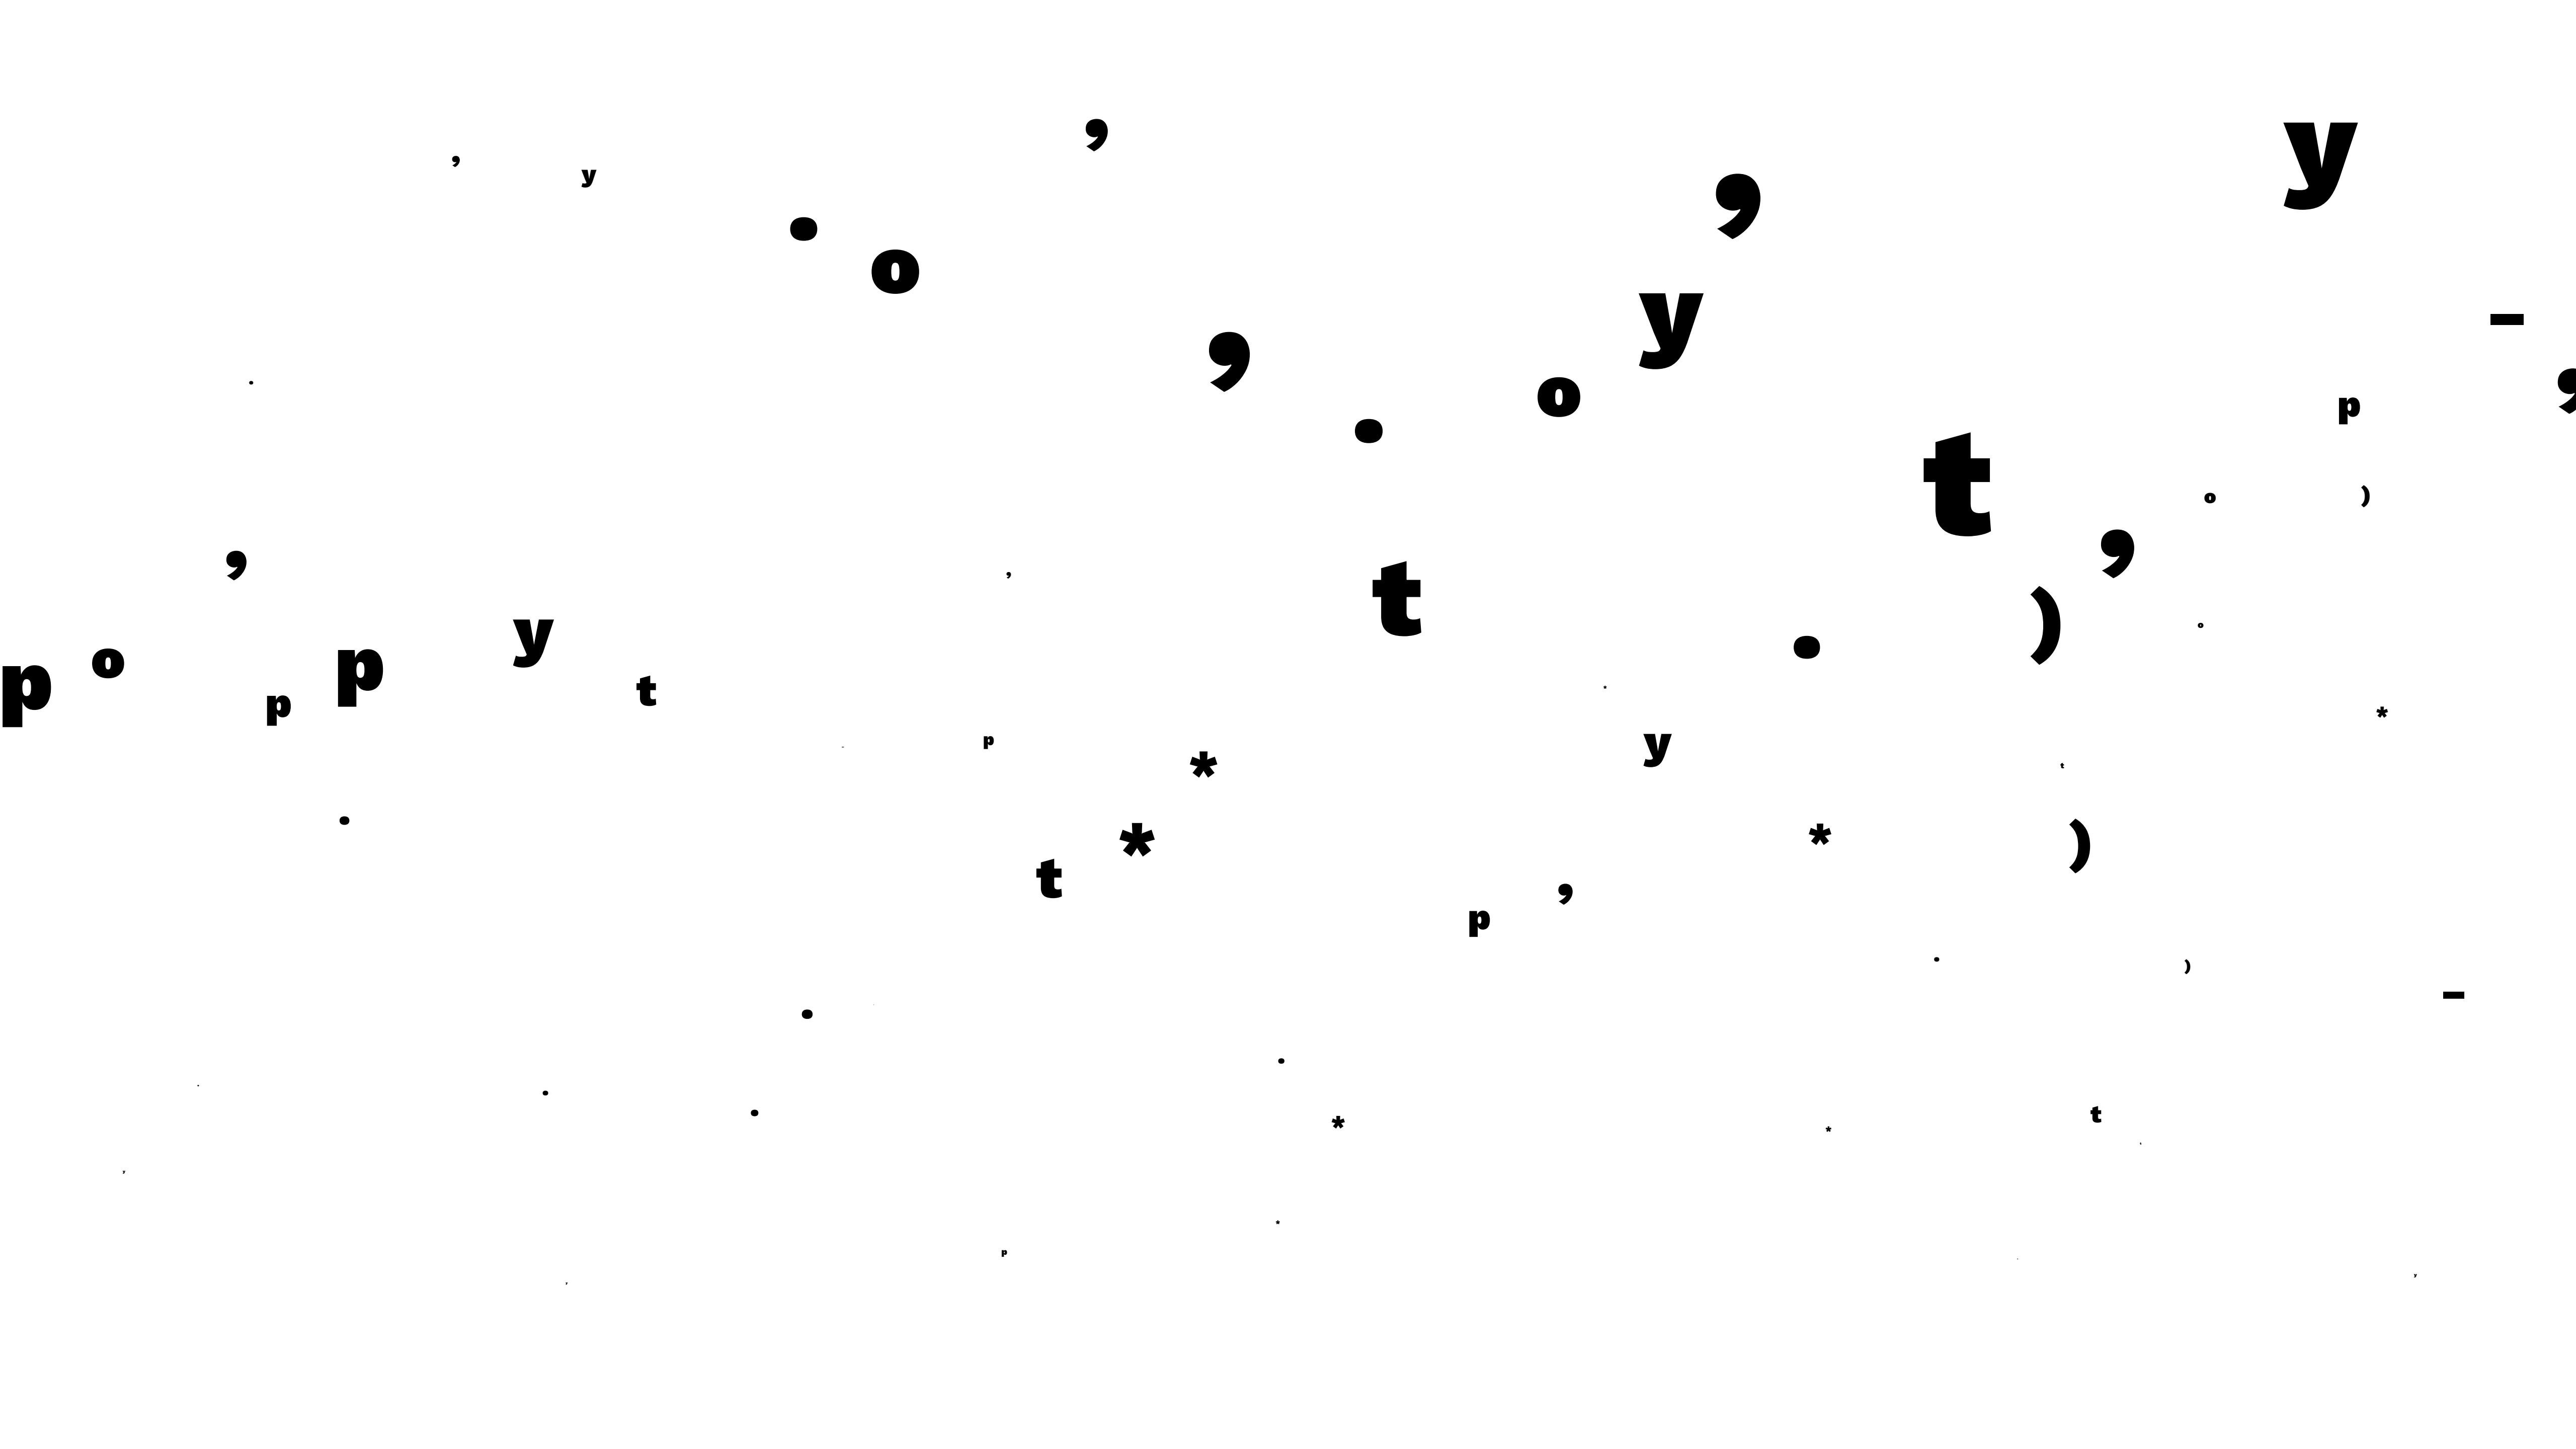

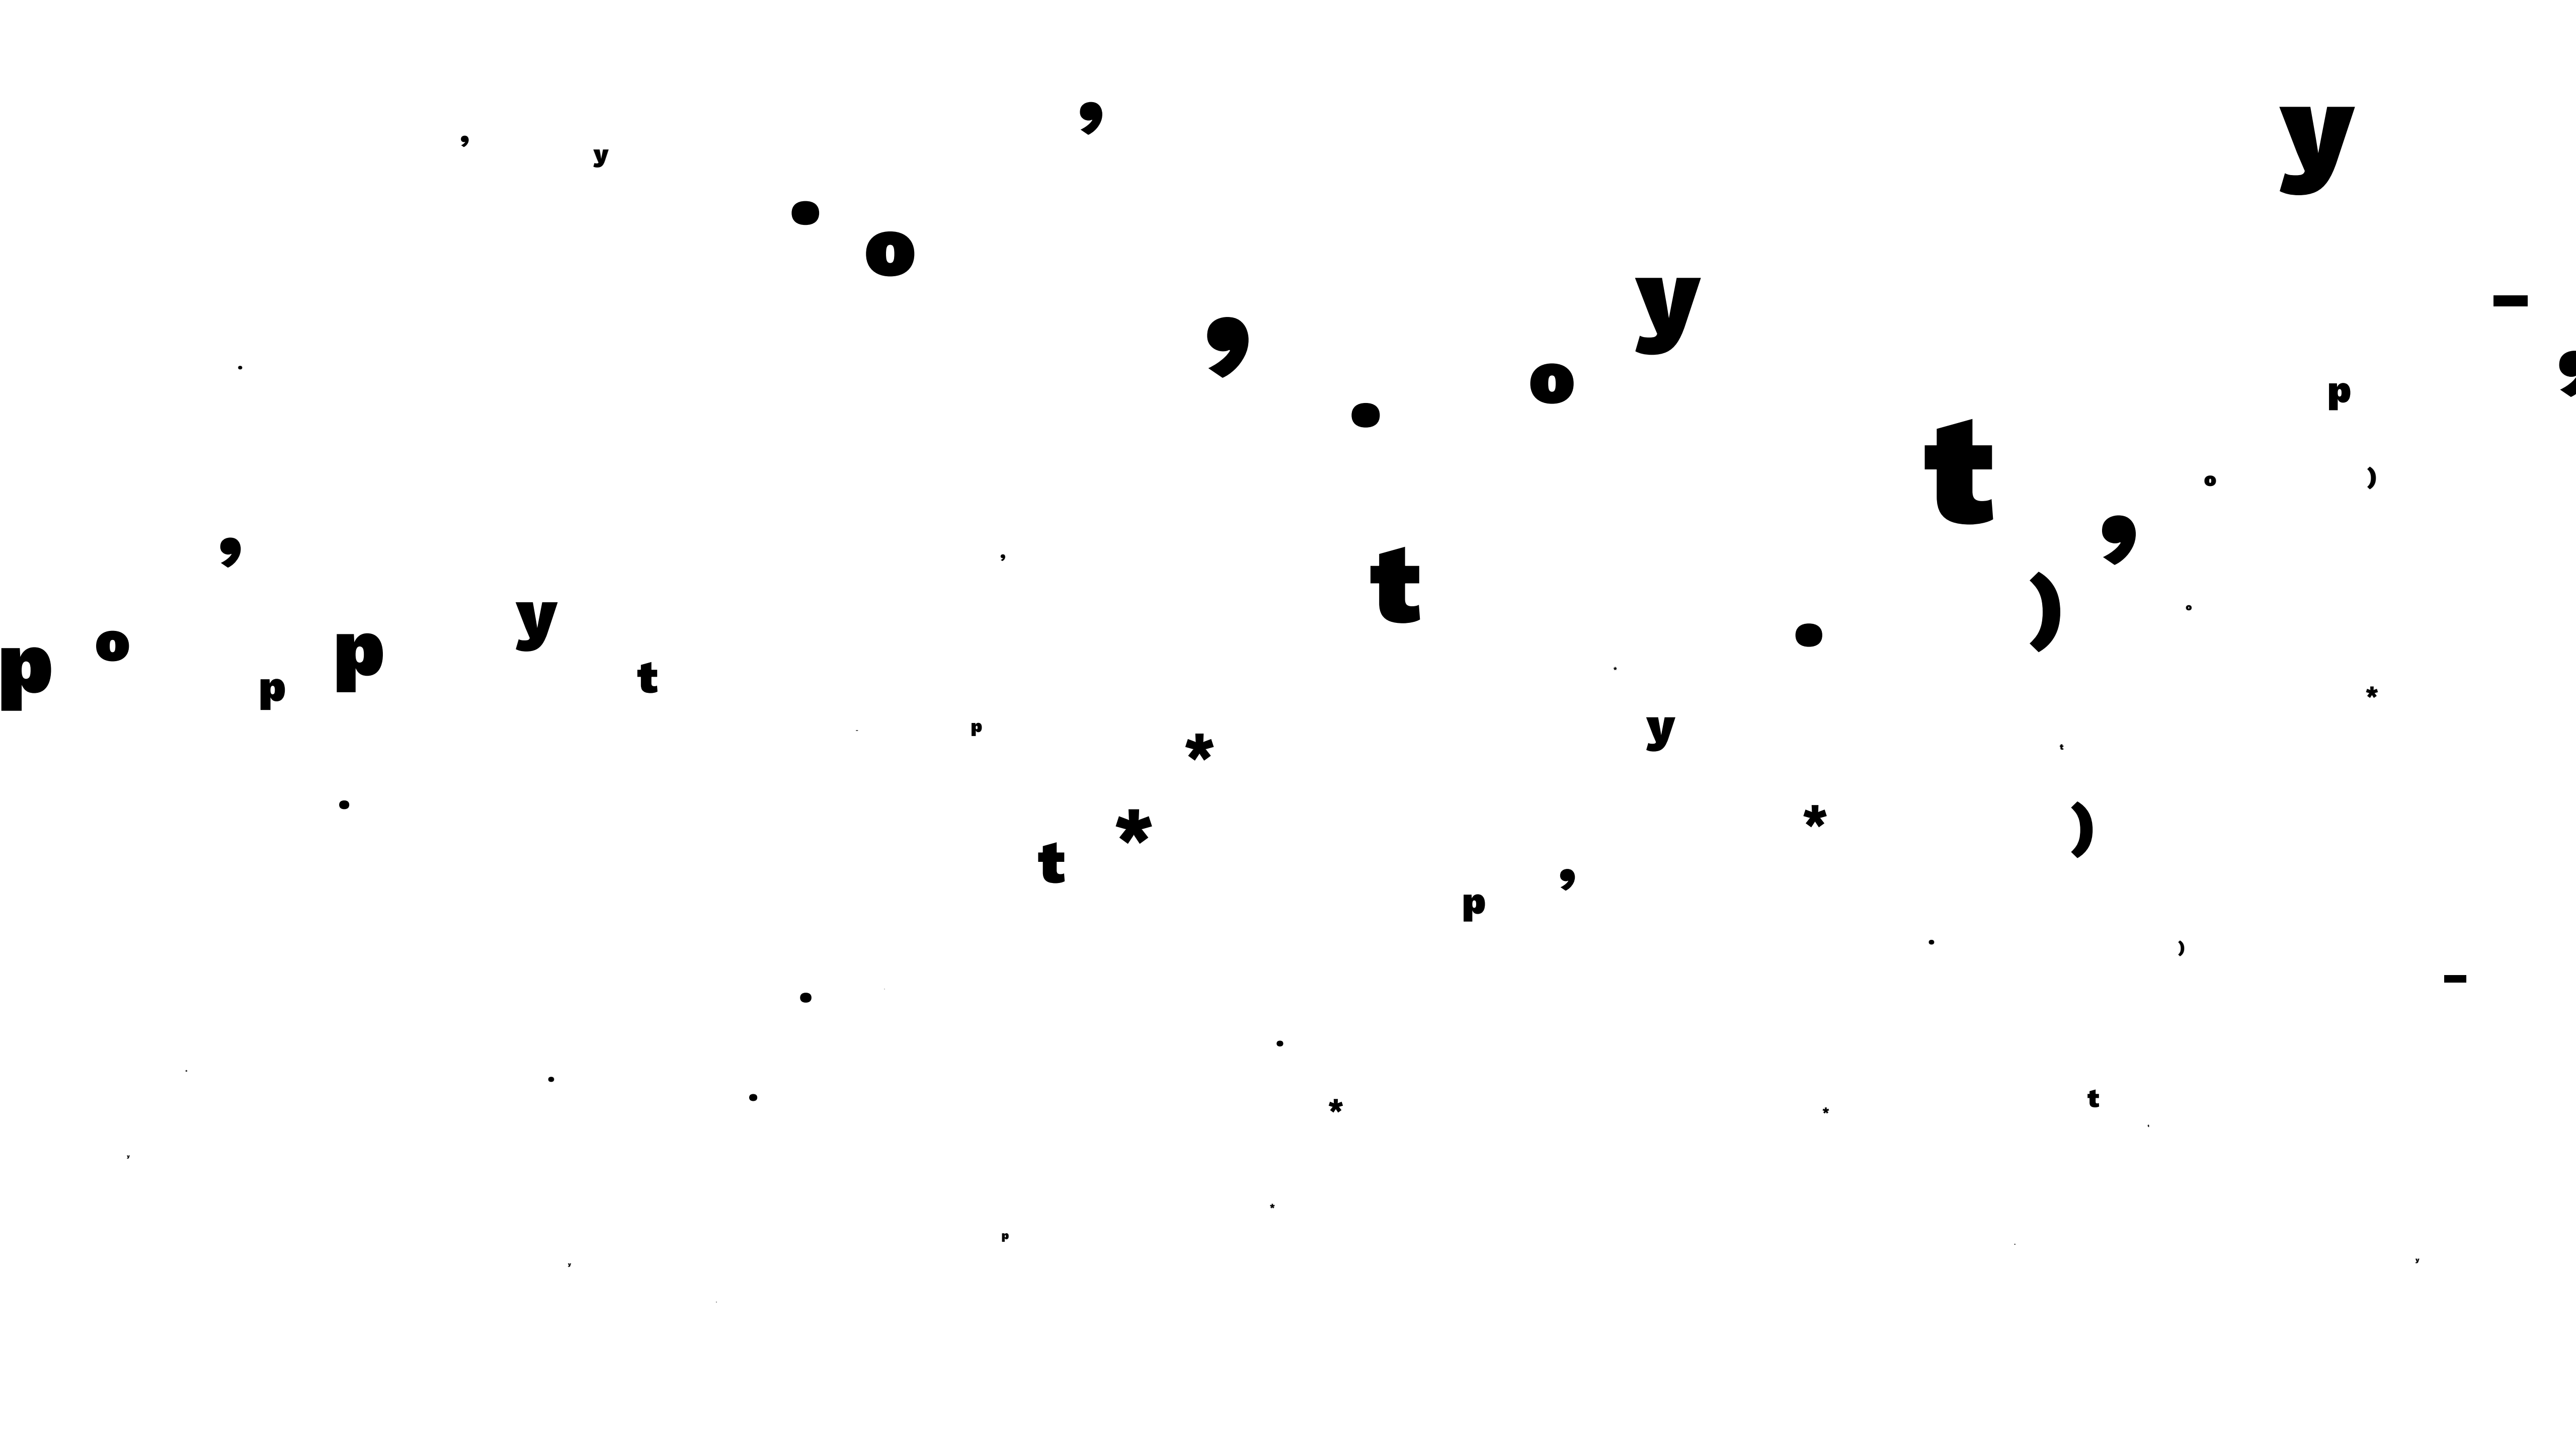

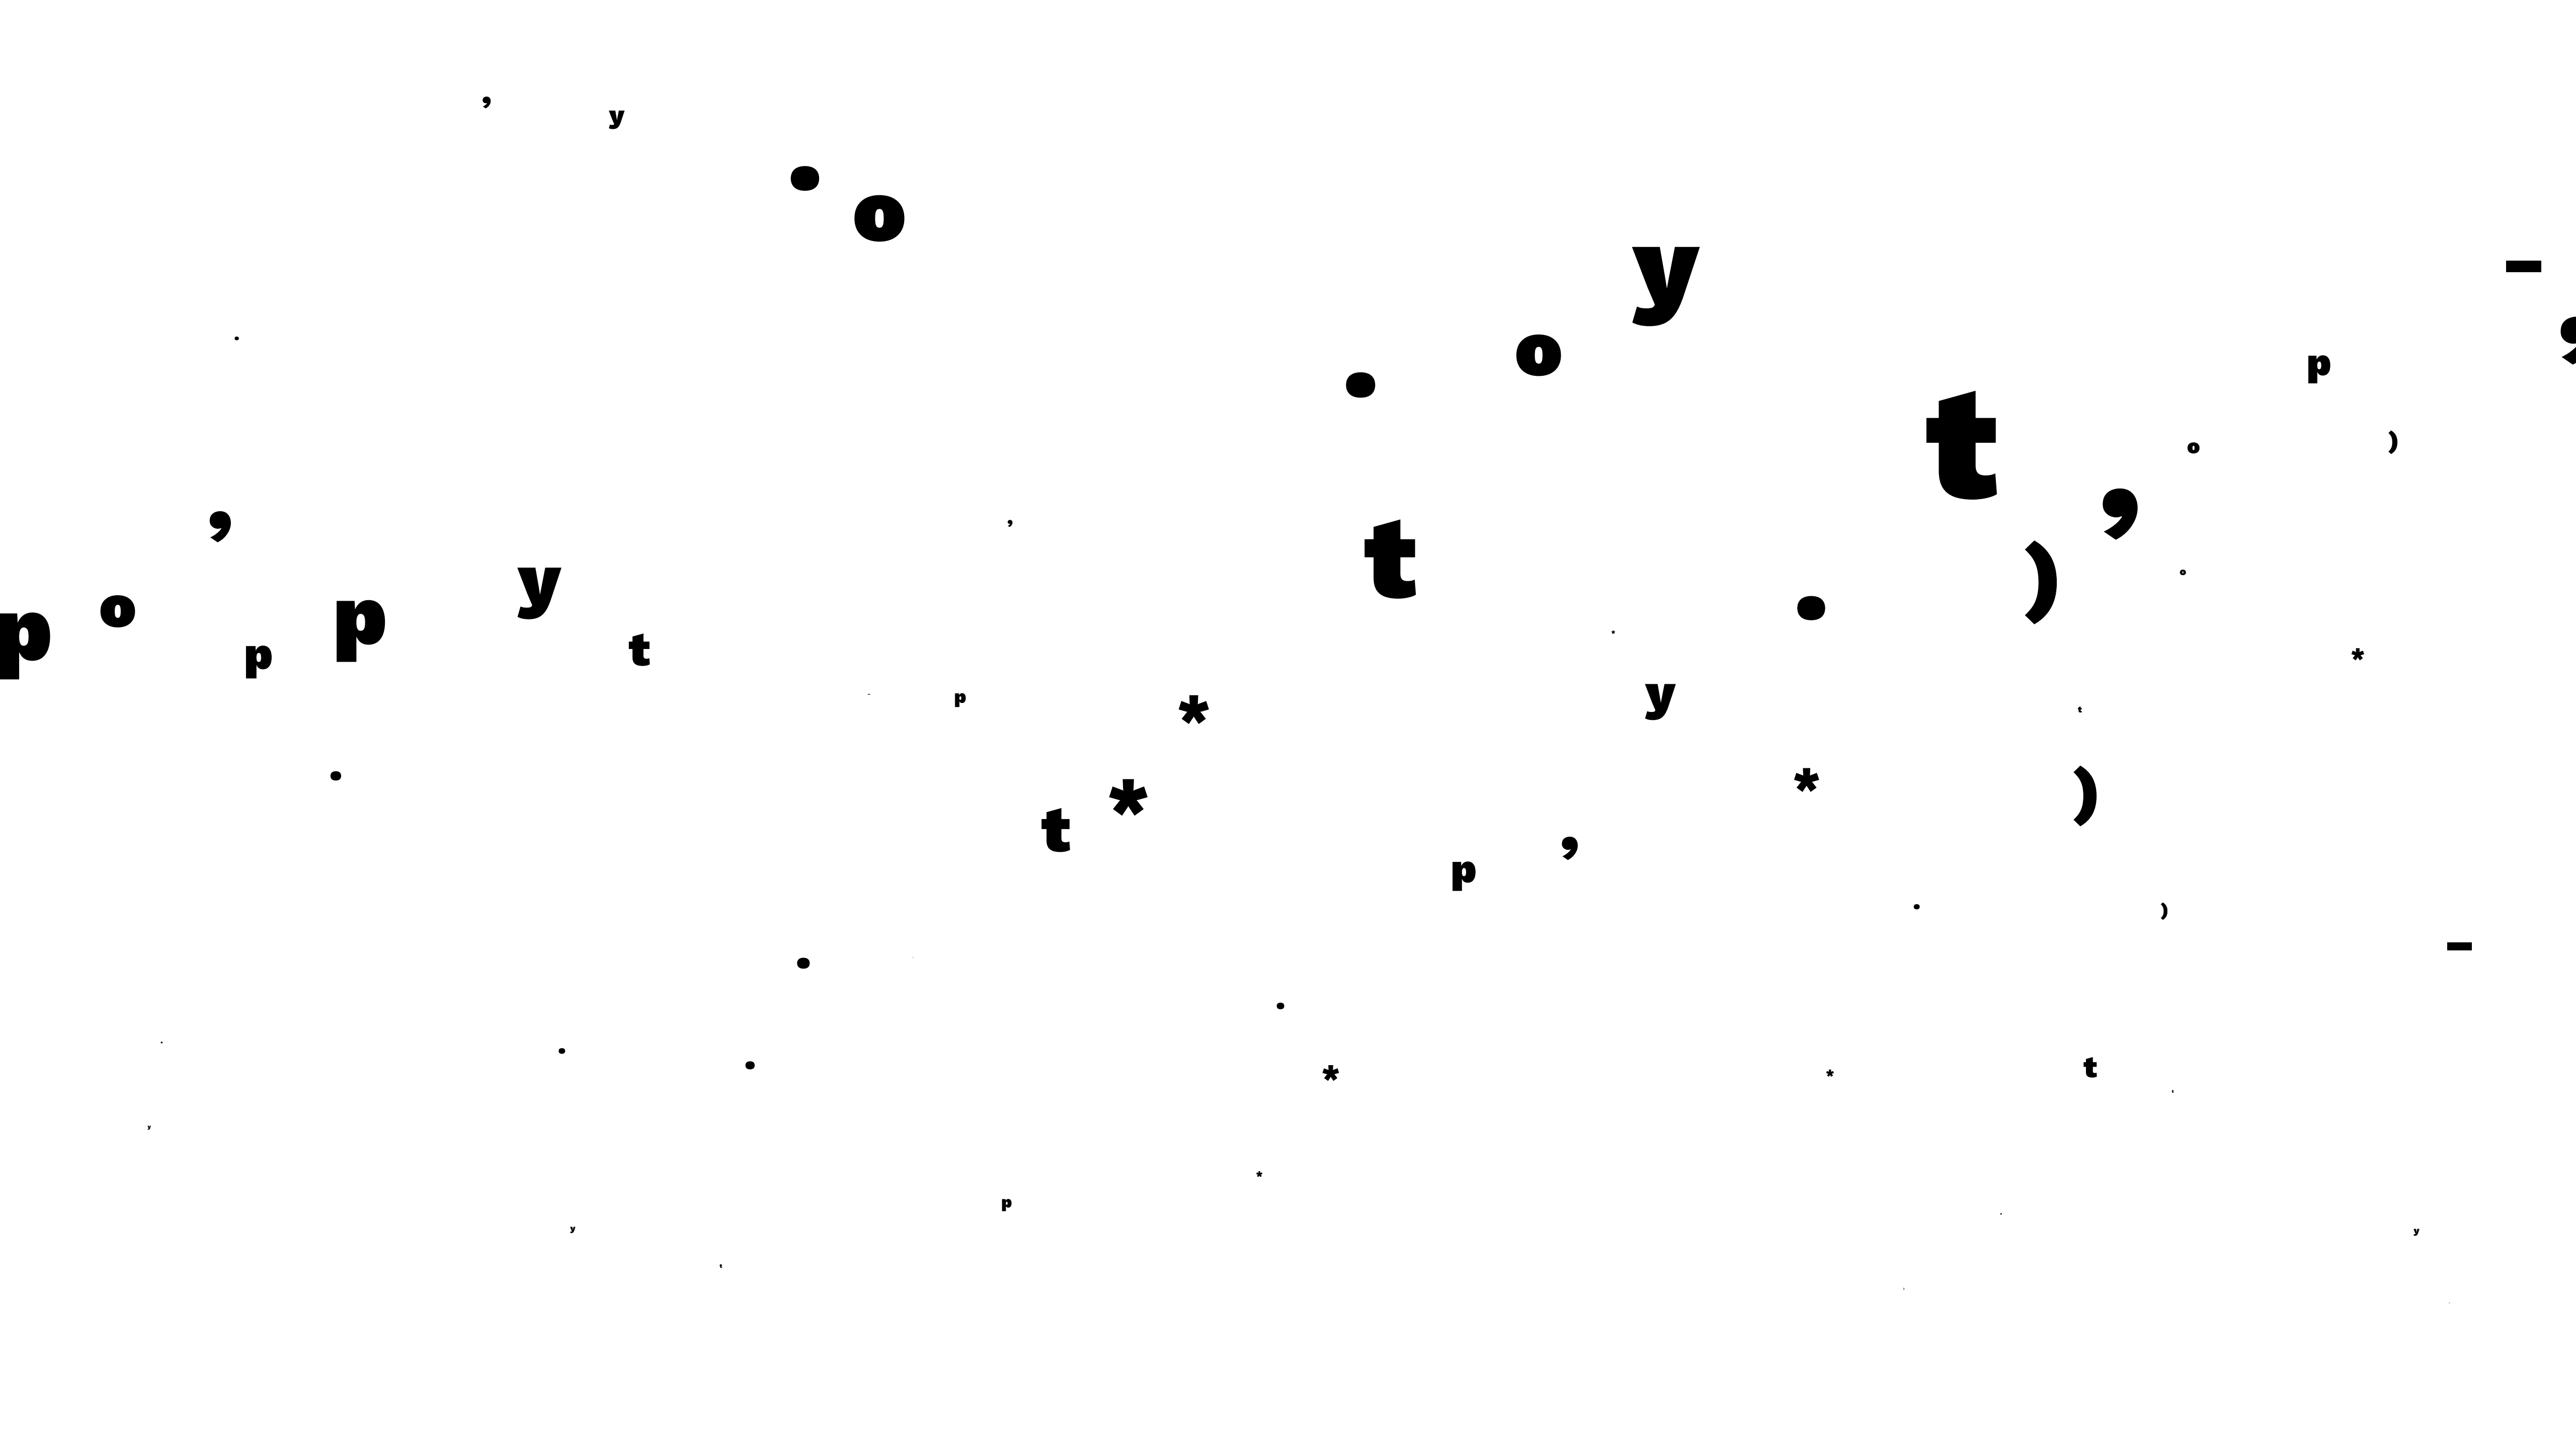

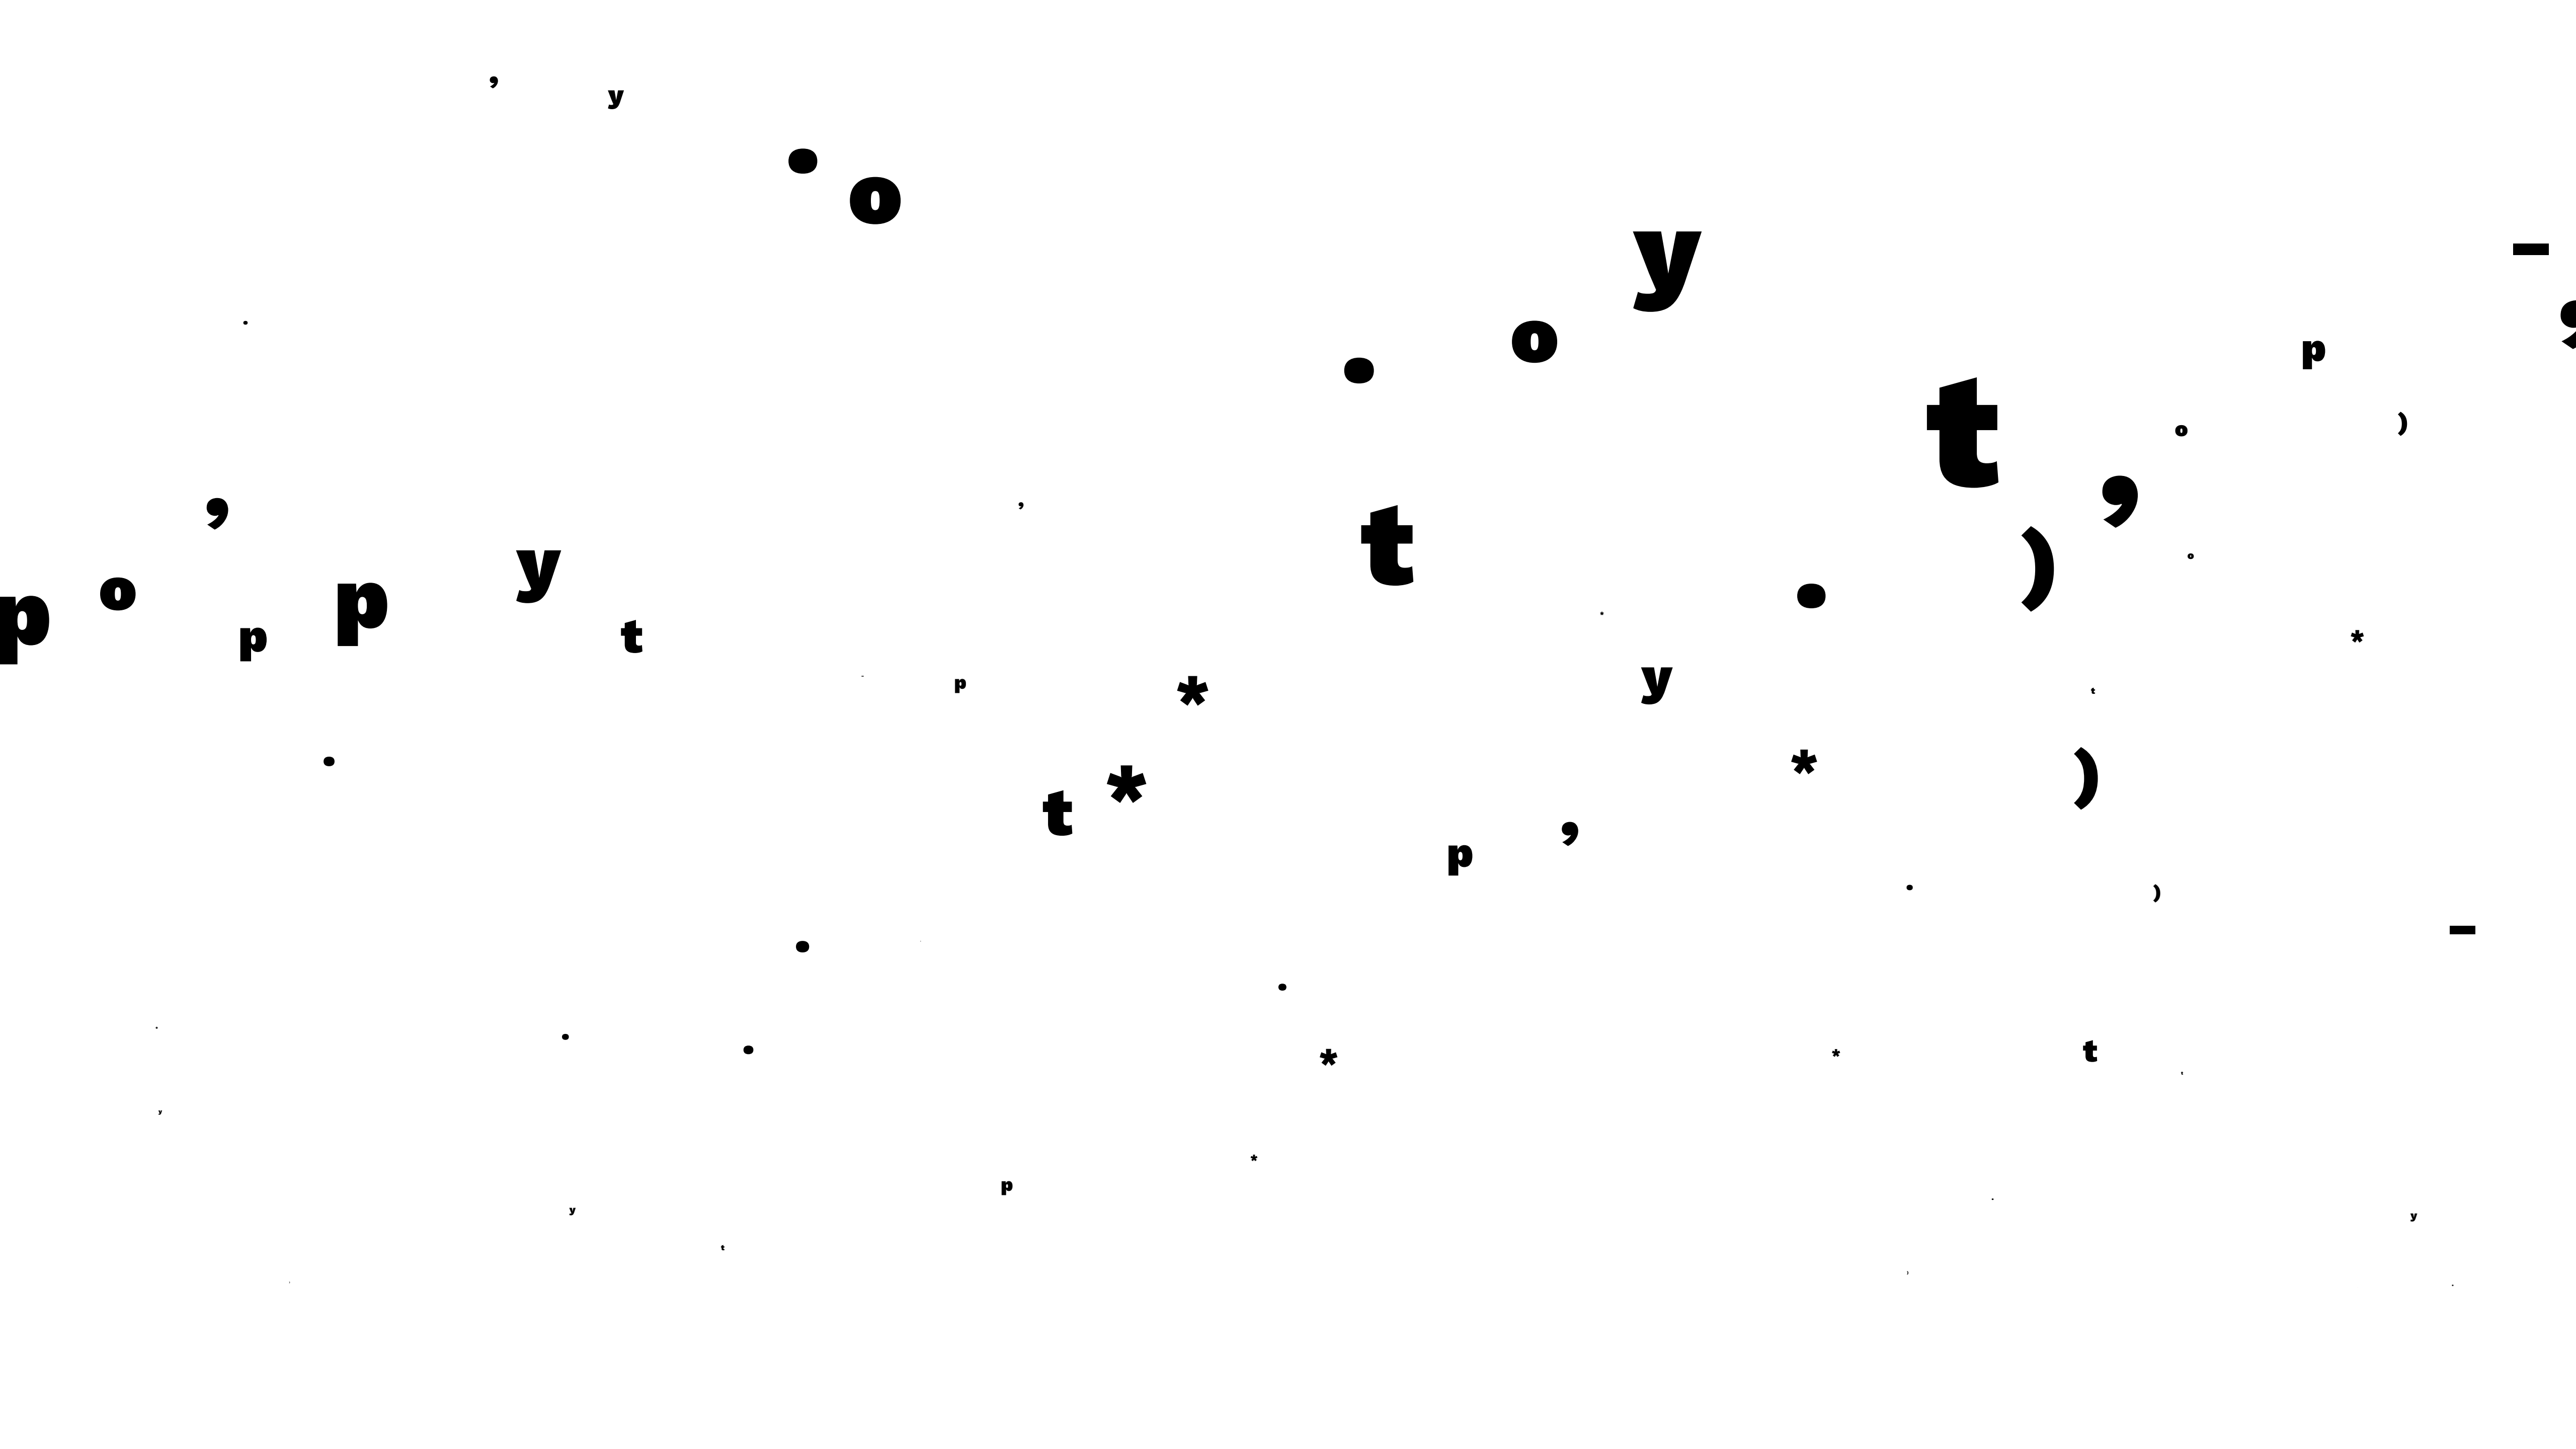

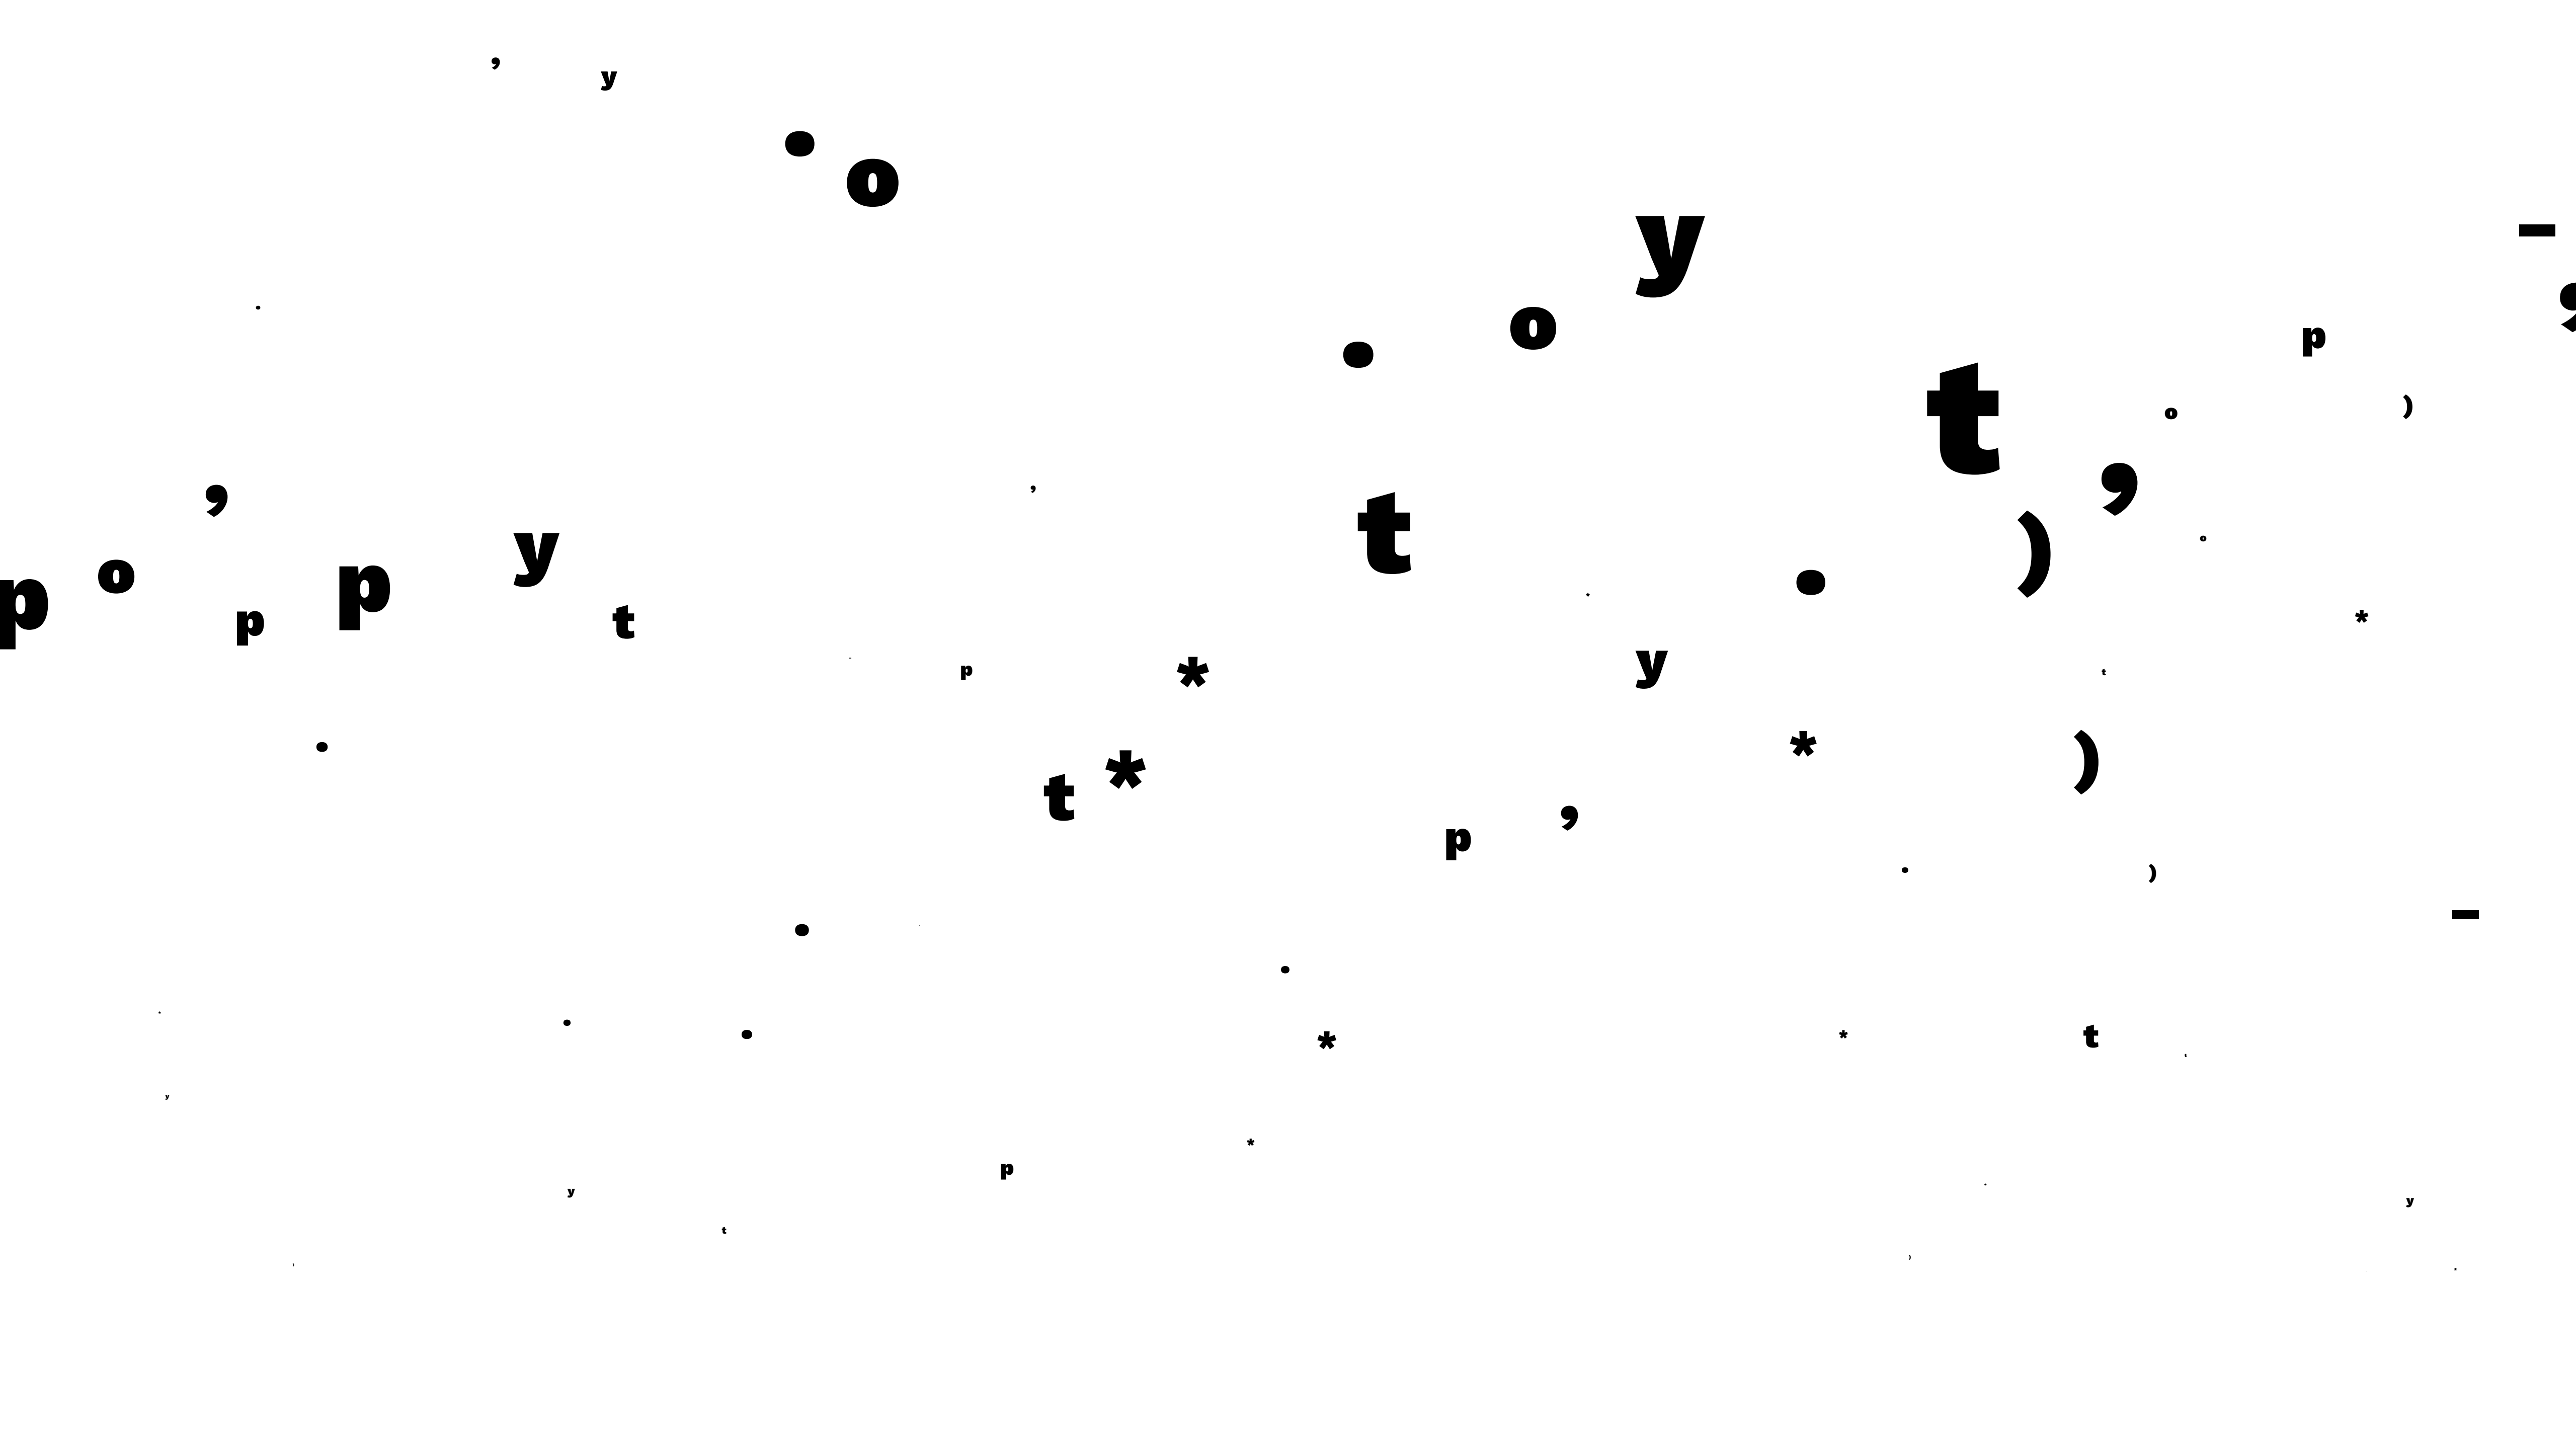

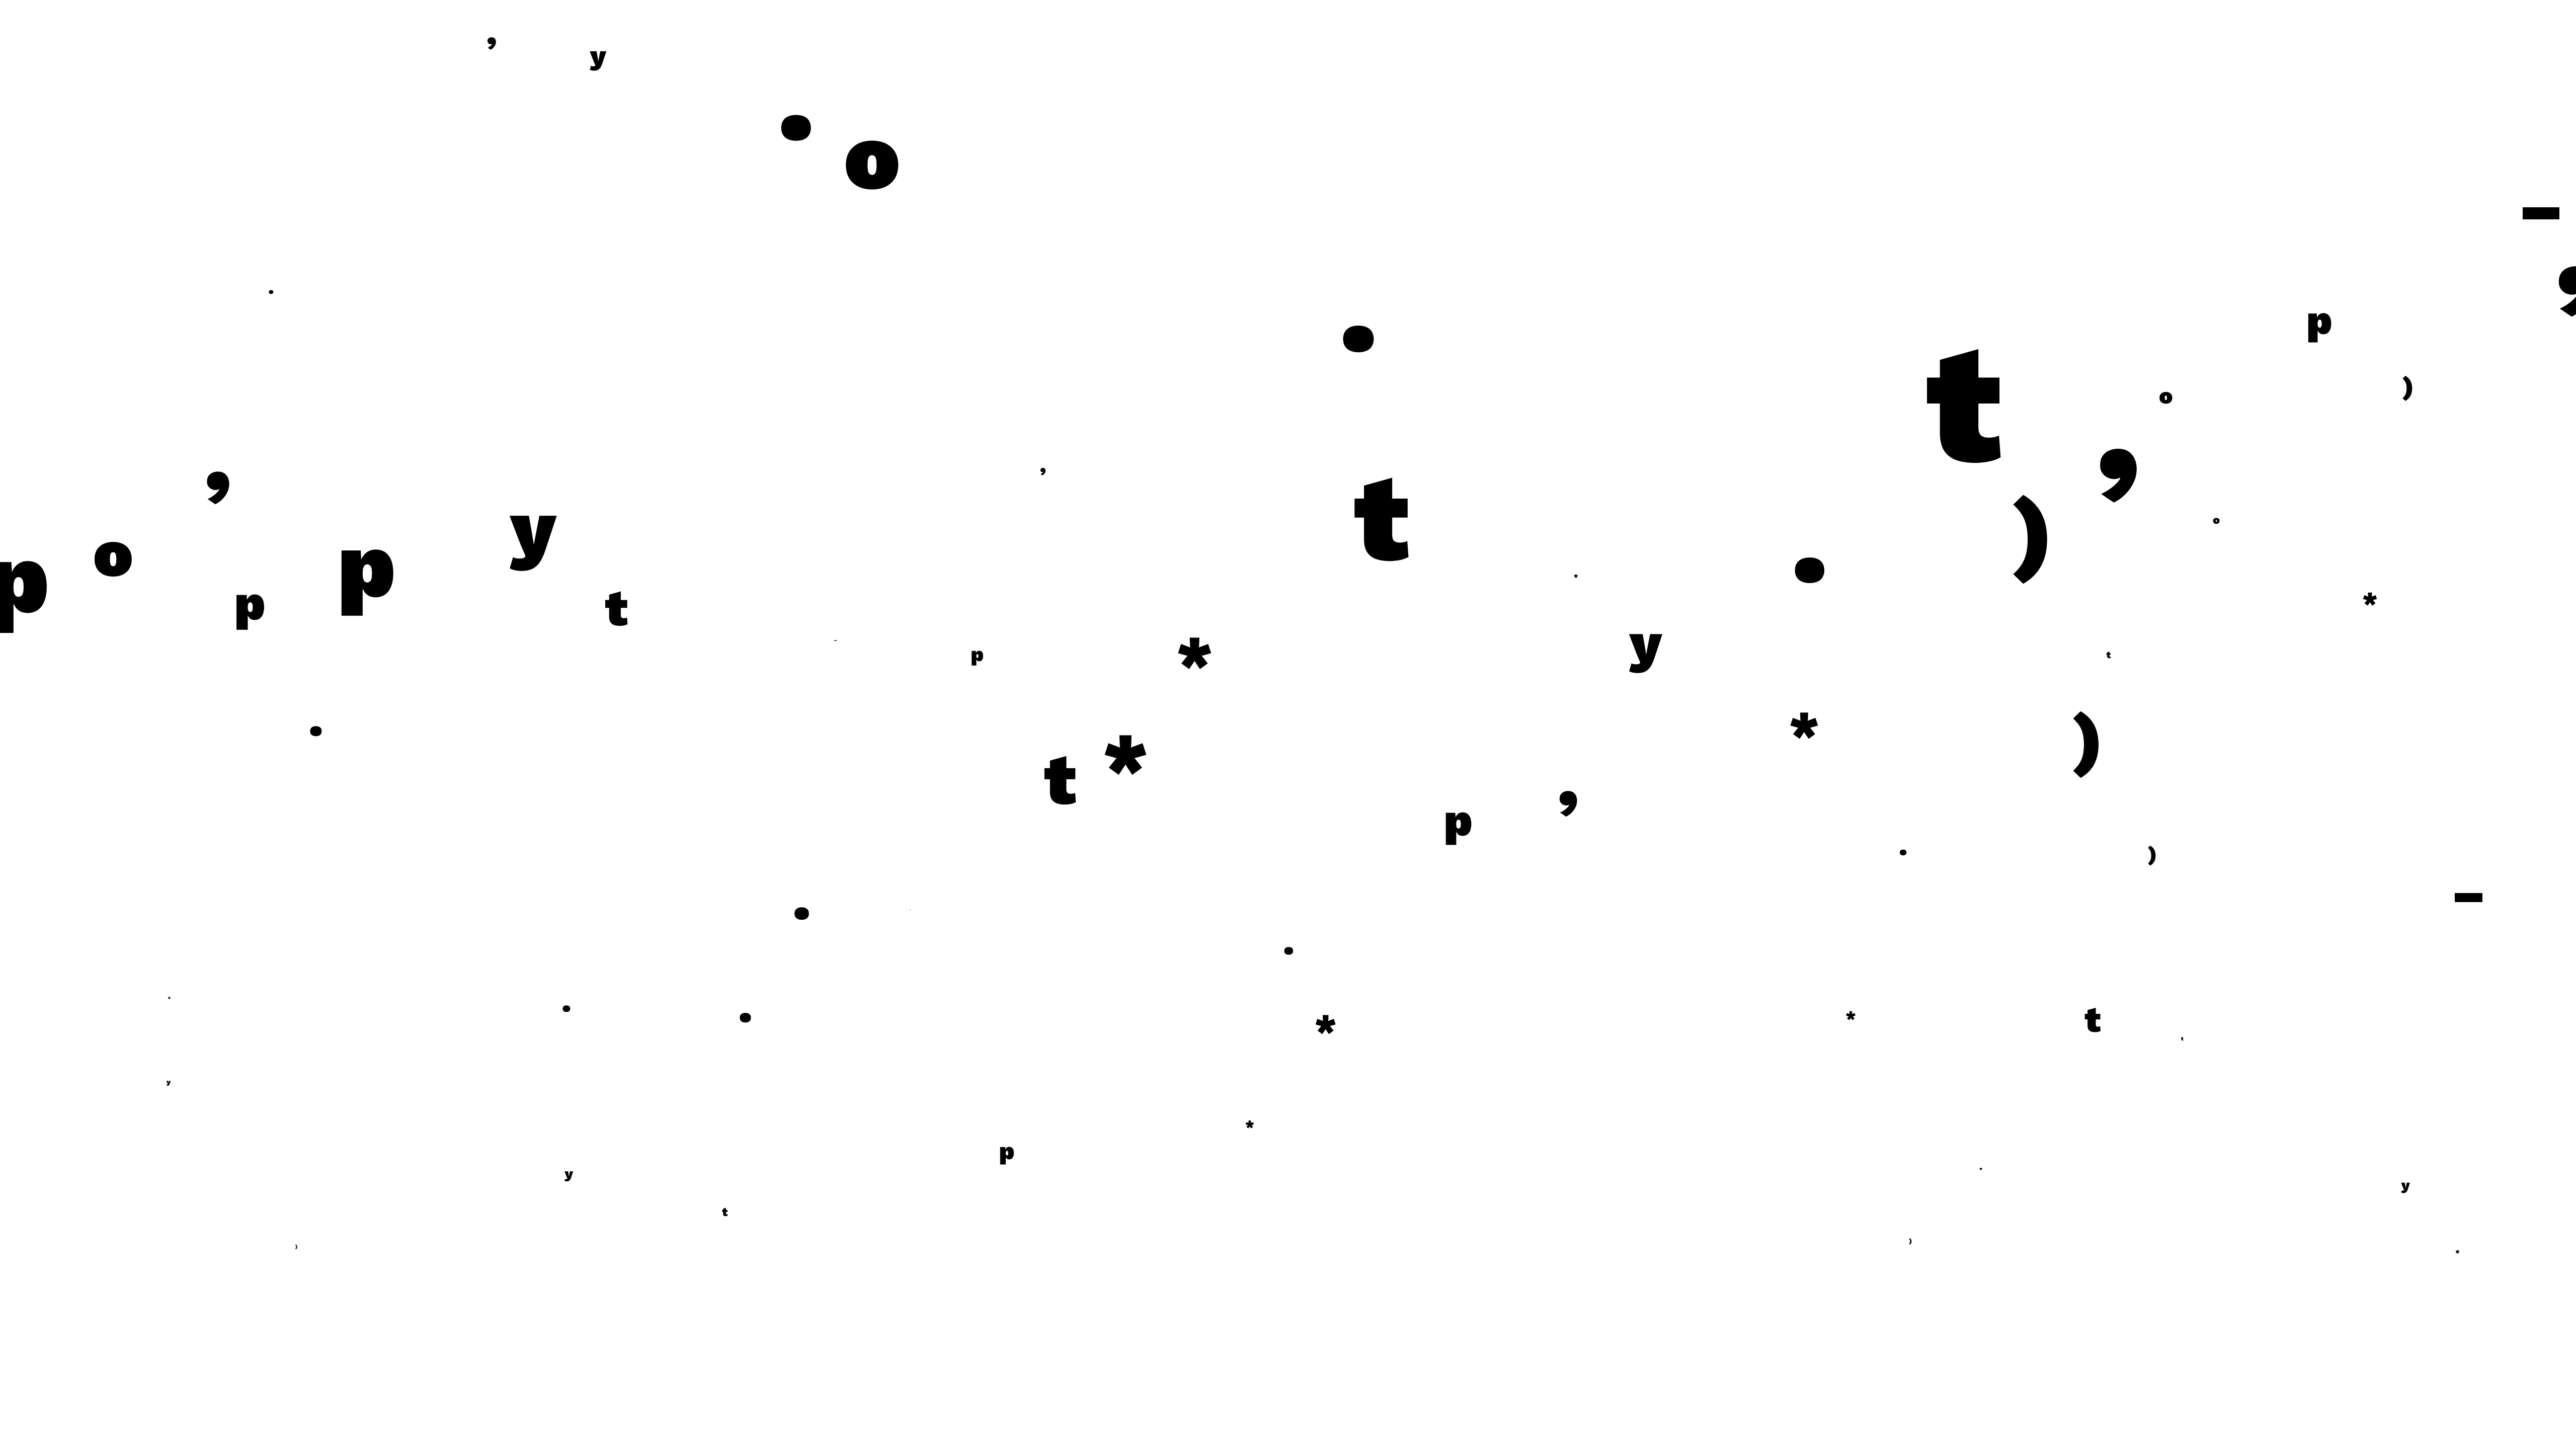

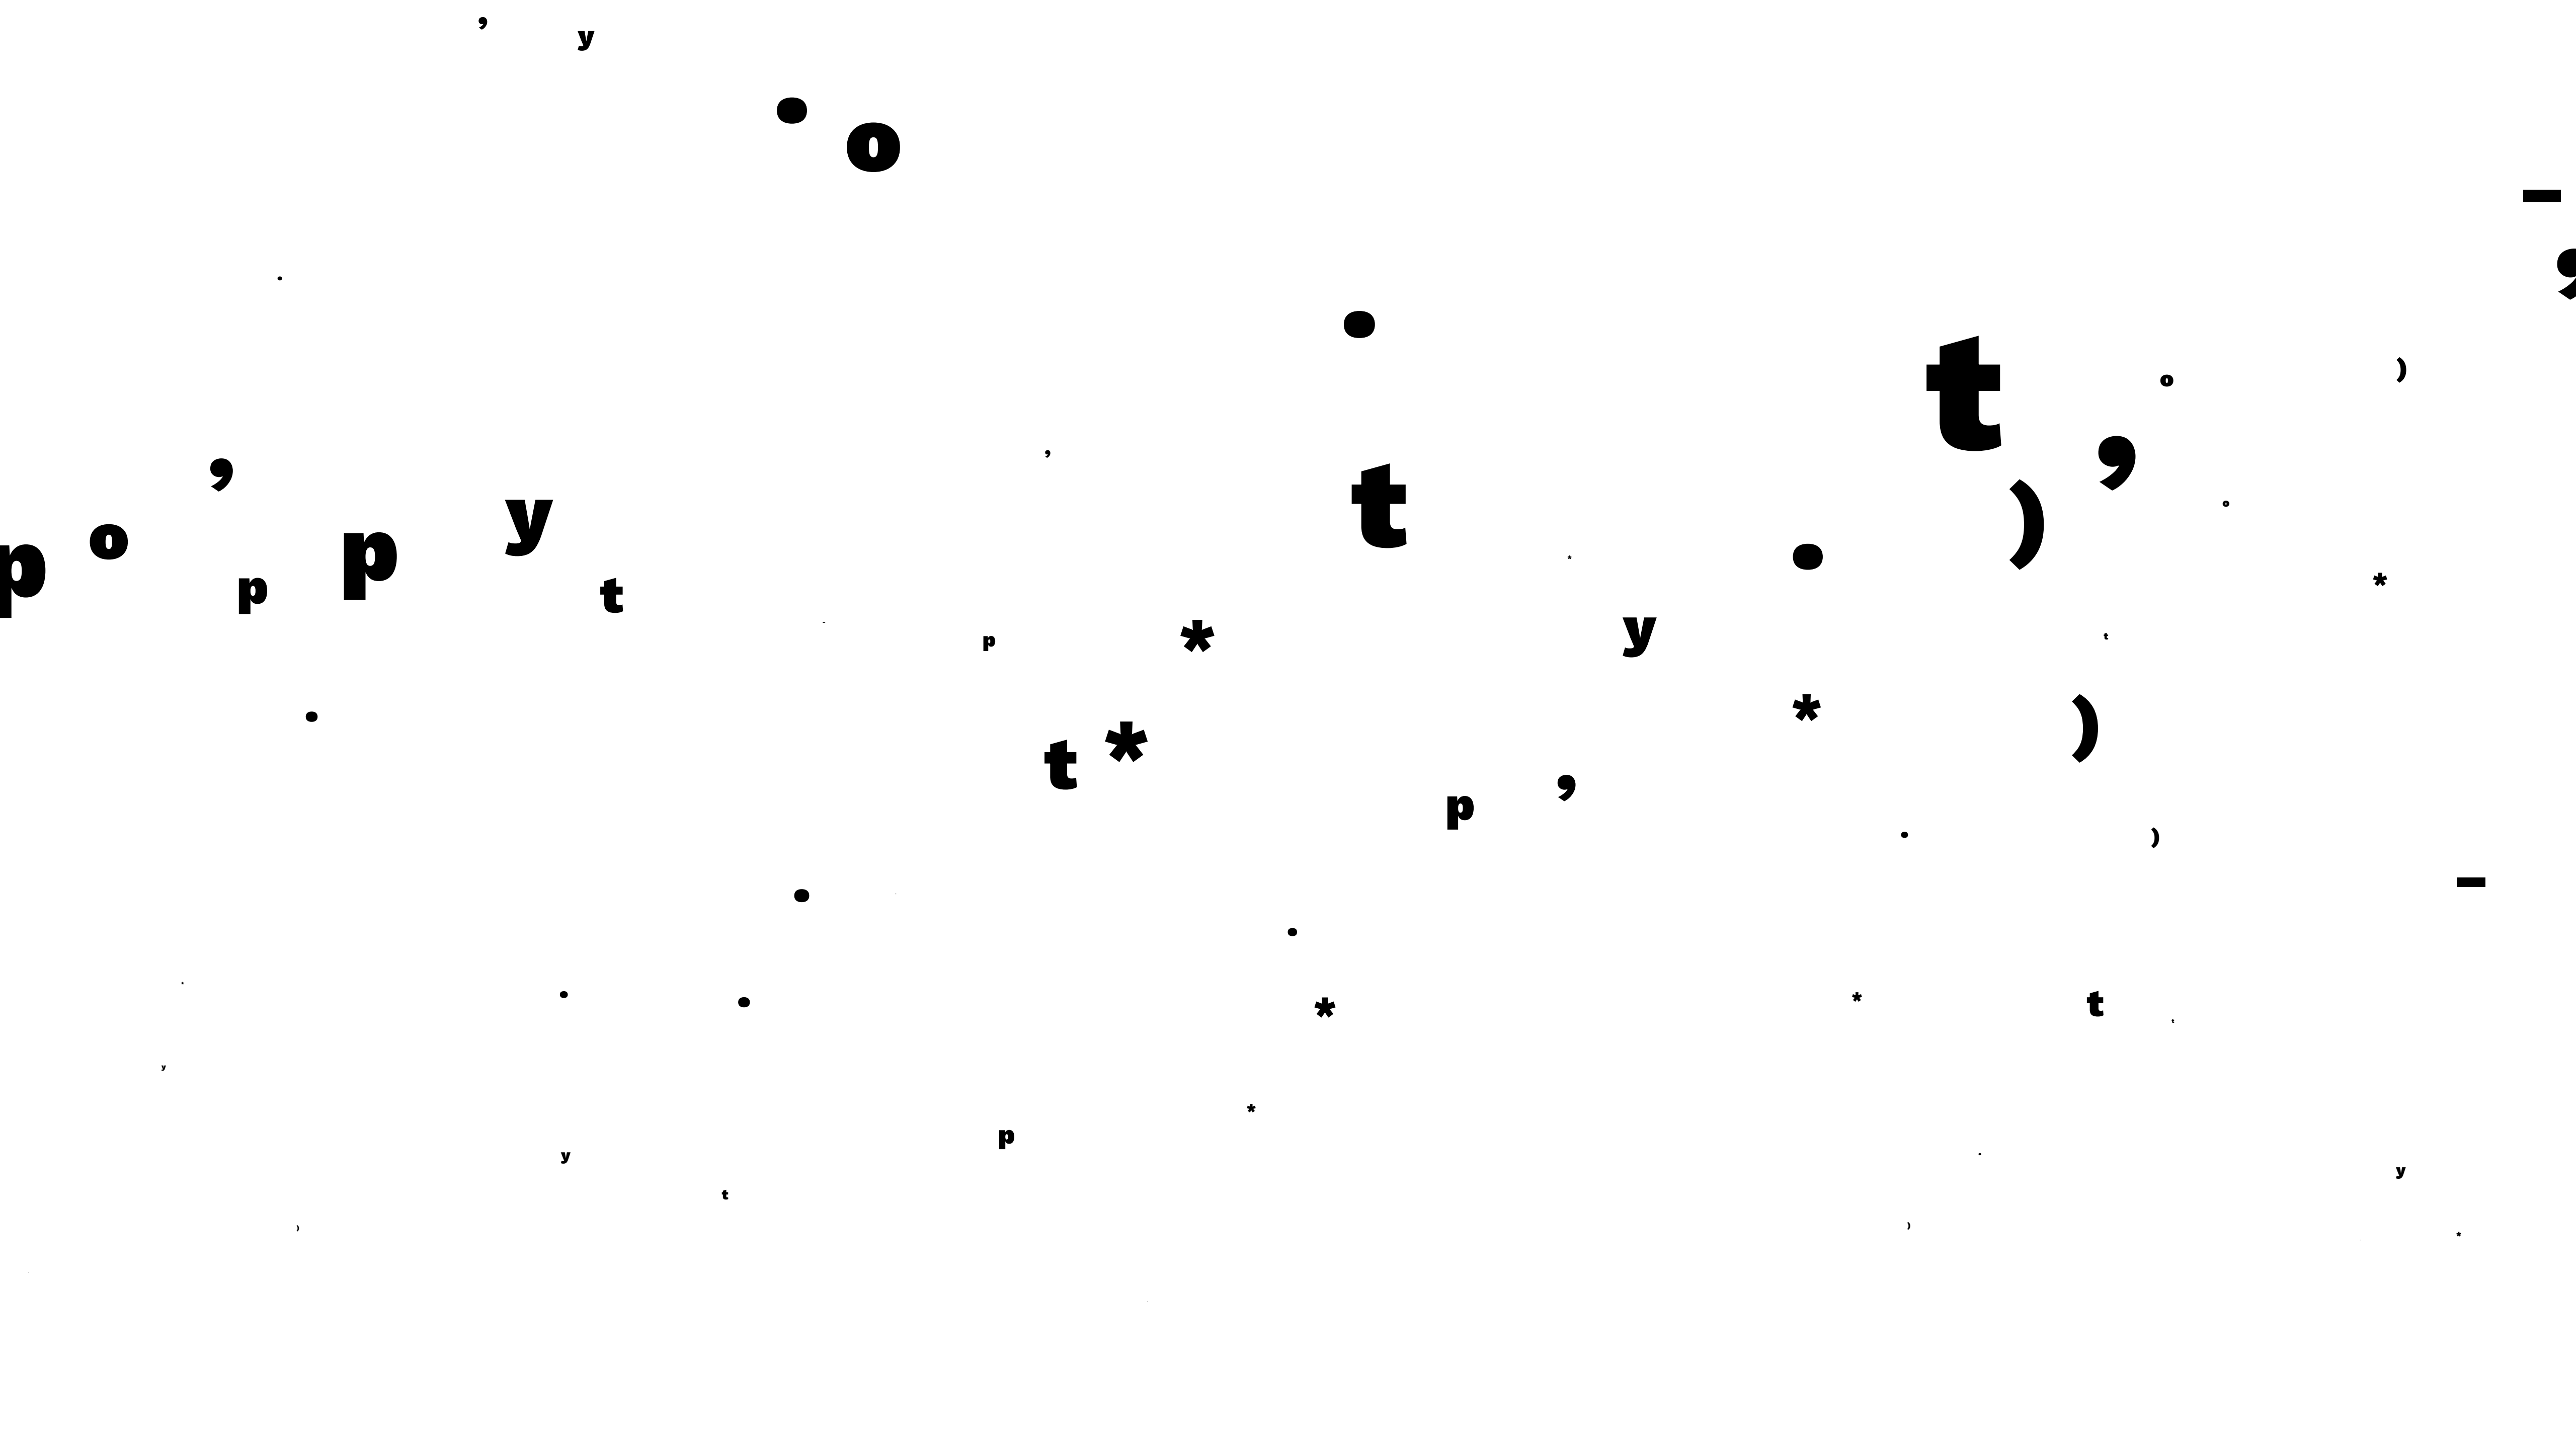

An abstract background featuring a variety of black symbols scattered across a white field. The symbols include lowercase letters like 'p', 'y', 't', 'o', and 'a', as well as punctuation marks such as commas, periods, and parentheses. Mathematical symbols like asterisks and a minus sign are also present. Some symbols are larger and bolder than others, creating a dynamic and layered visual effect.

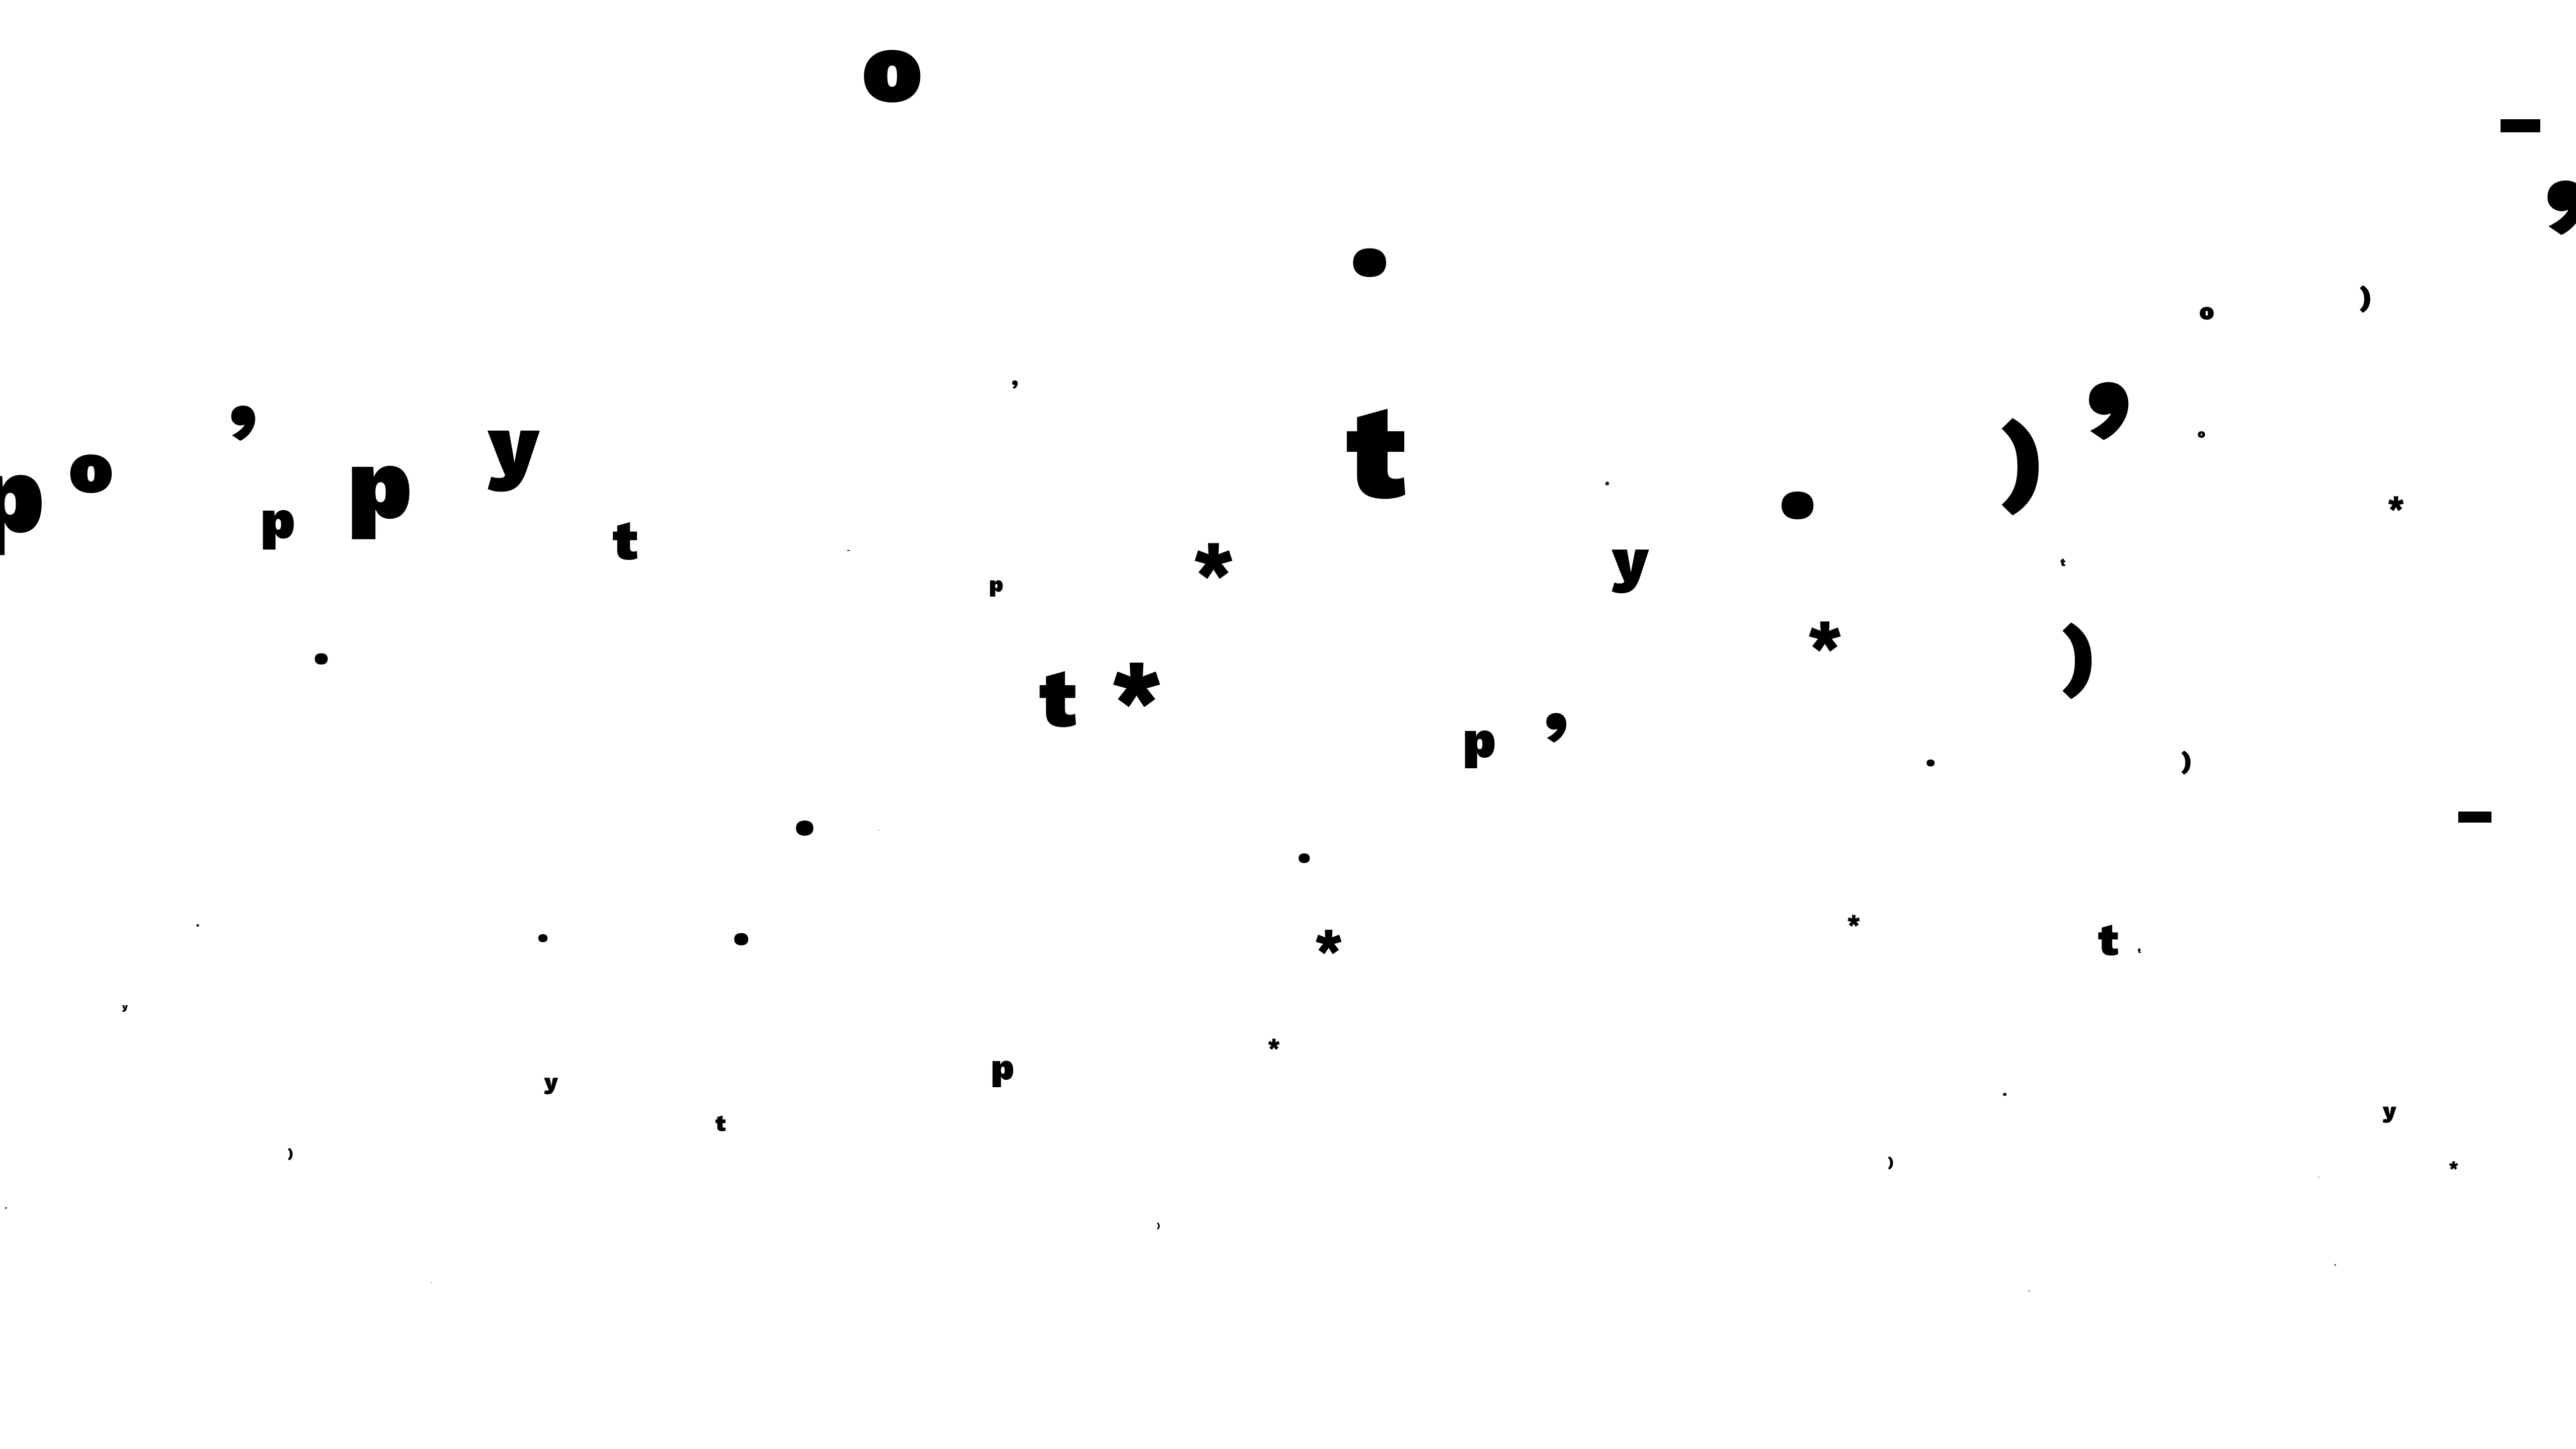

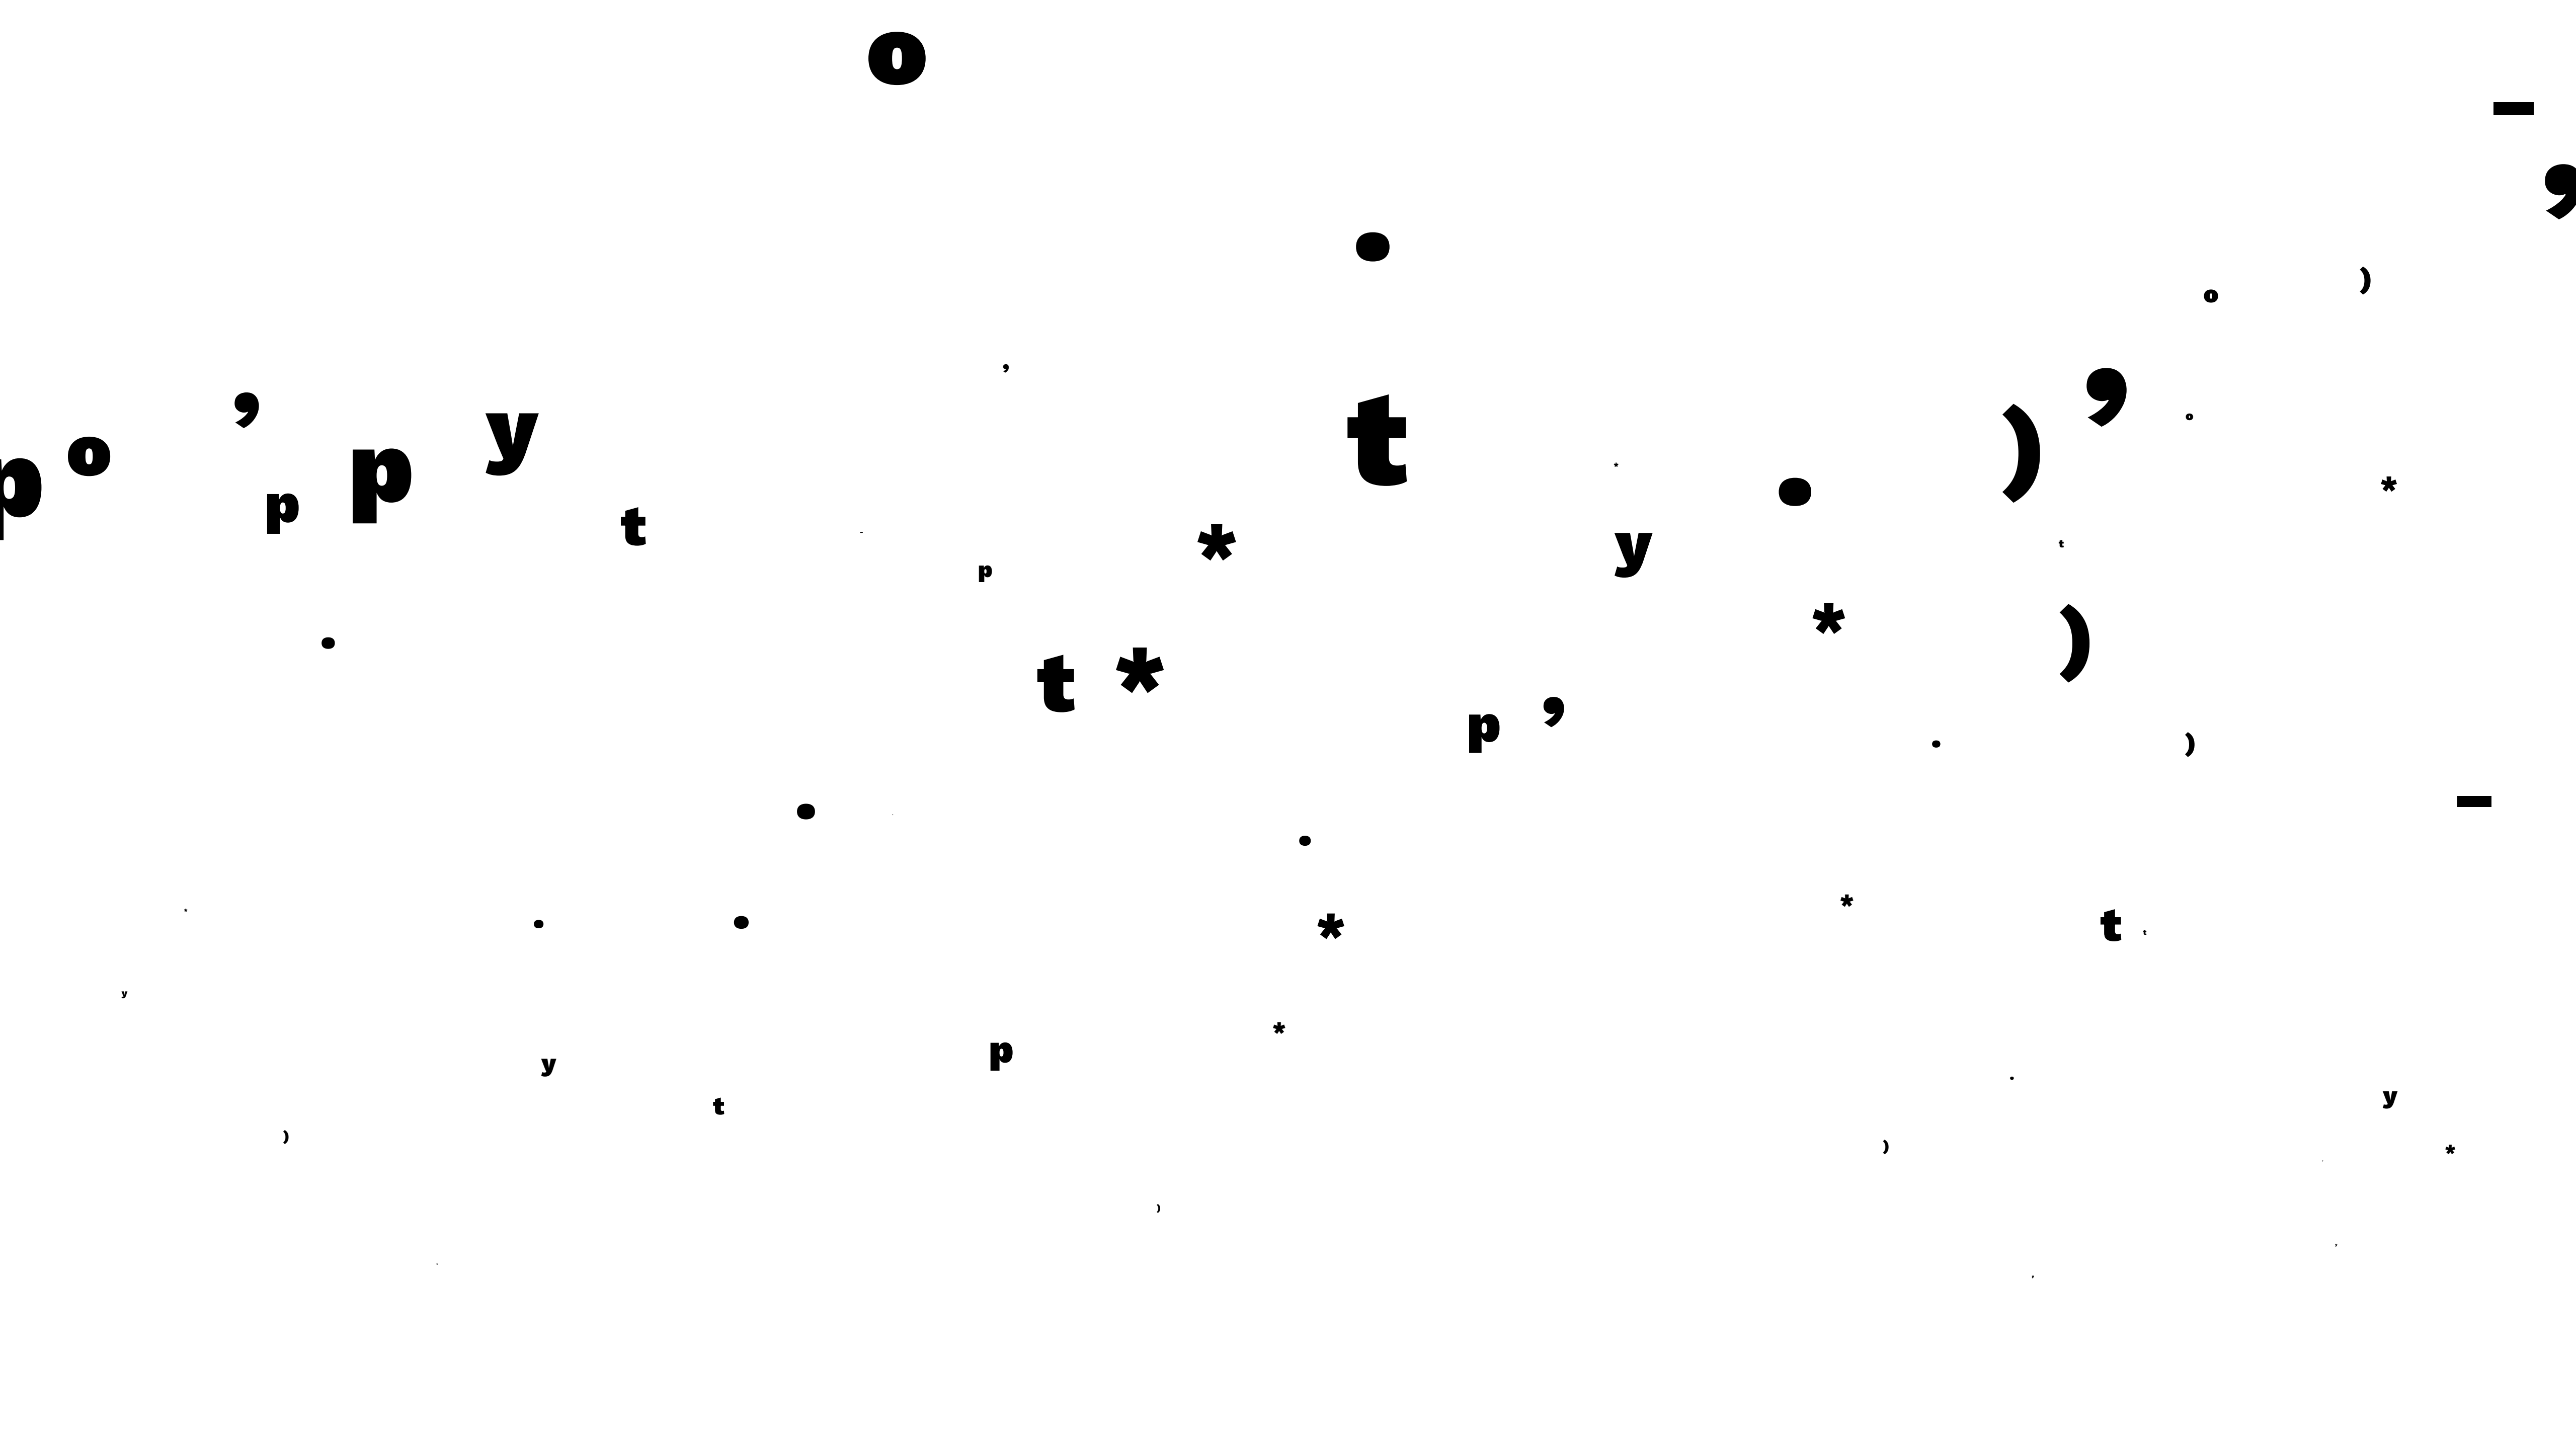

An abstract background featuring a variety of black symbols and characters scattered across a white field. The symbols include punctuation marks like commas, parentheses, and hyphens, as well as letters such as 'p', 'y', 't', and 'o'. There are also mathematical symbols like asterisks and dots, and some larger, bold characters like 't' and 'p'. The distribution is sparse and non-repeating, creating a minimalist, typographic texture.
